OUTLAND LIVING

TANK COZY

Pull-over Protective Cover for 20lb Propane Cylinder

INSTRUCTIONS

ASSEMBLY

Remove tank cover from packaging. Align the Neoprene strip to your preferred position. Pull the tank cover down over the propane cylinder. Note, the cover is purposely designed for a tight firm fit on the cylinder, so it may take some working back and forth to get it into position; if it wasn't so tight it would look baggy, like an oversize shirt.

REMOVAL

To remove, grip the cover at the bottom elastic and work the cover up to the top, then pull the cover off.

Fits Standard North American Style 20lb Propane Cylinder Dimensions:
12.5"Diameter x 18"High (317mmDIA x 457mmH)
