Additional information about your vehicle is also available in your Owner's Manual, Navigation System Owner's Manual and at www.nissanusa.com.

Please see your Owner's Manual for important safety information and system operation limitations.

- A cellular telephone should not be used for any purpose while driving so full attention may be given to vehicle operation.
- Always wear your seat belt.
- Supplemental air bags do not replace proper seat belt usage.
- Children 12 and under should always ride in the rear seat properly secured in child restraints or seat belts according to their age and weight.
- Do not drink and drive.

For more information, refer to the “**Safety — Seats, seat belts and supplemental restraint system (section 1)**”, the “**Monitor, climate, audio, phone and voice recognition systems (section 4)**” and the “**Starting and driving (section 5)**” of your Owner's Manual.

NEW SYSTEM FEATURES

POWER INVERTER SWITCH (if so equipped)

- The power inverter switch is located on the instrument panel below the climate controls. This switch controls power provided to the 120 volt outlets.
- To use the outlets for items requiring between 150W and 400W, stop your vehicle, place the shift lever in the **P (PARK)** position and push the power inverter switch.
- **400W** or **150W** will illuminate on the switch according to the mode selected.
- Only the 150W mode is available when the ignition switch is placed in the **ACC** or **ON** position or while the vehicle is being driven.

For more information, refer to the “**Instruments and controls (section 2)**” of your Owner’s Manual.

REARVIEW MONITOR (if so equipped)

- When the shift lever is shifted into the **R (REVERSE)** position, the monitor display shows a rearward view from the vehicle.
- The colored guide lines on the display screen indicate vehicle width and approximate distances to objects with reference to the vehicle body line.
 - Red 1.5 ft (0.5 m); Yellow 3 ft (1 m); Green 7 ft (2 m) and 10 ft (3 m).

For more information, refer to the “**Monitor, climate, audio, phone and voice recognition systems (section 4)**” of your Owner’s Manual.

TEXT MESSAGING* (if so equipped)

- This system allows for sending and receiving text messages through the vehicle interface.
- Using predefined or custom messages, send a text to a name or phone number stored in your Bluetooth® Hands-free Phone System.
- Once enabled, the text message, sender and delivery time are shown on the control panel display screen.
- Text messages have the option of being read aloud.
- Text messages are only displayed on the control panel display if the vehicle speed is less than 5 mph (8 km/h).

- Many phones may require special permission to enable text messaging. Check the phone's screen during Bluetooth® pairing. For some phones, you may need to enable 'Notifications' in the phone's Bluetooth® menu for text messages to appear on the touchscreen display. For more detailed information and instructions, refer to your cellular phone's Owner's Manual.
- Text message integration requires that the phone support Message Access Profile (MAP) for both receiving and sending text messages. Some phones may not support all text messaging features. Please see www.nissanusa.com/bluetooth for compatibility information as well as your device's Owner's Manual.

*Laws in some jurisdictions may restrict the use of "Text-to-Speech". Some of the applications and features, such as social networking and texting, may also be restricted. Check local regulations for any requirements before using these features.

For more information, refer to the **"Monitor, climate, audio, phone and voice recognition systems (section 4)"** of your Owner's Manual.

SiriusXM TRAVEL LINK* AND SiriusXM TRAFFIC* (if so equipped)

- Your vehicle's Navigation System is equipped with SiriusXM Travel Link and SiriusXM Traffic capabilities.
- SiriusXM Travel Link provides access to real-time weather information and forecasts, nearby fuel prices, movie listings and stock quotes.
- SiriusXM Traffic provides information that may help to avoid delays due to traffic incidents. Traffic jams, roadwork, road closures around the current location, etc., are represented graphically on the map by icons depicting the nature of the event. Incidents on the route are automatically displayed when they are approached.

*These features, SiriusXM® Satellite Radio, Travel Link and Traffic, require an active subscription. Multiple subscriptions may be necessary to activate the various features.

For more information, refer to the **"Navigation (section 4)"** and the **"General system information (section 6)"** of your Navigation System Owner's Manual.

ESSENTIAL INFORMATION

TIRE PRESSURE MONITORING SYSTEM (TPMS)

- A **CHECK TIRE** pressure warning message will appear in the vehicle information display **1** and the low tire pressure warning light **2** will illuminate when one or more tires are low in pressure and air is needed.
 - The tire pressures should be checked when the tires are cold. The tires are considered cold after the vehicle has been parked for 3 hours or more or driven less than 1 mi (1.6 km) at moderate speeds.
- After tire pressures are adjusted, drive the vehicle at speeds above 16 mph (25 km/h). The **CHECK TIRE** pressure warning message and low tire pressure warning light will extinguish.
- When the low tire pressure warning light **2** flashes for approximately 1 minute and then remains on, the TPMS is not functioning properly. Have the system checked by a NISSAN dealer.
- Tire pressure rises and falls depending on the heat caused by the vehicle's operation and the outside temperature. Low outside temperature can lower the temperature of the air inside the tire, which can cause a lower tire inflation pressure. This may cause the low tire pressure warning light **2** to illuminate. If the warning light illuminates, check the tire pressure in all four tires.
 - Check all tire pressures, including the spare tire, often and prior to any long distance trips.
- The Tire and Loading Information label contains valuable information. Please refer to the "Technical and consumer information (section 9)" in your Owner's Manual for the location of the Tire and Loading Information label.

TIRE PRESSURE MONITORING SYSTEM (TPMS) SENSOR RESET

- The Tire Pressure Monitoring System (TPMS) has sensors that must be reset after tire rotation.
- After rotating the tires, a low tire pressure warning light **2** will illuminate. The TPMS sensor positions must be relearned.
- When the relearning process has been successfully performed, the low tire pressure warning light will extinguish.

For more information, refer to the "Instruments and controls (section 2)", the "Starting and driving (section 5)" and the "Maintenance and do-it-yourself (section 8)" of your Owner's Manual.

LOOSE FUEL CAP

- A **LOOSE FUEL CAP** warning message will appear in the vehicle information display **1** when the fuel-filler cap is not tightened correctly.
- The warning message will extinguish when the vehicle detects the fuel-filler cap is properly tightened and the reset button **2** is pressed.
- If the cap is not properly tightened, the Malfunction Indicator Light  may illuminate.

For more information, refer to the “**Instruments and controls (section 2)**” and the “**Pre-driving checks and adjustments (section 3)**” of your Owner’s Manual.

FUEL-FILLER DOOR

- The fuel-filler door is located on the driver’s side of the vehicle.
- To open the fuel-filler door, pull the lid open.

For more information, refer to the “**Pre-driving checks and adjustments (section 3)**” of your Owner’s Manual.

CLOCK SET/ADJUSTMENT (if so equipped)

- To adjust the time and the appearance of the clock on the display:

1. Press the **APPS**  button **1**.
2. Touch the “Settings” key.
3. Touch the “System” key.
4. Touch the “Clock” key.

- The following settings can be adjusted:

- **Time Format:** The clock can be set to 12 hours or 24 hours.
- **Date Format:** The date can be changed to 1 of 5 different formats.

- **Clock Mode:** From here, the clock mode options are:

- **Manual:** Allows for the option “Set Clock Manually”. Touch this to begin setting the clock manually using the “+” or “-” to adjust the hours, minutes, day and month up or down.
- **Time Zone:** Touch the “Time Zone” key **2** to choose from the applicable time zone list and/or touch “Daylight Savings Time” to switch between **ON** and **OFF**.
- **Auto:** Automatically sets the clock to the vehicle’s current location.

- Press the **BACK** button **3** to return to the previous screen.

For more information, refer to the “**Instruments and controls (section 2)**” and the “**Monitor, climate, audio, phone and voice recognition systems (section 4)**” of your Owner’s Manual.

FIRST DRIVE FEATURES

REMOTE KEYLESS ENTRY SYSTEM (if so equipped)

The Remote Keyless Entry System allows you to lock or unlock your vehicle and turn on the interior lights.

- To lock the vehicle, press the **1** button on your key fob.
- To unlock the driver's door, press the **2** button on your key fob.
- Press the **1** button again within 5 seconds and all doors will unlock.

For more information, refer to the **"Pre-driving checks and adjustments (section 3)"** of your Owner's Manual.

FRONT POWER SEAT ADJUSTMENT (driver's seat – if so equipped)

- Push the switch **1** forward or backward to slide the seat forward or backward.
- Push the switch **2** forward or backward to adjust the angle of the seatback.

SEAT LIFTER (driver's seat – if so equipped)

- To adjust the angle and height of the seat cushion, push the front or rear end of the switch **1** up or down.

LUMBAR SUPPORT (driver's seat – if so equipped)

- Turn the knob **3** to adjust the seat lumbar area.

For more information, refer to the **"Safety — Seats, seat belts and supplemental restraint system (section 1)"** of your Owner's Manual.

OUTSIDE MIRROR CONTROL SWITCH (if so equipped)

- The outside mirror control switch is located on the left side of the instrument panel.
- Move the small switch **1** right or left to select the right or left mirror.
- Adjust each mirror to the desired position using the large switch **2**.
- Move the small switch **1** to the center (neutral) position to prevent accidentally moving the mirror.

For more information, refer to the **"Pre-driving checks and adjustments (section 3)"** of your Owner's Manual.

STARTING/STOPPING THE ENGINE

- Depress the brake pedal.
- Move the shift lever to the **P (PARK)** position.
- Turn the ignition switch to the **START** position.

TURNING THE ENGINE OFF

- Move the shift lever to the **P (PARK)** position and apply the parking brake.
- Turn the ignition switch to the **LOCK** position.

For more information, refer to the “**Starting and driving (section 5)**” of your Owner’s Manual.

HEADLIGHT CONTROL SWITCH

- Turn the headlight control switch to the  position to turn on the front parking, tail, license plate and instrument panel lights.
- Turn the control switch to the  position to turn on the headlights.

HIGH BEAM SELECT

- Push the lever forward **1** to select the high beam function. The blue indicator light  illuminates in the instrument panel. Pull the lever back to the original position to select the low beam function and the blue indicator light will extinguish.
- Pull and release the lever **2** to flash the headlight high beams on and off.

LANE CHANGE SIGNAL

- Move the lever up or down until the turn signal begins to flash but the lever does not latch to signal a lane change. Hold the lever until the lane change is completed.
- Move the lever up or down until the turn signal begins to flash but the lever does not latch and release the lever. The turn signal will automatically flash 3 times.
- Choose the appropriate method to signal a lane change based on the road and traffic conditions.

For more information, refer to the “**Instruments and controls (section 2)**” of your Owner’s Manual.

FIRST DRIVE FEATURES

WINDSHIELD WIPER AND WASHER SWITCH

- Move the lever to one of the following positions to operate the windshield wipers:

- 1** Intermittent (**INT**) - Wipers operate intermittently by moving the lever down to the **INT** position and then rotating the control ring **2** to increase or decrease **INT** wiper speed.
- 3** Low (**LO**) - Wipers operate at a continuous low-speed.
- 4** High (**HI**) - Wipers operate at a continuous high-speed.
- 5** Mist (**MIST**) - One sweep operation of the wipers.
- 6** To activate the washer, press the button on the end of the lever. The wipers will operate several times.

For more information, refer to the “**Instruments and controls (section 2)**” of your Owner’s Manual.

MANUAL CLIMATE CONTROLS

1 FAN SPEED CONTROL DIAL

- Turn the fan speed control dial  to the left (low) or right (high) to control fan speed.

2 TEMPERATURE CONTROL DIAL

- Turn the temperature control dial to select the desired temperature. Turn the control dial to the left for cooler air or right for warmer air.

3 DEFROSTING/DEFOGGING FRONT AND SIDE WINDOWS

- Press the front window defroster button  to turn the system on or off.

4 REAR WINDOW AND OUTSIDE MIRROR (if so equipped) DEFROSTER BUTTON

- Push the rear window defroster button  to turn the system on or off.
- The rear window defroster automatically turns off after approximately 15 minutes.

5 AIR RECIRCULATION BUTTON

- Press the air recirculation button to recirculate air inside the vehicle. The indicator light on the button will illuminate. This system is used to avoid certain outside odors and to help adjust the inside vehicle temperature more effectively.
- The air recirculation mode cannot be activated when the climate control system is in the front defroster mode  or the front defroster and foot outlet mode .

6 AIR FLOW CONTROL BUTTONS

- Press the preferred air flow control button to select one of the following air flow outlets:

-  Air flows from the center and side vents.
-  Air flows from the center, side and foot vents.
-  Air flows mainly from the foot vents.
-  Air flows from the defroster and foot vents.

7 A/C BUTTON

- Press the **A/C** or the **MAX A/C** button  to manually turn the A/C on or off.

For more information, refer to the “**Instruments and controls (section 2)**” and the “**Monitor, climate, audio, phone and voice recognition systems (section 4)**” of your Owner’s Manual.

To view detailed instructional videos regarding these and other features, please go to www.nissanownersinfo.mobi.

FIRST DRIVE FEATURES

FM/AM/SiriusXM®* SATELLITE RADIO WITH CD PLAYER (if so equipped)

1 ON-OFF BUTTON/VOL (volume) CONTROL KNOB

- Press the **ON-OFF** button to turn the system on or off.
- Turn the **VOL** (volume) control knob to the right or left to increase or decrease the volume.

2 AUDIO BUTTON/TUNE KNOB

- Press the **AUDIO** button to go to the audio settings screen.
- To manually tune the radio, turn the **TUNE** knob left or right.

3 SEEK BUTTONS

- To tune and stop at the previous or next broadcast station, press the seek buttons **◀◀** or **▶▶**.
- For satellite radio, to switch to the first channel of the previous or next category, press the seek buttons **◀◀** or **▶▶**.
- To change tracks on a CD, press the seek buttons **◀◀** or **▶▶**.
- To rewind or fast forward a track on a CD, press and hold the seek buttons **◀◀** or **▶▶**.

4 STATION SELECT KEYS

- Twelve stations can be set for the FM band, 6 for the AM band and 18 for satellite radio.
- To store a station in a preset, you must first select a radio band by pressing the **FM-AM** button **5** or **SXM** button **6** then tune to the desired FM, AM or satellite radio station.
- Then press and hold the desired station select button (**1-6**) until a beep is heard and the sound is briefly muted. The channel indicator will appear on the display, and the sound will resume. Programing is now complete.
- To retrieve a previously set station, select the radio band where the preset was stored then press the corresponding station select button (**1-6**).

*SiriusXM® Satellite Radio is only available on vehicles equipped with an optional SiriusXM® Satellite Radio subscription service.

For more information, refer to the **"Monitor, climate, audio, phone and voice recognition systems (section 4)"** of your Owner's Manual.

To view detailed instructional videos regarding these and other features,
please go to www.nissanownersinfo.mobi.

OPENING THE BACK DOORS

- Unlock the vehicle by pressing the **1** button on your key fob twice.
- Pull the door handle **1** to open the right back door.
- Lift the lever on the left back door **2** and pull the door to open.
- To open either door to the wide open position, pull the release latch **3** toward the back door to release the check link bar.
- Open the door slowly until the magnetic door stopper connects to the stop pad on the outside of the vehicle.

For more information, refer to the “**Pre-driving checks and adjustments (section 3)**” of your Owner’s Manual.

USB (Universal Serial Bus) CONNECTION PORT/AUX JACK AND IPOD® INTERFACE (if so equipped)

- The USB port/Aux jack **1** is located on the instrument panel below the climate controls.
- When a compatible USB memory device, iPod® or auxiliary device is plugged into the USB port/Aux jack, compatible audio files stored on the device can be played through the vehicle’s audio system.

For more information, refer to the “**Monitor, climate, audio, phone and voice recognition systems (section 4)**” of your Owner’s Manual.

FIRST DRIVE FEATURES

CRUISE CONTROL (if so equipped)

- The cruise control system enables you to set a constant cruising speed once the vehicle has reached 25 mph (40 km/h).
- The system will automatically maintain the set speed until you tap the brake pedal, accelerate, cancel or turn the system off.
- To activate the cruise control, push the **CRUISE ON/OFF** switch **1**. The **CRUISE** indicator light in the instrument panel will illuminate.
- To set a cruising speed, accelerate the vehicle to the desired speed, push the **COAST/SET** switch **2** and release. Take your foot off the accelerator pedal. Your vehicle will maintain the set speed.
- To reset at a faster cruising speed, push and hold the **ACCEL/RES** switch **3**. When the vehicle attains the desired speed, release the switch.
- To reset at a slower cruising speed, push and hold the **COAST/SET** switch **2**. Release the switch when the vehicle slows to the desired speed.
- To cancel the preset speed, push the **CANCEL** switch **4**.
- To turn off cruise control, push the **CRUISE ON/OFF** switch **1**. The **CRUISE** indicator light in the instrument panel will extinguish.

For more information, refer to the “**Starting and driving (section 5)**” of your Owner’s Manual.

POWER OUTLETS

- The power outlets are for powering electrical accessories such as cellular telephones. They are rated at 12V, 120W (10A) maximum.
- Open the cap to use a power outlet.
- The power outlet on the instrument panel **1** is powered only when the ignition switch is in the ACC or ON position.
- The power outlet located inside the center console storage box (if so equipped) **2** is powered directly by the vehicle’s battery.

120V OUTLETS (if so equipped)

- There are two 120V power outlets supplied with your vehicle. They are located inside the center console storage box **3** and in the cargo area **4**.
- Use the 120V power outlets with the engine running to avoid discharging the vehicle’s battery.

For more information, refer to the “**Instruments and controls (section 2)**” of your Owner’s Manual.

To view detailed instructional videos regarding these and other features, please go to www.nissanownersinfo.mobi.

SYSTEM GUIDE

NISSANCONNECTSM MOBILE APPS (if so equipped)

- Integrates popular smartphone apps and services into your vehicle.
- The NissanConnectSM App must be downloaded to your smartphone, and you must be enrolled.

FOR SYSTEM WITH NAVIGATION

- iPhone®: Please connect over USB when using an iPhone® with NissanConnectSM Apps.
- Android: Please connect over Bluetooth® when using an Android device with NissanConnectSM Apps.

FOR SYSTEM WITHOUT NAVIGATION

- iPhone®: Please connect over Bluetooth® when using an iPhone® with NissanConnectSM Apps.
- Android: Please connect over Bluetooth® when using an Android device with NissanConnectSM Apps.
- For more information on how to pair your phone and set up NissanConnectSM Mobile Apps, visit: www.nissanusa.com/connect/support.

For more information, refer to the “**Monitor, climate, audio, phone and voice recognition systems (section 4)**” of your Owner’s Manual.

VEHICLE INFORMATION DISPLAY

- Turn the **INFO** knob **1** to display the following modes in the vehicle information display **2**:
 - **RANGE** – Displays the estimated distance the vehicle can be driven before refueling.
 - **AVG MPH** – Displays the average speed since the last reset.
 - **TIME** – Displays the time driven since the last reset.
 - **TIRE INFO** – Displays the specific tire pressure of each tire (except the spare).
 - **SETTINGS** – The setting mode allows you to set reminders or preferences for maintenance intervals, reset the TPMS after rotating the tires or change the unit of the display. In the setting mode screen, turn the **INFO** knob **1** to select settings. Press the **INFO** button **1** to select and change one of the menu items.
 - **WARNING** – Displays when a warning is present.
- To reset **TRIP A** or **TRIP B**, go to the desired mode on the trip computer and hold the **PUSH TRIP** knob **3** for more than 1 second.

For more information, refer to the “**Instruments and controls (section 2)**” of your Owner’s Manual.

To view detailed instructional videos regarding these and other features, please go to www.nissanownersinfo.mobi.

SYSTEM GUIDE

BLUETOOTH® HANDS-FREE PHONE SYSTEM (if so equipped)

- A cellular telephone should not be used while driving so full attention may be given to vehicle operation.*

SYSTEM OPERATING TIPS

- Press the  button to interrupt the voice prompts at any time and speak a command after the tone.
- To use the system faster, you may speak the second level commands with the main menu command on the main menu. For example, press the  button and after the tone say "Call Redial".
- The "Help" command can be used to hear a list of available commands at any time.
- Reduce background noise as much as possible by closing windows and pointing HVAC vents away from the ceiling.
- Speak naturally without long pauses and without raising your voice.
- When speaking phonebook names, please be aware some phones require the last name to be spoken before the first name. For example, "Michael Smith" may be spoken as "Smith Michael".
- To cancel a Voice Recognition session, simply wait 5 seconds, say "Cancel" or "Quit", or press and hold the  button for 5 seconds.
- To increase or decrease the volume of the voice prompts, push the volume control switches  or  on the steering wheel or turn the control dial on the audio system while the audio system is responding.
- For more detailed information and instructions, refer to your cellular phone's Owner's Manual and visit www.nissanusa.com/bluetooth.

BLUETOOTH® SYSTEM WITHOUT NAVIGATION* (if so equipped)

CONNECTING PROCEDURE

The vehicle must be stationary when connecting the phone.

1. Press the  button on the steering wheel. The system announces the available commands.
2. Say: "Connect Phone". The system acknowledges the command and announces the next set of available commands.
3. Say: "Add phone". The system acknowledges the command and asks you to initiate connecting from the phone handset.

*Some jurisdictions prohibit the use of cellular telephones while driving.

To view detailed instructional videos regarding these and other features, please go to www.nissanownersinfo.mobi.

4. Initiate connecting from the phone:
 - The connecting procedure varies according to each cellular phone model. For detailed connecting instructions and compatible phones, please visit **www.nissanusa.com/bluetooth**.
 - When prompted for a PIN, enter "1234" from the handset. (The PIN is assigned by NISSAN and cannot be changed.)
5. Say a name for the phone when the system asks you to provide one. You can give the phone a name of your choice.

PHONEBOOK SETUP

- The phonebook stores up to 1,000 entries for each phone paired with the system.
- Depending on your cellular phone, the system may automatically download your cellular phone's entire phonebook to the vehicle's Bluetooth® system.
- If the phonebook does not download automatically, entries can be individually downloaded.
- To manually download entries:
 1. Push the  button on the steering wheel.
 2. After the tone, say "Phonebook".
 3. After the next tone, say "Transfer Entry". The system acknowledges the command and asks you to initiate the transfer from the phone handset. The new contact phone number will be transferred from the cellular phone to the vehicle.
 - The transfer procedure varies according to each cellular phone. See your cellular phone's Owner's Manual for details. You can also visit **www.nissanusa.com/bluetooth** for instructions on transferring phone numbers from NISSAN-recommended cellular phones.
 4. The system repeats the number and prompts you for the next command. When you have finished entering numbers or transferring an entry, say "Store".
 5. The system confirms the name, location and number.

MAKING A CALL FROM THE PHONEBOOK

- In some cases, names stored using all UPPERCASE letters may not be recognized by the Voice Recognition system.
 1. Press the  button.
 2. After waiting for the tone, say "Call".
 3. After the next tone, speak a name of a phonebook entry. For example, "Michael Smith".
 4. Confirm the correct name is recognized by saying "Dial" after the tone.

MAKING A CALL BY PHONE NUMBER

1. Press the  button. A tone will sound.
2. Say: "Call". The system acknowledges the command and announces the next set of available commands.
3. Say: "Phone Number". The system acknowledges the command and announces the next set of available commands.

SYSTEM GUIDE

4. Say the number you wish to call starting with the area code in single digit format.
5. When you have finished speaking the phone number, the system repeats it back and announces the available commands.
6. Say: "Dial". The system acknowledges the command and makes the call.

RECEIVING/ENDING A CALL

- When you receive a phone call, a ring tone sounds through the audio system.
- To accept the call, press the  button.
- To reject the call, press the  button.
- To hang-up the phone at the end of a call or to disconnect during call placement, press the  button.

BLUETOOTH® SYSTEM WITH NAVIGATION (if so equipped)

- Send predefined or custom text messages* through your vehicle's Bluetooth® system.
- Receive texts through your vehicle's Bluetooth® system that can be read to you.
- Bluetooth® Streaming Audio allows you to use a compatible Bluetooth® device to play audio files. Your compatible cellular phone can be connected to the vehicle's audio system, allowing audio files to play through the vehicle's speakers.

CONNECTING PROCEDURE

1. Press the **APPS**  button on the control panel.
2. Select the "Settings" key **1**.
3. Select the "Phone & Bluetooth" key **2**.
4. Select the "Connect New Device" key **3**.
5. Initiate the connecting process from the handset.
The system will display the message:
"Is PIN XXXXXX displayed on your Bluetooth device?"
If the PIN is displayed on your Bluetooth® device, select "Yes" to complete the connecting process.

*Laws in some jurisdictions may restrict the use of "Text-to-Speech". Some applications and features, such as social networking and texting, may also be restricted. Check local regulations for any requirements before using these features.

VEHICLE PHONEBOOK

To access the vehicle phonebook:

1. Press the  button on the instrument panel.
2. Select the "Phonebook" key .
3. Choose the desired entry from the displayed list.

MAKING A CALL

1. Press the  button on the instrument panel. The "Phone" screen  will appear on the display.
2. Select one of the following options to make a call:
 - "Phonebook": Select the name from an entry stored in the vehicle phonebook.
 - "Call Lists": Select the name from the incoming, outgoing or missed call history.
 - "Redial": Dial the last outgoing call from the vehicle.
 -  — Input the phone number manually using the keypad displayed on the screen.

RECEIVING A CALL

- To accept the incoming call, either:
 - Press the  button on the steering wheel, or
 - Select the  icon on the screen.
- To reject the incoming call, either:
 - Press the  button on the steering wheel, or
 - Select the  icon on the screen.

For more information, refer to the "**Monitor, climate, audio, phone and voice recognition systems (section 4)**" of your Owner's Manual or please visit www.nissanusa.com/bluetooth.

SYSTEM GUIDE

NAVIGATION SYSTEM (if so equipped)

- Your Navigation System can calculate a route from your current location to a preferred destination. The real-time map display and turn-by-turn voice guidance will lead you along the route.
- The Navigation System will continually update your vehicle's position. If you have deviated from the original route, it will recalculate the route from your current location.
- To help promote safe driving, some functions cannot be operated or have limited operation when the vehicle driving speed is above 5 mph (8 km/h). The on-screen text and keys for these restricted functions will be "grayed-out" or muted and cannot be selected while driving. These functions will become available again when the vehicle speed is reduced to 5 mph (8 km/h). Voice commands may be available for some of the restricted functions. For more information, refer to the "Monitor, climate, audio, phone and voice recognition systems (section 4)" of your Owner's Manual.

- 1 NAV** (navigation) button – Press to access the functions of the Navigation System.
- 2 MAP** button – Press to display the current location map screen.
- 3 VOL** knob – Turn right to increase the volume or left to decrease the volume.
- 4** key – Select to zoom the map in.
- 5** key – Select to zoom the map out.
- 6 APPS** button – Press to access SiriusXM Traffic, MyApps, SiriusXM Travel Link, Voice Commands and Settings.
- 7** button – Press to change the display brightness between day and night modes. While the mode is being displayed, the brightness can be adjusted using the **TUNE** knob. Press and hold to turn the display off. Press again to turn the display on.
- 8 BACK** button – Press to return to the previous screen.
- 9 TUNE** control knob – Turn to navigate the items in a list. Press to select a menu item.
- 10** Touch-screen display
- 11** SD-card location – An SD-card with map data must be inserted here for map functions to operate.

For more information, refer to your Navigation System Owner's Manual.

- Vehicle Owner's Manual
- Navigation Owner's Manual (if so equipped)
- Printed Quick Reference Guide (this document)
- **www.NissanUSA.com/bluetooth**
- **www.NissanUSA.com/connect**
- **www.youtube.com/user/NissanUSA**
- Nissan Consumer Affairs 1-800-647-7261
- Electronic Quick Reference Guide
(Use Quick Response (QR) code or URL below.)

To view detailed instructional videos,
go to **www.nissanownersinfo.mobi/2015/nvcargovan**
or snap this barcode with an appropriate barcode reader.

This Quick Reference Guide is intended to provide an overview of some of the unique features of your new vehicle. Please see your Owner's Manual for important safety information and system operation limitations. Features and equipment in your vehicle may vary depending on model, trim level, options selected, order, date of production, region or availability. Therefore, you may find information about features or equipment that are not included or installed on your vehicle.

All information, specifications and illustrations in this Quick Reference Guide are those in effect at the time of printing. NISSAN reserves the right to change specifications, performance, design or component suppliers without notice and without obligation. From time to time, NISSAN may update or revise this Quick Reference Guide to provide Owners with the most accurate information currently available. Please carefully read and retain with this Quick Reference Guide all revision updates sent to you by NISSAN to ensure you have access to accurate and up-to-date information regarding your vehicle. Current versions of vehicle Quick Reference Guides, Owner's Manuals and any updates can also be found in the Owner section of the NISSAN website at **<https://owners.nissanusa.com/owners/navigation/manualsGuide>**. If you have questions concerning any information in your Owner's Manual, contact NISSAN Consumer Affairs. See the NISSAN CUSTOMER CARE PROGRAM page in the Owner's Manual for contact information.
