

Alarm system

The alarm system in this vehicle is not equipped with the tilt alarm functionality described in the owner's manual. Accordingly, the following descriptions in the owner's manual alarm system section do not apply to this vehicle:

- No alarm is triggered if the vehicle tilt is changed.
- Closing vehicle accesses which are still open after locking activates the interior protection, but not the tilt alarm.
- There is no key fob functionality with respect to a tilt alarm.
- The tilt alarm device cannot be switched on or off and cannot trigger an unwanted alarm.
