# VOICE RECOGNITION GUIDE

## QUICK TIPS

UCONNECT 4/4 NAV WITH 7-INCH DISPLAY

# WELCOME TO UCONNECT

**Start using Uconnect Voice Recognition with these helpful quick tips. This guide provides the key Voice Commands and tips you need to know to control your Uconnect 4/4 NAV system.**

**WARNING!**

**Voice commands should be used only in safe driving conditions following all applicable laws. Your attention should be focused on safely operating the vehicle. Failure to do so may result in a collision causing serious injury or death.**

For device pairing instructions and compatibility, visit **UconnectPhone.com**.

Insider tips on how to maximize your driving experience with voice recognition:

- Reduce background noise. Wind, noise and passenger conversations are examples of noise that may impact recognition.
- Speak clearly, at a normal pace and volume, while facing straight ahead.
- Each time you give a Voice Command, you must first push either the VR or Phone button, wait until after the beep, then say your Voice Command.
- You can interrupt the help message or system prompts by pushing the VR or Phone button and saying a Voice Command from the current category.

## VOICE RECOGNITION QUICK TIPS

**VOICE RECOGNITION QUICK TIPS**

# AVAILABLE FEATURES

**TIP**

When providing a Voice Command, push the Phone button and say **"Call"** then pronounce the name **exactly** as it appears in your phonebook. When a contact has multiple phone numbers, you can say "**Call** John Smith **<work/home/cell/etc.>"**."

# SIRI EYES FREE

Available on iPhone 4S and later, Siri lets you use your voice to send messages, schedule meetings, place phone calls, and more. Siri is full engagement because it understands what you say, knows what you mean, and can even talk back. The system has been designed to help keep you focused by talking to Siri as if it were a person, which is just another way Siri helps you get things done, keeping your eyes on the road and hands on the steering wheel.

To begin, ensure Siri is enabled on your iPhone.

1. Pair your Siri-enabled device to your Uconnect system.
2. **Push and hold, then release** the Uconnect Voice Recognition (VR) button  on the steering wheel until you hear the familiar Siri double beep.

**3. After the audible tone, begin speaking to Siri.**

"Send text message to Mom."

Speak clearly, at a normal pace and volume, while facing straight ahead to ensure your command is understood.

# VOICE
# TEXT REPLY

**Uconnect will announce incoming text messages. Push the Phone button and say "Listen". (Must have compatible mobile phone paired to Uconnect system.)**

1. **Once an incoming text message is read to you, push the Phone button. After the beep, say:**

**"REPLY"**

2. **Listen to the Uconnect prompts. After the beep, repeat one of the pre-defined messages and follow the system prompts.**

**TIP**

Voice Text Reply is not compatible with iPhone, but if your vehicle is equipped with Siri Eyes Free, you can use your voice to send a text message.

# AVAILABLE FEATURES

**Uconnect will announce incoming text messages.**
**Press the Phone button and say "Listen."***

***Must have compatible phone paired to Uconnect system.**

## Pre-Defined Voice Text Reply Responses

**Yes.**

**No.**

**Okay.**

**Call me.**

**I'll call you later.**

**I'm on my way.**

**I'm lost.**

**Stuck in traffic.**

**Start without me.**

**Where are you?**
