Garage Door Opener

1 While the car is ON, hold the handheld garage door transmitter 1-3 inches from the HomeLink® button you want to program in the vehicle.

2 Push and hold both the HomeLink® button being programmed and the button on the garage door transmitter.

TO ERASE ALL SET CHANNELS:
Push and hold the two outside HomeLink® buttons for 20 seconds until the orange indicator flashes. An individual channel cannot be erased.

ROLLING OR NON-ROLLING?
Check your garage door opener motor in your garage for a "LEARN" or "TRAIN" button by the hanging antenna. If you have one of these, you have a Rolling Code garage door opener.

3 **For Non-Rolling Code** garage door openers, watch for the indicator light to go constant.

For Rolling Code garage door openers, watch for the indicator light to go from a slow blink to blinking rapidly.

4 **For Rolling Code** garage door openers only, firmly push and release the "LEARN" or "TRAIN" button on your garage door opener motor in your garage, then push the HomeLink® button in your vehicle three times (holding the button for two seconds each time).

5 If the programming was successful, your garage door should open and close with your chosen HomeLink® button.

LINK YOUR GARAGE DOOR

Pair a Phone

1. Make sure Bluetooth® is enabled on your mobile device
2. With the vehicle in the ACC or ON/RUN position, press the Phone button on the vehicle's touchscreen menu bar
3. Press "Device Manager"
4. Select "Add Device"
5. Follow the prompts on your phone and on the touchscreen

Troubleshooting

1. Perform a reset by holding the power button on the radio for 15 seconds
2. Reboot your phone
3. Remove the paired phone
4. Follow the Pair a Phone steps above to set up phone

CONNECT YOUR APPS

Connect your smartphone to the media USB port or pair your smartphone within "Device Manager".

The Android Auto™ or Apple CarPlay® icon will replace the phone icon on the touchscreen.

KEEP IN MIND:

For Android™ Users, if the Android Auto™ app was not previously downloaded, it will download the first time you plug in your device.

For Apple® Users, Apple CarPlay® is only compatible with iPhone® 5 or later and requires Siri being enabled in "Settings".

Ready to remove a phone or audio device?

1. Press the Device Manager button on the touchscreen.
2. Press the Settings gear icon next to the phone or device you wish to remove.
3. Press "Delete Device". The device should be removed.
4. On your phone's Bluetooth® or setup menu, remove the saved Uconnect radio.

Connected Services

WITH CONNECTED SERVICES YOU CAN...

- **Lock Your Vehicle**
- **Unlock Your Vehicle**
- **Remote Start Your Vehicle**
- **Cancel Remote Start**
- **Activate Your Horn**

ACTIVATE YOUR REMOTE SERVICES

1. Press “Apps” on the touchscreen.
2. Press “Activate Services”.
3. Press “Activate Now”.
4. There are two ways to activate: via email or via an agent. On the next screen, you can either enter your name and email, or press “Call An Agent” to directly speak with an agent.

Mopar® YOUR Way

CREATE YOUR OWNER'S PROFILE TODAY!

Get 24/7 Access To Everything You Need

Wireless Charging Pad

YOUR VEHICLE MAY BE EQUIPPED WITH A 15W 3A QI® WIRELESS CHARGING PAD FOR YOUR SMARTPHONE

KEEP IN MIND:

- The charging pad will not work if any door is open, regardless if the engine is running.
- Having multiple applications open on the phone will reduce charging efficiency.
- In the event the phone starts to overheat, the phone may shut down during the charging process.

For the wireless pad to work properly:
Remove the phone's protective case and place within the outline shown on the left side of the pad.

Voice Recognition

USE YOUR VOICE TO CONTROL UCONNECT

If your Uconnect system is equipped with Navigation, you have access to built-in Voice Recognition. If your Uconnect system is not equipped with Navigation, refer to the following Android Auto™ or Apple CarPlay® instructions.

1. Push the Voice Recognition button or say the Uconnect "Wake Up" word to begin. The "Wake Up" word is customizable within Vehicle settings. You can set it to "Hey, Uconnect" or "Hey, Ram".

2. After the beep, say a command. Below are a few examples:
   - "Call ‹phone contact›"
   - "Call 123-456-7891"
   - "Tune to 95.5"
   - "Change Source to FM"
   - "Navigate to ‹desired location›"

Using Android Auto™ Or Apple CarPlay®?

You can use Voice Recognition with Android Auto™ and Apple CarPlay®!
Activate Android Auto™ or Apple CarPlay® from "Device Manager" in Phone Mode.
The respective icon will replace the Phone icon in the menu bar.

KEEP IN MIND:
There may be an inconsistent volume between different audio sources.

Head Up Display

CUSTOMIZE THE INSTRUMENT CLUSTER DISPLAY

1. Select “Settings” with the Up or Down Arrow button on the steering wheel.
2. Select “HUD” with the Right or Left Arrow button on the steering wheel. Push “OK”.
3. Adjust available Settings like Content & Layout, Display Height, and Brightness. Push “OK” to change the setting.

Instrument Cluster Display Control Buttons

Display On Windshield

TIP:
Content & Layout has four layout options: Standard, Simple, Advanced, and Custom.

Digital Rearview Mirror

PROVIDES A HIGH DEFINITION AND UNOBSTRUCTED VIEW OF THE ROAD BEHIND

On/Off Control | Menu Button | Left/Right Scroll Buttons

TO ACTIVATE:
Pull the On/Off control on the bottom of the mirror toward the driver.

Menu Options

- Brightness
- Tilt (up/down)

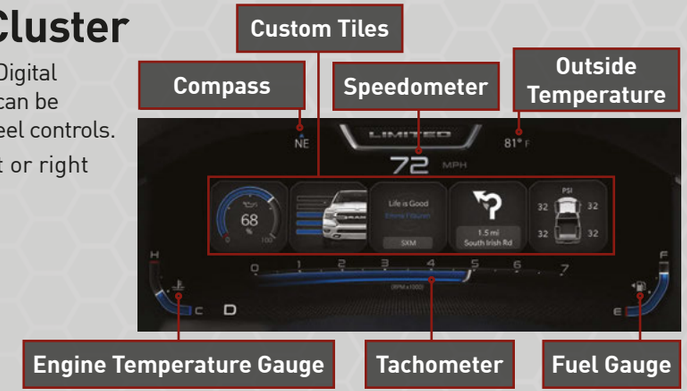
TO DEACTIVATE:
Push the On/Off control on the bottom of the mirror forward toward the windshield. The mirror will return to the regular Automatic Dimming Mirror.

Digital Rearview Mirror

Premium Instrument Cluster

Your vehicle may be equipped with a 12-inch Digital Cluster. The tiles on the full-color 3D display can be cycled and customized using the steering wheel controls.

- Press the MENU button then use the left or right arrows to highlight a tile
- Press OK to select and then navigate to the selected submenu
- Press OK again to add your selection to the tile view



Uconnect 5/5 NAV

ACCESS YOUR MEDIA, PHONE, COMFORT AND VEHICLE SETTINGS, AND NAVIGATION

HOME	Customize your Home page with shortcut widgets. Now you can access your favorite radio stations and your smartphone on the same screen!
MEDIA	Listen to all of your favorite radio stations, including SiriusXM®, and play music from your USB or Bluetooth® device.
PHONE	Pair your smartphone and make hands-free calls or send hands-free messages to any of your contacts.
NAVIGATION	Having trouble finding a place? Enter an address or search from multiple points of interest to navigate anywhere using Uconnect.
COMFORT	Too hot? Too cold? Set your vehicle's temperature through several climate control options. Activate automatic climate control to keep your vehicle at the temperature you want.
VEHICLE	Access radio and vehicle settings, like changing the radio display or adjusting the brightness of the interior lights.
APPS	Access any app installed on your Uconnect system.
OFF-ROAD PAGES	View the status of your Off-Road Pages like Transfer Case, Pitch and Roll, and Accessory Gauges. You can also access the Forward Facing Camera.

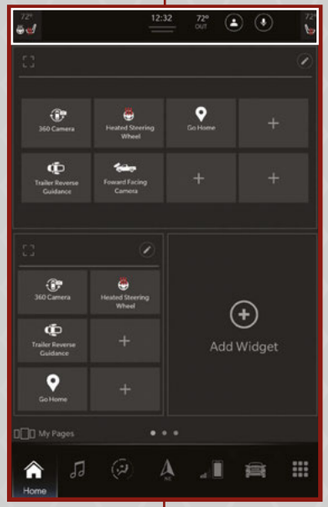
ACCESS OFF-ROAD PAGES:

1. Press "Vehicle" on the touchscreen
2. Press "OFF ROAD"
3. Select between the pages on the left side of the touchscreen

RADIO HIGHLIGHTS:

- SiriusXM® 360L
- Android Auto™/Apple CarPlay®
- Reconfigurable Menu Bar
- Connected Vehicle Services
- Amazon Alexa Integration
- User Profiles

Swipe down to customize Profile options



Press and drag an icon to rearrange

RAM APP:

Downloading the RAM App is easy and simple. Go to the App store® and search for RAM. Download the app to your mobile device. Use your Owner Account login and password to open the app and then set up a PIN.

KEEP IN MIND:

Push and hold the Power button on the radio's faceplate for a minimum of 15 seconds to reset the radio.
