

Navigation Manual

2025 CR-V
e:FCEV

The information and specifications included in this publication were in effect at the time of approval for printing. Honda Motor Co., Ltd., reserves the right, however, to discontinue or change specifications or design at any time without notice and without incurring any obligation.

Accessories Precautions

The GPS antenna is located in the dashboard. Metallic front or side window tinting can seriously degrade or obstruct GPS reception.

Signal noise from devices such as radar detectors, vehicle tracking devices, remote starters, and additional amplifiers can disrupt the navigation system. If you install any such item, install it away from the navigation display and antenna.

Important Safety Information

WARNING

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Only operate system controls when the conditions permit you to safely do so.

Avoid focusing on the screen or manually operating the system controls while driving.

Certain on-screen controls are disabled when driving; however, most of the voice commands continue to function. Pull to the side of the road if you need to devote more attention and time to look at the screen or access additional menus.

Route guidance may conflict with street closures, road construction, detours, and out-of-date map data.

The system itself may also have limitations. Verify route information by carefully observing roads, signs, and signals. Always use your own judgment and obey traffic laws.

 **System Limitations** P. 102

NOTICE

Upon removing this vehicle's navigation display, please reuse, recycle, or dispose of as hazardous waste.

Clean the screen with a soft, damp cloth. You may use a mild cleaner intended for use on navigation screens.

Overview—Functions at a Glance

Navigation

You can select any place/landmark as a destination by using the touchscreen. The navigation system gives you turn-by-turn driving directions to your destination.

Store home address ➡ P. 20

Register **1** home address.

Store contacts ➡ P. 23

Store locations to use as the destination.

Enter destination ➡ P. 62

Select your destination using several methods.

Select route ➡ P. 79

Set route preferences and select one of the available routes.

Track route ➡ P. 81

Follow your route in real-time with voice guidance.

Traffic Information* ➡ P. 87

View and avoid congestion and traffic incidents.

*: Available only in certain areas.

Avoid certain areas ➡ P. 51

Set streets and areas to detour around.

Add waypoints ➡ P. 90

Add "pit stops" along your route.

HOME Screen

The system displays various functions from the HOME screen. Press the  (Home) button at any time to return to the main HOME screen.

 (Home)
Display the HOME screen.
 (Back)
Go back to the previous screen.
VOL (Volume)
Increase or decrease the audio volume.

Navigation

Display the navigation feature that was used the last time.
At start-up, the map screen is displayed.

Display Mode

Adjust screen brightness or turn off the screen.

Touchscreen Operation

You can operate the system using your finger on the touchscreen.

The touchscreen can be operated if you are wearing thin gloves, but it may be more difficult for the system to respond.

Tap

Touch the screen lightly with your finger to select an option on the screen.

Long Tap

Touch and hold the screen with your fingertip until you release your finger from the screen to scroll the map toward your fingertip.

Swipe

Lightly sweep your finger side to side or up and down to scroll a list or map.

You can change the touchscreen sensitivity setting.

Refer to the **Owner's Manual**.

Flick

Flick with your finger to scroll the map according to the movement of your finger.

Slide

Move your finger slowly across the screen to scroll the map.

Zoom In/Out

Open or close your fingers on the screen in a pinching motion to zoom in or out of the map.

Zoom In

Zoom Out

Alternately, you can touch the screen twice with one finger to zoom in, or once with two fingers to zoom out.

Zoom In

Zoom Out

How to Enter Information

You can enter information (e.g., city names, street names, numbers, and symbols) when prompted on the input screen.

Using Voice Commands

When you see  in this manual, voice commands are available for that feature.

The system recognizes certain commands. Available navigation voice commands  **P.112**

- Press the  (Talk) button, and say the letter, number, or symbol (e.g., say  "1").

On list screens:

- Say the number of the list item (e.g., say  "Three" to select item 3).
- Say  "Back" to return to the previous screen.
- Say  "Cancel" to end the voice command function.
- Say  "Next" for next page.
- Say  "Previous" for previous page.

Using the Touchscreen

Select a character or icon on the screen to select it.

- Select  to remove the last entered character.
- Select  to display upper/lower case characters.
- Select  to enter a space character.
- Select  to display other types of characters.
- Select  to change the keypad language.
- Select  to enter character.

On input search screens, the suggested search terms are displayed. Select  to display a list of possible entries.

You can remove all entered characters when you press and hold the search bar then select .

Map Screen Legend

The color of the map is different depending on the selected Map Theme.

Day or Night Mode ➔ P. 34

The screen switches to Day or Night mode automatically.

During Route Guidance

During route guidance, route information is displayed on the map screen.

You can see the detailed information on the turn information screen.

Map Screen

Next guidance indicator
Select to hear voice guidance.

Next street name

Lane guidance

Destination

Arrival time
(waypoint)

Next turn-by-turn instructions

Navigation—Home Address and Going Home

The “Home” feature automatically routes you to your home address from any location simply by selecting **Go Home**.

You can store one home address. 

The order of the steps may change depending on the map data loaded on your system.

Storing Your Home Address

1 Select **Navigation**.

2 Select .

3 Select **Go Home** and then select **Yes**.

4 Select **Name** and then enter a name.

5 Select **Address** and then **Address Search**.

6 Enter your home address.

7 Select **Save** when a desired location is displayed.

8 Select **Phone No.** and then enter a phone number.

9 Select **Save**.

Going Home

1 Select **Navigation**.

2 Select .

3 Select **Go Home**.

Alternatively, you can say  "Navigation" and then  "Go Home" from any screen.

Navigation—Entering a Destination

Enter your destination using one of several methods, then follow route guidance on the map to your destination. The order of the steps may change depending on the map data loaded on your system.

1 Select **Navigation**.

2 Select .

3 Enter the keyword or address.

4 Select .

5 Select an address from the list.

6 Select

- Go: Route guidance to the destination begins.

- Save: Save the selected location to the Saved Places.

- Routes: Choose one of multiple routes.

- i: Display your destination map and save a place.

Navigation—Changing Route or Destination

You can alter your route by adding waypoints to visit, or changing your destination during route guidance.

Adding a Waypoint (“Pit Stop”)

You can add waypoints along your route.

➡ P. 90

- 1 Select **Navigation**.
- 2 Select .
- 3 Select a search method.
- 4 Select the location to add to the destination list and select **Go**.
- 5 Select **Waypoint**.

- 6 If necessary, edit the order of the destinations and select **Save**.

Changing Your Destination

There are several methods you can use to specify a new destination during route guidance.

- Selecting an icon on the map ➡ P. 92
Select a place/landmark icon or a new area on the map.
- Entering a new destination ➡ P. 93
Select  and then enter a new destination.

Canceling Your Route

- 1 Select .

Alternatively, you can say  "Navigation" and then  "Stop route" from any screen.

Voice Control Operation

Voice Portal Screen

- 1 Press and release the  (Talk) button. The system prompts you to say a voice command. Press and release the  (Talk) button again to bypass this prompt.

- The system beeps when ready for a command.
- Press the  (Back) button or say  "Cancel" to cancel.

- 2 Say  "Navigation." The Voice Command screen is displayed. After that, follow the voice prompt and say a voice command.

- The audio system is muted during voice control mode.
- You can use other voice commands on the Voice Portal screen.
- Carefully read the usage note for the voice control.
- The system recognizes certain commands.

Voice Control System ➡ P.19

Available navigation commands

➡ P.112

Voice Command Screen

- 1 After saying  "Navigation" from the Voice Portal screen, the below screen appears.

- 2 Listen for the voice prompt, then say a voice command.

- You do not need to press the  (Talk) button again in the Voice Command screen.
- Available voice commands are highlighted on the screen.

Troubleshooting

For more Information ➞ P.95

Q Why does the vehicle position icon on the map appear slightly off my actual position, especially at intersections?

A This is normal. The navigation system is unaware of the width of intersections. Large differences in vehicle position can indicate a temporary loss of the GPS signal.

Q Why does the “Arrival time” display sometimes increase even though I am getting closer to my destination?

A The “Arrival time” is based on the speed limit on each road. Depending on the traffic conditions, the “Arrival time” may be calculated to be earlier or later.

Q Why does my clock frequently change the time forward and backward by one hour?

A The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.

Q How do I adjust the volume of the navigation system voice guidance?

A

- Adjust the volume using the volume knob during the voice guidance.
- Press the  (Home) button. Select **General Settings > System > System Volumes**. Turn up volume level of **Navigation Guidance** if it is low.

Q How do I specify a destination when an entered city or street could not be found?

A Try selecting the destination directly from the map.

How to Use This Manual

This section explains different methods on how you can easily find information in this manual.*

Searching the Table of Contents

➔ P.1

Two types of Tables of Contents help you find your desired information.

First, find the general chapter related to what you are looking for (e.g., entering a destination from the Saved Places). Then, go to that chapter to view a more specific table of contents.

This more detailed table of contents shows you exactly what information is listed by section and title.

Searching the Index ➔ P.115

Menu items displayed on the navigation screen (e.g., **Saved Places**) can be found individually in the Index.

The Index consists of main terms and sub-entries. The sub-entries help you get to the desired page depending on what you are looking for.

* Sample pages and images in this section may differ from the actual ones.

This page intentionally left blank.

System Setup

This section describes the start-up procedure and the navigation and setup functions.

Start-up	18	Points of Interest	34	Maneuver Assist Popup	47
Voice Control System	19	Breadcrumb Trail	35	Voice Guidance Language	47
Voice Recognition	19	Breadcrumb Recording	36	Maneuver List	48
Personal Information	20	Delete Breadcrumb Trail	36	Tutorial	49
Setting Home Location	20	Landmark Settings	37	Manage Places	50
Saved Places	23	Route Options	38	Avoidance Areas	51
Display Mode Settings	27	Route Demo	39	Editing Recent Destinations	55
Adjusting Screen Brightness	27	Route Preferences	40	Editing Downloaded Places	55
Switching Display Mode	28	Traffic Rerouting	41	Map Update	56
Guidance Volume Settings	29	Route Calculation Method	42	Settings	57
Main Menu	30	Guidance Options	43	Adjust Vehicle Position	58
Map Options	31	Estimated Arrival	44	Online Services	59
Traffic Icons	32	Predictive Routing	45	About Software License	59
Traffic Flow	33	Delete Learning History	46	Data Reset	60
Color Theme	34	Auto Zoom	46	Reset Factory Default Settings	60

The navigation system starts automatically when you set the power mode to ACCESSORY or ON. At start-up, the following confirmation screen is displayed.

1. Select OK.

- ▶ The *Bluetooth*® connection message is displayed if you disconnected a *Bluetooth*® device on the HOME screen.
- ▶ If you do not select **OK**, the system will automatically select OK after a certain period of time.
- ▶ The system will automatically start up the feature that was used the last time.

2. Select Navigation.

- ▶ The map screen or navigation tutorial screen is displayed. If the navigation tutorial screen is displayed, select **Exit**.
- ▶ When you want to display the navigation top screen, press the  (Back) button.

Start-up

Avoid focusing on the screen and drive safely, following the actual traffic restrictions.

When you use the navigation system, the system may close other apps.

When you select **Navigation**, the system displays the navigation feature that was used the last time. At start-up, the map screen is displayed.

Navigation tutorial is displayed at initial start. You can display the tutorial from the main menu at any time.

 **Tutorial** P. 49

Limitations for Manual Operation

Certain manual functions are disabled or inoperable while the vehicle is in motion. You cannot select a grayed-out option until the vehicle is stopped. Voice commands are still operable while the vehicle is in motion.

Your vehicle has a voice control system that allows hands-free operation of the navigation system functions.

The voice control system uses the  (Talk) button on the steering wheel and a microphone near the map lights on the ceiling.

For details of the  (Talk) button and microphone position, see the Owner's Manual.

Voice Recognition

To achieve optimal voice recognition when using the navigation voice control system:

- Make sure the correct screen is displayed for the voice command that you are using. The system recognizes certain commands.

Available navigation commands:

 **Navigation Commands** P. 112

- Close the windows.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak in a clear, natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

Voice Control System

When you press the  (Talk) button, the system prompts you to say a voice command. Press and release the  (Talk) button again to bypass this prompt and give a command.

Voice Recognition

The voice control system can only be used from the driver's seat because the microphone unit removes noises from the passenger's side.

Setting Home Location

Navigation

Use the personal information menu to set your home location.

1. Select **Go Home** and then select **Yes**.

2. Select **Address** then select an option.
 - Select **Select from Map** to set home location.
 - If selecting other than **Select from Map**, proceed to steps 3 and 4.
3. Select the home location.
4. Select **Save** and then select **Save**.

Personal Information

The home location can be overwritten. Select **Manage Places** and then select **Home**.

► **Manage Places** P. 50

Edit Home:

Name: Enter the preferred name.

Phone No.: Enter the preferred phone number.

The following options are available:

- **Select from Map:** Sets your current location as your home location.
- **Keyword Search:** Sets the home location by entering a keyword or address.
- **Category Search:** Sets the home location by selecting a category.
- **Address Search:** Sets the home location by entering the address.
-  **Storing Your Home Address** P. 9
- **Search Along Route:** Sets the home location by along route.
- **Saved Places:** Sets the home location by selecting a place stored in the **Saved Places** list.
- **Phone Number Search:** Sets the home location by phone number.
- **Coordinates Search:** Sets the home location by entering coordinates.
- **Recent:** Sets the home location from a recently found location.
- **Downloaded Places:** Sets the home location by downloaded places.

■ Editing Home Location

📍 HOME ► Navigation ► ☰ ► Manage Places ► Saved Places

Select and then select **Yes**.

Adjusting Screen Brightness

Set the screen brightness. Select **Display Mode** (☀️🌙) to change the screen brightness.

Select **Display Mode** on the bottom of the screen.

- ▶ The Brightness bar is displayed for a few seconds.
- ▶ Select ☀️ or 🌙 to adjust the brightness.
- ▶ Select **Display OFF** to turn off the screen. To turn on the screen, press the  (Home) or  (Back) button.

Adjusting Screen Brightness

You can also adjust the display brightness by sliding or swiping on the Brightness bar.

You can change the touchscreen sensitivity setting.

➡ **Refer to the Owner's Manual.**

You can change the color of the map.

➡ **Color Theme** P. 34

Switching Display Mode

System Setup

Illumination control	Operation
Display Mode (☀️🌙)	Adjusts screen brightness when the user wants to change the brightness of the display temporarily. Remember: Display Mode (☀️🌙) overrides all other display brightness adjustments either set automatically by the sunlight sensor or manually from the System settings screen.
Sunlight sensor (see the Owner's Manual for location)	If the sunlight sensor detects daylight and the headlights are turned on, the system automatically overrides the Night display and displays the Day display mode. Remember: If desired, use the Display Mode (☀️🌙) to adjust the brightness of the display.
Brightness content on the Driver Information Interface (see the Owner's Manual)	When the headlights are turned on and you wish to have the Day display mode, adjust the illumination to the full brightness. Remember: Adjust the dash brightness back to midrange to allow auto switching by sensing if the headlights are on or off.
Headlights (Auto/On/Off)	When turned on, the display changes to Night display mode. The previous three controls listed above can cancel this function. Remember: Use the Display Mode (☀️🌙) to adjust the brightness of the display.

► **General Settings** ► **System** ► **System Volumes**

Select or of **Navigation Guidance**.

- **Full Map Update (USB):** Installs and updates full map with a USB flash drive.
- **Export DL Link for Full Map Update (USB):** Exports link file for the download portal site to the USB flash drive.
- **Database Version:** Displays the map database version.

Map Update

Database Version

You will need this information when ordering a map update.

➤ **Obtaining a Navigation Update** P. 104

► **Navigation** ► **Settings**

Adjusts current vehicle position, restores all settings, and displays other information.

Select an option.

The following options are available:

- **Adjust Vehicle Position:** Manually adjusts the current position of the vehicle.
 ➤ **Adjust Vehicle Position** P. 58
- **Reset to Default:** Restores all settings to the factory default values.
 ➤ **Data Reset** P. 60
- **Online Services:** Displays the online services.
 ➤ **Online Services** P. 59
- **About Software License:** Displays the open source license information.
 ➤ **About Software License** P. 59

Adjust Vehicle Position

📍 HOME ► Navigation ► ☰ ► Settings ► Adjust Vehicle Position

Manually adjust the current position of the vehicle as displayed on the map screen if the position appears to be incorrect. Make sure the vehicle is in Park.

Arrow icons

1. Scroll the map to position the arrowhead at your correct position.
2. Select arrow icons to position the arrowhead in the correct direction the vehicle is facing.
3. Select Done.

Adjust Vehicle Position

An apparent position error can occur where buildings, tunnels, and other objects block or reflect GPS signals, forcing the system to use “dead reckoning” to determine your location and direction.

Using this function to adjust vehicle position is not recommended. When the system reacquires a GPS signal, it will automatically place the vehicle in the correct location.

If you continually have to adjust the vehicle position, you may have problems with GPS reception or there may be database errors.

📌 **System Limitations** P. 102

Online Services

- **Gas Station**: Sets a destination by gas station.
 - **Gas Station** P. 75
- **More**: Sets a destination by selecting a category.
 - **More** P. 76
- **Keyword Search**: Displays the keyboard.

Entering a Destination

The audio system can only provide route guidance from one navigation system at a time. When setting a destination on one system, any active route guidance with the other system is canceled, and the system you are currently using will direct you to your destination.

To use HondaLink®, you must connect your smartphone to the system.

For more details about smartphone connection and how to use HondaLink®, see the Owner's Manual.

If you roll the right selector wheel on the steering wheel, select Navigation & Compass, and then press the right selector wheel while on the map screen, the following items are available. Roll and press the left selector wheel to select the items.

- **Go home**
- **Saved places**
- **Recent**

When en route, the following item is available:

- **Cancel route**

Using the Search Bar

You can use the search bar to search for locations by entering a category, name, address, intersection (Street 1 / Street 2), city name, or state name.

1. Enter a search term.
 - ▶ The nearest locations corresponding to the search word are displayed below the search bar.
 - ▶ Suggested search terms appear below the search bar as you type.
2. Select or the nearest location below the search bar.
 - ▶ If you select the nearest location, proceed to step 4.
3. Select your destination from the list.
4. Select Go to set the route to your destination.

▶ **Calculating the Route** P. 78

Using the Search Bar

Using Voice Command

You can say the names of popular, well-known locations.

From the Voice Portal screen, say "Navigation."

Say "Find place," then say a place name (e.g., "Honda").

Say the line number of screen (e.g., "1").

Say "Go" or "Yes" to set the route.

▶ **Using Voice Commands** P. 6

▶ **Voice Control Operation** P. 12

- To search for a type of business, enter a category name, such as "gas station."
- To search for a business by name, enter all or part of the name.
- To search for an address near you, enter the street number and street name.
- To search for an address in another city, enter the street number, street name, city, and state.
- To search for a city, enter the city and state.

If you want to delete the search history, select **Reset to Default**.

▶ **Reset Factory Default Settings** P. 60

■ Changing the Search Area

  ► **Navigation** ►  ► **Nearby/Route/Map**

By default, your system finds locations closest to your current location. You can find a location near another city or location.

Select an option.

The following options are available:

- **Current Position:** Searches near your current location.
- **Near Destination:** Searches near your current destination.
- **Near Waypoint:** Searches near your waypoint, current destination, or current location.
- **Along Route:** Searches along your current route.
- **Select on Map:** Searches around selected location on the map.

» Changing the Search Area

Near Destination, Near Waypoint, and Along Route can be set when the route is active.

■ Finding a Location Using Address

📍 🏠 ▶ Navigation ▶ 🔍 ▶ More ▶ 🗺 ▶ Address

Address Search

California/United States

House Number

Street Name

City

Zip Code

Select an option.

The following options are available:

- **House Number:** Enters the house number to select the street.
 ➤ **Selecting a Street by House Number** P. 67
- **Street Name:** Selects your destination street.
 ➤ **Selecting a Street** P. 68
- **City:** Select your destination city.
 ➤ **Selecting a City** P. 69
- **Zip Code (U.S.)/Postal Code (Canada):** Enter the zip code or postal code to select the city.
 ➤ **Selecting a City by Zip Code or Postal Code** P. 70

🗺 Finding a Location Using Address

Using Voice Command

You can say the entire address at once using voice commands.

From the Voice Portal screen, say 🗨 "Navigation."

Say 🗨 "Enter address" on the voice command screen, then say the entire address. (e.g., "1-2-3-4 Main Street, Los Angeles, California").

Say 🗨 "Change country" if you want to change the country.

The system interprets the address.

Say 🗨 "Yes" or a line number of a screen if the destination list appears (e.g., 🗨 "1").

Say 🗨 "Go" or "Yes" to set the route.

➤ **Using Voice Commands** P. 6

➤ **Voice Control Operation** P. 12

■ Selecting the State or Province

📍 🏠 ► **Navigation** ► 🔍 ► **More** ► ► **Address**

The 'Address Search' screen features a dark background. At the top, there is a title 'Address Search' and a button labeled 'California/United States'. Below the title, there are four input fields with right-pointing chevrons: 'House Number', 'Street Name', 'City', and 'Zip Code'.

1. Select location name icon on the right upper screen.

The 'Select State' screen has a dark background. At the top, there is a title 'Select State' and a button labeled 'Select Country'. Below the title, there is a scrollable list of US states: 'Alabama', 'Alaska', 'Arizona', 'Arkansas', and 'California'. Each state name is followed by a right-pointing chevron. A vertical scrollbar is visible on the left side of the list.

2. Select a state or province.

►► Selecting the State or Province

You can search other countries when you select **Select Country**.

■ Selecting a Street by House Number

📍 🏠 ▶ **Navigation** ▶ 🔍 ▶ **More** ▶ 📄 ▶ **Address** ▶ **House Number**

1. Enter the house number and then select 🔍.

2. Enter the name of your destination street and then select 🔍.
▶ Select a city when you are prompted.
3. Set the route to your destination.

🗺️ **Calculating the Route** P. 78

■ Selecting a Street

📍 ► **Navigation** ► ► **More** ► ► **Address** ► **Street Name**

1. Enter the name of your destination street and then select .

► If you search a freeway/highway, the search results will be displayed. Select the search result on the list and proceed to step 3.

2. Enter the house number and then select .

3. Select your destination city from the list.

► Select an address when you are prompted.

4. Set the route to your destination.

Calculating the Route P. 78

► Selecting a Street

When entering the names of major freeways/highways, you can use the following abbreviations. For interstates, use an "I" (e.g., I-10). For U.S. freeways, use "US" (e.g., US-18). For state freeways, use the two-character state designation (e.g., CA-101). For county roads, use the appropriate designation (e.g., G-2). For Trans-Canada and Provincial highways, use "HWY" (e.g., HWY-7). For County roads, use "CR" (e.g., CR-32). For regional roads, use "RR" (e.g., RR-5).

■ Selecting a City

📍 ▶ **Navigation** ▶ ▶ **More** ▶ ▶ **Address** ▶ **City**

The name of the city where you are currently located is displayed.

1. Enter the name of a different city and then select .

2. Enter the name of your destination street and then select .

3. Enter the house number and then select .

4. Set the route to your destination.
Calculating the Route P. 78

🗺 Selecting a City

Using Voice Command

You can find a city by using voice commands. From the Voice Portal screen, say "Navigation." Say "Enter address" on the voice command screen, then say a city name. (e.g., "Los Angeles"). Say a line number of a screen (e.g., "1"). Say "Go" or "Yes" to set the route.

Using Voice Commands P. 6

Voice Control Operation P. 12

If your city is not listed, it may be part of a larger metropolitan area. Try entering the street first.

■ Selecting a City by Zip Code or Postal Code

📍 🏠 ► **Navigation** ► 🔍 ► **More** ► 📍 ► **Address** ► **Zip Code/Postal Code**

1. Enter the zip code or postal code of your destination and then select 🔍.

2. Enter the name of your destination street and then select 🔍.

3. Enter the house number and then select 🔍.
4. Set the route to your destination.
 ➤ **Calculating the Route** P. 78

► Selecting a City by Zip Code or Postal Code

If your city is not listed, it may be part of a larger metropolitan area. Try entering the street first.

■ Finding a Location Using Coordinates

 ▶ **Navigation** ▶  ▶ **More** ▶  ▶ **Coordinates**

You can find a location using latitude and longitude coordinates. This can be helpful when geocaching.

Coordinates Search	
Latitude Direction	North >
Latitude DMS	12°31'23" >
Longitude Direction	West >
Longitude DMS	123°12'31" >
Show Map	

1. Select the **Latitude Direction** to set **North** or **South**.
2. Select **Latitude DMS** and then enter a latitude. Select .
3. Select the **Longitude Direction** to set **East** or **West**.
4. Select **Longitude DMS** and then enter a longitude. Select .
5. Select **Show Map**.
6. Select **Go** to set the route to your destination.

 **Calculating the Route** P. 78

■ Editing Shortcuts

📍 🏠 ► **Navigation** ► 🔍 ► **More**

■ Customization screen

- To add shortcut icon

Select and hold empty space or shortcut icon.

► The customization screen appears on the screen.

1. Swipe left to switch to the next page.

2. Select a subcategory.

3. Select a place name from the list.
4. Select **Go** to set the route to your destination.

► **Calculating the Route** P. 78

More

Using Voice Command

You can find a place by name by using voice commands.

From the Voice Portal screen, say "Navigation."

Say "Find place" on the voice command screen, then say a category (e.g., "Fast Food").

Say a subcategory if the subcategory screen is displayed.

Say a line number of a screen (e.g., "1").

Say "Go" or "Yes" to set the route.

► **Using Voice Commands** P. 6

► **Voice Control Operation** P. 12

Downloaded Places

You can select downloaded places via HondaLink®.

Downloaded Places will be grayed-out when registered information is absent.

Phone Number

To use this function, it is necessary to turn on the online services.

► **Online Services** P. 59

Map Input

Navigation

Scroll the map to manually select an icon or a location as the destination.

1. Select any point on the map, a street, intersection, or category icon.
► Return to the current location when you press the **BACK** (Back) button.
2. Select **Go** to set the route to your destination.

► **Calculating the Route** P. 78

Selecting a POI

Navigation

1. Select a POI icon.
► The destination information screen is displayed.
► **Viewing the Destination Information** P. 80
2. Select **Go** to set the route to your destination.
► The system starts calculating the route.

► **Calculating the Route** P. 78

Map Input

You can customize the map as you like using **+**, **-**, or **📍**.

► **Map Operation** P. 85

Select **📍** to return to the current location.

If you want to display a specific category of places, select **📍** and then select a category icon.

Selecting a POI

When POIs are too close together on the map, they are shown grouped together in a cluster and the top most POI in a cluster can be selected. You can select other POIs with **📍**.

Calculating the Route

This section describes how to calculate your route.

Select **Go**.

- The system calculates and displays the route line on the map screen.

The following options are available:

- **Save:** Saves the location to the **Saved Places** list.
 - **Saving a Saved Location** P. 23
 - **Saved Places** P. 74
- **Routes:** Displays different routes.
 - **Viewing and Selecting the Routes** P. 79
- **i**: Displays detailed location information.
 - **Viewing the Destination Information** P. 80
- **↔**: Switches to other destination.

Viewing and Selecting the Routes

View and select different routes to your destination.

1. Select your desired route.
 - The estimated arrival time and travel distance are displayed for each route.
2. Select Go.
 - The system calculates and displays the route line on the map screen.

Viewing the Destination Information

If necessary, view information about the location you found before setting the route. You can confirm destination name, destination map, and distance. The phone number may also be available for some places.

1. Select a location name or a POI icon on the map.
2. Select

The following options are available:

- : Makes a call to the displayed phone number. You need to pair your phone to the system to select the option.
See the Owner's Manual for details on pairing.
- Go: Sets the route to your destination.
 Calculating the Route P. 78
- Save: Saves the location to the **Saved Places** list.
 Saving a Saved Location P. 23
 Saved Places P. 74
- Routes: Displays different routes.
 Viewing and Selecting the Routes P. 79

Viewing the Route

This section describes how to follow the route guidance to your destination.

Map Screen

Next guidance indicator

After calculating the route to your destination, the route is displayed on the map screen.

During Route Guidance P. 8

As you drive, the system tracks your position on the map in real time and provides guidance as you approach each guidance point on the route.

The following options are available:

- Selects the next guidance indicator to replay the voice guidance for the next maneuver.
- : Sets whether to turn voice guidance on and off.

Viewing the Route

When your phone is connected to *Bluetooth®* HandsFreeLink®, the navigation screen will switch to the incoming call screen when receiving a call.

You can stop your vehicle en route (e.g., to rest, stop for gas, etc.), and then continue on your route.

If you did not complete your route, the navigation restarts when you restart your vehicle.

Turn List

The turn list screen displays turn-by-turn instructions and the distance between turns.

1. Set the Maneuver List to ON.

➤ **Maneuver List** P. 48

2. Select  on the map.

Turn List

Turn-by-Turn Directions

The next guidance point appears on the Driver Information Interface.

The Turn-by-Turn directions may not be displayed if the information cannot be received correctly.

Turn Information

The turn information screen displays the turn on the map and the distance remaining before you reach the turn. The lane assist screen may display a view of the upcoming intersection.

Set the **Surface Street in Maneuver Assist Popup** to on.

➤ **Maneuver Assist Popup** P. 47

Route Overview

🏠 ▶ **Navigation** ▶ 📄 ▶ **Route Options** ▶ **Route Overview** (when en route)

The route overview screen displays the entire route and current vehicle position.

Viewing the Route

Intersection View Screen

The intersection view screen displays a view of the upcoming intersection and in which lane you should be driving.

You can also turn off the intersection view screen.

➤ **Maneuver Assist Popup** P. 47

■ Off-Road Breadcrumbs Display

If you set the off-road breadcrumbs to show, a series of lines (breadcrumbs) are displayed to track your movement on an off-road.

View the traffic flow and delays on nearby roads.

■ Viewing Traffic Information on Along Route

  ▶ **Navigation** ▶  ▶ **Traffic Along Route**

View the traffic flow and delays along the route.

Stopping the Route

Stop the route guidance and remove the destination and all waypoints.

Select .

Taking a Detour

  ► **Navigation** ►  ► **Route Options** ► **Detour** (when en route)

Calculate a new route to avoid something ahead of you. The system creates a new route if possible and attempts to get you back on your original route as quickly as possible.

Stopping the Route

-  *"Stop route"*
 - **Using Voice Commands** P. 6
 - **Voice Control Operation** P. 12

You can also stop your route from the **Destination List**.

- **Editing a Route** P. 91

Taking a Detour

-  *"Detour"*
 - **Using Voice Commands** P. 6
 - **Voice Control Operation** P. 12

If your current route is the only reasonable option, the system might not calculate a detour.

Adding Waypoints

Add waypoints (pit stops) along the route to your destination.

1. While en route, select a search method to add a new destination or waypoint.

► **Entering a Destination** P. 62

2. Select a place. Select **Go**.

3. Select **Waypoint**.

► Select **New Route** to set the location as your new destination.

► **Entering a New Destination**
P. 93

4. Select  or  and then move the destination to the desired position.

5. Select **Save**.

► The route is automatically recalculated and displayed on the map screen.

► Adding Waypoints

When you add a waypoint, the system may take some time to update the arrival time.

You can also edit route ordering on the **Destination List**.

► **Editing a Route** P. 91

Editing a Route

 ► **Navigation** ►  ► **Route Options** ► **Destination List**

You can edit destinations on your route.

Reordering Destinations

1. Select  or  and then move the destination to the desired position.
2. Select **Save**.
 - The route is automatically recalculated and displayed on the map screen.

Deleting a Destination

1. Select .
2. Select **Save** to delete.
 - If you select **Cancel**, the deleted location will remain on the list.

Selecting a Destination on the Map

Select a new destination when en route by selecting a location on the map.

1. Select any point on the map, or a street, intersection, or category icon.
2. Select **Go**.

3. Select an option.

The following options are available:

- **New Route:** Sets the location as your new destination.
- **Waypoint:** Sets the location as the first waypoint in the **Destination List** screen.
 - **Adding Waypoints** P. 90

Entering a New Destination

Enter a new destination using the destination menu screen even when you are en route.

1. Select a search method to enter a new destination.

➤ **Entering a Destination** P. 62

2. Select a place and then select **Go**.

3. Select an option.

The following options are available:

- **New Route:** Sets the location as your new destination.
- **Waypoint:** Sets the location as the first waypoint in the **Destination List** screen.

➤ **Adding Waypoints** P. 90

Troubleshooting

Troubleshooting	96
Map, Voice, Entering Destinations	96
Traffic	97
Guidance, Routing	98
Update, Coverage, Map Errors	99
Display, Accessories	99
Miscellaneous Questions	99

Map, Voice, Entering Destinations

Problem	Solution
The Startup Confirmation screen is displayed every time I start the car.	This is normal. The Startup Confirmation screen reminds you and your guest drivers to always operate the navigation system in a safe manner. The Startup Confirmation screen goes off after a certain period of time, even if you do not select OK .
The navigation system reboots by itself (returns to the opening screen).	A reboot can be caused by extreme temperatures or shock from bumpy roads, and does not necessarily indicate a problem. If this happens frequently, please see your dealer.
How do I specify a destination when an entered city or street could not be found?	Try selecting the destination directly from the map.  Map Input P. 77
How do I delete saved places?	Press the  (Home) button. Select Navigation >  > Manage Places > Saved Places >  > Save .
I cannot hear the navigation system voice.	Press the  (Home) button. Select General Settings > System > System Volumes . Turn up Navigation Guidance if volume level is low. For more details, see the Owner's Manual.

Traffic

Problem	Solution
Traffic information is missing or is not displaying properly. What is wrong?	Verify the following: • Traffic information relies on a clear signal. If signal strength is low, traffic data may not be available. • Check that the traffic icons are turned on. ➤ Traffic Icons P. 32 • Online services may be off. If so, select Navigation >  > Settings > Online Services > Sign Up for Online Service to turn on. ➤ Online Services P. 59 • If the situation persists, see your dealer for assistance. • Traffic information is available only in certain areas.

Guidance, Routing

Problem	Solution
The navigation system does not route me the same way I would go or the same way as other mapping systems would.	The navigation system attempts to generate the optimal route. You can change the route preferences used when calculating a route. ➤ Route Calculation Method P. 42
The street I'm on is not shown on the map screen.	The mapping database is constantly undergoing revision.
The vehicle position icon is not following the road.	- This is normal. The signals received from the GPS satellites are extremely weak and can easily be interrupted or interfered with as your vehicle travels near tall buildings or in tunnels. Check your vehicle's surroundings for anything that may be blocking the reception. If this happens frequently and there is no obstruction that is interfering with the reception, please see your dealer. - Metallic tinting or other aftermarket devices can interfere with GPS reception. Please consult your dealer. ➤ GPS P. 102
How do I stop the map from rotating as I drive along?	1. Press the  (Home) button and then select Navigation . 2. Check that the map orientation is set to  (Heading-up) or  (3D Map). 3. Select  and  to select  (North-up) on left side of the map.
The "Arrival time" display sometimes increases even though I am getting closer to my destination.	The "Arrival time" is based on the speed limit on each road. Depending on the traffic conditions, the "Arrival time" may be calculated to be earlier or later.
My elevation (shown when I display the current position) seems to fluctuate even though my elevation has not changed.	This is normal. The elevation can vary ±100 ft (30 m) due to GPS calculation errors. ➤ GPS P. 102
My elevation is missing on the "current position" screen.	The elevation is only displayed if the GPS antenna can receive signals from at least four satellites. Try moving the vehicle into an open area. The elevation is also not displayed if the calculated elevation is zero or below sea level.

Update, Coverage, Map Errors

Problem	Solution
My city is not part of a fully verified detailed coverage area.	The mapping database is constantly undergoing revision.
Does the navigation system work outside North America?	The system contains maps for the United States of America, Canada, Mexico, Puerto Rico, U.S. Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries.  Map Coverage P. 104

Display, Accessories

Problem	Solution
The display appears dim when starting the car in really cold weather.	This is normal. The display will become brighter after a few minutes.

Miscellaneous Questions

Problem	Solution
My clock frequently changes forward and backward by one hour.	The clock setting is automatically updated based on your GPS location. If you are driving near a time zone border, the automatic update likely is the reason.
How do I change the interface language?	Press the  (Home) button and then select General Settings > System > Language . Select the desired language for system language and then select Save . For more information, see the Owner's Manual.

GPS

The signals received from GPS satellites are extremely weak (less than a millionth of the strength of a local FM station) and require an unobstructed view of the sky. The GPS antenna is located in the dashboard. The signal reception can easily be interrupted or interfered with by the following:

- Audio electronic devices mounted near the navigation unit
- Trees, tall buildings, highway overpasses, tunnels, or overhead electrical power wires

GPS is operated by the U.S. Department of Defense. For security reasons, there are certain inaccuracies built into GPS for which the navigation system must constantly compensate. This can cause occasional positioning errors of up to several hundred feet (meters).

Address Calculation

The destination icon shows only the approximate location of a destination address. This occurs if the number of possible addresses is different from the number of actual addresses on a block. For example, the address 1425 on a 1400 block with 100 possible addresses (because it is followed by the 1500 block) will be shown a quarter of the way down the block by the system. If there are only 25 actual addresses on the block, the actual location of address 1425 would be at the end of the block.

Database

The digitized map database reflects conditions as they existed at various points in time before production. Accordingly, your database may contain inaccurate or incomplete data or information due to the passage of time, road construction, changing conditions, or other causes.

For example, some places/landmarks may be missing when you search the database because the name was misspelled, the place was improperly categorized, or a place/landmark is not yet in the database. This is also true for police stations, hospitals, and other public institutions. Do not rely on the navigation system if you need law enforcement or hospital services. Always check with local information sources.

The database does not include, analyze, process, consider, or reflect any of the following categories of information:

- Neighborhood quality or safety
- Population density
- Availability or proximity of law enforcement
- Emergency, rescue, medical, or other assistance
- Construction work, zones, or hazards
- Road and lane closures
- Legal restrictions (such as vehicular type, weight, load, height, and speed restrictions)
- Road slope or grade
- Bridge height, width, weight, or other limits
- Traffic facilities safety
- Special events
- Pavement characteristics or conditions

Every effort has been made to verify that the database is accurate. The number of inaccuracies you experience increases the longer you go without obtaining an updated map database.

📄 **Obtaining a Navigation Update** P. 104

We assume no liability for any incident that may result from an error in the program, or from changed conditions not noted above.

Resolving Problems

If you run into a specific issue that you cannot resolve, consult the following help resources:

- For navigation system issues:
 - **Troubleshooting** P. 96Or, please contact your dealer.
- For traffic-related issues:
 - **Traffic** P. 97
- For reporting issues with the database or places/landmarks:
 - Visit
<https://mapcreator.here.com/mapcreator>
 - Or call Honda Automobile Customer Service:
 - **Contacting Honda Customer Service** P. 104

Obtaining a Navigation Update

Honda is continuously updating the navigation system and new software is usually made available on an annual basis.

➤ **Map Update** P. 56

You can also contact your authorized Honda dealer for further information regarding the update program available for your vehicle.

Visiting Your Dealer

If you have a question that you cannot resolve using the available help resources, you can consult your dealer. Please identify the specific issue (e.g., error occurs when you enter a specific address, when driving on a certain road, or just when it's cold) so that the service advisor can refer the issue to the factory so that a solution can be found. Be patient; the service advisor may be unfamiliar with your specific issue.

Contacting Honda Customer Service

If neither the available help resources nor your authorized Honda dealer can resolve your issue to your satisfaction, contact Honda Automobile Customer Service.

Map Coverage

The system provides maps for the United States of America, Canada, Mexico, Puerto Rico, U.S. Virgin Islands, Cayman Islands, Bahamas, French Guiana, Guadeloupe, Martinique, Saint Barthelemy, and Jamaica. The navigation system will not work in other countries.

Traffic Information

Continuously updated traffic information is available in major metropolitan areas across the contiguous United States and some cities in Canada.

End User License Agreement

Your vehicle may contain a navigation solution ("Navigation Solution") as part of its audio/connectivity system. The software embedded in the Navigation Solution (the "Software") is owned by the navigation solution provider or its subsidiaries (collectively, "Navigation Provider"). The map data that may be embedded in your Navigation Solution or downloaded separately (the "Map Data") is either owned by the Navigation Provider, or by HERE North America LLC and/or its affiliates ("HERE") or another third party and licensed to the Navigation Provider. The Navigation Provider also owns, or licenses from third party providers, information, traffic data, text, images, graphics, photographs, audio, video, images and other applications and data that may be embedded in the Navigation Solution, or downloaded separately ("Other Content"). The Map Data and Other Content are collectively the "Content". The Software and Content (collectively, the "Navigation Provider Products") are protected under copyright laws and international copyright treaties. The Navigation Provider Products

are licensed, not sold. The structure, organization and code of the Software are valuable trade secrets of the Navigation Provider and/or its third-party providers. The Navigation Provider Products are each provided under this License Agreement and are subject to the following terms and conditions which are agreed to by End User ("you" or "your"), on the one hand, and the Navigation Provider and its licensors and affiliated companies of the Navigation Provider and its licensors, on the other hand. The Navigation Provider's licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, are each a direct and intended third party beneficiary of this Agreement and may enforce their rights directly against you in the event of your breach of this Agreement.

IMPORTANT: CAREFULLY READ THIS ENTIRE LICENSE AGREEMENT BEFORE PURCHASING OR USING YOUR NAVIGATION SOLUTION OR CONTENT. PURCHASING, INSTALLING, COPYING, OR OTHERWISE USING YOUR NAVIGATION SOLUTION OR CONTENT CONSTITUTES

YOUR ACKNOWLEDGMENT THAT YOU HAVE READ THIS LICENSE AGREEMENT AND AGREE TO ITS TERMS AND CONDITIONS.

License Terms and Conditions

The Navigation Provider grants you a limited, non-exclusive license to use the applicable Navigation Provider Product in accordance with the terms of this Agreement. You agree to use the applicable Navigation Provider Product for solely personal use, or if applicable, for use in your business' internal operations, and not for service bureau, time-sharing, resale or other similar purposes. You agree not to otherwise reproduce, archive, copy, modify, decompile, disassemble, reverse engineer or create derivative works of any portion of the Navigation Solution, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws. The Navigation Provider also reserves the right to discontinue offering any Content supplied by any third party supplier if such supplier ceases to supply such content or the Navigation Provider's contract with such supplier terminates for any reason.

Restrictions. Except where you have been specifically licensed to do so by Navigation Provider, and without limiting the preceding paragraphs, you may not use the Navigation Provider Products with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, and which are capable of dispatch, fleet management or similar applications where the Content is used by a central control center in dispatching a fleet of vehicles. In addition, you are prohibited from renting or leasing the Navigation Provider Products to any other person or third party.

You agree to be fully responsible for your own conduct and content while using the Software and for any consequences thereof. You agree to use the Software only for purposes that are legal, proper and in accordance with this Agreement and any applicable policies or guidelines. By way of example, and not as a limitation, you agree that when using the Software, You will not:

- upload, post, email or transmit or otherwise make available content that infringes any patent, trademark, copyright, trade secret or other

proprietary right of any party, unless you are the owner of the rights or have the permission of the owner to post such Content;

- use the Software or other content for any illegal or unauthorized purpose; or
- transmit any viruses, worms, defects, Trojan horses, or any items of a destructive nature.

You agree to comply with any laws, rules or regulations in your locale or in the location of your web server regarding online conduct and acceptable content, including laws regulating the export of data to your country of residence.

No Warranty. The Navigation Provider Products are provided to you "as is," and you agree to use them at your own risk. The Navigation Provider and its licensors including the licensors, service providers, channel partners and suppliers, and affiliated companies of Navigation Provider and its licensors, make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness,

effectiveness, reliability, merchantability, fitness for a particular purpose, usefulness, use or results to be obtained from the Navigation Provider Products, or that the Content or server will be uninterrupted or error-free. The Navigation Provider Products are intended to be used only as supplementary travel aids and must not be used for any purpose requiring precise measurement of direction, distance, location or topography. THE NAVIGATION PROVIDER MAKES NO WARRANTY AS TO THE ACCURACY OR COMPLETENESS OF THE MAP DATA OR OTHER CONTENT.

Disclaimer of Warranty. THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT OF THE NAVIGATION PROVIDER PRODUCTS. NO ORAL OR WRITTEN ADVICE OR INFORMATION PROVIDED BY THE NAVIGATION PROVIDER

OR ITS SUPPLIERS AND LICENSORS SHALL CREATE A WARRANTY, AND YOU ARE NOT ENTITLED TO RELY ON ANY SUCH ADVICE OR INFORMATION. THIS DISCLAIMER OF WARRANTIES IS AN ESSENTIAL CONDITION OF THIS AGREEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

Disclaimer of Liability. THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, SHALL NOT BE LIABLE TO YOU: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE NAVIGATION PROVIDER PRODUCTS; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR

CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS, ANY DEFECT IN THE CONTENT OR INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY AND WHETHER RESULTING FROM THE USE, MISUSE, OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS OR FROM DEFECTS OR ERRORS IN THE APPLICATION, EVEN IF THE NAVIGATION PROVIDER OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE NAVIGATION PROVIDER'S AND ITS LICENSORS' TOTAL AGGREGATE LIABILITY WITH RESPECT TO ITS OBLIGATIONS UNDER THIS LICENSE AGREEMENT OR OTHERWISE WITH RESPECT TO THE APPLICATION OR THE CONTENT SHALL NOT EXCEED \$1.00. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

ANY CONTENT OR MATERIAL DOWNLOADED OR UPLOADED OR

OTHERWISE OBTAINED THROUGH THE SOFTWARE IS DONE AT YOUR OWN DISCRETION AND RISK. YOU WILL BE SOLELY RESPONSIBLE FOR ANY DAMAGE TO YOUR ELECTRONIC COMMUNICATION DEVICE OR ANY LOSS OF DATA THAT MAY RESULT FROM THE DOWNLOAD OR UPLOAD OF ANY SUCH CONTENT OR MATERIAL OR THE USE OF THE SOFTWARE.

Disclaimer of Endorsement; Change of Content Providers. Reference to any products, services, processes, hypertext links to third parties or other Content by trade name, trademark, manufacturer, supplier or otherwise does not necessarily constitute or imply its endorsement, sponsorship or recommendation by the Navigation Provider or its licensors. Product and service information are the sole responsibility of each individual vendor. The HERE name and logo, the HERE and HERE ON BOARD trademarks and logos, and other trademarks and trade names owned by HERE North America LLC may not be used in any commercial manner without the prior written consent of HERE. Content providers may be changed by the Navigation Provider during the term of this

Agreement, and your experience with the Content provided by a new provider may not duplicate your experience with the previous Content supplier.

Export Control. You agree not to export from anywhere any part of the Content or any direct product thereof except in compliance with and with all licenses and approvals required under, applicable export laws, rules and regulations.

Legal Compliance. You represent and warrant that (i) you are not located in a country that is subject to a U.S. Government embargo, or has been designated by the U.S. Government as a "terrorist supporting" country, and (ii) you are not listed on any U.S. Government list of prohibited or restricted parties.

Indemnity. You agree to indemnify, defend and hold the Navigation Provider and its licensors, including the respective licensors, service providers, channel partners, suppliers, assignees, subsidiaries, affiliated companies, and the respective officers, directors, employees, shareholders, agents and representatives of the

Navigation Provider and its licensors, free and harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense, or claim of any kind or character, including but not limited to attorney's fees, arising out of or in connection with any use or possession by you of the Navigation Provider Products.

Map Data. Use of the Map Data is subject to certain restrictions and/or requirements imposed by third party suppliers and/or governmental or regulatory authorities, and in the case of HERE Data, as further set forth at <https://legal.here.com/en-gb/terms/general-content-supplier-terms-and-notice>.

Term. This Agreement is effective until such time as (i) if applicable, your subscription term is either terminated (by you or by the Navigation Provider) or expires, or (ii) Navigation Provider terminates this Agreement for any reason, including, but not limited to, if the Navigation Provider finds that you have violated any of the terms of this Agreement. In addition, this Agreement shall terminate immediately upon the termination of an agreement

between the Navigation Provider and any third party from whom the Navigation Provider (a) obtains services or distribution necessary to support the Navigation Provider Products, or (b) licenses Content. You agree, upon termination, to destroy all copies of the Content. The Disclaimers of Warranty and Liability set out above shall continue in force even after any termination.

Entire Agreement. These terms and conditions constitute the entire agreement between the Navigation Provider and its licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

Governing Law.

(a) For European Union HERE Data

The above terms and conditions shall be governed by the laws of the Netherlands, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of the Netherlands for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(b) For North American HERE Data and other non-European Union HERE Data

The above terms and conditions shall be governed by the laws of Illinois, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Illinois for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(c) For disputes, claims and actions not related to the HERE Data

The above terms and conditions shall be governed by the laws of Japan, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Japan for any and all disputes, claims and actions arising from or in connection with the Application or Content. Any translation of this Agreement from English is provided as a convenience only. If this Agreement is translated into a language other than English and there is a conflict of terms between the English version and the other language version, the English version will control.

Map Data Government End Users. If End User is an agency, department, or other entity of the United States Government, or funded in whole or in part by the U.S. Government, then use, duplication, reproduction, release, modification, disclosure or transfer of the Map Data is subject to restrictions as set forth in DFARS

252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS 27.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (JUN 1987) (commercial computer software clause for civilian agencies), DFARS 252.227-7015 (NOV 1995) (DOD technical data - commercial items clause); FAR 52.227-14 Alternates I, II, and III (JUN 1987) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions), as applicable. In case of conflict between any of the FAR and DFARS provisions listed herein and this License Agreement, the construction that provides greater limitations on the Government's rights shall control. The contractor/manufacturer is HERE North America LLC, 425 West Randolph Street, Chicago, Illinois 60606 USA.

HERE is a trademark in the U.S. and other countries. All other company names and trademarks mentioned or referenced in this documentation are the properties of their respective owners. All rights reserved.
