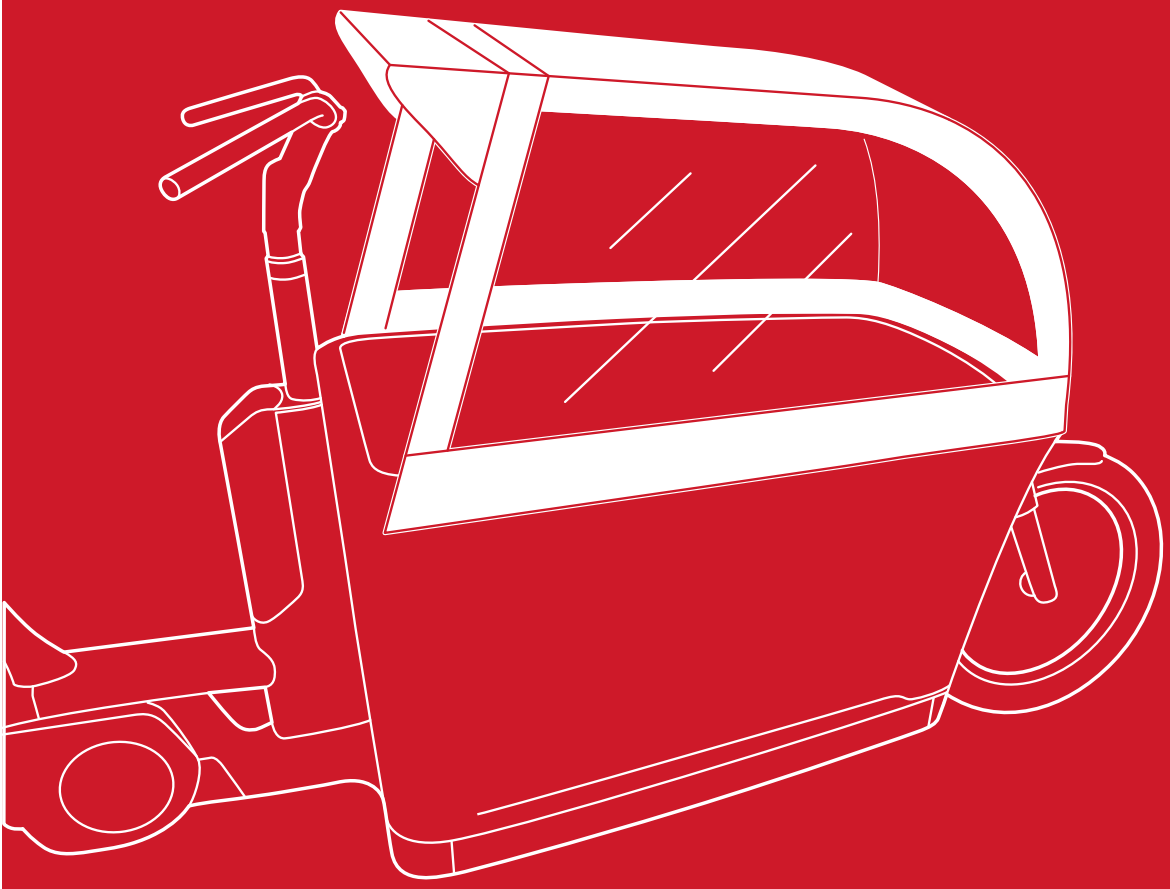
TREK



Fetch+ 4 Rainfly

ASSEMBLY INSTRUCTIONS

Safety

WARNING: FAILURE TO FOLLOW THESE WARNINGS AND INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

- Do not modify the rainfly or any parts of the rainfly.
- Check for damage or discoloration over time. Do not use the rainfly if any part is broken or showing signs of deterioration. Contact your Trek dealer for a replacement.
- To disassemble the rainfly, follow the instructions in reverse.
- Do not clean the rainfly with soap. Use warm water only.
- Due to the larger surface area, the bicycle may handle differently with the rainfly installed — especially if it's windy. Get familiar with the handling differences in a safe area before riding on busy roads.
