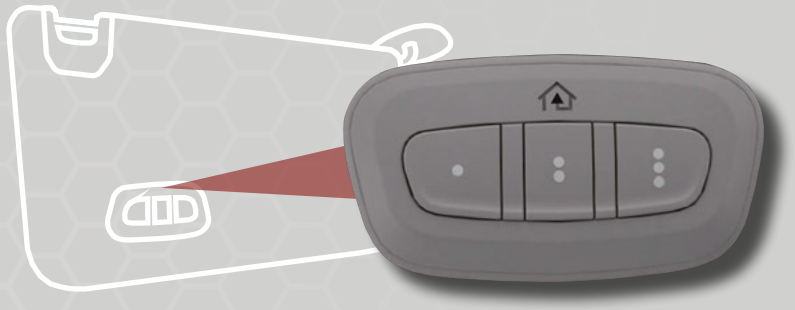
# Garage Door Opener



**1** While the car is ON, hold the handheld garage door transmitter 1-3 inches from the HomeLink® button you want to program in the vehicle.

**2** Push and hold both the HomeLink® button being programmed and the button on the garage door transmitter.

**TO ERASE ALL SET CHANNELS:**
Push and hold the two outside HomeLink® buttons for 20 seconds until the orange indicator flashes. An individual channel cannot be erased.

**ROLLING OR NON-ROLLING?**
Check your garage door opener motor in your garage for a "LEARN" or "TRAIN" button by the hanging antenna. If you have one of these, you have a Rolling Code garage door opener.

**3** **For Non-Rolling Code** garage door openers, watch for the indicator light to go constant.

**For Rolling Code** garage door openers, watch for the indicator light to go from a slow blink to blinking rapidly.

**4** **For Rolling Code** garage door openers only, firmly push and release the "LEARN" or "TRAIN" button on your garage door opener motor in your garage, then push the HomeLink® button in your vehicle three times (holding the button for two seconds each time).

**5** If the programming was successful, your garage door should open and close with your chosen HomeLink® button.

LINK YOUR GARAGE DOOR

# Pair a Phone

1. Make sure Bluetooth® is enabled on your mobile device
2. With the vehicle in the ACC or ON/RUN position, press the Phone button on the vehicle's touchscreen menu bar
3. Press "Device Manager"
4. Select "Add Device"
5. Follow the prompts on your phone and on the touchscreen

## Troubleshooting

1. Perform a reset by holding the power button on the radio for 15 seconds
2. Reboot your phone
3. Remove the paired phone
4. Follow the Pair a Phone steps above to set up phone

## CONNECT YOUR APPS

Connect your smartphone to the media USB port or pair your smartphone within "Device Manager".

The Android Auto™ or Apple CarPlay® icon will replace the phone icon on the touchscreen.

## KEEP IN MIND:

**For Android™ Users,** if the Android Auto™ app was not previously downloaded, it will download the first time you plug in your device.

**For Apple® Users,** Apple CarPlay® is only compatible with iPhone® 5 or later and requires Siri being enabled in "Settings".

Scan for Android Auto Video

Scan for Apple CarPlay® Video

## Ready to remove a phone or audio device?

1. Press the Device Manager button on the touchscreen.
2. Press the Settings gear icon next to the phone device you wish to remove
3. Press "Delete Device". The device should be removed.
4. On your phone's Bluetooth® or setup menu, remove the saved Uconnect radio.

# Connected Services

WITH CONNECTED SERVICES YOU CAN...

- **Lock Your Vehicle**
- **Unlock Your Vehicle**
- **Remote Start Your Vehicle**
- **Cancel Remote Start**
- **Activate Your Horn**

## ACTIVATE YOUR REMOTE SERVICES

1. Press “Apps” on the touchscreen.
2. Press “Activate Services”.
3. Press “Activate Now”.
4. There are two ways to activate: via email or via an agent. On the next screen, you can either enter your name and email, or press “Call An Agent” to directly speak with a certified agent.

**Scan for Ram App Video**

# Mopar® YOUR Way

CREATE YOUR OWNER'S PROFILE TODAY!

**Get 24/7 Access To Everything You Need**

- Custom vehicle dashboard
- Access to your vehicle's Owner's Information
- Schedule dealer service with ease
- Obtain special offers on Mopar® service
- View maintenance records**
- Mobile vehicle commands**

**Requires an active RAM Connect subscription

Registration is simple. Scan the QR code below and provide your email address to get started.

# Digital Key

YOUR VEHICLE MAY BE EQUIPPED WITH THE ABILITY TO USE YOUR iPHONE® OR ANDROID™ DEVICE AS A DIGITAL KEY

Lock and unlock your doors through your Digital Key app or by holding your phone near the driver's side door handle. Start the vehicle by placing your phone on the wireless charging pad.

To enable Digital Key, ensure your vehicle has been enrolled in Ram Connect and you have created your Owner Account (same credentials used to access your Ram app). To set up the feature in your vehicle:

- Within the Uconnect App drawer, select "Digital Key App".
- Select "Add Owner Key".
- Click the Digital Key tile in the Ram App and tap 'Start Pairing' to begin the key pairing process.
- To pair, place your iPhone® or Android™ device on the Wireless Charging Pad.
- "Digital Key Successfully Added" will appear on-screen.

**Scan for Digital Key Video**

To use NFC functionality within the cabin for owner key pairing and vehicle start, ensure the NFC antenna of the iPhone® or Android™ device is placed against the Wireless Charging Pad.

# Wireless Charging Pad

YOUR VEHICLE MAY BE EQUIPPED WITH A 15W 3A QI® WIRELESS CHARGING PAD FOR YOUR SMARTPHONE!

The **wireless charging pad** is equipped with an anti-slip mat to hold your mobile phone in place, and an LED indicator light. Place the device inside the prepared area.

## LED INDICATOR STATUS

**No Light:** Charging pad is idle or searching for a device.

**Blue Light:** Device is detected and is charging.

**Red Light/Flashing:** Internal error, or foreign object is detected.

**Green Light:** Device has completed battery charging (if device is equipped to transmit this information).

## KEEP IN MIND:

- The charging pad will not work if any door is open, regardless if the engine is running.
- Having multiple applications open on the phone will reduce charging efficiency.
- In the event the phone starts to overheat, the phone may shut down during the charging process.
- For vehicles equipped with Digital Key, make sure to place the phone on the left side of the charging pad.

**Scan For Wireless Charging Video**

**For the wireless pad to work properly:**
Remove the phone's protective case and place the phone within the outline shown on the pad.

SMARTPHONE AS A KEY & WIRELESS CHARGER

# Voice Recognition

## USE YOUR VOICE TO CONTROL UCONNECT

**If your Uconnect system is equipped with Navigation, you have access to built-in Voice Recognition.**
If your Uconnect system is not equipped with Navigation, refer to the following Android Auto™ or Apple CarPlay® instructions. For vehicles equipped with Smartphone As A Key, make sure to place the phone on the left side of the charging pad.

1. Push the Voice Recognition button or say the Uconnect "Wake Up" word to begin. The "Wake Up" word is customizable within Vehicle Settings. You can set it to "Hey, Uconnect" or "Hey, Ram".

2. After the beep, say a command. Below are a few examples:
   - "Call ‹phone contact›"
   - "Call 123-456-7891"
   - "Tune to 95.5"
   - "Change Source to FM"
   - "Navigate to ‹desired location›"

### Using Android Auto™ Or Apple CarPlay®?

You can use Voice Recognition with Android Auto™ and Apple CarPlay®!
Activate Android Auto™ or Apple CarPlay® from "Device Manager" in Phone Mode. The respective icon will replace the Phone icon in the menu bar.

**KEEP IN MIND:**
There may be an inconsistent volume between different audio sources.

Scan For Voice Recognition Video

# Head Up Display

## CUSTOMIZE THE INSTRUMENT CLUSTER DISPLAY

1. If your vehicle is equipped with HUD, select "Settings" with the Up or Down Arrow button on the steering wheel.

2. Select "HUD" with the Right or Left Arrow button on the steering wheel. Push "OK".

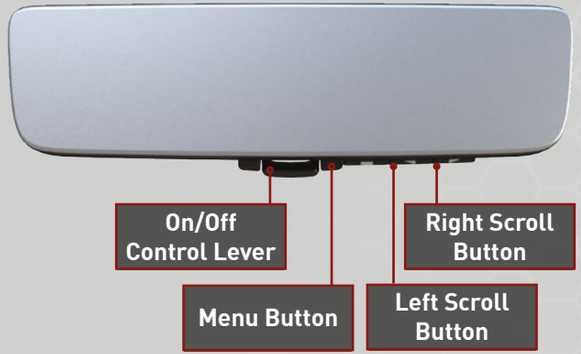
3. Adjust available Settings like Content & Layout, Display Height, and Brightness. Push "OK" to change the setting.

**TIP:**
Content & Layout has four layout options: Standard, Simple, Advanced, and Custom.

Scan For Head Up Display Video

# Digital Rearview Mirror

PROVIDES A HIGH DEFINITION AND UNOBSTRUCTED VIEW OF THE ROAD BEHIND



**TO ACTIVATE:**

Pull the On/Off control on the bottom of the mirror toward the driver.

**Menu Options**

- Brightness
- Tilt (up/down)

**TO DEACTIVATE:**

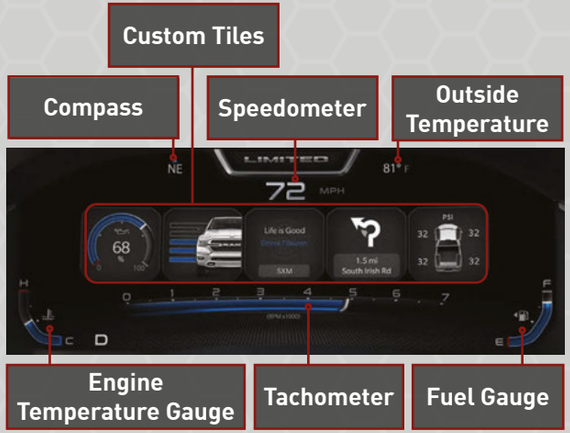
Push the On/Off control on the bottom of the mirror forward toward the windshield.

**Scan For Digital Rearview Mirror**

# Premium Instrument Cluster

Your vehicle may be equipped with a 12-inch Digital Cluster. The tiles on the full-color 3D display can be cycled and customized using the steering wheel controls.

- Press the MENU button then use the left or right arrows to highlight a tile.
- Press OK to select and then navigate to the selected submenu.
- Press OK again to add your selection to the tile view.



# Uconnect 5/5 NAV with 14.5-inch Display

ACCESS YOUR MEDIA, PHONE, COMFORT AND VEHICLE SETTINGS, AND NAVIGATION

**HOME**

Customize your Home page with shortcut widgets. Now you can access your favorite radio stations and your smartphone on the same screen!

**MEDIA**

Listen to all of your favorite radio stations, including SiriusXM®, and play music from your USB or Bluetooth® device.

**PHONE**

Pair your smartphone and make hands-free calls or send hands-free messages to any of your contacts.

**NAVIGATION**

Having trouble finding a place? Enter an address or search from multiple points of interest to navigate anywhere using Uconnect.

**COMFORT**

Too hot? Too cold? Set your vehicle's temperature through several climate control options. Activate automatic climate control to keep your vehicle at the temperature you want.

**VEHICLE**

Access radio and vehicle settings, like changing the radio display or adjusting the brightness of the interior lights.

**APPS**

Access any app installed on your Uconnect system.

**OFF-ROAD PAGES**

View the status of your Off-Road Pages like Transfer Case, Pitch and Roll, and Accessory Gauges. You can also access the Forward Facing Camera.

**Scan for Uconnect 5 Nav Video**

**Scan For Uconnect 5 Settings Video**

# Off-Road Pages

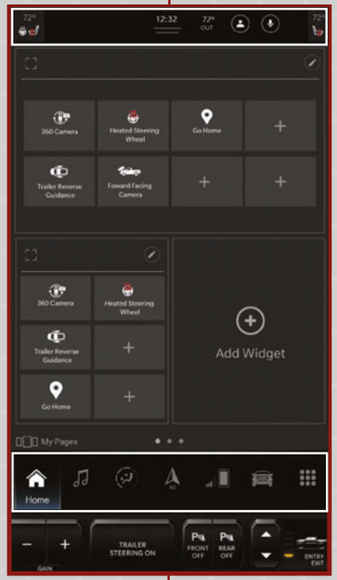
## ACCESS OFF-ROAD PAGES:

1. Press “Vehicle” on the touchscreen.
2. Press “Off-Road Pages”.
3. Select between the pages on the left side of the touchscreen.

### RADIO HIGHLIGHTS:

- SiriusXM® 360L
- Android Auto™/Apple CarPlay®
- Reconfigurable Menu Bar
- Connected Vehicle Services
- Amazon Alexa Integration
- User Profiles

**Swipe down to customize Profile options**



**Press and drag an icon to rearrange**

### RAM APP:

Downloading the RAM App is easy and simple. Go to the Google Play Store or Apple App store® and search for RAM.

Download the app to your mobile device. Use your Owner Account login and password to open the app and then set up a PIN.

### KEEP IN MIND:

Push and hold the Power button on the radio's faceplate for a minimum of 15 seconds to reset the radio.

**Scan For Radio Video**

# Trailer Reverse Steering Control (TRSC)

IF EQUIPPED, TRAILER REVERSE STEERING CONTROL WILL ASSIST THE DRIVER WHEN BACKING UP A TRAILER

**To activate the system:**

- Place the vehicle in Park and put your foot on the brake.
- Push the activation button above the TRSC knob and the system will direct you to shift into reverse.
- Once in reverse, the system is active.

**To use the system:**

- Remove your hands from the steering wheel and turn the TRSC knob the direction you want to go, while slowly backing up.
- If you release the knob, it will return to the center position and the trailer will back up in a straight line.
- To cancel the feature, place the vehicle in Park or push the TRSC button.

**Scan for TRSC Video**

# Power Tailgate

YOUR VEHICLE MAY BE EQUIPPED WITH A POWER TAILGATE

Open or close the power tailgate using the overhead console button, key fob, or tailgate handle.

**Scan For Tailgate Removal Video**

**Scan For Multifunction Tailgate Video**

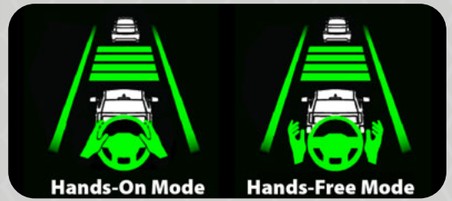
# Hands-Free Active Driving Assist System

COMBINES ACTIVE LANE MANAGEMENT AND ADAPTIVE CRUISE CONTROL

**Hands-Free ADA system has two operating modes: Hands-On Mode and Hands-Free Mode.**

**Hands-On Mode** uses driver attentiveness and requires hands on the steering wheel.

**Hands-Free Mode** uses sensors within the steering wheel and a driver monitoring camera located on top of the steering column to monitor driver attentiveness. Hands-Free mode allows the driver to remove their hands temporarily from the steering wheel, when the system is engaged, on approved roadways.



**Scan For Hands-Free Video**
