PREFACE

Nissan indicates Nissan North America, Inc., P.O. Box 685003, Franklin, TN 37068-5003 which manufactures and distributes Nissan vehicles in the United States.

NISSAN CARES...

Both Nissan and your Nissan Electric Vehicle certified dealer are dedicated to serving all your automotive needs. Your complete satisfaction with your Electric Vehicle and your Nissan Electric Vehicle certified dealer are our primary concerns. Your Nissan Electric Vehicle certified dealer is always available to assist you with all your automobile service requirements.

If, however, a situation arises that you believe has not been addressed to your satisfaction, we ask that you take the following steps:

How to Locate a Nissan Electric Vehicle Certified Dealer

- Go to the **Nissanusa.com** website. Enter zip code in the "Locate a Dealer" function. Check the box for "Nissan Electric Vehicle dealers only."

- Go to the **Nissanusa.com** website. Select United States language preference, and Nissan Electric Vehicle. Select "Find a Dealer" and enter zip code or city and state.
- Contact our Nissan Consumer Affairs Department for assistance using our toll free number.

STEP 1:

Discuss the situation with the dealership's manager. If a problem still exists, contact the dealership's Consumer Affairs Manager or owner. They are best equipped to resolve the matter for you.

STEP 2:

If the concern has still not been addressed to your satisfaction, please contact our (Nissan's) Consumer Affairs Department using our toll free number.

The Consumer Affairs Department will ask for the following information:

- Your name, address, and telephone number
- Vehicle identification number (on dashboard)
- Date of purchase
- Current odometer reading
- Your Nissan dealer's name
- Details of the concern

Or you can write to Nissan with the above information at:

**Nissan North America Inc.
Consumer Affairs Department
P.O. Box 685003
Franklin, TN 37068-5003**

STEP 3:

In the event that you believe Nissan has been unable to satisfactorily address the issue with your vehicle, a special automotive complaint resolution program called BBB AUTO LINE is available to you. The BBB AUTO LINE program is independently operated by the Council of Better Business Bureaus, Inc. (BBB).

For information about the BBB AUTO LINE in your area, please call us (Nissan) at the same toll free number (1-877-NO GAS EV). We will be happy to provide you with information about BBB AUTO LINE.

Or, you may contact the BBB directly at:

**BBB AUTO LINE a Division of BBB
National Programs, Inc.
1676 International Drive, Suite 550
McLean, VA 22102
1 (800) 955-5100**

If you call the BBB, its staff will take down details of your complaint by telephone. They will ask for the same information as described in Step 2.

The BBB AUTO LINE program consists of two parts, **mediation** and **arbitration**. The BBB will attempt to assist you to resolve the problem during mediation. If a satisfactory resolution has not been achieved during mediation, you will have the opportunity to personally present your case before an impartial arbitrator or three-person panel. The arbitrator(s) will make a decision after the arbitration hearing.

The BBB will, in most cases, send you a final decision within forty (40) days (plus 7 if you have not contacted the proper person from the dealership or

Nissan) unless you delay the process. If you accept the decision, it will be legally binding on you and Nissan. If you do not accept the decision, it will not be legally binding on you or Nissan. However in some states, if the decision is not accepted, it may be introduced either by you or by Nissan, as evidence in any potentially related court action.

BBB AUTO LINE is an informal dispute settlement mechanism operated to comply with applicable Federal law and regulations. In states where BBB AUTO LINE is available, you are required to use BBB AUTO LINE before exercising rights or seeking remedies under Title I of the Federal Magnuson-Moss Warranty Act, 15 U.S.C. §2301, et. seq. If you choose to seek remedies other than those created by Title I of the Magnuson-Moss Warranty Act, (for example, under state law), that Federal Act does not require you to first use BBB AUTO LINE. The program is still available to you, however, and may be of considerable assistance. Some states specify that informal dispute settlement mechanisms such as BBB AUTO LINE must be used before you may use state-operated complaint resolution processes, before you may file a lawsuit

under state law, and/or before you may have certain other rights or remedies available under state law. In accordance with those states' laws, Nissan requires the prior use of BBB AUTO LINE in good faith before you resort to such other processes, file a lawsuit, or seek other remedies provided by state law. Please see the Supplement to 2026 Nissan Warranty Information Booklet & 2026 Nissan OWNER'S MANUAL for additional information.

BBB AUTO LINE may not be available in all states. We, Nissan, would be pleased to provide you with information about the availability of BBB AUTO LINE in your state, or call the BBB AUTO LINE number listed above.

For additional information on the Auto Line program, please refer particularly to the information on your state in the Supplement to 2026 Nissan Warranty Information Booklet, and 2026 Nissan OWNER'S MANUAL.

ASSISTANCE OUTSIDE OF WARRANTY

In our continuing effort to convey our commitment to service and customer satisfaction, Nissan may occasionally offer to pay or reimburse for part or all of the cost of making certain, specific repairs beyond or outside of the terms of the warranty for some specific vehicle models. (Some states refer to such programs as "adjustment programs"). In such circumstances Nissan mails notices to all known registered owners of affected vehicles. You may additionally inquire of your authorized Nissan Dealer or of Nissan directly at the number listed below of the applicability of such programs to your vehicle.

Nissan may occasionally offer special assistance that may pay for part or all of vehicle repairs beyond the expiration of the limited warranty period on a case by case basis. Should you experience unusual difficulties with your vehicle please discuss the situation with your dealer. If your dealer is unable to assist you, you may call the Nissan Consumer Affairs Department at 1-877-NO GAS EV (1-877-664-2738) to discuss your concern.

You will need to provide the Model, Model Year, VIN (Vehicle Identification Number), mileage, maintenance history, a detailed explanation of the concern, and why you believe that Nissan should be responsible for the repair. Your request will be individually investigated and you will be informed of Nissan's decision.

Please review the "Supplement to the 2026 Nissan Warranty Information Booklet & 2026 Nissan Owner's Manual" for important information concerning consumer rights in your state.

BASIC INFORMATION

The EV system uses high voltage up to 403V. The system can be hot during and after operation. Be careful of both the high voltage and the high temperature. Obey the caution labels that are attached to the vehicle.

Never touch, disassemble, remove or replace high-voltage parts and cables as well as their connectors. High-voltage cables are orange. Touching, disassembling, removing or replacing those parts or cables can cause severe burns or electric shock that may result in serious injury or death.

To avoid personal injury, do not touch high-voltage wiring, connectors or high-voltage parts (inverter unit, lithium-ion battery etc.).

If exposed electric wires are visible inside or outside of your vehicle, an electric shock may occur. Never touch the electric wires.

If the vehicle receives a strong impact to the floor while driving, stop the vehicle in a safe location and check the floor.

If you discover a leak or damage to the lithium-ion battery, contact a NISSAN dealer immediately.

Never touch fluid leaks inside or outside the vehicle. The leak may be lithium manganate from the lithium-ion battery.

If it contacts your skin or eyes, wash it off immediately with a large amount of water or if possible, boric acid solution. Get immediate medical attention to help avoid serious injury.

If a fire occurs in the EV vehicle, leave the vehicle as soon as possible. Never use a fire extinguisher that is not meant for use on electric fires. Using even a small amount of water may also be dangerous.

If your vehicle needs to be towed, do it with the front wheels raised. If the front wheels are on the ground when towing, the motor may generate electricity. This may damage the components of the EV system and cause a fire.

SEE YOUR OWNER'S MANUAL FOR FURTHER DETAILS.

Nissan recommends having maintenance and repairs for your Electric Vehicle performed by an authorized Nissan Electric Vehicle certified dealership. To locate your nearest authorized Nissan Electric Vehicle certified dealership, contact the Nissan Consumer Affairs Department at 1-877-NO GAS EV (1-877-664-2738).

AGREEMENT TO ARBITRATE FOR CALIFORNIA VEHICLES ONLY

NOTICE TO CONSUMER: Nissan North America, Inc., hereby notifies you that it has elected to participate in the procedures outlined in California Code of Civil Procedure Section 871.20, et. seq., which govern civil actions seeking restitution or replacement of a new motor vehicle, as defined by Cal. Civ. Code § 1793.22. Nissan North America, Inc., reserves all its rights afforded under these provisions. If you have any questions or need additional information, please contact 800-647-7261 for assistance.

Please carefully read this Agreement, as it affects your rights and applies to any dispute between you and Nissan North America, Inc. and its affiliates, agents, and authorized service and repair facilities (together "Nissan," "we" or "us"). This Agreement does not preclude you from first pursuing resolution using the complaint resolution program through BBB Auto Line as described above.

If you purchased or leased your vehicle in California, you and we agree that any dispute arising out of or relating to any aspect of the relationship between you and Nissan will not be decided by a judge or jury but instead by a single arbitration administered by either New Era ADR (www.neweraadr.com) or the American Arbitration Association ("AAA") (www.adr.org). Unless modified by this Agreement, New Era ADR's arbitration will follow its Virtual Expedited Arbitration Rules and Procedures (<https://www.neweraadr.com/new-era-adr-expedited-virtual-arbitration-rules-procedures>), while AAA's arbitration will adhere to AAA's Consumer Arbitration Rules (www.adr.org). This includes claims arising out of your warranty and claims arising before or after this Agreement, such as claims related to statements about our products or any and all claims about the performance, design of our products or manufacturing of our products.

If you have a concern or dispute, before initiating arbitration, you must send a written notice describing it and your desired resolution to Nissan North America, Inc., Consumer Affairs Department, P.O. Box 685003, Franklin, TN 37068-5003. Following this notice, either

side may request an individualized informal telephonic dispute resolution conference, which you shall participate in with our designee, and either sides' counsel may also participate. If your concern or dispute is not resolved within 60 days of your notice, a formal arbitration claim may be initiated.

Other than your initial filing fees up to a maximum of \$250, we will pay all fees and costs for any arbitration, which will be held virtually for New Era ADR or in the federal district in which you reside for any in person AAA arbitration. To learn more about the rules and how to begin an arbitration, you may go to www.neweraadr.com for information about New Era ADR or to www.adr.org for information about AAA.

The arbitrator may resolve only disputes between you and Nissan. Any claim or dispute is to be arbitrated by a single arbitrator on an individual basis and not as a class action. To the extent permitted by applicable law, the arbitrator cannot hear class or representative claims or requests for relief on behalf of others and you expressly waive any right you may have to proceed in any class or representative action. If a court or

arbitrator decides that any part of this Agreement cannot be enforced as to a particular claim for relief or remedy (such as injunctive or declaratory relief), then that claim or remedy (and only that claim or remedy) shall be severed and must be brought in court and any other claims must be arbitrated first.

Disputes concerning the validity, application, scope, enforceability, or interpretation of this Agreement will be exclusively decided by the arbitrator. The Agreement and associated proceedings, such as waiver, estoppel, breach, or default, before, during, or after arbitration, will be governed by the Federal Arbitration Act, 9 U.S.C. § 1 et seq., and federal common law, not by any state laws or procedures regarding arbitration. The arbitrator at all times holds the exclusive authority to address challenges to this Agreement, including questions of waiver, estoppel, breach, default, or the validity or scope.

In particular, and without limitation, you and we agree that the provisions of the California Code of Civil Procedure § 1283.05 shall not apply to this Agreement or any associated proceedings. You and we agree that

discovery in arbitration shall be limited to an exchange of relevant documents, one deposition of each party, and the exchange of reports by any party's experts. The arbitrator has the authority to authorize additional discovery if the arbitrator determines a party has shown substantial need for such discovery to adequately arbitrate that party's claims or defenses, and that such additional discovery would not be unduly burdensome and would not unduly delay the arbitration.

If one party files a court action instead of arbitration, all proceedings will be stayed until resolution of any proceedings to compel arbitration, including appeals. If you prefer, you may instead take an individual dispute to small claims court for claims within that court's jurisdiction. Any dispute or claim arising out of or relating to any aspect of the relationship between you and Nissan that is not required to be arbitrated pursuant to this Agreement, including if you opt out of arbitration, must be adjudicated in the state courts in Williamson County, Tennessee, and you and we consent to exclusive jurisdiction and venue in those courts.

IF YOU PURCHASED OR LEASED YOUR VEHICLE IN CALIFORNIA, YOUR WARRANTY IS MADE SUBJECT TO THE TERMS OF THIS BINDING DISPUTE RESOLUTION AND ARBITRATION AGREEMENT. BY USING THE VEHICLE, OR REQUESTING OR ACCEPTING BENEFITS UNDER THIS WARRANTY, INCLUDING HAVING ANY REPAIRS PERFORMED UNDER WARRANTY, YOU AGREE TO BE BOUND BY THESE TERMS.

You may opt out of arbitration within 30 days after the date of initial delivery of your vehicle to you by sending a letter to: Nissan North America, Inc., Consumer Affairs Department, P.O. Box 685003, Franklin, TN 37068-5003, stating your name, Vehicle Identification Number, and intent to opt out of the arbitration provision. If you do not opt out, then this Agreement is binding.

NEW VEHICLE WARRANTIES (WARRANTIES THAT COME WITH THE VEHICLE)

WHO IS THE WARRANTOR

Nissan warrants all parts of your 2026 Nissan vehicle supplied by Nissan, except for those listed elsewhere under the caption "WHAT IS NOT COVERED."

APPLICABILITY

- This warranty is provided to the original and subsequent owner(s) of a Nissan vehicle originally distributed by Nissan which is originally sold by a Nissan authorized Nissan dealership in the United States, and which is registered in the U.S. and normally operated in the United States (including Alaska and Hawaii) and Canada.
- This warranty is generally transferable from the original "owner other than a Nissan dealer" (OWNER) to subsequent owners of the vehicle at any time ownership of the vehicle is transferred, without any action on your part; except that this warranty is not transferable but is instead void if during the first six months after delivery to the original OWNER: (1) ownership of the vehicle is transferred from the original OWNER, and (2) the vehicle is registered outside of the United States.

- Your Nissan vehicle is manufactured to meet U.S. regulations and environmental requirements. With the exception of privately owned vehicles belonging to members of the U.S. military or employees and officers of the United States Government stationed abroad, this warranty does not apply if an otherwise covered vehicle is operated in, or relocated to, a country other than those listed above under this caption, except that it continues to apply if the vehicle is operated in full compliance with its proper use as described in the applicable OWNER'S MANUAL (See the OWNER'S MANUAL for information relevant to proper operation of the vehicle.) while touring outside of the United States, the U.S. territories or Canada for a period not exceeding sixty (60) consecutive days or sixty (60) days in any one 12 month period. Subject to the transferability restriction described above, this warranty applies to a relocated vehicle which is returned to, and is registered and normally operated in the United States, the U.S. territories or Canada, except for conditions due to the vehicle's foreign operation, e.g., use of incompatible charging devices.

Nissan makes available to you, and you are specifically required by Federal Law to use BBB AUTO LINE [(800) 955-5100] before exercising rights or seeking remedies under the Federal Magnuson-Moss Warranty Act, 15 U.S.C. §2301, et. seq. You are not required to first use BBB AUTO LINE if you seek remedies not created by Title I of that Federal law, but are required to first use BBB AUTO LINE if you seek remedies created by state law, including your state's lemon law, if applicable state law provides for using a 703 compliant or similar process before filing suit. Please refer to the pages titled Nissan's Commitment to Customer Satisfaction and Assistance of this booklet and the "Supplement to 2026 Nissan Warranty Information Booklet & 2026 Nissan OWNER'S MANUAL" for additional information.

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS

EXTRA EXPENSES - LIMITATIONS OF DAMAGES This warranty does not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

THE WARRANTY BEGINS

The warranty period begins on the date the vehicle is delivered to the first retail buyer or put into use, whichever is earlier.

FOR HOW LONG AND WHAT IS COVERED

■ BASIC COVERAGE

- The basic coverage period is 36 months/36,000 miles, whichever comes first.
- This warranty applies to each new Nissan vehicle sold and supplied by Nissan and covers any repairs needed to correct defects in materials or workmanship of all physical parts, and physical components of such parts, in covered vehicles other than those items excluded under the heading "WHAT IS NOT COVERED" or, if the part is covered by one of the separate coverages described in the following sections of this warranty, that specific coverage applies instead of the basic coverage.

■ POWERTRAIN COVERAGE

- The Powertrain coverage period is 60 months or 60,000 miles, whichever comes first.
- This warranty covers any repairs needed to correct defects in materials or workmanship.
- Powertrain coverage applies to components listed below, under the headings Drivetrain, Restraint System, and Electric Vehicle System, supplied by Nissan, subject to the exclusions listed under the heading "WHAT IS NOT COVERED".

■ DRIVETRAIN

- Drive shafts, final drive housing, and all internal parts, propeller shafts, universal joints, bearings, seals and gaskets.

■ RESTRAINT SYSTEM

- Air bags and related electronic control systems.

■ ELECTRIC VEHICLE (EV) SYSTEM COVERAGE

- The EV System coverage period is 60 months or 60,000 miles, whichever comes first.

- This warranty covers any repairs needed to correct defects in materials or workmanship.
- EV System Coverage applies to components listed below under the heading EV System, supplied by Nissan, subject to the exclusions listed under the heading "WHAT IS NOT COVERED".
- **EV SYSTEM**
 - Motor, Inverter unit, VCM, Reduction gear, DC/DC converter, Onboard charger, Onboard charger connector, and Trickle charge cable.
- **LITHIUM-ION BATTERY COVERAGE**
 - The lithium-ion battery coverage period is 96 months or 100,000 miles, whichever comes first. This warranty covers any repairs needed to correct defects in materials or workmanship subject to the exclusions listed under the heading "WHAT IS NOT COVERED".
- **LITHIUM-ION BATTERY CAPACITY COVERAGE**
 - In addition to warranty coverage for defects in materials or workmanship, the lithium-ion

battery is also covered against capacity loss. If the capacity level gauge falls below ten segments for ARIYA vehicles or 70% for Leaf vehicles, the battery is warranted for up to 96 months or 100,000 miles, whichever comes first.

- This warranty covers any necessary repairs to restore the lithium-ion battery capacity to at least ten segments for ARIYA vehicles or 70% for Leaf vehicles, as indicated on the battery capacity level gauge. Whenever possible, lithium-ion battery components will be repaired or replaced, and the original battery will be returned to the vehicle. If repairs are not feasible, the battery will be replaced with a new, remanufactured, or factory-reconditioned lithium-ion battery.
- Repairs or replacements under this Lithium-Ion Battery Capacity Coverage may not restore the battery to a like-new condition. However, the coverage ensures the battery will meet or exceed a capacity level of ten segments for

ARIYA and 70% for Leaf vehicles. This warranty is subject to exclusions outlined under the section titled "WHAT IS NOT COVERED."

■ **CAPACITY (%) REMAINING BASED ON SEGMENTS DISPLAYED**

- One to three segments – Greater than or equal to 0%
- Four segments – Greater than or equal to 10%
- Five segments – Greater than or equal to 20%
- Six segments – Greater than or equal to 30%
- Seven segments – Greater than or equal to 40%
- Eight segments – Greater than or equal to 50%
- Nine segments – Greater than or equal to 60%
- Ten segments – Greater than or equal to 70%
- Eleven segments – Greater than or equal to 80%
- Twelve segments – Greater than or equal to 90%

■ SEAT BELT COVERAGE

- This warranty covers any seat belt or related component, supplied by Nissan for use on Nissan vehicles, that fails to function properly during normal use within ten (10) years of the date the vehicle is delivered to the first retail buyer or put into service, whichever is earlier. Warranty repairs are free of charge for parts and labor.

■ What Is Not Covered

- Damage or failure due to misuse, alteration, accident or collision damage. (Proper use is outlined in your Owner's Manual).
- Color fading, spotting or other cosmetic items when the belt is otherwise functioning properly.
- Air bags and related electronic control systems which are covered by the Powertrain warranty.

■ CORROSION COVERAGE (PERFORATION FROM CORROSION)

- Any body sheet metal panel supplied by Nissan found to have developed perforation (rust-through) due to corrosion in normal use is covered for

60 months, regardless of mileage, subject to the exclusions listed under the heading "WHAT IS NOT COVERED". No additional rust proofing applications are required. Perforation is a condition in which any body sheet metal panel has corroded from one surface through to another.

■ TOWING COVERAGE

- If your vehicle is inoperative due to the failure of a warranted part, during any of the New Vehicle Limited warranties, including Emission and Seatbelt warranties, towing service to the nearest authorized Nissan Electric Vehicle certified dealer is covered. Note: For additional information on towing please see Roadside Assistance.

■ ADJUSTMENT COVERAGE

- Service adjustments not usually associated with the replacement of parts, such as wheel alignment, are covered only during the first 12 months or 12,000 miles, whichever comes first.

■ Limited 12 month warranty coverage:

- I-key and key fob batteries are covered for the first 12 months of ownership.

■ Limited 6 month warranty coverage:

- OE wiper blade inserts are covered for the first six months of ownership.

■ REFRIGERANT RECHARGE ONLY COVERAGE

- Refrigerant recharge not associated with the repair or replacement of a warranted part is covered only during the first 12 months, regardless of the mileage.

■ SOFTWARE UPDATES DELIVERED OVER-THE-AIR (OTA)

- During the New vehicle limited warranty period, you will not incur any charges for diagnosis, repair, replacement, or adjustment of covered parts or components that are damaged or do not function as intended as the result of a software update delivered by Nissan over the air. Please reference your Owner's Manual for additional information.

NO CHARGE

Warranty repairs will be made at no charge for parts and/or labor (except for tires, in which case you may pay certain charges as noted above or as described in the applicable tire warranty found later in this booklet). Any needed parts replacement will be made using Genuine Nissan or Nissan approved new or remanufactured parts. Nissan reserves the right to make changes at any time, without notice, to production and service parts in their specifications, colors, and materials, including those used in connection with warranty repairs.

For this reason, when approved by Nissan and at Nissan's discretion, functionally equivalent replacement parts may be used that do not exactly match the original production part.

OBTAINING WARRANTY SERVICE

- You must take the vehicle to an authorized Nissan Electric Vehicle certified dealer in the United States or Canada during regular business hours at your expense in order to obtain warranty service. The names and addresses of authorized Nissan Electric Vehicle certified dealers are listed in telephone directories.

MAINTENANCE, DATA ACCESS, AND RECORDS

As a condition of this warranty, you are responsible for properly using, maintaining and caring for your vehicle as outlined in your OWNER'S MANUAL and your NISSAN Electric Vehicle SERVICE & MAINTENANCE GUIDE, and maintaining copies of all maintenance records & receipts for review by Nissan.

You are also required to provide consent to give Nissan access to data stored on vehicle systems for the purpose of vehicle diagnosis and repair. Failure to do so is likely to result in denial of warranty coverage.

Evidence of the performance of the required maintenance should be kept and presented as proof of such maintenance in connection with related warranty repairs. To assist you in maintaining appropriate records, the maintenance log located in your NISSAN Electric Vehicle SERVICE & MAINTENANCE GUIDE can be used along with supporting repair invoices, receipts and other such records.

CORROSION PROTECTION GUIDELINES

In order to help protect your vehicle against corrosion, it is important that you care for your vehicle regularly, following these suggestions:

- Wash your vehicle regularly using cold clean water and a mild vehicle wash soap.
- If insects, tar or other similar deposits have accumulated on your vehicle, wash it as soon as possible.
- If you drive on salted or dust controlled roads, or if you drive near the ocean, hose off the under carriage at least once a month.
- It is important that the drain holes in the lower edges of the doors and rocker panels be kept clear.
- If you detect any stone chips or scratches in the paint, touch them up immediately.
- If you do much driving on gravel roads, consider installing mud or stone shields behind each wheel.
- If your Nissan is damaged due to an accident or similar cause which destroys the paint and protective

coating, have your vehicle repaired as soon as possible. The cost of such repairs is considered the responsibility of the owner.

- This corrosion warranty does not cover non-genuine sheet metal parts or damage caused by the installation of such non-genuine sheet metal parts.

SEE YOUR OWNER'S MANUAL FOR FURTHER DETAILS.

WHAT IS NOT COVERED

GENERAL EXCLUSIONS

This warranty does not cover damage, failures or corrosion resulting from or caused by:

- Failure to operate the vehicle in accordance with the OWNER'S MANUAL.
- Misuse, such as overloading, using the vehicle to tow or driving over curbs.
- Using the vehicle as a power source with equipment not authorized by Nissan as outlined in the Owner's Manual.

- Failure of a component not covered by warranty.
- Racing and competitive driving.
- Damage caused by car washes and pressure washers.
- Theft, vandalism, fire, flooding, or immersion of battery in water or fluids.
- Accident, collision, or being towed (Flat bed recommended).
- Repairs performed by anyone other than a Nissan Electric Vehicle certified dealer.
- Glass breakage, unless resulting from defects in material or workmanship.
- Normal wear and tear, including dings, dents, chips, or scratches.
- Embedded or installed software and/or firmware, and updates thereto, are not covered under this warranty. Such software/firmware is licensed, and not sold, to you. See End User License Agreement at <https://www.nissanusa.com/owners/ownership> for details, terms and conditions.

Note: Complaints related to failure to comply with proper use of the vehicle as described in the applicable OWNER'S MANUAL (including the lack of availability or use of proper fluid), or the vehicle's lack of compliance with local regulations or environmental requirements of any country (other than the U.S. or Canada) are NOT covered by this warranty.

DAMAGE OR FAILURES DUE TO ALTERATION OR MODIFICATION

This warranty does not cover damage, failures or corrosion resulting from or caused by:

- Alteration, tampering, or improper repair.
- Installation of non-Nissan approved accessories or components.
- Improper installation of any Nissan approved after-market accessory or component.
- A vehicle whose odometer mileage has been altered, or the odometer repaired or replaced and the actual vehicle mileage cannot be correctly and readily determined.

SALVAGE TITLE

This limited warranty does not apply to any vehicle, and is rendered void if the vehicle is (or ever has been) issued a "salvage" or similar title under any state's law; or has ever been determined to be a "total loss" or equivalent by any insurance company, such as by payment of a cash payment of claim in lieu of repairs because of a determination that the cost of repairs exceeded the actual cash value of the vehicle.

LITHIUM-ION BATTERY

This warranty does not cover damage or failures resulting from or caused by:

- Exposing a vehicle to ambient temperatures above 120F (49C) for over 24 hours.
- Storing a vehicle in temperatures below -13F (-25C) for over seven days.
- Leaving your vehicle for over 14 days where the lithium-ion battery reaches a zero or near zero state of charge.
- Physically damaging the lithium-ion battery or intentionally attempting to reduce the life of the lithium-ion battery.

- Exposing the lithium-ion battery to contact with a direct flame.
- Immersing any portion of the lithium-ion battery in water or fluids.
- Opening the lithium-ion battery enclosure or having it serviced by someone other than a Nissan Electric Vehicle certified technician.
- Neglecting to follow correct charging procedures.
- Use of incompatible charging devices.
- Consequential damage caused by the failure to repair an existing problem.

GRADUAL CAPACITY LOSS

The lithium-ion battery (EV battery), like all lithium-ion batteries, will experience gradual capacity loss with time and use. Loss of battery capacity due to or resulting from gradual capacity loss is NOT covered under this warranty beyond the terms and limits specified in the LITHIUM-ION BATTERY CAPACITY COVERAGE above. See your OWNER'S MANUAL for important tips on how to maximize the life and capacity of the "Lithium-ion battery."

DAMAGE, FAILURES OR CORROSION FROM ENVIRONMENTAL CONDITIONS

This warranty does not cover damage, failures or corrosion resulting from or caused by:

- Stone chipping, chemical fallout (acid rain), tree sap, salt, hail, windstorm, lightning, flood or other environmental conditions.
- The items listed below are not covered under corrosion coverage (perforation from corrosion).
 - Corrosion of outer trim parts, such as moldings. However, corrosion of outer trim parts is warranted for 12 months or 12,500 miles, whichever comes first.
 - Corrosion other than perforation, such as cosmetic or surface corrosion due to defects in materials or workmanship. This is covered under the Basic Coverage of the New Vehicle Limited Warranty.
 - Special bodies or equipment not manufactured or supplied by Nissan.

DAMAGE, FAILURES OR CORROSION DUE TO LACK OF OR IMPROPER MAINTENANCE

This warranty does not cover damage, failures or corrosion resulting from or caused by:

- Lack of performance of proper maintenance services as outlined in your NISSAN Electric Vehicle SERVICE & MAINTENANCE GUIDE.
- Use of improper or dirty fluids or lubricants.
- Use of parts not equivalent in quality or design to parts supplied by Nissan.

MAINTENANCE SERVICE EXPENSE

This warranty does not cover normal maintenance services as specified in your NISSAN Electric Vehicle SERVICE & MAINTENANCE GUIDE such as cleaning and polishing, wheel alignment, headlight aiming, replacement of filters, replacement of windshield wiper inserts, lubricants, coolant, worn brake pads, drums and rotors.

PREFACE

These warranties are provided to the ultimate purchaser and subsequent purchaser(s) of California and 50-state emission equipped 2026 model year Nissan electric vehicles sold for registration as new vehicles in California, Massachusetts, New York, Oregon, Vermont or Washington only.

Throughout this Limited Propulsion Warranty, "vehicle" means a Nissan model electric vehicle.

EXTRA EXPENSES - LIMITATIONS OF DAMAGES

This warranty does not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions

may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

BASIC INFORMATION

The following statement is required to be provided by regulations of the California Air Resources Board.

CALIFORNIA WARRANTY STATEMENT:

Your Warranty Rights and Obligations

The California Air Resources Board is pleased to explain the zero-emission vehicle warranty on your 2026 vehicle. In California, new zero emission vehicles must be designed and built in accordance with State regulations. Nissan must provide warranty coverage for the propulsion-related parts on your vehicle, including the high voltage battery, for the periods of time listed below, provided the failure was not caused by abuse, neglect or improper maintenance of your vehicle.

Your propulsion-related parts may include parts such as the electric drive motor, inverter, high voltage battery, onboard charger, and associated electronic control units, wiring, and sensors. Where a condition covered by the warranty exists, Nissan will repair your vehicle at no cost to you, including diagnosis, parts, and labor.

MANUFACTURER'S WARRANTY COVERAGE

- For 36 months or 50,000 miles (whichever first occurs)
 - If any propulsion-related part on your vehicle is defective, the part will be repaired or replaced by Nissan. This is your short-term California propulsion defects warranty.
- For 84 months or 70,000 miles (whichever first occurs)
 - If any propulsion-related part listed in this warranty booklet specifically noted with coverage for 84 months or 70,000 miles is defective, the part will be repaired or replaced by Nissan. This is your long-term California propulsion defects warranty.

- For 96 months or 100,000 miles (whichever first occurs)
 - If any high voltage battery is defective, the part will be repaired or replaced by Nissan. This is your high voltage battery warranty. The lithium-ion battery coverage period is 96 months or 100,000 miles, whichever comes first. This warranty covers any repairs needed to correct defects in materials or workmanship subject to the exclusions listed under the heading "WHAT IS NOT COVERED". The lithium-ion battery is also warranted against capacity loss below ten segments for ARIYA and 70% for Leaf vehicles for 96 months or 100,000 miles, whichever comes first. Any use of an add-on or modified part exempted by the California Air Resources Board from the prohibitions of Vehicle Code section 27156 shall not, solely by its presence or installation on the vehicle, be grounds for disallowing a battery warranty claim.

OWNER'S WARRANTY RESPONSIBILITIES

- As the vehicle owner, you are responsible for the performance of the required maintenance listed in your owner's manual. Nissan recommends that you retain all receipts covering maintenance on your vehicle, but Nissan cannot deny warranty coverage solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.
- You are responsible for presenting your vehicle to a Nissan authorized warranty facility as soon as a problem exists. The warranty facility should complete the necessary repairs in a reasonable amount of time, which is usually no longer than 30 days.
- As the vehicle owner, you should also be aware that Nissan may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance, or unapproved modifications.

- If you have any questions regarding your warranty rights and responsibilities, you should contact Nissan's Consumer Affairs Department at 1-800-NISSAN-1 (1-800-647-7261) or the California Air Resources Board at 1-800-242-4450 or helpline@arb.ca.gov.

PROPULSION RELATED PART

WHAT IS COVERED

Nissan warrants that your vehicle was designed, built and equipped to conform, at the time of its initial sale, with all applicable requirements of the California Air Resources Board and is free from defects in materials and workmanship which cause the failure of a warranted part to be identical in all material aspects to the part as described in the vehicle manufacturer's application for certification for the coverage periods described below.

This warranty covers any part which directly affects the ability to re-charge the vehicle, store energy for the vehicle (excluding the battery) propel the vehicle (excluding the wheel and tire assemblies), or recover or recoup vehicle kinetic

energy. These parts include: drive motors, wheel motors, inverters, converters, on-board charging system components and regenerative braking system components and the power electronics, electronic control units, & thermal management systems of such components and systems providing propulsion, thermal management, recharging, and energy storage, conversion, and related diagnostics.

Nissan will also cover damages to other vehicle components proximately caused by a failure of a warranted part during the propulsion-related part warranty period. If any part covered by propulsion-related part warranty fails during the period of coverage, it will be repaired or replaced by Nissan and any such part repaired or replaced under the warranty will be warranted for the remaining warranty period. Any use of an add-on or modified part exempted by the California Air Resources Board from the prohibitions of Vehicle Code section 27156 shall not, solely by its presence or installation on the vehicle, be grounds for disallowing a propulsion warranty claim. However, Nissan will not warrant failures of parts caused by the use of such an add-on or modified part.

Exceptions to this warranty are listed below under the caption "WHAT IS NOT COVERED."

HOW LONG IS THE WARRANTY

This California propulsion warranty is for 36 months or 50,000 miles, whichever occurs first. Additionally, the components listed under the caption "Long-Term Propulsion System Warranty Parts List" are covered for 84 months or 70,000 miles, whichever occurs first. The warranty begins the date the vehicle is delivered to the first retail buyer or put into use, whichever is earlier.

Some items require scheduled replacement before 50,000 miles. These items are warranted only up to the replacement interval. The replacement intervals are outlined in the maintenance instructions in your Nissan Owner's Manual. Any warranted part that is scheduled only for regular inspection is warranted for the applicable warranty period, and a statement of "repair or replace as necessary" will not reduce the period of warranty coverage. Any such part required or replaced under warranty is warranted for the remaining warranty period.

The lithium-ion battery coverage period is 96 months or 100,000 miles, whichever comes first. This warranty covers any repairs needed to correct defects in materials or workmanship subject to the exclusions listed under the heading "WHAT IS NOT COVERED". The lithium-ion battery is also warranted against capacity loss below ten segments for ARIYA and 70% for Leaf vehicles for 96 months or 100,000 miles, whichever comes first. Any use of an add-on or modified part exempted by the California Air Resources Board from the prohibitions of Vehicle Code section 27156 shall not, solely by its presence or installation on the vehicle, be grounds for disallowing a battery warranty claim.

WHAT IS NOT COVERED UNDER CALIFORNIA PROPULSION SYSTEM LIMITED WARRANTY

These warranties do not cover:

1. Normal maintenance, service and parts replacement as outlined in the instructions of your Owner's Manual.
2. Failures directly caused by:
 - Failure to perform required maintenance as outlined in your Owner's Manual. While Nissan recommends required maintenance be performed by an authorized dealer, warranty coverage will not be denied solely because required maintenance is performed by the owner, by a service establishment of the owner's choosing, or by a person or persons of the owner's choosing.
 - Misuse, accident or modification.
 - Improper adjustment or installation of parts during the performance of maintenance services.

- Tampering with or disconnecting any part affecting propulsion systems.
- Fuel, fluids, or lubricants that are contaminated or that do not meet the specification as outlined in your Owner's Manual.
- 3. Parts not supplied by Nissan or damage to other parts caused directly by non-Nissan parts.

LONG-TERM PROPULSION SYSTEM WARRANTY PARTS LIST

Leaf

- 4-Way Valve Assembly
- A/C Amplifier Control Unit
- A/C Compressor Assembly
- A/C Condenser Assembly

- Steering Angle Sensor
- Traction Battery Fuse Box
- Vehicle Control Module (VCM)

REPLACEMENT PART WARRANTIES (WARRANTIES ON SERVICE PARTS)

PREFACE

Actual warranty is provided by the dealer at time of purchase and should be read carefully. This warranty is subject to change and the applicable warranty will be that which is in effect on the date of purchase.

WHAT IS COVERED

Nissan warrants to correct defects in materials or workmanship in all Genuine Nissan replacement parts and Genuine Nissan Accessories, distributed by Nissan North America in the United States, installed and used on Nissan (if an appropriate use and application of the part or accessory) vehicles only, except as described under the caption below, "WHAT IS NOT COVERED."

This warranty covers any repairs needed to correct defects in materials or workmanship.

HOW LONG IS THE WARRANTY

Except for replacement audio components, this warranty is for 12 months or 12,000 miles from the date of installation or purchase, whichever is

earlier. However, the warranty on Genuine Nissan replacement parts and Genuine Nissan Accessories installed during the Nissan New Vehicle Limited Warranty will extend through, and will not end before, the end of that original warranty.

REPLACEMENT AUDIO COMPONENTS

A replacement Radio, Amplifier Navigation, Bluetooth®, Control Unit, or Compact Disc Player/Auto Changer supplied by Nissan is covered for 12 months from the time of installation or the balance of the Basic Vehicle Warranty as it applies to audio components, whichever is greater.

WHAT IS NOT COVERED

This warranty does not cover:

1. Tires. The warrantor of the tires is the tire manufacturer.
2. Normal maintenance service and parts replacement as outlined in the maintenance schedule of your OWNER'S MANUAL.

3. Damage or failures of parts resulting from:

- Misuse (your OWNER'S MANUAL is your guide to proper use).
- Accident, theft, fire, driving through water resulting in water ingestion.
- Chemical fallout, tree sap, salt, sand, hail, flood or other environmental conditions.
- Modification or improper repair of the part or of the vehicle in which the part is installed.
- Use of parts not equivalent in quality or design to parts supplied by Nissan.
- Lack of performance of required maintenance services as outlined in your OWNER'S MANUAL.
- Use of improper or dirty fluids or lubricants.
- Normal wear and tear, including dings, dents, chips or scratches.

4. **SALVAGE TITLE.** This warranty does not cover damage, failures or corrosion to any Nissan replacement part or Genuine Nissan Accessory, installed in the vehicle, if the vehicle is issued a "salvage" or similar title. (This exclusion does not extend to new Genuine Nissan replacement parts or Genuine Nissan Accessories, installed in a Nissan vehicle after the issuance of a "salvage" or similar title.)

WHAT YOU MUST DO

In order to obtain warranty service you must deliver the warranted part or accessory, or the vehicles, on which the part or accessory is installed, to an authorized Nissan Electric Vehicle certified dealer in the United States or Canada at your expense with proof of purchase (parts invoice or service repair order from an authorized Nissan dealer).

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS

EXTRA EXPENSES - LIMITATIONS OF DAMAGES

This warranty does not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND LEGAL RIGHTS

You must also pay for labor charges to remove and replace the part or accessory if it was not originally installed on your vehicle by an authorized Nissan dealer.

WHAT NISSAN WILL DO

If the part or accessory to be repaired was originally installed by an authorized Nissan dealer, it will be removed and reinstalled after repair at no charge for parts and labor. If the part or accessory was not installed by an authorized Nissan dealer, the part or accessory will be repaired or exchanged only. Any needed parts replacement will be made using Genuine Nissan or Nissan approved new or remanufactured parts. Nissan reserves the right to make changes at any time, without notice, to production and service parts in their specifications, colors, and materials, including those used in connection with warranty repairs. For this reason, when approved by Nissan and at Nissan's discretion, functionally equivalent replacement parts may be used that do not exactly match the original production part.

PREFACE

Actual warranty is provided by the dealer at time of purchase and should be read carefully. This warranty is subject to change and the applicable warranty will be that which is in effect on the date of purchase.

WHAT IS COVERED?

Nissan warrants your Genuine Nissan Replacement 12V Battery as described below except as stated under "What is not covered?"

This warranty covers defects in materials and workmanship. (Does not apply to Lithium-Ion Battery; see Lithium-Ion Warranty.)

HOW LONG IS THE WARRANTY AND WHAT WILL NISSAN DO

If your 12V battery becomes unserviceable within the first 24 months of service Nissan will replace your 12V battery, including labor, without charge, providing the 12V battery was originally installed in your vehicle by an authorized Nissan dealer.

If the 12V battery becomes unserviceable after 24 months of use, Nissan will provide a replacement 12V battery at a

reduced price. The amount that Nissan will cover will decline over time until the 84 month mark. This is called a "pro-rata adjustment." You will be responsible for all labor charges for the replacement of the 12V battery.

This warranty and the pro-rata adjustment end 84 months after the date of the 12V battery's purchase or installation, whichever is earlier. However, the warranty on a Genuine Nissan replacement 12V battery installed during the Nissan New Vehicle Limited Warranty will extend through, and will not end before, the end of that original warranty.

WHAT IS NOT COVERED?

This warranty does not cover:

1. Damage or failure resulting from:
 - Accident, theft, fire or freezing.
 - Misuse of the 12V battery or vehicle in which it is installed, including use in applications for which the 12V battery was not designed. Proper use is described in the vehicles OWNER'S MANUAL.
 - Improper installation or 12V battery charging.

- Vehicle electrical malfunctions not covered by your New Vehicle Limited Warranty.
 - Modification or improper repair of the vehicle or a part of the vehicle.
 - Use of parts not equivalent in quality or design to parts supplied by Nissan.
 - Environmental conditions, including, but not limited to flood, and salt spray or salt water.
2. Normal maintenance service and recharging of discharged batteries.
 3. 12V batteries in service more than 84 months.
 4. Salvage Title. This warranty does not cover damage, failure, or corrosion to any Genuine Nissan 12V battery installed in the vehicle, if the vehicle is issued a "salvage" or similar title under any state's law, and this warranty is rendered void for any 12V battery installed in a vehicle prior to the vehicle being issued a "salvage" or similar title unless state law expressly states otherwise. (This exclusion does not extend to a new Genuine Nissan 12V battery installed in the vehicle after the issuance of a "salvage" or similar title).

WHAT YOU MUST DO

In order to obtain warranty service, you must deliver the warranted 12V battery or the vehicle in which the 12V battery is installed to an authorized Nissan Electric Vehicle certified dealer in the U.S. or Canada at your expense, with proof of purchase (parts invoice or service repair order from an authorized Nissan dealer). Please visit www.Nissanusa.com to obtain the names and address of authorized Nissan dealers nearest to you.

If the "pro-rata adjustment" applies, you must pay for the applicable portion of the cost of the 12V replacement battery.

The amount you pay is computed in two steps:

- First, the customer pay percentage is determined from the chart shown below based upon the months of actual battery service.
- Second, the current suggested retail price of the new battery is multiplied by the customer pay percentage. For example, should the battery fail after 40 months of service you would pay 50% of the suggested retail price of the new battery.

Customer Pay Percentage

Months In Service (Based on Replacement Battery Purchase Date) – 0–24 Months

- Nissan Part Coverage % (pro-rata) – 0%
- Labor – 0%

Months In Service (Based on Replacement Battery Purchase Date) – 25–32 Months

- Nissan Part Coverage % (pro-rata) – 25%
- Labor – 100%

Months In Service (Based on Replacement Battery Purchase Date) – 33–50 Months

- Nissan Part Coverage % (pro-rata) – 50%
- Labor – 100%

Months In Service (Based on Replacement Battery Purchase Date) – 51–84 Months

- Nissan Part Coverage % (pro-rata) – 75%
- Labor – 100%

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS REGARDING EXTRA EXPENSES/ LIMITATIONS OF DAMAGES

This warranty does not cover incidental or consequential damages such as, but not limited to, loss of wages or loss of use of the vehicle, inconvenience, or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE IS LIMITED TO THE DURATION OF THE LIMITED WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which may vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

PREFACE

Actual warranty is provided by the dealer at time of purchase and should be read carefully. This warranty is subject to change and the applicable warranty will be that which is in effect on the date of purchase.

WHAT IS COVERED

Nissan warrants to the first retail purchaser ("Original Repairing Vehicle Owner"), that Nissan will either repair or replace the Genuine Nissan Outer Sheet Metal Panels you install or have installed on your Nissan vehicle should the purchased panels develop inside out rust through corrosion perforation. Replacement sheet metal panels must be installed on vehicles owned and operated in the United States and Canada. Nissan warrants to the Original Repairing Vehicle Owner that the replacement and refinishing of panels will be carried out at no cost to the Original Repairing Vehicle Owner subject to the exclusions listed below under the heading What is not Covered.

WHAT IS NOT COVERED

This warranty becomes void when damage results from:

1. Accidents, collision, faulty installation, or any alteration to the panel, panels, or vehicle that could be reasonably expected to affect the performance of the covered panels.
2. Environmental pollution or conditions, including acid rain, hail, or lightning.
3. Vehicle neglect, abuse, or use of the vehicle for unintended purposes.
4. Stone chips, scratches, or other paint damage that lead to surface rust damage.
5. Cleaning and polishing agents, chemicals, and solvents, including improper undercoating or use of other rust prevention materials.

WHAT YOU MUST DO

The purchaser must present the Nissan Lifetime Replacement Panel Corrosion Warranty Form, original receipts and/or repair orders, and personal identification to a Nissan Electric Vehicle certified

dealership in order to invoke this warranty. The dealership will then authorize the replacement of the panels at a Nissan dealership's collision repair shop or an independent collision repair shop.

WHAT NISSAN WILL DO

Nissan will pay for the cost of the repair, including parts, labor, paint, and supplies necessary to repair or replace and refinish the panels purchased.

Only authorized Nissan dealership personnel or authorized Nissan personnel can approve a repair or replacement under this warranty. Nissan will pay for the cost of the repair, including parts, labor, paint, and supplies necessary to repair or replace and refinish the panels purchased.

The repair may be completed at an authorized Nissan dealership's collision repair shop or an independent collision repair shop that will install Genuine Nissan replacement parts.

**LIMITATION OF WARRANTIES AND OTHER
WARRANTY TERMS AND STATE LAW
RIGHTS**

**EXTRA EXPENSES - LIMITATIONS OF
DAMAGES**

This warranty does not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

**ANY IMPLIED WARRANTY OF
MERCHANTABILITY AND FITNESS FOR A
PARTICULAR PURPOSE SHALL BE
LIMITED TO THE DURATION OF THIS
WRITTEN WARRANTY.**

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

PREFACE

Actual warranty is provided by the dealer at time of purchase and should be read carefully. This warranty is subject to change and the applicable warranty will be that which is in effect on the date of purchase.

WHO IS THE WARRANTOR

Nissan warrants NISSAN GENUINE and VALUE ADVANTAGE® brake products (Brake Pads, Brake Rotors, Brake Drums, and Brake Shoes) of your Nissan vehicle supplied by Nissan.

WHAT IS COVERED AND FOR HOW LONG

NISSAN GENUINE and VALUE ADVANTAGE® brake products (Brake Pads, Brake Rotors, Brake Drums, and Brake Shoes) are warranted against defects in workmanship and/or materials for 36 months/36,000 miles, whichever occurs first, for both parts and labor.

Brake products sold over-the-counter for independent repair facility (IRF) or owner installation are warranted against defects

in workmanship or materials for 36 months or 36,000 miles, whichever occurs first, for parts (exchange) only.

WHAT IS NOT COVERED

- Normal wear, tear or maintenance of the component(s).
- Non-Nissan parts, components or equipment.
- The cost(s) of any repairs or adjustments that might be caused by or needed because of the use or installation of any non-Nissan parts, equipment, materials or additives.
- The costs of repairing damage or conditions caused by fire or accident; by abuse, negligence or misuse; by improper adjustment, alteration or failure to maintain the vehicle on which parts are installed; or corrosion or damage caused by the use of caustic materials.
- Parts installed on a vehicle used for racing or competition, nor do they cover the repair of any damage or conditions caused by racing or competition.
- The costs of repairing or replacing any part due to damage caused by poor or improper maintenance, contaminated fuels, or the use of fuels, oils, lubricants or fluids of a type other than those recommended in your Owner's Manual.
- The costs of damage caused by environmental factors or Acts of God. "Environmental factors" include such items as airborne fallout, chemicals, tree sap, salt, ocean spray and road hazards. "Acts of God" include such things as hail, floods, windstorms, lightning, tornadoes, sandstorms and earthquakes.
- Parts installed on a vehicle that has had its odometer or emissions systems tampered with or disconnected, or that has been declared a total loss by any insurance company, or is rebuilt after being declared a total loss; or is issued a certificate of title indicating that it is designated as "salvage," "junk," "rebuilt" or words of similar import. Warranty coverage will be denied without notice if found that a vehicle is ineligible for warranty coverage because it has been salvaged or declared a total loss as set forth in this paragraph.

- Any incidental or consequential damages connected with the failure of the part under warranty. Such damages include lost time; inconvenience; the loss of the use of your vehicle; the cost of rental cars, towing, gasoline, telephone, travel or lodging; the loss of personal or commercial property; or the loss of revenue. This warranty does not cover applicable taxes.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

OBTAINING WARRANTY SERVICE

You must take the vehicle to an authorized Nissan dealer in the United States or Canada during regular business hours at your expense in order to obtain warranty service. Please visit Nissanusa.com to obtain the names and address of authorized Nissan dealers nearest to you.

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS

EXTRA EXPENSES - LIMITATIONS OF DAMAGES

This warranty does not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

PREFACE

Actual warranty is provided by the dealer at time of purchase and should be read carefully. This warranty is subject to change and the applicable warranty will be that which is in effect on the date of purchase.

WHAT IS COVERED AND FOR HOW LONG

Nissan warrants to correct defects in materials or workmanship, or for failure due to normal wear and tear, of all replacement **Genuine Nissan** vehicle suspension system **shock absorbers** and **strut assemblies** installed on Nissan vehicles only, except as described under the caption below, "WHAT IS NOT COVERED". **THE LIFETIME FEATURE OF THIS WARRANTY APPLIES ONLY IF** the parts are purchased and paid for by the owner of the vehicle on which they are installed, and only if they are installed by an authorized Nissan dealer, for as long as the original purchaser of the replacement **shock absorber** and/or **strut assembly** owns the Nissan vehicle on which the parts are installed.

IMPORTANT: The lifetime feature of this warranty does not apply to parts (a) paid for in whole or in part by Nissan, to include warranty replacement, campaigns or goodwill adjustments, or (b) which are paid for under the terms of any service contract. Such parts are instead warranted against defects in material or workmanship only (but not failure due to normal wear and tear) for 12 months or 12,000 miles from the date of installation or purchase, whichever is earlier. In no case shall the warranty from defects in material or workmanship end prior to the end of the applicable Nissan New Vehicle Limited Warranty on the Nissan vehicle on which the parts are installed, had the part(s) been installed in the vehicle at manufacture.

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS

EXTRA EXPENSES - LIMITATIONS OF DAMAGES

This warranty does not cover incidental or consequential damages such as loss of the use of a vehicle, substitute transportation, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Nissan does not authorize any person to create for it any other warranty, obligation or liability in connection with the part(s) subject to this express limited warranty.

WHAT IS NOT COVERED

This warranty does not cover:

1. Damage or failure(s) of parts resulting from:
 - Misuse (your OWNER'S MANUAL is your guide to proper use.)
 - Accident, theft, fire, driving through water.
 - Salt, sand, flood or other environmental conditions.
 - Modification or improper repair of the part or of the vehicle in which the part is installed.
 - Use of parts not equivalent in quality or design to parts supplied by Nissan.
2. Salvage Title. This warranty does not apply and is rendered VOID if the vehicle is issued a "salvage," "flood," or similar title under any state's law after the part(s) is purchased unless state law expressly states otherwise. (This exclusion does not extend to new Genuine Nissan shock absorbers or strut assemblies purchased and installed in the vehicle after the issuance of a "salvage," "flood," or similar title.)

WHAT YOU MUST DO

In order to obtain lifetime limited warranty service, bring your vehicle, proof-of-purchase (service repair order from an authorized Nissan Electric Vehicle certified dealer in the United States) and personal identification (driver's license, etc.) to any authorized Nissan Electric Vehicle certified dealer in the United States. Please visit www.Nissanusa.com/ to obtain the names and address of authorized Nissan dealers nearest to you.

WHAT NISSAN WILL DO

If the lifetime feature of this warranty applies to a Genuine Nissan Original Equipment **shock absorber** or **strut assembly** it will be removed and reinstalled after repair at an authorized Nissan dealer at no charge for parts or labor.

Otherwise a warranted Genuine Nissan Original Equipment **shock absorber** or **strut assembly** will be exchanged only unless you can provide proof that it was originally installed by a Nissan dealer, in which case it will be removed and reinstalled after repair at no charge to

you for parts or labor during the term of the warranty. Any needed parts replacement or exchange will be made using new or remanufactured parts at Nissan's option.

OTHER WARRANTIES AND SERVICES

WHO IS THE WARRANTOR

The warrantor of the tires supplied as original equipment on your new Nissan vehicle is the tire manufacturer or tire distributor of your specific tires. Nissan is **NOT** the warrantor of your original equipment tires. The warrantor for each of the tire brands which may be installed as original equipment on your new Nissan is listed below.

- **Bridgestone Firestone North American Tire LLC**
535 Marriott Dr.
Nashville, Tennessee 37214
1-800-847-3272
<http://www.bridgestone-firestone.com>
- **Goodyear Tire & Rubber Company**
(Goodyear and Dunlop Tires)
1144 E. Market Street
Akron, Ohio 44316
1-800-321-2136
<http://www.goodyear.com>

WHAT IS COVERED

The tire manufacturer's warranty statement for the specific tires supplied as original equipment on your vehicle may be found on their website.

WHAT YOU MUST DO

Please refer to the following pages for important safety information.

To obtain information on tire warranties and tire dealer service locations or for customer service, contact the appropriate warrantor listed above.

In order to obtain warranty service, you must present the unserviceable tire to an authorized Nissan dealer or to an authorized dealer of the warrantor in the United States or Canada. Your Nissan dealer will also assist you with your tire service requirements or in obtaining tire warranty service from the tire manufacturer.

PREFACE

Provided by and published at the request of the tire manufacturers/warrantors.

BASIC INFORMATION

Any tire, no matter how well constructed, may fail due to improper maintenance or service factors. This could create a risk of property damage and serious or fatal injury. Disregarding any of the safety precautions and instructions contained in this manual may result in tire failure or explosion causing serious personal injury or death. For your safety, comply with the following:

TIRE INFLATION

Keep tires inflated to the pressures recommended on the tire data placard. (See your Owner's Manual for location.) These inflation pressures must be maintained as a minimum. However, do not exceed the maximum pressure rating indicated on the tire sidewall.

CHECK INFLATION PRESSURES ON ALL YOUR TIRES, INCLUDING THE SPARE, WHEN TIRES ARE COLD, AT LEAST ONCE A MONTH BEFORE DRIVING.

Failure to maintain correct inflation may result in improper vehicle handling and may cause rapid and irregular tire wear, sudden tire destruction, loss of vehicle control and serious personal injury. Therefore, inflation pressures should be checked at least once a month and always prior to long distance trips.

Pressures should be checked when tires are cold. The tires are cold when your vehicle has been driven less than a mile at moderate speed after being stopped for three or more hours.

CHECKING PRESSURE WHEN TIRES ARE HOT

If you must add air when your tires are hot, add 4 psi (28 kPa) above the recommended cold air pressure. Recheck the inflation pressure when the tire is cold.

For Example Only:

Gauge reading of hot tire: 32 psi

If recommended pressure is: 30 psi

Desired gauge reading of hot tire 30 psi + 4 psi = 34 psi

Check cold pressures as soon as possible, at least by the next day. Never "bleed" air from hot tires as your tire will be underinflated. Use an accurate tire gauge to check pressures. Never allow children to air up tires.

DRIVING ON ANY TIRE THAT DOES NOT HAVE THE CORRECT INFLATION PRESSURE IS DANGEROUS. For replacement tires, the correct inflation pressure will be provided by your tire dealer. If not, refer to the vehicle decal.

Underinflation produces extreme flexing of the sidewalls and builds up heat which may result in sudden tire destruction and serious personal injury. Overinflating can cause the tire to be more susceptible to impact damage.

LOAD LIMITS

DO NOT OVERLOAD. DRIVING ON ANY OVERLOADED TIRE IS DANGEROUS. Never load your tires beyond the load carrying limits molded into the sidewall of the tires or the maximum vehicle load limit as shown on the vehicle tire data placard, whichever is less. Overloading causes heat to build up which can lead to sudden tire failure and serious personal injury.

SPEED LIMITS AND SPEED RATED TIRES

HIGH SPEED DRIVING CAN BE DANGEROUS.

Never operate your vehicle in excess of lawful speeds or the maximum speeds justified by the driving conditions. Excessive speeds or racing can cause heat buildup in a tire leading to possible failure and serious personal injury.

Correct inflation pressure is especially important.

However, at high speeds, even with the correct inflation pressure, a road hazard, for example, is more difficult to avoid and if contact is made, there is a greater chance of causing tire damage than at the lower speed. Moreover, driving at high speed reduces the reaction time available to avoid accidents and bring your vehicle to a safe stop. If you see any damage to a tire or wheel, replace it with your spare tire and see your tire dealer at once.

Tire speed ratings do not imply that a vehicle can be safely driven at the maximum speed for which the tire is rated. In addition, some damages or improper repairs may cause a speed-rated tire to lose its speed rating.

Exceeding the tire's maximum speed rating will cause the tire to build up excessive heat which can cause tire damage that could result in sudden tire destruction and rapid air loss. Failure to control a vehicle with sudden air loss can lead to an accident. In any case, you should not exceed reasonable speeds as indicated by the legal limits and driving conditions.

SPEED SYMBOLS

Are shown on the sidewall of some tires. The following table shows the maximum speed corresponding to the symbol.

SPEED RATINGS

†Speed Maximum Rating	Speed mph	km/hr
M	81	130
N	87	140
P	93	150
Q	99	160
R	106	170
S	112	180
T	118	190
H	130	210
V*	149	240
Z**	149	240

***Some V (or VR) rated tires may have a speed capacity of greater than 149 mph (240 km/h).** Consult your tire manufacturer for maximum speed ratings if your vehicle capability exceeds this speed.

****Z (or ZR) rated tires are designed for use on cars with maximum speed capabilities in excess of 149 mph (240 km/h).** Consult your tire manufacturer for maximum speed capabilities.

†Although a tire may be speed rated, we do not endorse the operation of any vehicle in an unsafe or unlawful manner. Speed ratings are based on laboratory tests which relate to performance on the road, but are not applicable if tires are underinflated, overloaded, worn out, damaged, altered, improperly repaired, or retreaded. Furthermore, tire speed ratings do not imply that vehicles can be safely driven at the maximum speed for which the tire is rated, particularly under adverse road and weather conditions or if the vehicle has unusual characteristics. Most highway passenger tires that do not have a speed symbol in the sidewall have a maximum speed rating of 105 mph (170 km/h). Light truck highway tires that

do not have a speed symbol on the sidewall of the tire have a maximum speed of 87 mph (140 km/h).

IMPORTANT: *In order to maintain the speed capability of the vehicle, replacement tires must have speed ratings equal to or higher than those fitted as original equipment (as indicated on the vehicle placard or Owner's Manual). If tires with lower speed ratings are fitted, the speed capability of the vehicle will be lowered to the maximum speed capability of the replacement tire as indicated on the above table.*

Remember...High speed driving can be dangerous and may be damaging to your tires.

And...When driving at highway speeds, correct inflation pressure is especially important.

Contact the manufacturer of your tires for their position and assistance on the repair of speed-rated tires. When you are replacing tires that have a speed rating, you must replace with tires of the same or higher speed rating if the speed capability of the vehicle is to be maintained.

VISUAL INSPECTION

INSPECT YOUR TIRES. DO NOT DRIVE ON A DAMAGED TIRE OR WHEEL.

Check your tires frequently for scrapes, bulges, separations, cuts, snags, cracks, penetrations or excessive localized wear from hard braking. Also check for abnormal tire wear, particularly on the edges of the tire tread which may be caused by misalignment or underinflation. Impacts can damage the inner portion of the tire without being visible on the outside. If damage can be seen on the tires or wheels, or if you suspect that possible impact damage may have occurred, replace with spare at once and have your tire store or dealer inspect your tires immediately. Use of a damaged tire could result in tire destruction. When inspecting your tires, including the spare, check your air pressures. If your pressure check indicates that one of your tires has lost pressure of two pounds or more, look for signs of penetrations, valve leakage, or wheel damage that may account for the air loss.

All tires will wear out faster when subjected to high speeds as well as hard cornering, rapid starts, sudden stops, frequent driving on roads which are in poor condition, and off-road use. Roads with holes and rocks or other objects can damage tires and cause misalignment of your vehicle. When you drive on such roads, drive on them carefully and slowly, and before driving again at normal or highway speeds, examine your tires for any damage, such as cuts, bulges, penetrations, unusual wear patterns, etc.

TREAD WEAR INDICATORS (WEAR BARS):

Tires contain Tread Wear Indicators (Wear Bars) in the grooves of the tire tread which **show up when only 2/32 inch (1.6 mm) of tread is remaining. At this stage, your tires must be replaced. Tires worn beyond this stage are dangerous.**

* Provided by and published at the request of the tire manufacturers/warrantors.

HAZARDS

Objects in the road that threaten a tire should be safely avoided. These objects are potholes, glass, metal, rocks, wood debris and the like. Unavoidable contact should prompt a thorough tire inspection.

You may not always recall hitting an object that can damage or injure your tires. If while driving your vehicle experiences any unusual vibrations, ride disturbance or noise and/or you suspect that possible damage to the tires or vehicle has occurred, **DO NOT JAM OR LOCK YOUR BRAKES!** Rather reduce your speed and drive with caution until you can safely pull off the road. Stop and inspect the tires. If the tire is underinflated or damaged, deflate, remove the tire and rim assembly and replace it with your spare. If you cannot detect a cause, have the vehicle towed to the nearest vehicle or tire dealer to have the vehicle inspected.

REPAIRING, MOUNTING AND DEMOUNTING OF TIRES

Do not attempt to repair, mount or demount a tire yourself. Tire changing can be dangerous and must be done by professionally trained persons using proper tools and procedures as specified by the Rubber Manufacturers Association (RMA). **Follow these mounting recommendations.** Your tires should be mounted on wheels of correct size and type and which are in good, clean condition. Bent, chipped or rusted wheels may cause tire damage. The inside of the tire must be free from foreign materials. **Have your dealer check the wheels before mounting new tires.** Mismatched tires and rims can explode during mounting. Also, mismatched tires and rims can result in dangerous tire failure on the road. If a tire is mounted by error on the wrong-sized rim, do not remount it on the proper rim - scrap it. It may be damaged internally (which is not externally visible) by being dangerously stretched and could fail on the highway.

Old valves may leak. When new tubeless tires are mounted, have new valves of the correct type installed. Tubeless tires must be mounted only on wheels designed for tubeless tires, i.e., wheels which have safety humps or ledges.

Never perform a temporary repair, use an innertube or inject sealant as a permanent substitute for a proper repair. Only qualified persons should repair tires.

Be sure that all your valves have suitable valve caps. This will keep valve cores clean and clear and guard against leakage.

REPAIRS - WHENEVER POSSIBLE, SEE A TIRE DEALER AT ONCE. *Some tire manufacturers do not warrant any inspection or repair process. The repair is entirely the responsibility of the repairer.* Punctures in the tread of a passenger tire which do not exceed 1/4 of an inch (6 mm) in diameter can usually be repaired by following the Rubber Manufacturer's Association (RMA) Passenger and Light Truck Repair procedures. *Contact the manufacturer of your tires for its position and assistance as to the acceptable location for a proper repair and the repair of speed rated tires.*

Do not use plug repairs. They may cause further damage to the tire. They are not always air tight and the plug may fail. *Do not exceed posted speed limits on any repaired tire. Certain tire manufacturers speed ratings are voided if the tire is repaired.*

Although a tire was properly repaired, internal structural damage resulting from the puncture may have occurred. Sometime later the damage may cause the tire to be removed from service.

If the tire has a puncture in the tread which exceeds 1/4 inch (6 mm), the tire must be replaced. If any tire has sustained a puncture, have the tire inspected internally by a tire dealer for possible damage that may have occurred.

Improper mounting and inflation procedures can cause an explosion of the tire/rim assembly. Only specially trained persons should perform these tasks. Contact your tire store or dealer for assistance.

CAUTION - Never, under any circumstance, introduce a flammable substance into a tire.

WHEEL ALIGNMENT AND BALANCING

Wheel alignment and balancing are important for safety and maximum mileage from your tires. Check how your tires are wearing at least once a month. If your tires are wearing unevenly, such as the inside shoulder of the tire wearing faster than the rest of the tread, or if you detect excessive vibration, your vehicle may be out of alignment or balance. These conditions not only shorten the life of your tires, but adversely affect the handling characteristics of your vehicle which could be dangerous. If you detect irregular wear or vibration, have your alignment and balance checked immediately.

Tires which have been run underinflated will show more wear on the shoulders than in the center of the tread.

HARD BRAKING

You must inspect your tires after any hard braking circumstances or after tires have slid on the pavement. This can cause a flat spot in a section of the tire tread.

TIRE SPINNING

Never spin your tires above a speedometer reading of 35 mph (55 km/h) if your vehicle becomes stuck. The centrifugal force generated by the free spinning tire/wheel assembly may cause a sudden tire explosion, resulting in vehicle damage and/or serious personal injury or death. Never allow anyone to stand near or behind a tire spinning at high speed while attempting to push a vehicle that is stuck. When in mud, sand, snow, ice or other slippery conditions, do not indulge in excessive wheel spin. In such conditions, with automatic transmission vehicles, by accelerating the engine excessively, it is possible to spin one of the drive tires beyond its speed capability. This is also true when balancing a drive tire/wheel assembly using the engine of the vehicle to spin the wheel.

TIRE TREAD

Tires must be replaced when the depth of the tread reaches 2/32 inch (1.6 mm). Tires are manufactured with tread wear indicators molded into the tire grooves which indicate tread wearout. As tires

approximate 2/32 inch (1.6 mm) wearout, the tread gauge becomes thinner and more vulnerable to the effects of road hazards. Also, worn tires are more subject to hydroplaning, which can cause loss of control. Therefore, visual tire inspection becomes more crucial as the tires wear out.

WORN TIRES

Never drive on worn tires. Tires should be replaced by trained personnel when 2/32 inch (1.6 mm) tread depth remains, as indicated by the tread wear indicators molded into the tread grooves. In most states, it is illegal to drive with less than 2/32 inch (1.6 mm) of tread remaining.

TIRE MIXING

For best performance select tires similar in size and load rating to the original equipment tires. It is recommended that the same size and type of tire be used on all four wheel positions. In certain tires, casing ply material and ply construction may vary as indicated on the sidewall of the tire. When changing or replacing tires, it is preferred that all four tires are the same construction type (i.e., High Performance, All Season, Mud & Snow) and construction (Radial or Bias Ply).

Before mixing tires of different types on a vehicle in any configuration, be sure to check the vehicle Owner's Manual for its recommendations.

Tires which meet the Rubber Manufacturer's Association (RMA) definition of mud and snow tires are marked M/S, M+S, M&S. On such tires, this designation is molded into the sidewall. Tires without this notation are not recommended for mud and/or snow driving.

If snow tires are needed, it is necessary to select tires equivalent in size and load rating to the original equipment tires. Always fit performance snow tires in sets of four (4) for optimum mud & snow traction and maintenance of vehicle handling characteristics. If you do not, it may adversely affect the safety and handling of your vehicle. It is also important to check the vehicle Owner's Manual before mixing or matching tires on 4-wheel drive vehicles as this may require special precautions.

Please refer to your Owner's Manual for more information on tire replacement precautions.

TIRE ROTATION

Tires on your Nissan vehicle should be rotated every 7,500 miles or as irregular wear develops. If irregular wear becomes apparent or if the wear rate on the tires is perceptibly uneven, the tires should be rotated in such a way to alleviate the problem. Check your vehicle for any mechanical problems and correct if necessary. Any rotation pattern or procedure may be followed including those indicated in the OWNER'S MANUAL. Some tires have arrows on the sidewall showing the direction in which the tire should turn. When rotating this type of tire, care must be taken to maintain the proper turning direction as indicated by the arrows. *Some vehicles have different tire sizes specified for front and rear axles. Tires on these vehicles should not be rotated side to side (unless they are non-directional).* Where a temporary type spare tire is available, it should not be included in the tire rotation schedule. Such tires are intended for temporary use only. Whenever only two tires are replaced, the new tires should be put on the rear axle of vehicles equipped with the same size tire on all four wheel positions.

TIRE ALTERATIONS

Do not perform any alterations on your tires. Alterations may prevent proper performance, leading to tire damage, which can result in an accident. Tires which become unserviceable due to alterations such as truing, whitewall inlays, addition of balancing or sealant liquids, may be excluded from warranty coverage. Consult your tire warranty.

TIRE STORAGE

All tires should be stored in a cool dry place indoors so that there is no danger of water collecting inside them.

When tires are stored they should be stored in a cool place away from sources of heat and ozone such as hot pipes and electric generators. Be sure that surfaces on which tires are stored are clean and free from grease, gasoline or other substances which could deteriorate the rubber. (Tires exposed to these materials during storage or driving could be subject to sudden failure.)

To Avoid Damage to your Tires and Possible Accident:

- Check tire pressure at least once a month when tires are cold and before long trips.
- Do not underinflate/overinflate.
- Do not overload.
- Drive at moderate speeds, observe legal limits.
- Avoid driving over potholes, obstacles, curbs or edges of pavement.
- Avoid excessive wheel spinning.
- If you see any damage to a tire, replace with spare and see the tire manufacturer's dealer or your Nissan dealership.

For further information, the *Consumer Tire Guide* on passenger tire care, safety and mileage performance is available in the United States by writing the Tire Industry Safety Council, Box 1801, Washington, D.C. 20013.

THE WARRANTOR

The warrantor of Yakima Roof and Hitch Mounted Carriers is:

Yakima Products, Inc.
For Customer Assistance:

Telephone: 888.925.4621
Email: support@yakima.com

A customer service technician is available to process your information from 7 a.m. – 4 p.m. (Monday – Friday) CST

Online claim form and detailed warranty information:

Yakima.com > Support > Limited Warranty

Scroll to the bottom of page and select "File a Claim"

ROADSIDE ASSISTANCE

Included with your Nissan purchase, Roadside Assistance Benefits are available to you, 24 hours a day, 365 days a year, for emergency roadside assistance should the need arise for any of the following items:

- Mechanical Breakdown
- Tire Failure
- Accident/Collision (Loaner vehicle not included)
- Out of charge
- Lock-out service

HOW TO USE ROADSIDE ASSISTANCE

Should one of the disablements listed above occur, simply call the toll free number, **1-877-NO GAS EV (1-877-664-2738)**, and advise the Roadside Assistance Representative of your name, the vehicle identification number (VIN) of your car, your location, and the nature of the problem. The VIN can be found imprinted on a plate affixed to the upper dashboard on the driver's side of your vehicle.

ON-SITE AND TOWING SERVICE

Depending on the type of vehicle problem you are experiencing, the Roadside Assistance Representative will determine the appropriate roadside assistance and/or flatbed (towing) service to be dispatched. In most cases, minor disablement services such as lockout service, etc., can be performed on-site so that you can be on the road again as soon as possible. Any charges for the replacement of keys or non-warranty items will be your responsibility at the time of the repair or service. Whenever possible, flatbed (towing) service will be dispatched for mechanical disablements or accident/collisions which render the vehicle inoperative. There is no charge for on-site or towing while within the parameters for Roadside benefits as defined under Coverage. Roadside Assistance will arrange to transport the vehicle to the nearest Nissan Electric Vehicle certified dealer. Warranty covered repairs will be provided for under the terms of the applicable Nissan New Vehicle Limited Warranty. However, any non-warranty or accident/collision repairs will be your responsibility.

Note: You may be required to sign a receipt at the time of disablement to acknowledge receipt of the Roadside Assistance service rendered.

EMERGENCY TRAVEL EXPENSE/TRIP INTERRUPTION BENEFITS

If you experience a mechanical breakdown more than 100 miles from your primary residence, you may be eligible for the following reasonable trip interruption benefits:

- Meals
- Lodging
- Substitute transportation
- Costs to reunite the vehicle and owner, after warranty repairs have been completed

The Roadside Assistance Representative will explain Emergency Travel Expense/Trip Interruption benefits in detail. In most situations you may be required to pay for these benefits initially. If so, the representative will provide instructions for reimbursement procedures. You must keep records of these expenses and submit them upon request. Emergency Travel Expense/Trip

Interruption Benefits are not available for accident/collision and/or other non-warrantable disablements.

COVERAGE

Roadside Assistance is provided from the date the vehicle is retailed for a period of 36 months / 36,000 miles, whichever comes first.

Roadside Assistance is available to anyone operating a Nissan Electric Vehicle with the authorization of the owner. (For purpose of Roadside Assistance benefits, "owner" includes the lessee of a leased vehicle.) These services are transferable with the resale of the vehicle for the time remaining on the Roadside Assistance coverage period. Roadside Assistance is available throughout all 50 states.

TOWING

Roadside Assistance provides towing service for the period of 60 months/ 60,000 miles, whichever comes first.

EXCLUSIONS

Roadside Assistance is not a warranty and is not provided under any Nissan warranty, but is a service which is

provided to you as part of the purchase of a Nissan Electric Vehicle to minimize any unforeseen vehicle operation inconvenience. Potential liability is expressly limited to the cost of the listed benefits and does not extend to incidental or consequential damages such as loss of use inconvenience, loss of pay, or commercial loss.

Roadside Assistance benefits exclude any costs related to repairs, parts replacement, labor, etc. which are incurred as a result of accident/collision, vehicle abuse, racing, vandalism or other items not covered by the Nissan New Vehicle Limited Warranty. Also excluded are services for snow tires, repair to studs, mounting or demounting of snow chains, and any fines, fees or taxes which are associated with impound towing as a result of actual or alleged violation of any laws or regulations.

Roadside Assistance is offered for emergency roadside assistance only. Any abuse of this benefit may lead to suspension or cancellation of the service.

LONG TERM PROTECTION FOR YOUR NISSAN...

Security+Plus®

A Security+Plus Extended Protection Plan is the most valuable investment you can make to ensure you enjoy your Nissan for as long as you drive it.

Our plans provide you with impressive long-term protection that goes beyond your vehicle's Limited Warranty. If a covered component fails during the term of your plan, Nissan pays for the repair. In addition, plans include 24-hour Roadside Assistance, Towing, Car Rental, and Trip Interruption benefits.

Best of all, Security+Plus Protection Plans were created exclusively for Nissan owners. Since your protection is backed by Nissan, you can rest assured your benefits will be available at Nissan dealers nationwide.

For just pennies a day, Security+Plus can help protect you from unexpected repair costs when your factory warranty expires. Plans lock in today's parts and service rates, too.

A few of our plan's highlights:

1. With Security+Plus Extended Protection Plan, you can choose coverage for up to 8 years/120,000 miles to help guard against rising repair costs.
2. Repairs are performed at participating Nissan dealerships throughout the U.S. by factory-trained technicians using Genuine Nissan or Nissan approved parts to maintain your vehicle in top running condition.

3. Payment-free service, other than your deductible (if applicable). Dealers are paid directly by Nissan.
4. Security+Plus Plans are transferable to subsequent owners, helping to enhance the resale value of your Nissan.
5. Customer assistance is available at any Nissan dealer, or by calling 800-647-7261 or SMS/Text to 615-675-9353.
6. A 0% payment plan is available for qualified applicants. Useful if you have prearranged vehicle financing, or are buying a contract after taking delivery of your vehicle.

TALK TO OUR EXPERTS

To review your protection options:

- Call **866-224-9827** to speak with a Security+Plus specialist right now
Mon-Fri 7:00 AM to 8:00 PM CST
Saturday 8:00 AM to 4:00 PM CST
- Point your browser to **nissan-securityplus.com** or scan the QR Code below to schedule a call with our specialist
- Contact your local Nissan dealer

HIGHLY RATED/TOP SELLING PLANS

Visit owners.nissanusa.com/Security+Plus to familiarize yourself with our full spectrum of vehicle service contracts and ancillary plans. You'll find short, insightful plan videos & and more detailed plan brochures.
