Bluetooth with TomTom® Navigation

Select Forester 2.5X Premium — 22 - 23

Bluetooth Basics

- The Hands-free system may not operate properly under the following conditions:
 - o The cell phone is turned off.
 - o The cell phone is not connected to the Hands-free system.
 - o The cell phone is not in the phone call area.
 - o The battery of the cell phone has run down.
 - o The cell phone is behind the seat or in the glove box.
 - o A metal material covers or touches the cell phone.
- Depending on the type of cell phone that is used, the screen on the cell phone may remain illuminated while the ignition switch is in the "ON" position. If this occurs, consult your cell phone manual to adjust the cell phone settings.
- Depending on the setting of the cell phone, the dial lock function may be activated after making a call. Deactivate the automatic dial lock function of the cell phone before using the Hands-free system. Do not perform this operation while driving.
- Depending on the type of cell phone that is used, operation and the sound volume may vary.
- Depending on the type of cell phone that is used, not all phone functions may be compatible with your vehicle.
- When the ignition switch is turned to the "LOCK/OFF" position during a call, the call may be disconnected or continued on the cell phone depending on the type of cell phone that is used. Note that operation of the cell phone may be necessary if the call is continued on the cell phone.

- Do not speak at the same time as the other party during a call. If you and the other party speak at the same time, it may be difficult for the other party to hear your voice and vice versa. This is normal.
- The receiver sound volume should be set as low as possible. Otherwise, the party you are calling may notice an undesirable echo sound.
- Speak clearly and loudly.
- Your voice may be difficult to be heard by the receiving party under the following conditions:
 - o Driving on a rough road.
 - o Driving at a high speed.
 - o Driving with a window open.
 - o When air from the ventilator blows directly towards the microphone.
 - o When the sound coming from the ventilator is loud.
 - o When the cell phone is positioned too closely to the microphone.
- The sound quality may degrade due to the influence of the cell phone that is connected to the system or the circumstances of the Bluetooth network.
- When another Bluetooth device is simultaneously connected, noise may be heard in the voice coming from the hands-free phone.

Bluetooth for AM/FM Stereo and Single Disc CD Player (Impreza 2.0i/WRX/WRX STI, Forester 2.5X)

Pairing Your Cell Phone

Press the phone off hook button and listen to phone prompts.

Press the talk button and name your phone.

Press the talk button and say “confirm.”

Pass-key for pairing will be given audibly as well as be displayed on the radio display.

Put your phone into Bluetooth pairing mode and pair your phone to the system using the pass-key provided. When phone is successfully paired you will hear “The phone is paired and ready for use.”

Making a Call

Press phone off hook button. Press the talk button then say "Dial by number."

Press the talk button again and say the number.

Press the phone off hook button to dial or press the talk button to add more numbers. The phone will start dialing.

To end the call, press the phone on hook button.

Receiving a Call

When a call comes in you will be notified. If the audio system is on, the audio system will mute and a voice prompt will inform you. Press the phone off hook button to accept the call.

- If you want to put the call on hold, press the phone on hook button.
- If you want to decline the incoming call, press and hold the phone on hook button.
- If you want to adjust the volume of the call, use the plus or minus switch on the steering wheel.

Bluetooth for AM/FM Stereo with Display Type Radio (Legacy and Outback)

Phone off
hook button

Phone on
hook button

Talk button

Pairing Your Cell Phone

Press the phone off hook button.

Rotate the tune knob, to select "Pair Phone".

Follow the audible prompt, then select "Record Name" and then say the name to be registered.

Select "Confirm pair phone?".

Select "Device Type".

Select "Phone Only" to register a cell phone.

After “Car Multi-Media” is displayed, a pass key to pair phone will be displayed.

Input the displayed passkey into the cell phone while “Passkey: ****” is displayed.

“Phone paired successfully” will be displayed when pairing has been completed.

Making a Call

Press the talk button then say “Dial by number.”

Press the talk button again and say the number.

The system will audibly repeat the number. If correct, press the phone off hook button to dial, or press the talk button to change, cancel or delete the number. The phone will start dialing.

To end the call, press the phone on hook button.

Receiving a Call

When a call comes in you will be notified. If the audio system is on, the audio system will mute and a voice prompt will inform you. Press the phone off hook button to accept the call.

- If you want to put the call on hold (only if your cell phone has this function), press the phone on hook button.
- If you want to decline the incoming call (only if your cell phone has this function), press and hold the phone on hook button.
- If you want to adjust the volume of the call, use the plus or minus switch on the steering wheel. If you want to end the call, press the phone on hook button.

BlueConnect® (Tribeca 3.6R Limited and Touring models)

Controls Location

BlueConnect controls for the Tribeca are located in the overhead console.

Controls Function

Phone button – activate and deactivate system.

Volume up and down buttons.

Voice recognition button – Barge in button, to barge in so you don't have to listen to all the prompts.

Pairing Your Cell Phone

- Press the phone button, the blue L.E.D. will glow and “Call” will be displayed. Listen to all options.
- Say “setup”; then listen to all options.
- Say “pairing options”; then listen to all options.
- Say “pair”; listen to the safety message.
- Say “continue.”
- Say your personal four-digit pairing code, for example, “1234.”
- Say “yes” to confirm the key.
- Put your phone into Bluetooth pairing mode and pair your phone to the system using the pairing code you provided earlier.
- Say the name of the device.
- The system will let you know it is adding your phone to the system and it will repeat the name of the device and ask you if it is correct; say “yes.”
- When phone is successfully paired you will hear “Pairing complete.”

Making a Call

- Press the phone button and listen to the prompts.
- Say “dial”; the system will ask for the number.
- Say the number you wish to call (do not pause during the area code, phone exchange and the number).
- The system will repeat the number and ask you if it is correct; if correct say “yes.”
- The system will then dial.

Receiving a Call

- When a call comes in you will be notified. The audio system will mute and a voice prompt will inform you.
- Press the phone button to receive the call.
- To end the call press the phone button again.

Bluetooth for AM/FM Stereo with HD Radio™, Single Disc CD Player and Navigation (Impreza 2.0i/WRX/WRX STI, Forester 2.5X)

AUDIO button

Pairing Your Cell Phone

Press the AUDIO button; then touch the “Info” soft key on the touch screen.

Then touch “Bluetooth.”

Now touch "Registered Devices."

Touch "Add New."

A pass-key pairing number will appear on the screen. Put your phone into Bluetooth pairing mode and pair your phone to the system using the pass-key provided.

When the phone is successfully paired the screen will show the phone's name on the list.

Making a Call

Press the AUDIO button; then touch the "Phone" soft key. A numeric keypad will be displayed.

Touch the numbers for the phone number you wish to call. When complete, touch the green phone soft key to make the call.

During a Call

Red phone symbol –
Touch this to end a call.

Dial Tone – Touch to enable
numeric key input.

Mic Level – Touch to change
the volume of the call.

Transfer – Touch to switch
the phone conversation back
to your cell phone.

Receiving a Call

Bluetooth with Navigation System (Legacy and Outback)

Pairing Your Cell Phone

Press the MENU button; then touch the “Phone” soft key on the touch screen.

Then touch “Bluetooth Settings.”

Now touch “Register.”

A pass-key number will appear on the screen.

Put your phone into Bluetooth pairing mode and pair your phone to the system using the pass-key provided. When the phone is successfully paired the screen will show the phone's name on the list.

Making a Call

Press the Talk button on the steering wheel; then say "Dial by number." A numerical keypad will be displayed.

After the beep, say the numbers of the phone number you wish to call. The system will repeat the numbers you have said at this point. You can continue saying numbers, you can cancel, make a correction or dial. Say "Dial"; the system will then dial the number.

During a Call

Mute – Touch this to mute the call.

Speaker – Touch to switch the phone conversation back to your cell phone.

Red phone symbol – Touch this to end a call.

1 – 5 – Touch 1 through 5 to change the volume of the call.

Receiving a Call

Touch "Hold" to put the call on hold.

Touch "Disconnect" to decline the incoming call.

When a call comes in you will be notified. The audio system will mute and a voice prompt will inform you. Touch the "Call" soft key to answer the call.

TomTom® Navigation with Bluetooth (Optional on Forester 2.5X Premium models)

Pairing Your Cell Phone

- Tap anywhere within the displayed navigation map to bring up the Main Menu.
- Tap Mobile Phone in the Main Menu.
- Tap Phone Preferences in the next screen.
- Tap Bluetooth Preferences in the next screen.
- Tap Connect to Bluetooth device in the next screen. At this point, make sure that:
 - The Bluetooth is turned “on” on your phone, and the phone is set to discoverable.
 - If a password is asked by your phone, use 0000.
 - Check your phone user guide for specific information about Bluetooth settings.

Making a Call

- Tap anywhere within the displayed navigation map to bring up the Main Menu.
- Tap Mobile Phone in the Main Menu.
- Tap Call in the next screen. (If more than one phone is paired, make sure that your phone is currently selected. Current phone is shown at the bottom of the screen).
- Tap number to enter a phone number to call in the next screen, and press the green phone to send, or do one of the following:
 - Tap Home to call your previously entered phone number.
 - Tap Point of Interest to choose a POI call.
 - Tap Phonebook Entry to select a contact from your phonebook (must be previously imported from your phone).
 - Tap Recently Dialed to select from a list of people or numbers recently called using your phone.
 - Tap Recent Caller to select from a list of people or numbers who called you recently.

Receiving a Call

If someone calls when you are driving, a screen will automatically pop up, and you will have the option to Accept or Refuse the call. If you accept the call, the radio should mute, and the call will be connected. (If the radio does not mute, tap the Mute button on the radio to silence the radio).
