2025 WARRANTY INFORMATION

HEAVY DUTY GAS / EV / DIESEL

Please note that this new vehicle limited warranty contains a binding arbitration provision that may affect your legal rights, and you agree that, pursuant to the arbitration provision contained in this book, that either you or FCA US LLC may elect to resolve any dispute by neutral, binding arbitration and not by a court action. See the binding arbitration provision contained in “section 1” of this new vehicle limited warranty for additional information concerning the agreement to arbitrate. The binding arbitration provision contained in this warranty book does not affect any rights a consumer has to participate in any of FCA’s nonbinding arbitration programs or any voluntary arbitration programs sponsored by any state or government agency.

Gas and Diesel Vehicles

1. Your Legal Rights Under These Limited Warranties

The warranties contained in this booklet are the only express warranties that FCA US LLC ("FCA US") makes for your vehicle. **These warranties give you specific legal rights. You may also have other rights that vary from state to state.** For example, you may have some implied warranties, depending on the state where your vehicle was sold or is registered.

These implied warranties are limited, to the extent allowed by law, to the time periods covered by the express written warranties contained in this booklet.

If you use your vehicle primarily for business or commercial purposes, then these implied warranties do not apply and FCA US LLC completely disclaims them to the extent allowed by law. The implied warranty of fitness for a particular purpose does not apply if your vehicle is used for racing, even if the vehicle is equipped for racing.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

1.1 INCIDENTAL AND CONSEQUENTIAL DAMAGES NOT COVERED

Your warranties do not cover any incidental or consequential damages connected with your vehicle's failure, either while under warranty or afterward.

Examples of such damages include:

- Lost time
- Inconvenience
- The loss of the use of your vehicle
- The cost of rental vehicles, gasoline, telephone, travel, or lodging
- The loss of personal or commercial property
- The loss of revenue

Some states do not allow incidental or consequential damages to be excluded or limited, so this exclusion may not apply to you.

1.2 HOW TO DEAL WITH WARRANTY PROBLEMS

A. In General

Normally, warranty problems can be resolved by an authorized dealer's sales or service departments. Always talk to the authorized dealer's service manager or sales manager first. If you are not satisfied with the authorized dealer's response to your problem, FCA US LLC recommends that you discuss your problem with the owner or general manager of the authorized dealer.

If the authorized dealer still cannot resolve the problem, contact the FCA US LLC Customer Assistance Center. Refer to "section 1.8".

B. What FCA US LLC Will Do

Once you have followed the recommended instructions described in "section 1.2 A", a FCA US LLC representative at FCA US LLC headquarters will review your situation. If it is something that FCA US LLC can help you with, FCA US LLC will provide an authorized dealer with all the information and assistance necessary to resolve

the problem. Even if FCA US LLC cannot help you, FCA US LLC will acknowledge your contact and explain FCA US LLC's position.

If you cannot resolve your warranty problem after following the recommended instructions described in “section 1.2 A”, you may obtain a brochure describing FCA US LLC's Customer Arbitration Process (CAP), including an application, by calling 866-726-4636 for assistance. For further details on resolving your warranty problem, please see the Lemon Law booklet available online at www.mopar.com.

1.3 FCA US LLC DISPUTE SETTLEMENT PROGRAM

FCA US LLC offers a dispute settlement program under two options for customers. First, you may submit your claim to the National Center for Dispute Settlement (NCDS). For more information on the NCDS program, please see “section 1.4”. Second, if you prefer not to submit your claim to NCDS, or you are not satisfied with the result from NCDS, then you agree to resolve your dispute with FCA US LLC through binding arbitration as defined in “section 1.7”.

1.4 VOLUNTARY NON-BINDING ARBITRATION PROCESS

FCA US LLC offers a non-binding voluntary dispute resolution process in all 50 states, which is administered by the National Center for Dispute Settlement (NCDS).

This service is strictly voluntary, and you may submit your dispute directly to the CAP at no cost. The CAP is administered by an independent dispute settlement organization and may be contacted in writing at the following address:

National Center for Dispute Settlement (NCDS)

FCA US LLC Customer Arbitration Process

P.O. Box 515315

Dallas, TX 75251-5315

The CAP reviews only vehicle disputes involving FCA US LLC (“FCA US”) Limited Warranty or an FCA US LLC/Mopar® Part Limited Warranty. The CAP does not review disputes involving the sale of a new or used vehicle, personal injury/property damage claims, disputes relating to the design of the vehicle or a part, or disputes which are already the subject of litigation.

The CAP will need the following information from you:

1. Legible copies of all documents and repair orders relevant to your case.
2. Vehicle Identification Number (VIN) of your vehicle.
3. A brief description of your unresolved concern.
4. The identity of your servicing/selling dealer.
5. The date(s) of repair(s) and mileage at the time.
6. The current mileage.
7. A description of the action you expect to resolve your concern.

Upon receipt of your request:

- The National Center for Dispute Settlement (NCDS) will acknowledge receipt of your request, by email or mail, within 10 days, and advise you whether or not your dispute is within the jurisdiction of the process.
- When your request is within jurisdiction, NCDS will request FCA US LLC to present their side of the dispute. You will receive copies of the responses.
- While your dispute is pending, NCDS or FCA US LLC may contact you to see if your case can be settled by agreement. If a settlement is offered to you, FCA US LLC will ask you to sign a form that contains that settlement. Your case will then be closed. There is no requirement for you to participate in this settlement process.
- If you requested an oral hearing, NCDS will contact you to arrange a convenient time and place for a hearing. Usually, this will be at a dealer near you or by teleconference.
- If you request a documents-only review, a panel of neutral arbitrators will review and decide your case. Neither you nor FCA US LLC need be present.
- NCDS will send you a written Statement of Decision. This statement will include the decision, any action to be taken by FCA US LLC and the time by which the action must be taken. The decision will be binding on FCA US LLC but not on you unless you accept the decision.
- If any action is required on FCA US LLC, you will be contacted within 10 days after the date by which FCA US LLC must act to determine whether performance has been rendered.
- The entire dispute settlement process will normally take no longer than 40 days.

1.5 NOTICE UNDER STATE LEMON LAWS

A. Some states have laws allowing you to get a replacement vehicle or a refund of the vehicle's purchase price under certain circumstances. These laws vary from state to state. If your state law allows, FCA US LLC requires that you first notify us in writing of any service difficulty that you may have experienced so that we can have a chance to make any needed repairs before you are eligible for remedies provided by these laws. In all other states, we ask that you give us written notice of any service difficulty. Send your written notice to the FCA US LLC Customer Assistance Center using the address in "section 1.8".

B. For California residents, FCA US LLC has chosen to opt-in to the provisions of the California Code of Civil Procedure, Sections 871.20 through 871.30 and the provisions of those chapters that govern vehicles. Notices pursuant the Song-Beverly Consumer Warranty Act, containing an accurate Vehicle Identification Number (VIN) of the motor vehicle, and a brief summary of the repair history and problems with the motor vehicle should be emailed to warrantynotice@stellantis.com. Also, notices may be sent by certified or registered mail, return receipt requested to P.O. Box 436000 Pontiac, MI 48343. Additional information can be found at http://www.dca.ca.gov/acp/.

NOTE:
California residents asserting a claim arising under the Song-Beverly Consumer Warranty Act agree to arbitrate related claims for attorney fees with the National Center for Dispute Settlement, LLC ("NCDS") under its Attorney Fee Arbitration Rules, as then in effect.

B. Para los residentes de California, FCA US LLC ha optado por acogerse a las disposiciones del Código de Procedimiento Civil de California, secciones 871.20 a 871.30 y las disposiciones de esos capítulos relativas a vehículos. Las notificaciones de conformidad con la Ley Song-Beverly de garantías del consumidor, que deben contener un número preciso de identificación del vehículo motorizado (VIN), y una breve reseña del historial de reparación y los problemas con el vehículo motorizado, se enviarán por correo electrónico a warrantynotice@stellantis.com. Los avisos también pueden ser enviados por correo certificado o registrado, con acuse de recibo, a P.O. Box 436000 Pontiac, MI 48343. Encontrará más información en http://www.dca.ca.gov/acp/.

NOTA:
Los residentes de California que presenten una reclamación bajo la Ley Song-Beverly de garantías del consumidor, acuerdan arbitrar las reclamaciones que correspondan a honorarios legales con el Centro Nacional para Liquidación de Disputas, LLC ("NCDS"), en consonancia con sus reglas de arbitraje para honorarios legales vigentes en ese momento.

1.6 CALIFORNIA RESIDENTS ONLY

FCA US LLC offers a non-binding dispute resolution program in the state of California that has been certified by the Arbitration Certification Program of the state. The California Dispute Settlement Program (CDSP) is a neutral third-party arbitration provider that administers the cases. Detailed program information can be found online at www.mopar.com under Warranty/Additional Publications or in the California Dispute Settlement Program booklet provided with your vehicle.

Important: Before seeking remedies through a court action pursuant to the Magnuson-Moss Warranty Act (“the Act”), you must first utilize the Dispute Settlement Program or, in California, the California Dispute Settlement Program (CDSP) described above. If you choose to pursue rights and remedies not created by the Act, you are not required to use the Dispute Settlement Program. You may also be required to use the Dispute Settlement Program or CDSP before seeking remedies under the “Lemon Laws” of your state. Please check the “Lemon Law and Tire Information” booklet online for additional information and the requirements applicable to your state.

The decision of the arbitrator is non-binding on you. If you reject the decision of the arbitrator, you may pursue other legal remedies under state or federal law. Decisions pursuant to the Dispute Settlement Program or CDSP do not include attorney’s fees, civil penalties, punitive damages, multiple damages, or consequential damages other than incidental damages which you may be entitled to under law. Depending on federal or state law, the decision may or may not be introduced as evidence by the consumer or the company in any civil court action relating to any matter that has been resolved in your arbitration hearing.

1.7 VOLUNTARY BINDING ARBITRATION PROVISION

Please carefully read this voluntary binding arbitration provision, which applies to any dispute between you and FCA US LLC and its affiliates (together “FCA”, “we” or “us”). If you have a concern or dispute, please

send a written notice describing it and your desired resolution to FCA US LLC Office of the General Counsel, 1000 Chrysler Drive, CIMS 485-13-62, Auburn Hills, MI 48326-2766. This binding arbitration provision does not affect any rights a consumer has to participate in any of FCA US LLC's nonbinding arbitration programs or any voluntary arbitration programs sponsored by any state or government agency.

If your concern or dispute is not resolved within 60 days, you agree that any dispute arising out of or relating to any aspect of the relationship between you and FCA US LLC will not be decided by a judge or jury but instead by a single arbitration administered by the **American Arbitration Association (AAA)** under its **Consumer Arbitration Rules** in effect at the time you signed the Agreement to Arbitrate. This includes claims arising out of your warranty and claims arising before this agreement, such as claims related to statements about our products.

FCA US LLC will pay all AAA fees and costs for any arbitration, which will be held in the city or county of your residence. To learn more about the rules and how to begin an arbitration, you may call any AAA office or go to www.adr.org.

The arbitrator may only resolve disputes between you and FCA US LLC and may not consolidate claims without the consent of all parties. You and FCA US LLC may bring claims against the other only in your or its individual capacity and not as a plaintiff or class member in any class or representative action. The arbitrator cannot hear class or representative claims on behalf of others purchasing or leasing FCA US LLC vehicles. If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a particular claim for relief or remedy (such as declaratory relief), then that claim or remedy (and only that claim or remedy) shall be severed and must be brought in court and any other claims must be arbitrated.

If you prefer, you may instead take an individual dispute to small claims court.

You may opt out of arbitration within 30 days of taking delivery of the vehicle and signing the Arbitration Acknowledgment Form at the dealer. To opt out of the binding arbitration program, send a letter to: FCA US LLC Office of the General Counsel, 1000 Chrysler Drive, CIMS 485-13-62, Auburn Hills, MI 48326-2766, stating your name, Vehicle Identification Number (VIN), and intent to opt out of the arbitration provision. If you do not opt out, then this agreement to arbitrate is binding.

1.8 HELPFUL ADDRESSES AND TELEPHONE NUMBERS

Here are the addresses and telephone numbers of the FCA US LLC Customer Assistance Centers that can help you wherever you happen to be. Contact the one that covers your area:

- **In the United States:**

  FCA US LLC Customer Assistance

  Center P.O. Box 21-8004

  Auburn Hills, Michigan 48321-8004 To

  contact FCA US LLC by phone:

  866-726-4636

- **In Canada:**

  P.O. Box 191857

  San Juan, Puerto Rico 00919-1857

  Phone Number: 866-726-4636

To assist customers who have hearing difficulties, FCA US LLC has installed special Telecommunication Devices for the Deaf (TDD) equipment at its customer center. Any hearing or speech impaired customer, who has access to a TDD or a conventional Teletypewriter (TTY) in the United States, can communicate with FCA US LLC by dialing 1-800-380-2479.

Canadian residents with hearing difficulties that require assistance can use the special needs relay service offered by Bell Canada. For TTY teletypewriter users, dial 711 and for Voice callers, dial 1-800-855-0511 to connect with a Bell Relay Service operator.

2. What Is Covered Under FCA US LLC's Warranties

2.1 BASIC LIMITED WARRANTY

A. Who Is Covered

You are covered by the Basic Limited Warranty if you are a purchaser for use of the vehicle.

B. What Is Covered

The Basic Limited Warranty covers the cost of all parts and labor needed to repair any item on your vehicle when it left the manufacturing plant that is defective in material, workmanship or factory preparation. There is no list of covered parts since the only exceptions are the parts listed in "section 2.1 C". These warranty repairs or adjustments, including all parts and labor connected with them, will be made by an authorized dealer at no charge, using new or remanufactured parts.

C. Items Covered By Other Warranties

The following are covered by separate warranties offered by their manufacturers. They are **not covered** by the Basic Limited Warranty:

- Tires
- Headphones
- Items added or changed after your vehicle left the manufacturing plant, such as accessories or protection products, or items changed because of customization or van conversion

Be sure you get a copy of any warranty that applies to these items from the manufacturer of the product.

D. Towing Costs Are Covered Under Certain Circumstances

Roadside Assistance covers the cost of towing your vehicle to the nearest authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer if your vehicle becomes disabled as a result of a mechanical breakdown. If you choose to go to another dealer, you will be responsible for the cost. Refer to "section 6.2" for information on how to get towing service in the United States and Canada.

E. When It Begins

The Basic Limited Warranty begins on either of the following dates, whichever is earlier:

- The date you take delivery of the vehicle.
- The date when the vehicle was first put into use, for example, as a dealer "demo" or as a FCA US LLC company vehicle.

F. When It Ends

The Basic Limited Warranty lasts for three years from the date it begins or for 36,000 miles on the odometer, whichever occurs first. The following items are covered only for one year or for 12,000 miles on the odometer, whichever occurs first:

- Brakes (rotors, pads, linings, and drums)

- Bulbs
- Clutch discs or modular clutch assembly (if equipped)
- Key fob battery
- Wheel alignment
- Wheel balancing
- Windshield and rear window
- Wiper blades

G. Registration And Operation Requirements

The Basic Limited Warranty covers your vehicle only if:

- The vehicle was manufactured for sale and registered in the US, US Possessions and Territories.
- The vehicle is driven mainly in the US, US Possessions and Territories, Canada and Mexico.
- The vehicle is operated and maintained in the manner described in your Owner's Manual.

EXCEPT WHERE SPECIFICALLY REQUIRED BY LAW, THERE IS NO WARRANTY COVERAGE FOR THIS VEHICLE IF IT IS SOLD OR REGISTERED OUTSIDE OF THE UNITED STATES, UNITED STATES POSSESSIONS AND TERRITORIES.

This policy does not apply to vehicles that have received authorization for export from FCA US LLC. Dealers may not give authorization for export. Consult an authorized dealer to determine this vehicle's warranty coverage if you have any questions.

This policy does not apply to vehicles registered to US government officials or military personnel on assignment outside of the United States.

H. If You Move

If you move to another country, be sure to contact the FCA US LLC Customer Assistance Center and the customs department of the destination country before you move. You can find the address in "section 1.8". Vehicle importation rules vary considerably from country to country. You may be required to present documentation of your move to FCA US LLC in order to continue your warranty coverage. You may also be required to obtain documentation from FCA US LLC in order to register your vehicle in your new country.

I. Vehicle Registration Notice

If your vehicle is registered outside of the United States, and you have not followed the procedure set out above, your vehicle will no longer be eligible for warranty coverage of any kind. Vehicles registered to United States government officials or military personnel on assignment outside of the US will continue to be covered.

2.2 CORROSION LIMITED WARRANTY

A. Who Is Covered

You are covered by the Corrosion Limited Warranty if you are a purchaser for use of the vehicle.

B. What Is Covered

The Corrosion Limited Warranty covers the cost of all parts and labor needed to repair or replace any sheet metal panels that get holes from rust or other corrosion. If a hole occurs because of something

other than corrosion, this warranty does not apply. Cosmetic or surface corrosion may be covered under the warranty. The cause of cosmetic or surface corrosion will determine if there is coverage. Cosmetic or surface corrosion resulting from stone chips or scratches in the paint is not covered.

For more details on what is not covered by this warranty, refer to “section 3.5”.

C. How Long It Lasts

The Corrosion Limited Warranty starts when your Basic Limited Warranty begins under “section 2.1 E”.

This warranty has two time-and-mileage limits:

- For sheet metal panels, the limits are three years, with no mileage limit.
- For an outer-body sheet metal panel, one that is finish-painted and that someone can see when walking around the vehicle, the limits are five years, with no mileage limit.

D. What Is Not Covered

Please note that while the standard Corrosion Limited Warranty applies to defects in material and/or workmanship, it does not cover the vehicle's matte finish appearance (if equipped).

Maintaining the matte finish appearance is solely the responsibility of the vehicle owner as described in your Owner's Manual.

2.3 CUMMINS® DIESEL ENGINE LIMITED WARRANTY

A. Who Is Covered

You are covered if your vehicle is equipped with a Cummins® Diesel Engine.

B. What Is Covered

The Cummins® Diesel Engine Limited Warranty covers the cost of all parts and labor needed to repair a Cummins® diesel engine component listed below that is defective in workmanship and materials.

The Cummins® Diesel Engine Limited Warranty, covers ONLY the following engine parts and components:

- Cylinder block and all internal parts
- Cylinder head assemblies
- Core plugs
- Fuel injection pump and injectors
- Gaskets and seals for listed components
- Glow Plugs
- Intake and exhaust manifold
- Oil pan
- Oil pump
- Timing gear drive and cover
- Turbocharger housing and internal parts
- Valve covers
- Water pump

C. How Long It Lasts

The Cummins® Diesel Engine Limited Warranty lasts for up to five years or 100,000 miles on the odometer, whichever occurs first, calculated from the start date of the Basic Limited Warranty, as set forth in “section 2.1 E”.

D. Towing Costs Are Covered

The Cummins® Diesel Engine Limited Warranty covers the cost of towing your vehicle to the nearest authorized Business Link dealer if your vehicle cannot be driven because a covered part has failed. If you choose to go to another dealer, you will be responsible for the cost. See “section 6.2” for information on how to get towing service in the United States and Canada.

2.4 RESTRAINT SYSTEM LIMITED WARRANTY (VEHICLES SOLD AND REGISTERED IN THE STATE OF KANSAS ONLY)

For vehicles sold and registered in the state of Kansas, seat belts and related seat belt components are warranted against defects in workmanship and materials for 10 years, regardless of mileage. This warranty does not cover replacement of seat belts and related components required as the result of collision.

2.5 POWERTRAIN LIMITED WARRANTY

A. Who Is Covered

You are covered by the Powertrain Limited Warranty if you are a purchaser for use of the vehicle.

B. What Is Covered

The Powertrain Limited Warranty covers the cost of all parts and labor needed to repair a powertrain component listed in “section 2.5 E” that is defective in workmanship and materials.

C. How Long It Lasts

The Powertrain Limited Warranty lasts for up to five years or 60,000 miles (gas engine) on the odometer, whichever occurs first, calculated from the start date of the Basic Limited Warranty, as set forth in “section 2.1 E”.

D. Towing Costs Are Covered

Roadside Assistance covers the cost of towing your vehicle to the nearest authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer if your vehicle cannot be driven because a covered part has failed.

If you choose to go to another dealer, you will be responsible for the cost. Refer to “section 6.2” for information on how to get towing service in the United States and Canada.

E. Parts Covered

The Powertrain Limited Warranty covers these parts and components of your vehicle's powertrain supplied by FCA US LLC:

NOTE:
MANUAL TRANSMISSION CLUTCH PARTS ARE NOT COVERED UNDER THE POWERTRAIN LIMITED WARRANTY.

Diesel Engine:

Cylinder block and all internal parts; cylinder head assemblies; core plugs; fuel injection pump and injectors; intake and exhaust manifolds; oil pan; oil pump; timing gear drive belts and/or chains and cover; turbocharger housing and internal parts; valve covers; water pump and housing; seals and gaskets for listed components; and glow plugs and all sensors.

Gasoline Engine

Cylinder block and all internal parts; cylinder head assemblies; timing case, timing chain, timing belt, gears and sprockets; vibration damper; oil pump; water pump and housing; intake and exhaust manifolds; flywheel with starter ring gear; core plugs; valve covers; oil pan; turbocharger housing and internal parts; turbocharger wastegate actuator; supercharger; serpentine belt tensioner; and seals and gaskets for listed components only.

Transmission

Transmission case and all internal parts; torque converter; drive/flex plate; transmission range switch; speed sensors; pressure sensors; transmission control module; bell housing; oil pan; and seals and gaskets for listed components only.

Front-Wheel Drive (FWD)

Transaxle case and all internal parts; axle shaft assemblies; constant velocity joints and boots; differential cover; oil pan; transaxle speed sensors; transaxle solenoid assembly; PRNDL position switch; transaxle electronic controller; torque converter; and seals and gaskets for listed components only.

All-Wheel Drive (AWD)

Power transfer unit and all internal parts; viscous coupler; axle housing and all internal parts; constant velocity joints and boots; driveshaft and axle shaft assemblies; differential carrier assembly and all internal parts; output ball bearing; output flange; end cover; overrunning clutch; vacuum motor; torque tube; pinion spacer and shim; and seals and gaskets for listed components only.

Rear-Wheel Drive (2WD)

Rear axle housing and all internal parts; axle shafts; axle shaft bearings; drive shaft assemblies; drive shaft center bearings; universal joints and yokes; and seals and gaskets for listed components only.

Four-Wheel Drive (4WD)

Transfer case and all internal parts; transfer case control module and shift mode motor assembly; axle housing and all internal parts; axle shafts; axle shaft bearings; drive shaft assemblies (front and rear); drive shaft center bearings; universal joints and yokes; disconnect housing assembly; and seals and gaskets for the listed components only.

F. Other Provisions Of This Powertrain Limited Warranty

For all other terms of the New Vehicle Limited Warranty that apply to the Powertrain Limited Warranty, refer to "section 1" (Your Legal Rights Under These Limited Warranties) and "section 3" (What Is Not Covered), for further information.

2.6 ELECTRIC POWERTRAIN LIMITED WARRANTY (ONLY APPLIES TO RAM PROMASTER EV)

A. Who Is Covered

You are covered by the Electric Powertrain Limited Warranty if you are a purchaser for use of the Ram ProMaster EV.

B. How Long It Lasts

The Electric Powertrain Limited Warranty starts when your Basic Limited Warranty begins calculated from the start date of the Basic Limited Warranty, as set forth in “section 2.1 E”.

This warranty has two time-and-mileage limits:

- The **Electric Vehicle System Limited Warranty** lasts for up to 8 years or 100,000 miles on the odometer, whichever occurs first, covering ONLY the following electric vehicle components:
- Propulsion battery pack and all internal components
- Electric drive unit(s) and all internal components

2.7 HIGH VOLTAGE LITHIUM-ION BATTERY LIMITED WARRANTY (ONLY APPLIES TO RAM PROMASTER EV)

A. Who Is Covered

You are covered by the High Voltage Lithium-Ion Battery Limited Warranty if you are a purchaser for use of the vehicle.

B. How Long It Lasts

The High Voltage Lithium-Ion Battery Limited Warranty coverage is for eight years or 100,000 miles on the odometer, whichever occurs first, calculated from the start date of the Basic Limited Warranty, as set forth in “section 2.1 E”.

C. Towing Costs Are Covered

Roadside Assistance covers the cost of towing your vehicle to the nearest authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer if your vehicle cannot be driven because a covered part has failed.

If you choose to go to another dealer, you will be responsible for the cost. Refer to “section 6.2” for information on how to get towing service in the United States and Canada.

D. Gradual Capacity Loss

Like all batteries, the high voltage lithium-ion battery will experience gradual capacity loss with time and use. The loss of battery capacity

due to or resulting from gradual capacity loss is not covered under the High Voltage Lithium-Ion Battery Limited Warranty.

E. High Voltage Lithium-Ion Battery Exclusions

Your warranties do not cover the costs of repairing damage or conditions caused by any of the following:

- Physically damaging the high voltage lithium-ion battery or intentionally attempting to reduce the life of the high voltage lithium-ion battery
- Leaving your vehicle for over 30 days where the high voltage lithium-ion battery reaches a zero or near zero state of charge
- Neglecting to follow correct charging procedures as recommended in your Owner's Manual
- Use of incompatible charging devices as recommended in your Owner's Manual
- Opening the high voltage lithium-ion battery enclosure or having it serviced by someone other than an authorized repair facility certified technician
- Exposing the high voltage lithium-ion battery to contact with a direct flame
- Exposing your vehicle to ambient temperatures above 140°F (60°C) for over 24 hours

3. What Is Not Covered

3.1 MODIFICATIONS NOT COVERED

A. Some Modifications Do Not Void The Warranties But Are Not Covered

Certain changes that you might make to your vehicle do not, by themselves, void the warranties described in this booklet. Examples of some of these changes are:

- Installing non-FCA US LLC parts, components, or equipment such as a non-FCA US LLC radio or cruise control.
- Using special non-FCA US LLC materials or additives.
- Modifying the front fascia/bumper, vehicle body structure, or adding aftermarket side steps or running boards.
- Replacing windshields on vehicles equipped with Advanced Driver Assist systems with non-FCA US LLC parts.
- Using aftermarket collision parts.
- Attaching or installing any aftermarket accessories, including transparent material (e.g. glass tinting) or aftermarket grilles.

NOTE:
Non-FCA US LLC parts can also impact downstream or other related safety systems.

Your warranties do not cover any part that was not on your vehicle when it left the manufacturing plant or is not certified for use on your vehicle. Nor do they cover the costs of any repairs or adjustments that might be caused or needed because of the installation or use of non-FCA US LLC parts, components, equipment, materials, or additives.

Performance or racing parts are considered to be non-FCA US LLC parts. Repairs or adjustments caused by their use are not covered under your warranties.

Examples of the types of alterations not covered are:

- Installing accessories, except for genuine FCA US LLC/Mopar® and Direct Connection accessories installed by an authorized Chrysler, Dodge, Jeep®, Ram or Business Link dealer.
- Applying rustproofing or other protection products.
- Changing the vehicle's configuration or dimensions, such as converting the vehicle into a limousine or food service vehicle.
- The use of any refrigerant that FCA US LLC has not approved.

B. Modifications That WILL Void Your Warranties

These actions will void your warranties:

- Disconnecting, tampering with, or altering the odometer, unless your repairing technician follows the legal requirements for repairing or replacing odometers.
- Attaching any device that disconnects the odometer.

3.2 ENVIRONMENTAL FACTORS NOT COVERED

Your warranties do not cover damage caused by environmental factors such as airborne fallout, bird droppings, insect damage, chemicals, tree sap, salt, ocean spray, acid rain, and road hazards. Nor do

your warranties cover damage caused by hailstorms, windstorms, tornadoes, sandstorms, lightning, floods, and earthquakes.

Your warranties do not cover conditions resulting from anything impacting the vehicle. This includes cracks and chips in glass, scratches and chips in painted surfaces, or damage from collision.

3.3 MAINTENANCE COSTS NOT COVERED

Your warranties do not cover the costs of repairing damage caused by poor or improper maintenance. Nor do they cover damage caused by the use of contaminated fuels, or by the use of fuels, oils, lubricants, cleaners or fluids other than those recommended in your Owner's Manual.

The warranties do not cover the costs of your vehicle's normal or scheduled maintenance, the parts and services that all vehicles routinely need.

Some of these parts and services, which your warranties do not cover, include:

- Lubrication
- Engine tune-ups
- Replacing filters, coolant, spark plugs, or fuses (unless those costs result from a covered repair)
- Cleaning and polishing
- Replacing worn wiper blades, worn brake pads and linings, or clutch linings

3.4 RACING NOT COVERED

Your warranties do not cover the costs of repairing damage or conditions caused by racing, nor do they cover the repair of any defects that are found as the result of participating in a racing event.

3.5 CERTAIN KINDS OF CORROSION NOT COVERED

Your warranties do not cover the following:

- Corrosion caused by accident, damage, abuse, or vehicle alteration
- Surface corrosion caused by such things as industrial fallout, sand, salt, hail, ocean spray, and stones
- Corrosion caused by the extensive or abnormal transport of caustic materials like chemicals, acids, and fertilizers
- Corrosion of special bodies, body conversions, or equipment that was not on your vehicle when it left the manufacturing plant or was not supplied by FCA US LLC

3.6 OTHER EXCLUSIONS

Your warranties do not cover the costs of repairing damage or conditions caused by any of the following:

- Fire or accident
- Abuse or negligence
- Misuse, for example, driving over curbs, overloading or using your vehicle as a power source
- Tampering with the emission systems, or with a part that could affect the emission systems

- Use of used parts, even if they were originally supplied by FCA US LLC; however, authorized FCA US LLC/Mopar® remanufactured parts are covered
- Windshield or rear window damage from external objects
- Any changes made to your vehicle that do not comply with FCA US LLC
- Use of any fluid that does not meet the minimum recommendations in your Owner's Manual

3.7 TOTAL LOSS, SALVAGE, JUNK, OR SCRAP VEHICLES NOT COVERED

A vehicle has no warranty coverage of any kind if:

- The vehicle is declared a total loss by an insurance company.
- The vehicle is rebuilt after being declared a total loss by an insurance company.
- The vehicle is issued a certificate of title indicating that it is designated as “salvage”, “junk”, “rebuilt”, “scrap”, or some similar word.

FCA US LLC will deny warranty coverage without notice if it learns that a vehicle is ineligible for coverage for any of these reasons.

This exclusion does not apply to emission warranties or to recall campaigns.

3.8 RESTRICTED WARRANTY

FCA US LLC may restrict the warranty on your vehicle if the vehicle is not properly maintained, or if the vehicle is abused or neglected, and the abuse or neglect interferes with the proper functioning of the vehicle. If the warranty is restricted, coverage may be denied or subject to approval by FCA US LLC before covered repairs are performed.

4. Other Terms Of Your Warranties

4.1 EXCHANGED PARTS MAY BE USED IN WARRANTY REPAIRS

In the interest of customer satisfaction, FCA US LLC may offer exchange service on some vehicle parts. This service is intended to reduce the amount of time your vehicle is not available for your use because of repairs. Parts used in exchange service may be new, remanufactured, reconditioned, or repaired, depending on the part involved.

All exchange parts that might be used meet FCA US LLC standards, and have the same warranties as new parts.

Examples of the kinds of parts that might be serviced in this way are:

- Engine Assemblies
- Transmission Assemblies
- Instrument Cluster Assemblies
- Radios, CD and DVD players
- Speedometers
- Powertrain Control Module (PCM)

To help control suspected ozone-depleting agents, the Environmental Protection Agency (EPA) requires the capture, purification, and reuse of automotive air conditioning refrigerant gases. As a result, a repair to the sealed portion of your air conditioning system may involve the installation of purified reclaimed refrigerant.

4.2 PRE-DELIVERY SERVICE

A defect in or damage to the mechanical, electrical, sheet metal, paint, trim, and other components of your vehicle may have occurred at the factory or while it was being shipped to an authorized dealer.

Such a defect or damage is usually detected and corrected at the factory. In addition, dealers must inspect each vehicle before delivery. They repair any defects or damage detected before the vehicle is delivered to you.

4.3 PRODUCTION CHANGES

Changes may be made in vehicles sold by FCA US LLC and its authorized dealers at any time without incurring any obligation to make the same or similar changes on vehicles previously built or sold.

5. Emission Warranties Required By Law

5.1 FEDERAL EMISSION WARRANTY

A. Parts Covered For Five Years Or 50,000 Miles, Whichever Occurs First (Does Not Apply To Ram ProMaster EV Vehicles)

If your vehicle is equipped with one of the following parts, this Federal Emission Warranty covers that part for a period of five years or 50,000 miles, whichever occurs first, calculated from the start date of the Basic Limited Warranty as set forth in "section 2.1 E"

Where applicable with covered parts, associated plumbing, mounting hardware, gaskets, O-rings, and wiring harnesses are covered. Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

Ram 2500/3500, 3500/4500/5500 Chassis Cab and ProMaster — Gasoline Engine

These parts are:

- Air System Controls
- Catalytic Converter
- Electronic Fuel Injection System, Including Injector
- Evaporative-emission Canister And Controls
- Exhaust Gas Recirculation (EGR) Valve And Control System
- Exhaust Manifold
- Exhaust Pipes (between exhaust manifold and catalyst)
- Fuel Cap And Tank Assembly, Pump, And Fuel Lines
- Ignition System
- Intake Manifold
- On-board Diagnostic-system Components
- Oxygen Sensors
- Powertrain Control Module (PCM)
- Positive Crankcase Ventilation (PCV) Valve Or Orifice
- Secondary Ignition Wires
- Spark Plugs
- Throttle Body
- Transmission Control Module (TCM)
- Vacuum Hoses, Clamps, And Fittings, As Well As Tubing Used For These Components
- Vacuum, Temperature, Altitude, Speed, And Time-sensitive Valves, Sensors, And Switches Used In These Components And Systems

Ram 2500/3500 — Diesel Engine

These parts are:

- ABS Speed Sensor
- Accelerator Pedal Position Assembly
- Active Grille Shutter
- Aftertreatment Fuel Doser/Aftertreatment Fuel Injector
- Aftertreatment Fuel Shut Off Valve Assembly
- Aftertreatment SCR Intake Temperature Sensor
- Aftertreatment SCR Outlet Temperature Sensor

- Air Throttle Valve
- Ambient Air Temperature Sensor
- Camshaft
- Camshaft Position Sensor
- CCV Tube Pressure Sensor
- Charge Air Cooler (CAC)
- Compressor in Temperature / Pressure Sensor
- Crankcase Pressure Sensor
- Crankshaft Position Sensor
- Diesel Exhaust Fluid (DEF) Dosing Control Unit
- DEF Flange Module
- DEF Injector
- DOC/DPF Exhaust Gas Temperature Sensor Assembly
- Downstream NOx Sensor Module
- Emissions Label (VECI or Engine Data Plate)
- Engine Coolant Temperature Sensor
- Exhaust Gas Recirculation (EGR) By-Pass Valve
- EGR Cooler
- EGR Pressure Sensing Tube
- EGR Temperature Sensor
- EGR Valve
- Exhaust Manifold/Single
- Fuel Control Actuator
- Fuel Injector
- Fuel Pressure Regulator
- Fuel Pump - High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Fuel Supply Line
- Glow Plug
- Glow Plug Control Module
- High Pressure Mass Air Flow Sensor
- Intake Manifold
- Intake Manifold Pressure Sensor
- Intake Manifold Temperature Sensor
- Oxidation Catalyst (Close Coupled DOC)
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Particulate Matter Sensor Module
- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Catalyst Assembly
- Sensor - Differential Pressure
- Sensor - Exhaust Pressure
- TMAP Sensor
- Transmission Assembly
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)
- Upstream NOx Sensor Module
- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)
- Warmup DOC Exhaust Gas Temperature Sensor 1 (Inlet)
- Warmup DOC Exhaust Gas Temperature Sensor 2 (Outlet)

Ram 3500/4500/5500 Chassis Cab — Diesel Engine

In addition to the parts listed below, Air Conditioning (AC) components whose failure would increase the emissions of AC refrigerants as a result of a defect in materials and workmanship are also covered under this warranty.

These parts are:

- ABS Speed Sensor
- Accelerator Pedal Assembly
- Aftertreatment Fuel Doser/Aftertreatment Fuel Injector
- Aftertreatment Fuel Shut Off Valve Assembly
- Air Throttle Valve
- Ambient Air Temperature Sensor
- Camshaft
- Camshaft Position Sensor
- CCV Tube Pressure Sensor
- Charge Air Cooler (CAC)
- Clean Idle Sticker
- Compressor in Temperature / Pressure Sensor
- Crankcase Pressure Sensor
- Crankshaft Position Sensor
- Diesel Exhaust Fluid (DEF) Dosing Control Unit
- DEF Flange Module
- DEF Injector
- DOC/DPF Exhaust Gas Temperature Sensor Assembly
- Downstream NOx Sensor Module
- Emissions Label (VECI or Engine Data Plate)
- Engine Coolant Temperature Sensor
- Exhaust Gas Recirculation (EGR) By-Pass Valve
- EGR Cooler
- EGR Pressure Sensing Tube
- EGR Temperature Sensor
- EGR Valve
- Exhaust Manifold/Single
- Fuel Injector
- Fuel Control Actuator
- Fuel Pressure Regulator
- Fuel Pump - High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Fuel Supply Line
- Glow Plug
- Glow Plug Control Module
- High Pressure Mass Air Flow Sensor
- Intake Manifold
- Intake Manifold Pressure Sensor
- Intake Manifold Temperature Sensor
- Light Off SCR Intake Temperature Sensor
- Light Off SCR Outlet Temperature Sensor
- Light Off Selective Catalytic Reduction Catalyst Assembly
- Midstream NOx Sensor Module
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Particulate Matter Sensor Module

- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Temperature Sensor
- Sensor - Differential Pressure
- Sensor - Exhaust Pressure
- TMAP Sensor
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)
- Underfloor SCR Exhaust Gas Temperature Sensor Assembly
- Upstream NOx Sensor
- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)

B. Parts Covered For 10 Years Or 110,000 Miles, Whichever Occurs First

If your vehicle is equipped with one of the following parts, this Federal Emission Warranty covers that part for a period of 10 years or 110,000 miles, whichever occurs first, calculated from the start date of the Basic Limited Warranty as set forth in “section 2.1 E”.

Ram 3500/4500/5500 Chassis Cab — Diesel Engine

These parts are:

- Upstream NOx Sensor Module

C. Parts Covered For Eight Years Or 80,000 Miles

If your vehicle is equipped with one of the following parts, this Federal Emission Warranty covers that part for a period of eight years or 80,000 miles, whichever occurs first, calculated from the start of the Basic Limited Warranty as set forth in “section 2.1 E”.

Ram 2500/3500 — Gasoline Engines

These parts are:

- Catalytic Converter
- Powertrain Control Module (PCM)
- Transmission Control Module (TCM)

Ram 2500/3500 — Diesel Engine

These parts are:

- Aftertreatment Fuel Doser/Aftertreatment Fuel Injector
- Aftertreatment Fuel Shut Off Valve Assembly
- Diesel Exhaust Fluid (DEF) Dosing Control Unit
- DEF Flange Module
- DEF Injector
- Downstream NOx Sensor Module
- Exhaust Gas Recirculation (EGR) By-Pass Valve
- EGR Cooler
- EGR Valve
- Oxidation Catalyst (Close Coupled DOC)
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Catalyst Assembly
- Upstream NOx Sensor Module
- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)

5.2 EMISSION PERFORMANCE WARRANTY

This warranty supplements the Federal Warranty under “section 5.1”. It lasts for five years or 50,000 miles on the odometer, whichever occurs first. These limits are counted from the time when your Basic Limited Warranty begins under “section 2.1 E”. The Emission Performance Warranty covers the cost of repairing or adjusting any components or parts that might be needed for your vehicle to pass Federal Emission Standards for a federally approved state or local emissions test, but only if:

- Your vehicle has failed a federally approved state or local emissions test.
- Your vehicle has been maintained and operated properly up until it fails such a test.
- You face a real penalty, for example, a fine or the loss of the use of your vehicle because the vehicle has failed the test.

Refer to "section 6.4" Getting Service Under The Federal Emission Performance Warranties, for further information on how to get service under this warranty.

5.3 NOISE EMISSION WARRANTY — HEAVY DUTY

A. What Is Covered

Ram 2500/3500, 3500/4500/5500 Chassis Cab

FCA US LLC warrants that this vehicle as manufactured by FCA US LLC, was designed, built and equipped to conform to all applicable US EPA Noise Control Regulations at the time it left FCA US LLC's control.

This warranty covers this vehicle as designed, built and equipped by FCA US LLC, and is not limited to any particular part, component or system of the vehicle manufactured by FCA US LLC. Defects in design, assembly or in any part, component or system of the vehicle as manufactured by FCA US LLC, which, at the time it left FCA US LLC's control, caused noise emissions to exceed federal standards, are covered by this warranty for the life of the vehicle.

5.4 TAMPERING WITH NOISE CONTROL SYSTEM PROHIBITED

Federal law prohibits the following acts or the causing thereof:

- The removal or rendering inoperative by any person, other than for purposes of maintenance, repair, or replacement, of any device or element of design incorporated into any new vehicle for the purpose of noise control prior to its sale or delivery to the ultimate purchaser or while it is in use.
- The use of the vehicle after such device or element of design has been removed or rendered inoperative by any person. Among those acts presumed to constitute tampering are the acts listed below:

AIR CLEANER

- Removal of the air cleaner
- Removal of the air cleaner filter element from the air cleaner housing
- Removal of the air ducting

EXHAUST SYSTEM

- Removal of, or rendering inoperative, exhaust system components including the muffler or tailpipe

ENGINE COOLING SYSTEM

- Removal of, or rendering inoperative, the fan clutch
- Removal of the fan shroud

5.5 TIRE EXPRESS LIMITED WARRANTY

Ram 3500/4500/5500 Chassis Cab

FCA US LLC provides an express limited warranty to the original purchaser of this vehicle that at the time of sale of this vehicle, the tires on this vehicle (1) conform to requirements of the United States Environmental Protection Agency's greenhouse gas standards and the National Highway Traffic Safety Administration's fuel economy standards, and (2) shall remain free of defects in materials and workmanship that would cause the tires to fail to conform to such requirements for a period of two years or 24,000 miles, whichever occurs first, starting with the date of the sale of the vehicle to the original purchaser.

5.6 CALIFORNIA EMISSION WARRANTY

Ram Heavy Duty Vehicles (Excluding Ram ProMaster EV Vehicles)

A. Your Warranty Rights And Obligations Applies Only To Vehicles Certified For Sale And Registered In The State Of California

The California Air Resources Board is pleased to explain the emission control system warranty on your 2025 model vehicle. In California, new motor vehicles must be designed, built and equipped to meet the state's stringent anti-smog standards. FCA US LLC ("FCA US") must warrant the emission control system on your vehicle for the periods of time listed in this booklet provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include parts such as the fuel-injection system, the ignition system, catalytic converter and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, FCA US LLC will repair your vehicle at no cost to you, including diagnosis, parts and labor.

The California Emission Warranty starts when your Basic Limited Warranty begins under "section 2.1 E".

The emission warranty statement specified in this booklet applies only to vehicles certified for sale and registered in the state of California or in one of the following states (excluding 4500/5500 Diesel Vehicles):

Colorado	Massachusetts	Rhode Island
Connecticut	Minnesota	Vermont
Delaware	Nevada	Virginia
Maine	New York	Washington
Maryland	Oregon	

B. Owner's Warranty Responsibilities

- As the vehicle owner, you are responsible for the performance of the **required maintenance listed in your Owner's Manual.** FCA US LLC recommends that you retain all receipts covering maintenance on your vehicle, but FCA US LLC cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.
- You are responsible for presenting your vehicle to a Business Link dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed **30 days.**
- As the vehicle owner, be aware that FCA US LLC may deny your warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

C. Getting Service Under The California Emission Warranty

A. What To Do If You Fail A Smog Check

If a vehicle fails a state smog check test during the coverage period, FCA US LLC will repair the vehicle so that it will pass a state smog check retest. The owner should take the vehicle to any authorized Chrysler, Dodge, Jeep®, Ram or Business Link dealer for warranty repairs and give a copy of the failed smog check test report to the dealer. If the owner is not notified within 30 days that a performance warranty claim is denied, FCA US LLC must repair the vehicle free of charge.

B. What To Do To Get Warranty Service

To get warranty service, even if you are traveling, take your vehicle to any authorized Chrysler, Dodge, Jeep®, Ram or Business Link dealer. FCA US LLC recommends that you take your vehicle to a dealer who sells the same make of vehicle as yours. That dealer will perform any warranty service without charging you for diagnosis, parts or labor.

C. Emergency Emission Warranty Service

If you need emergency service under this warranty and a Business Link dealer is not readily available, you may have your vehicle repaired by anyone using any brand of repair parts.

Before FCA US LLC will reimburse you for emergency repairs under this warranty, you will have to provide FCA US LLC with details on why the situation was an emergency and why dealer service was unavailable.

Under this warranty, an emergency occurs if a part will not be available within 30 days or if a repair cannot be completed within 30 days.

However, FCA US LLC recommends that you do the following before having repairs made:

- Contact the FCA US LLC Customer Assistance Center and ask for help with Emission Warranty service.
- The Customer Assistance Center will recommend an authorized servicing dealer or help you find a qualified independent servicing dealer.
- If you use an independent servicing dealer, make arrangements during your first contact with the Customer Assistance Center for reimbursement of emergency repairs, including labor and diagnosis. You will need to get and keep the replaced parts, as well as the original invoice marked "paid".
- Review with the Customer Assistance Center any questions you have about the Emission Warranty. Reimbursement for parts will be based on FCA US LLC's suggested retail price. Reimbursement for

labor will be based on FCA US LLC's recommended time allowance for the repair and on the appropriate hourly labor rate in the geographic area where you had the work done.

D. How To Get More Information

For more information about getting service under the California Emission Warranty, contact one of the following:

FCA US LLC Customer Assistance Center

P.O. Box 21-8004

Auburn Hills, MI 48321-8004

866-726-4636

California Air Resources Board

4001 Iowa Ave

Riverside, CA 92507

D. MANUFACTURER'S WARRANTY COVERAGE

Parts And Performance Covered For Five Years Or 50,000 Miles, Whichever Occurs First

Ram 2500/3500 and ProMaster — Gasoline Engine

If your vehicle fails a smog check inspection, all necessary repairs and adjustments will be made by FCA US LLC to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.

Your vehicle is designed, built, and equipped so as to conform with all applicable regulations adopted by the California Air Resources Board. Furthermore, it is designed to be free from defects in materials and workmanship which cause the failure of a warranted part to be identical in all material respects to the part as described in the vehicle or engine manufacturer's application for certification for a period of three years or 50,000 miles, whichever first occurs; and free from defects in materials and workmanship which cause the failure of a warranted part described below or for seven years or 70,000 miles, whichever first occurs.

California law requires FCA US LLC to warrant that if any emission-related part on your vehicle is defective, FCA US LLC will repair or replace the part. The repair or replacement will be made at no cost to you for diagnosis, parts or labor. Any other parts damaged by the failure of a defective part will also be repaired or replaced.

In addition, if your vehicle fails a smog check inspection, FCA US LLC will make all necessary repairs and adjustments to ensure that your vehicle passes the inspection.

Your emission control system may include parts such as the catalytic converter or Powertrain Control Module (PCM). Also included may be hoses, belts, connectors and other emission-related assemblies.

Parts And Performance Covered For Five Years Or 50,000 Miles, Whichever Occurs First

If any emission-related part on your truck is defective, the part will be repaired or replaced by FCA US LLC. This is your SHORT-TERM EMISSION CONTROL SYSTEM DEFECTS WARRANTY.

Federal law requires FCA US LLC to warranty that if any emission-related part on your vehicle is defective, FCA US LLC will repair or replace the part. The repair or replacement will be made at no cost to you for diagnosis, parts or labor. Any other parts damaged by the failure of a defective part will also be repaired or replaced.

In addition, if your vehicle fails a smog check inspection, FCA US LLC will make all necessary repairs and adjustments to ensure that your vehicle passes the inspection.

Your emission control system may include parts such as the catalytic converter or Powertrain Control Module (PCM). Also included may be hoses, belts, connectors and other emission-related assemblies. Please refer to the federal warranty book.

FCA US LLC also warrants that every part listed below, if installed as original equipment, is free from defects.

Ram 2500/3500 — Diesel Engine

These parts are:

- Anti-lock Brake System (ABS) Speed Sensor
- Accelerator Pedal Position Assembly
- Active Grille Shutter
- Aftertreatment Fuel Doser/Aftertreatment Fuel Injector
- Aftertreatment Fuel Shut Off Valve Assembly
- Aftertreatment SCR Intake Temperature Sensor
- Aftertreatment SCR Outlet Temperature Sensor
- Air Throttle Valve
- Ambient Temperature Sensor
- Camshaft
- Camshaft Position Sensor
- CCV Tube Pressure Sensor
- Charge Air Cooler (CAC)
- Compressor in Temperature / Pressure Sensor
- Crankcase Pressure Sensor
- Crankshaft Position Sensor
- Diesel Exhaust Fluid (DEF) Dosing Control Unit
- DEF Flange Module
- DEF Injector
- DOC/DPF Exhaust Gas Temperature Sensor Assembly
- Downstream NOx Sensor Module
- Emissions Label (VECI or engine data plate)
- Engine Coolant Temperature Sensor
- Exhaust Gas Recirculation (EGR) By-pass Valve
- EGR Cooler
- EGR Pressure Sensing Tube
- EGR Temperature Sensor
- EGR Valve
- Exhaust Manifold/Single
- Fuel Control Actuator
- Fuel Injector
- Fuel Pressure Regulator
- Fuel Pump — High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Fuel Supply Line

- Glow Plug
- Glow Plug Control Module
- High Pressure Mass Air Flow Sensor
- Intake Manifold
- Intake Manifold Pressure Sensor
- Intake Manifold Temperature Sensor
- Oxidation Catalyst (Close coupled DOC)
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Particulate Matter Sensor Module
- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Catalyst Assembly
- Sensor - Differential Pressure
- Sensor - Exhaust Pressure
- TMAP Sensor
- Transmission Assembly
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)
- Upstream NOx Sensor Module
- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)
- Warmup DOC Exhaust Gas Temperature Sensor 1 (Inlet)
- Warmup DOC Exhaust Gas Temperature Sensor 2 (Outlet)

NOTE:
The following list of parts is only for when replacement is required to remedy a Malfunction Indicator Light (MIL) illumination.

- ABS Control Module
- Aftertreatment Diesel Exhaust Fluid Line
- Aftertreatment DPF Differential Pressure Sensor Tubes
- Aftertreatment Fuel Pressure Sensor
- Aftertreatment Fuel Supply Lines
- Aftertreatment Wiring Harness
- Air Cleaner Duct
- Air Filter
- Ambient Air Duct
- Battery
- Battery and Starter Wiring Harness
- Body Control Module (BCM)
- CCV Drain Check Valve
- Charge Air Cooler Plumbing
- Crankcase Breather Cover
- Crankcase Breather Element
- Crankcase Breather Tube
- Crankshaft Damper
- Cylinder Head Gasket
- Engine Compartment Wiring Harness
- Engine Fan Assembly
- Engine Thermostat
- Exhaust Gas Recirculation (EGR) Crossover Tube
- Exhaust Manifold Gasket
- Fuel Delivery Control Module
- Fuel Injector Wiring Harness
- Fuel Pump Module

- Fuel Return Line
- Fuel Tank Filler Tube
- Fuse Box
- Injector Connector
- Instrument Cluster for Check Engine/Malfunction Indicator Light and Associated Circuits Replacement
- Intake/Exhaust Valves
- Low Pressure Fuel System Pressure Sensor
- Oil Pressure Sensor
- Push Rod and Tube
- Transmission Shift Lever
- Transmission Torque Converter
- Transmission Wiring Harness
- Turbocharger Gasket
- Turbocharger to Charge Air Cooler Hose
- Urea Tank Harness
- Valve Rocker Arm
- Valve Spring
- Vehicle System Interface Module
- Water Inlet Connector
- Water Inlet Tube

Ram 3500 Chassis Cab — Diesel Engine

These parts are:

- Anti-lock Brake System (ABS) Speed Sensor
- Accelerator Pedal Position Assembly
- Aftertreatment Fuel Doser/Aftertreatment Fuel Injector
- Aftertreatment Fuel Shut Off Valve Assembly
- Air Throttle Valve
- Ambient Temperature Sensor
- Camshaft
- Camshaft Position Sensor
- CCV Tube Pressure Sensor
- Charge Air Cooler (CAC)
- Clean Idle Sticker
- Compressor in Temperature/Pressure Sensor
- Crankcase Pressure Sensor
- Crankshaft Position Sensor
- Diesel Exhaust Fluid (DEF) Dosing Control Unit
- DEF Flange Module
- DEF Injector
- DOC/DPF Exhaust Gas Temperature Sensor Assembly
- Downstream NOx Sensor Module
- Emissions Label (VECI or engine data plate)
- Engine Coolant Temperature Sensor
- Exhaust Gas Recirculation (EGR) Bypass Valve
- EGR Cooler
- EGR Pressure Sensing Tube
- EGR Temperature Sensor
- EGR Valve
- Exhaust Manifold/Single
- Fuel Control Actuator
- Fuel Injector

- Fuel Pressure Regulator
- Fuel Pump — High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Fuel Supply Line
- Glow Plug
- Glow Plug Control Module
- High Pressure Mass Airflow Sensor
- Intake Manifold
- Intake Manifold Pressure Sensor
- Intake Manifold Temperature Sensor
- Light Off SCR Intake Temperature Sensor
- Light Off SCR Outlet Temperature Sensor
- Light Off Selective Catalytic Reduction Catalyst Assembly
- Midstream NOx Sensor Module
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Particulate Matter Sensor Module
- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Catalyst Assembly
- Sensor - Differential Pressure
- Sensor - Exhaust Pressure
- TMAP Sensor
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)
- Underfloor SCR Exhaust Gas Temperature Sensor Assembly
- Upstream NOx Sensor Module
- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)

NOTE:
The following list of parts is only for when replacement is required to remedy a Malfunction Indicator Light (MIL) illumination.

- Aftertreatment Diesel Exhaust Fluid Line
- Aftertreatment DPF Differential Pressure Sensor Tubes
- Aftertreatment Fuel Pressure Sensor
- Aftertreatment Fuel Supply Lines
- Aftertreatment Wiring Harness
- Air Cleaner Duct
- Air Filter
- Ambient Air Duct
- Battery
- Battery and Starter Wiring Harness
- Body Control Module (BCM)
- CCV Drain Check Valve
- Charge Air Cooling Plumbing
- Crankcase Breather Cover
- Crankcase Breather Element
- Crankcase Breather Tube
- Crankshaft Damper
- Cylinder Head Gasket
- Engine Compartment Wiring Harness
- Engine Fan Assembly
- Engine Thermostat

- Exhaust Gas Recirculation (EGR) Crossover Tube
- Exhaust Manifold Gasket
- Fuel Delivery Control Module
- Fuel Injector Wiring Harness
- Fuel Pump Module
- Fuel Return Line
- Fuel Tank Filler Tube
- Fuse Box
- Injector Connector
- Instrument Cluster for Check Engine/Malfunction Indicator Light and Associated Circuits Replacement
- Intake/Exhaust Valves
- Low Pressure Fuel System Pressure Sensor
- Oil Pressure Sensor
- Push Rod and Tube
- Turbocharger Gasket
- Turbocharger to Charge Air Cooler Hose
- Urea Tank Harness
- Valve Rocker Arm
- Valve Spring
- Vehicle System Interface Module
- Water Inlet Tube
- Water Inlet Connector

Parts And Performance Covered For Five Years Or 110,000 Miles, Whichever Occurs First

If an emission-related part listed in this warranty booklet specially noted with coverage for five years or 110,000 miles is defective, the part will be repaired or replaced by FCA US LLC. This is your long-term emission control system DEFECTS WARRANTY.

FCA US LLC also warrants that every part listed here, if installed as original equipment, is free from defects.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

Ram 4500/5500 Chassis Cab — Diesel Engine

These parts are:

- Anti-lock Brake System (ABS) Speed Sensor
- Accelerator Pedal Position Assembly
- Aftertreatment Fuel Doser/Aftertreatment Fuel Injector
- Aftertreatment Fuel Shut Off Valve Assembly
- Air Throttle Valve
- Ambient Temperature Sensor
- Camshaft
- Camshaft Position Sensor
- CCV Tube Pressure Sensor
- Charge Air Cooler (CAC)
- Clean Idle Sticker
- Compressor in Temperature/Pressure Sensor

- Crankcase Pressure Sensor
- Crankshaft Position Sensor
- Diesel Exhaust Fluid (DEF) Dosing Control Unit
- DEF Flange Module
- DEF Injector
- DOC/DPF Exhaust Gas Temperature Sensor Assembly
- Downstream NOx Sensor Module
- Emissions Label (VECI or engine data plate)
- Engine Coolant Temperature Sensor
- Exhaust Gas Recirculation (EGR) By-pass Valve
- EGR Cooler
- EGR Pressure Sensing Tube
- EGR Temperature Sensor
- EGR Valve
- Exhaust Manifold/Single
- Fuel Control Actuator
- Fuel Injector
- Fuel Pressure Regulator
- Fuel Pump — High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Fuel Supply Line
- Glow Plug
- Glow Plug Control Module
- High Pressure Mass Air Flow Sensor
- Intake Manifold
- Intake Manifold Pressure Sensor
- Intake Manifold Temperature Sensor
- Light Off SCR Intake Temperature Sensor
- Light Off SCR Outlet Temperature Sensor
- Light Off Selective Catalytic Reduction Catalyst Assembly
- Midstream NOx Sensor Module
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Particulate Matter Sensor Module
- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Catalyst Assembly
- Sensor - Differential Pressure
- Sensor - Exhaust Pressure
- TMAP Sensor
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)
- Underfloor SCR Exhaust Gas Temperature Sensor Assembly
- Upstream NOx Sensor Module
- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)

NOTE:
The following list of parts is only for when replacement is required to remedy a Malfunction Indicator Light (MIL) illumination.

- Aftertreatment Diesel Exhaust Fluid Line
- Aftertreatment DPF Differential Pressure Sensor Tubes

Parts Covered For Seven Years Or 70,000 Miles, Whichever Occurs First

If an emission-related part listed in this warranty booklet specially noted with coverage for seven years or 70,000 miles is defective, the part will be repaired or replaced by FCA US LLC. This is your long-term emission control system DEFECTS WARRANTY.

FCA US LLC also warrants that every part listed below, if installed as original equipment, is free from defects.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

Ram 2500/3500 — Gasoline Engine

These parts are:

- Anti-Lock Brake System (ABS) Control Module
- Camshaft
- Cylinder Head — Replacement for Valve Guide and Seat Failures
- Cylinder Head Gasket
- Crankshaft Target Wheel
- Exhaust Gas Recirculation (EGR) Cooler
- Exhaust Manifold/Single
- Fuel Rail
- Instrument Cluster — Check Engine/Malfunction Indicator Light and Associated Circuits
- Intake/Exhaust Valves
- Intake Manifold
- Piston
- Piston Rings
- Plastic Fuel Tank
- Transmission Valve Body
- Valve Tappets

Ram 2500/3500 — Diesel Engine

These parts are:

- Accelerator Pedal Assembly
- Camshaft
- Charge Air Cooler (CAC)
- Cylinder Head Gasket*
- DOC/DPF Exhaust Gas Temperature Sensor Assembly
- Engine Compartment Wiring Harness*
- Exhaust Manifold/Single
- Exhaust Manifold Gasket*
- Fuel Control Actuator
- Fuel Injector
- Fuel Pump — High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Glow Plug Control Module
- Instrument Cluster — Check Engine/Malfunction Indicator Light (MIL) and Associated Circuits*
- Intake Manifold
- Intake/Exhaust Valves*
- Particulate Matter Sensor Module
- Transmission Assembly
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)

Ram Chassis Cab 3500 — Gasoline Engine

These parts are:

- Anti-Lock Brake System (ABS) Control Module

* Where replacement is required ONLY to remedy a Malfunction Indicator Light (MIL) illumination.

- Camshaft
- Crankshaft Target Wheel
- Cylinder Head — Replacement for Valve Guide and Seat Failures
- Cylinder Head Gasket
- Exhaust Gas Recirculation (EGR) Cooler
- Exhaust Manifold/Single
- Fuel Rail
- Intake/Exhaust Valves
- Instrument Cluster — Check Engine/Malfunction Indicator Light (MIL) and Associated Circuits
- Intake Manifold
- Plastic Fuel Tank
- Piston
- Piston Rings
- Transmission Valve Body
- Valve Tappet

3500 Chassis Cab — Diesel Engine

These parts are:

- Accelerator Pedal Assembly
- Camshaft
- Charge Air Cooler (CAC)
- Cylinder Head Gasket*
- Downstream NOx Sensor Module
- Engine Compartment Wiring Harness*
- Exhaust Gas Recirculation (EGR) By-pass Valve
- EGR Cooler
- EGR Valve
- Exhaust Manifold/Single
- Exhaust Manifold Gasket*
- Fuel Control Actuator
- Fuel Injector
- Fuel Pump — High Pressure
- Fuel Rail Assembly
- Fuel Rail Pressure Sensor
- Glow Plug Control Module
- Instrument Cluster — Check Engine/Malfunction Indicator Light (MIL) and Associated Circuits*
- Intake Manifold
- Intake/Exhaust Valves*
- Light Off Selective Catalytic Reduction Catalyst Assembly
- Midstream NOx Sensor Module
- Oxidation Catalyst/Particulate Filter Assembly (DOC/DPF)
- Particulate Matter Sensor Module
- Powertrain Control Module (PCM)
- Selective Catalytic Reduction Catalyst (SCR) Assembly
- Turbocharger
- Turbocharger Speed Sensor
- Turbocharger (Actuator)
- Upstream NOx Sensor Module

* Where replacement is required ONLY to remedy a Malfunction Indicator Light (MIL) illumination.

- Urea Tank Assembly (Includes Pump, UQS, Level Sensor, Heater)

Ram ProMaster — Gasoline Engine

These parts are:

- Anti-lock Brake System (ABS) Control Module
- Camshaft
- Crankshaft Target Wheel
- Cylinder Head — Replacement for Valve Guide and Seat Failures
- Cylinder Head Gasket
- Exhaust Gas Recirculation (EGR) Cooler
- Exhaust Manifold Catalytic Converter
- Fan Assembly
- Fuel Rail
- Instrument Cluster — Check Engine/Malfunction Indicator Light (MIL) and Associated Circuits
- Intake/Exhaust Valves
- Plastic Fuel Tank Assembly
- Piston
- Piston Rings
- Transmission Valve Body
- Upper Intake Manifold
- Valve Rocker Arm

Parts Covered For 15 Years Or 150,000 Miles, Whichever Occurs First

If an emission-related part listed in this warranty booklet specially noted with coverage for 15 years or 150,000 miles is defective, the part will be repaired or replaced by FCA US LLC. This is your long-term emission control system DEFECTS WARRANTY.

FCA US LLC also warrants that every part listed here, if installed as original equipment, is free from defects.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

3500 Ram Chassis Cab — Diesel Engine

These parts are:

- Upstream NOx Sensor Module

Parts Covered For 10 Years Or 110,000 Miles, Whichever Occurs First

If an emission-related part listed in this warranty booklet specially noted with coverage for 10 years or 110,000 miles is defective, the part will be repaired or replaced by FCA US LLC. This is your long-term emission control system DEFECTS WARRANTY.

FCA US LLC also warrants that every part listed below, if installed as original equipment, is free from defects.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

4500/5500 Ram Chassis Cab — Diesel Engine

These parts are:

- Upstream NOx Sensor Module

Replacement Parts

FCA US LLC recommends that any service parts used for maintenance, repair or replacement of emission control systems be new, genuine FCA US LLC/Mopar® or approved rebuilt parts and assemblies, and that the vehicle be serviced by an authorized Chrysler, Dodge, Jeep® or Ram dealer. The owner may elect to have maintenance, replacement or repair of the emission control parts performed by a facility other than an authorized Chrysler, Dodge, Jeep® or Ram dealer, and may elect to use parts other than new genuine FCA US LLC/Mopar® or approved rebuilt parts and assemblies for such maintenance, replacement or repair; however, the cost of such service or parts and subsequent failures resulting from such service or parts will not be covered under this California Emission Warranty.

Warranty Limitations

FCA US LLC is not responsible for failures or damage resulting from what FCA US LLC determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants, overfueling, overspeeding, lack of maintenance of cooling, lubricating or intake systems, improper storage, starting, warm-up, run-in or shut down practices, or unauthorized modifications to the engine. FCA US LLC is also not responsible for failures caused by incorrect oil or fuel or by water, dirt or other contaminants in the fuel or oil.

FCA US LLC is not responsible for failures resulting from improper repair or the use of parts which are not genuine FCA US LLC/Mopar® or approved parts.

FCA US LLC is not responsible for the material and labor costs of emission control parts and assemblies replaced during scheduled maintenance of the truck as specified in the Owner's Manual.

THIS WARRANTY, TOGETHER WITH THE EXPRESS COMMERCIAL WARRANTIES ARE THE SOLE AND EXCLUSIVE WARRANTIES MADE BY FCA US LLC. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

6. How To Get Warranty Service

6.1 WHERE TO TAKE YOUR VEHICLE

A. In the United States, US Possessions And Territories

Warranty service must be done by an authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer. We strongly recommend that you take your vehicle to your selling dealer. They know your vehicle best, and are most concerned that you get prompt and high quality service. If you move within the United States, warranty service may be requested from any authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer.

B. In Canada And Mexico

If you are traveling temporarily in Canada or Mexico, and your vehicle remains registered in the United States, your FCA US LLC warranty still applies. Service may be requested at any authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer.

C. In A Foreign Country Outside Of North America

If you are traveling temporarily outside of North America, and your vehicle remains registered in the United States:

- Take your vehicle to an authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer. They should give you the same warranty service you receive in the United States.
- If the authorized dealer charges you for repairs which you feel should be covered under your warranty, please get a detailed receipt for the work done. Make sure that this receipt lists all warranty repairs and parts that were involved. This receipt will be similar to the one used by the authorized dealer who normally services your vehicle.
- When your vehicle returns to the United States, contact the FCA US LLC Customer Assistance Center for reimbursement consideration. You can find the address in “section 1.8”. You will normally need to provide a copy of the receipt, your vehicle registration and any other relevant documents.
- Reimbursement will not be considered if the vehicle does not return to the United States.

D. Find A Certified Electric Vehicle (EV) Dealership

EV warranty service must be done by a certified EV Chrysler, Dodge, Jeep®, Ram, or Business Link dealer. To find a certified dealer, visit the Find-A-Dealer feature on www.mopar.com and select the "Show certified EV dealers only" or "Battery Electric Vehicle Certified". If you move within the United States, warranty service may be requested from any certified EV Chrysler, Dodge, Jeep®, Ram, or Business Link dealer.

6.2 HOW TO GET ROADSIDE ASSISTANCE SERVICE — U.S. OR CANADA ONLY *

A. Who Is Covered

You are covered by Roadside Assistance services if you are a purchaser for use of the vehicle. Roadside Assistance services last for five years or 60,000 miles on the odometer, whichever occurs first.

For electric vehicles, roadside assistance services last for eight years or 100,000 miles, whichever occurs first. Roadside Assistance service terms are calculated from the start date of the Basic Limited Warranty, as set forth in "section 2.1 E".*

B. What To Do

If your vehicle requires 12 volt battery jump start assistance, out of gas/fuel delivery, tire service, lockout service or towing as a result of a mechanical breakdown, call 800-521-2779 or go to https://chrysler.rsahelp.com for assistance.

Provide your name, Vehicle Identification Number (VIN) — required for covered services, license plate number, and your location, including the telephone number from which you are calling. Briefly describe the nature of the problem and answer a few simple questions.

You will be given the name of the service provider and an estimated time of arrival. If you feel you are in an "unsafe situation", please let us know. With your consent, we will contact local police or safety authorities.

C. If Unable To Contact Roadside Assistance

If you are unable to contact Roadside Assistance or unable to provide a valid Vehicle Identification Number (VIN) and you obtain towing services on your own, you may submit your original receipts from the licensed towing or service facility for services rendered within 30 days of the occurrence. Be sure to include your VIN, odometer mileage at the time of service, and current mailing address. We will process the claim based on vehicle and service eligibility. If eligible, we will reimburse you for the reasonable amounts you actually paid, based on the usual and customary charges for that service in the area where they were provided. FCA US LLC's determination relating to reimbursement is final. Correspondence should be mailed to:

FCA US LLC Customer Assistance

P.O. Box 9145

Medford, MA 02155

Attention: Claims Department

A claim can also be submitted online at https://stellantis.roadsidereimbursement.com.

FCA US LLC reserves the right to modify the terms or to discontinue the Roadside Assistance Program at any time. The Roadside Assistance Program is subject to restrictions and conditions of use, that which are determined solely by FCA US LLC.

D. Covered Services

Flat Tire Service

If you are inconvenienced by a flat tire, we will dispatch a service provider to use your vehicle's temporary spare tire (if equipped) as

* Roadside Assistance services provided through Cross Country Motor Club, Inc., 400 River's Edge Drive, Medford, MA 02155, except in AK, CA, HI, OR, WI, and WY, where services are provided by Cross Country Motor Club of California, Inc., 275 East Hillcrest Drive, Suite 165, Thousand Oaks, CA 91360.

recommended in your Owner's Manual. This is not a permanent flat tire repair.

Out of Gas/Fuel Delivery (Does not apply to Ram ProMaster EV vehicles)

Drivers cannot always count on a gas station being nearby, especially when traveling away from home. We will dispatch a service provider to deliver a small amount of fuel (maximum two gallons) to get you to a nearby station. This service is limited to two occurrences in a 12-month period.

Out of Charge (EV Vehicles Only)

With Roadside Assistance, we have you covered if your vehicle runs out of charge. Request an out of charge service and we will tow your vehicle to the nearest charging station to get you back on the road.

12 Volt Battery Jump Assistance (Does not apply to Ram ProMaster EV vehicles)

No time is a good time for a depleted battery, but with Roadside Assistance, you do not have to worry about being stranded. We will dispatch a service provider to provide you with a 12 volt battery jump any time, day or night.

Lockout Service

Whether the keys are locked in your vehicle or frozen locks are keeping you from getting on your way, Roadside Assistance can assist you. This service is limited to providing access to the vehicle's seating area. It does not cover the cost of replacement keys.

Towing Service

In the United States, Roadside Assistance services give you peace of mind and confidence. If your vehicle becomes disabled as a result of a mechanical breakdown, Roadside Assistance will dispatch a towing service provider to transport your vehicle to the closest authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer. If you choose to go to another dealer, you will be responsible for the cost.

6.3 EMERGENCY WARRANTY REPAIRS

If you have an emergency and have to get a warranty repair made by someone other than an authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer, follow the reimbursement procedure in “section 6.1 C”.

6.4 GETTING SERVICE UNDER THE FEDERAL EMISSION PERFORMANCE WARRANTIES

A. What To Do

If the vehicle has failed an emission test:

- Take the vehicle to an authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer as soon as possible.
- Give the service representative the printout showing that the vehicle failed the test.
- If possible, bring all service receipts, maintenance logs, and records proving that the vehicle has been properly maintained, since you may be required to show them.

B. Further Steps You Can Take, And How To Get More Information

If you think an authorized dealer has wrongly denied you emission-warranty coverage, follow the recommended instructions described in “section 1.2”. FCA US LLC will reply to you in writing within 30 days after receiving your complaint (or within the time limit required by local or state law). If the owner is not notified within 30 days that a performance warranty claim is denied, the manufacturer must repair the vehicle free of charge.

For more information about getting service under the Federal Emission Warranty or the Performance Warranty, or to report what you think is a violation of these warranties, contact:

Manager, Certification and Compliance

Division Warranty Claims

Environmental Protection Agency

1200 Pennsylvania Avenue, NW

Mail Code 6403J

Washington, D.C. 20460

7. Optional Service Contract

FlexCare Vehicle Protection plans offer valuable protection against repair costs when these warranties no longer apply. They complement but do not replace the warranty coverages outlined in this booklet. A variety of plans are available, covering various time-and-mileage periods and various groups of the vehicle's mechanical components.

FlexCare Vehicle Protection plans are the ONLY vehicle extended protection plans authorized, endorsed and backed by FCA US LLC to provide additional protection beyond your vehicle's warranty. Look for our brand logo and ask an authorized dealer for details.

8. Maintenance

8.1 GENERAL INFORMATION

It is your responsibility to properly maintain and operate your new vehicle. Follow the instructions contained in the General and Scheduled Maintenance Service guidelines in your Owner's Manual. Regular, scheduled maintenance is essential to trouble-free operation. If there is a dispute between you and FCA US LLC concerning the maintenance of your vehicle, FCA US LLC will require you to provide proof that your vehicle was properly maintained.

For your convenience, FCA US LLC has prepared a Maintenance Schedule with routine service intervals which is included in your Owner's Manual. It is essential to follow these required maintenance intervals for safe trouble-free operation.

8.2 WHERE TO GO FOR MAINTENANCE

FCA US LLC recommends that you return to the authorized dealer from whom you bought your vehicle for all maintenance service both during and after the warranty periods. Although you can get warranty service from any authorized dealer who sells your particular make, returning to your selling authorized dealer will help ensure that all your service needs are met and that you are completely satisfied. The dealer technicians are specifically trained to proficiently perform maintenance and repair procedures on your vehicle.

Authorized Chrysler, Dodge, Jeep®, Ram, or Business Link authorized dealers will help ensure that all your service needs are met and that you are completely satisfied. FCA US LLC strongly recommends you use genuine FCA US LLC/Mopar® parts to maintain your vehicle.

8.3 TIRE MAINTENANCE AND REPLACEMENT

Follow all maintenance procedures specified by the manufacturer of the vehicle's tires. The tires originally installed on this vehicle were designed to conform to the Environmental Protection Agency (EPA) greenhouse gas standards and the National Highway Traffic Safety Administration (NHTSA) fuel economy standards. If you need to replace your tires, do so with tires that meet those standards. Check with an authorized Chrysler, Dodge, Jeep®, Ram, or Business Link dealer or with the tire manufacturer for appropriate replacement tires.

Visit Mopar.com for the most up-to-date Warranty Information.
