PREFACE

INFINITI indicates INFINITI Division of Nissan North America, Inc., P.O. Box 685003, Franklin, Tennessee, 37068-5003, which distributes INFINITI vehicles in the United States.

BASIC INFORMATION

Both INFINITI and your INFINITI retailer are dedicated to serving all your automotive needs. Your complete satisfaction is our primary concern. Your INFINITI retailer is available to assist you with all your automobile sales, parts and service requirements.

If, however, a situation arises that you believe has not been addressed to your satisfaction, we ask that you take the following steps.

STEP 1:

Discuss the situation with the retailer management. If a problem still exists, contact the retailer's owner. Your INFINITI retailer is best equipped to resolve the matter for you.

STEP 2:

If the concern has still not been addressed to your satisfaction, please contact our INFINITI Consumer Affairs Department using our toll free number:

1-800-662-6200

The Consumer Affairs Department will ask for the following information:

- Your name, address, and telephone number
- Vehicle identification number (on dashboard and permanent INFINITI Total Ownership program card)
- Date of purchase
- Current odometer reading
- Your INFINITI retailer's name
- Details of the concern

Or you can write to INFINITI with the above information at:

INFINITI DIVISION
Nissan North America, Inc.
Consumer Affairs Department
P.O. Box 685003
Franklin, TN 37068-5003

STEP 3:

In the event that you believe INFINITI has been unable to satisfactorily address the problem, a special automotive complaint resolution program called BBB AUTO LINE is available to you. The BBB AUTO LINE program is independently operated by the Council of Better Business Bureaus, Inc. (BBB).

For information about the BBB AUTO LINE in your area, please call us (INFINITI) at the same toll free number (1-800-662-6200).

We will be happy to provide you with the address and phone number of your local BBB office or any other information about AUTO LINE.

Or you may contact the BBB at:
BBB Auto Line
A Division of BBB National Programs, Inc.
1676 International Drive, Suite 550
McLean, VA 22102
1 (800) 955-5100

If you call the BBB, its staff will record the details of your complaint by telephone. They will ask for the same information as in Step 2.

4 INFINITI OWNER SATISFACTION AND ASSISTANCE

The BBB AUTO LINE program consists of two parts: mediation and arbitration. The BBB AUTO LINE staff will attempt to provide suggestions for resolving the problem during mediation. If a satisfactory resolution has not been achieved during mediation, you will have the opportunity to present your case personally before an impartial arbitrator or three person panel. This is the arbitration part of AUTO LINE. The arbitrator(s) will make a decision after the arbitration hearing.

The BBB will, in most cases, send you a final decision in your case within forty (40) days (plus 7 days, if you have not contacted INFINITI) unless you delay the process. If you do not accept the decision, it will not be legally binding on you or INFINITI. However, in some states, if the decision is not accepted, it may be introduced either by you or by INFINITI as evidence in a subsequent court action.

BBB AUTO LINE is an informal dispute settlement mechanism operated to comply with applicable Federal law and regulations. In states where BBB AUTO LINE is available, you are required to use BBB AUTO LINE before exercising rights or seeking remedies under Title 1 of the Federal Magnuson-Moss Warranty Act,

15 U.S.C. §2301, et. seq. If you choose to seek remedies other than those created by Title 1 of the Magnuson-Moss Warranty Act, (for example, under state law), that Federal Act does not require you to first use BBB AUTO LINE. The program is still available to you, however, and may be of considerable assistance. Some states specify that informal dispute settlement mechanisms such as BBB AUTO LINE must be used before you may use state operated complaint resolution processes, before you may file a lawsuit under state law, and/or before you may have certain other rights or remedies available under state law. In accordance with those states' laws, INFINITI requires the prior use of BBB AUTO LINE in good faith before you resort to such other processes, file a lawsuit, or seek other remedies provided by state law. Please see the Supplement to 2027 INFINITI Warranty Information Booklet & 2027 INFINITI Owner's Manual for additional information.

BBB AUTO LINE may not be available in all states. We, INFINITI, can provide you with information about the availability of BBB AUTO LINE in your state, or call the BBB AUTO LINE number listed above.

ELIGIBILITY: Generally, INFINITI vehicles less than four years old from date delivered to the first retail buyer or otherwise put into use, and with fewer than 60,000 miles, are eligible for the program. See Supplement to 2027 INFINITI Warranty Information Booklet & 2027 INFINITI Owner's Manual for possible exceptions applying in your state.

ASSISTANCE OUTSIDE OF WARRANTY

In support of our commitment to the "Total Ownership Experience," INFINITI may occasionally offer to pay or reimburse for part or all of the cost of making certain, specific repairs beyond or outside of the terms of the warranty for some specific vehicle models. Some states refer to such programs as "adjustment programs". In such circumstances INFINITI mails notices to all known registered owners of affected vehicles. You may additionally inquire of your authorized INFINITI retailer or of INFINITI directly at the number listed below of the applicability of such programs to your vehicle.

INFINITI may occasionally offer special assistance that may pay for part or all of vehicle repairs beyond the expiration of the limited warranty period on a case by case basis. Should you experience unusual

difficulties with your vehicle please discuss the situation with your retailer. If your retailer is unable to assist you, you may call the INFINITI Consumer Affairs Department at 1-800-662-6200 to discuss your concern. You will need to provide the Model, Model Year, VIN (Vehicle Identification Number), mileage, maintenance history, a detailed explanation of the concern, and why you believe that INFINITI should be responsible for the repair. Your request will be individually investigated and you will be informed of INFINITI's decision.

Please also review the Supplement to 2027 INFINITI Warranty Information Booklet & 2027 Owner's Manual for important information concerning consumer rights in your state.

BASIC INFORMATION

NOTICE TO CONSUMER: INFINITI

Division of Nissan North America, Inc., hereby notifies you that it has elected to participate in the procedures outlined in California Code of Civil Procedure Section 871.20, et. seq., which govern civil actions seeking restitution or replacement of a new motor vehicle, as defined by Cal. Civ. Code § 1793.22. INFINITI Division of Nissan North America, Inc., reserves all its rights afforded under these provisions. If you have any questions or need additional information, please contact 800-647-7261 for assistance.

Please carefully read this Agreement to Arbitrate, as it affects your rights and applies to any dispute between you and INFINITI Division of Nissan North America, Inc. and its affiliates, agents, and authorized service and repair facilities (together "INFINITI," "we" or "us"). This Agreement does not preclude you from first pursuing resolution using the complaint resolution program through BBB Auto Line as described above.

If you purchased or leased your vehicle in California, you and we agree that any dispute arising out of or relating to any

aspect of the relationship between you and INFINITI will not be decided by a judge or jury but instead by a single arbitration administered by either New Era ADR (www.neweraadr.com) or the American Arbitration Association ("AAA") (www.adr.org). Unless modified by this Agreement, New Era ADR's arbitration will follow its Virtual Expedited Arbitration Rules and Procedures (www.neweraadr.com/rules-and-procedures/), while AAA's arbitration will adhere to AAA's Consumer Arbitration Rules (www.adr.org). This includes claims arising out of your warranty and claims arising before or after this Agreement, such as claims related to statements about our products or any and all claims about the performance, design of our products or manufacturing of our products.

If you have a concern or dispute, before initiating arbitration, you must send a written notice describing it and your desired resolution to INFINITI Division, Nissan North America, Inc., Consumer Affairs Department, P.O. Box 685003, Franklin, TN 37068-5003. Following this notice, either side may request an individualized informal telephonic dispute resolution conference, which you shall participate in

with our designee, and either sides' counsel may also participate. If your concern or dispute is not resolved within 60 days of your notice, a formal arbitration claim may be initiated.

Other than your initial filing fees up to a maximum of \$250, we will pay all fees and costs for any arbitration, which will be held virtually for New Era ADR or in the federal district in which you reside for any in person AAA arbitration. To learn more about the rules and how to begin an arbitration, you may go to neweraadr.com for information about New Era ADR or to www.adr.org for information about AAA.

The arbitrator may resolve only disputes between you and INFINITI. Any claim or dispute is to be arbitrated by a single arbitrator on an individual basis and not as a class action. To the extent permitted by applicable law, the arbitrator cannot hear class or representative claims or requests for relief on behalf of others and you expressly waive any right you may have to proceed in any class or representative action. If a court or arbitrator decides that any part of this Agreement cannot be enforced as to a particular claim for relief or remedy (such as injunctive or declaratory relief), then that claim or remedy (and only

that claim or remedy) shall be severed and must be brought in court and any other claims must be arbitrated first.

Disputes concerning the validity, application, scope, enforceability, or interpretation of this Agreement will be exclusively decided by the arbitrator. The Agreement and associated proceedings, such as waiver, estoppel, breach, or default, before, during, or after arbitration, will be governed by the Federal Arbitration Act, 9 U.S.C. § 1 et seq., and federal common law, not by any state laws or procedures regarding arbitration. The arbitrator at all times holds the exclusive authority to address challenges to this Agreement, including questions of waiver, estoppel, breach, default, or the validity or scope.

In particular, and without limitation, you and we agree that the provisions of the California Code of Civil Procedure § 1283.05 shall not apply to this Agreement or any associated proceedings. You and we agree that discovery in arbitration shall be limited to an exchange of relevant documents, one deposition of each party, and the exchange of reports by any party's experts. The arbitrator has the authority to authorize additional discovery if the arbitrator determines a party has shown

substantial need for such discovery to adequately arbitrate that party's claims or defenses, and that such additional discovery would not be unduly burdensome and would not unduly delay the arbitration.

If one party files a court action instead of arbitration, all proceedings will be stayed until resolution of any proceedings to compel arbitration, including appeals. If you prefer, you may instead take an individual dispute to small claims court for claims within that court's jurisdiction. Any dispute or claim arising out of or relating to any aspect of the relationship between you and INFINITI that is not required to be arbitrated pursuant to this Agreement, including if you opt out of arbitration, must be adjudicated in the state courts in Williamson County, Tennessee, and you and we consent to exclusive jurisdiction and venue in those courts.

IF YOU PURCHASED OR LEASED YOUR VEHICLE IN CALIFORNIA, YOUR WARRANTY IS MADE SUBJECT TO THE TERMS OF THIS BINDING DISPUTE RESOLUTION AND ARBITRATION AGREEMENT. BY USING THE VEHICLE, OR REQUESTING OR ACCEPTING BENEFITS UNDER THIS WARRANTY,

INCLUDING HAVING ANY REPAIRS PERFORMED UNDER WARRANTY, YOU AGREE TO BE BOUND BY THESE TERMS.

You may opt out of arbitration within 30 days after the date of initial delivery of your vehicle to you by sending a letter to: INFINITI Division, Nissan North America, Inc., Consumer Affairs Department, P.O. Box 685003, Franklin, TN 37068-5003, stating your name, Vehicle Identification Number, and intent to opt out of the arbitration provision. If you do not opt out, then this Agreement is binding.

NEW VEHICLE WARRANTIES (WARRANTIES THAT COME WITH THE VEHICLE)

WHO IS THE WARRANTOR

INFINITI warrants all parts of your 2027 INFINITI vehicle supplied by INFINITI, except for those listed under the caption "WHAT IS NOT COVERED."

APPLICABILITY

- This warranty is provided to the original and subsequent owner(s) of an INFINITI vehicle originally distributed by INFINITI which is originally sold by an INFINITI authorized INFINITI retailer in the United States, and which is registered and normally operated in the United States (including Alaska and Hawaii), the United States territories (specifically Guam, Saipan, American Samoa, Puerto Rico, and the U.S. Virgin Islands), and Canada.
- This warranty is generally transferable from the original 'owner other than an INFINITI retailer' (OWNER) to subsequent owners of the vehicle at any time ownership of the vehicle is transferred, without any action on your part; except that this warranty is not transferable but is instead VOID if during the first six months after delivery to the original OWNER: (1) ownership of the

vehicle is transferred from the original OWNER, and (2) the vehicle is registered outside of the United States.

- Your INFINITI vehicle is manufactured to meet U.S. regulations and environmental requirements. With the exception of privately owned vehicles belonging to members of the U.S. military or employees and officers of the United States Government stationed abroad, this warranty does not apply if an otherwise covered vehicle is operated in, or relocated to, a country other than those listed above under this caption, except that it continues to apply if the vehicle is operated in full compliance with its proper use as described in the applicable Owner's Manual (See the Owner's Manual for information relevant to proper operation of the vehicle, including the recommended fuels and fluids.) while touring outside of the United States, the U.S. territories or Canada for a period not exceeding sixty (60) consecutive days or sixty (60) days in any one 12 month period. This warranty applies to a relocated vehicle which is returned to, and is registered and normally operated in the United

States, the U.S. territories or Canada, except for conditions due to the vehicle's foreign operation, e.g., use of inappropriate fuels or other fluids.

INFINITI makes available to you, and you are specifically required by Federal law to use BBB AUTO LINE [(800) 955-5100] before exercising rights or seeking remedies under the Federal Magnuson-Moss Warranty Act, 15 U.S.C §2301, et. seq. You are not required to first use BBB AUTO LINE if you seek remedies not created by Title 1 of that Federal law, but are required to first use BBB AUTO LINE if you seek remedies created by state law, including your state's lemon law, if applicable state law provides for using a 703 compliant or similar process before filing suit. Please refer to the "SUMMARY OF WARRANTY COVERAGE" (P. 2) section of this booklet and the "Supplement to 2027 INFINITI Warranty Information Booklet & 2027 INFINITI Owner's Manual" for additional information.

ENDNOTES

1. Long Term Federal Emission Parts covered for 96 months/or 80,000 miles.

PREFACE

These warranties are provided to the ultimate purchaser and subsequent purchaser(s) of 2027 INFINITI vehicles sold for registration as new vehicles in California, Colorado, Connecticut, District of Columbia, Delaware, Maine, Massachusetts, Maryland, New Jersey, New Mexico, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia or Washington only.

BASIC INFORMATION

The following statement is required to be provided by regulations of the California Air Resources Board.

YOUR WARRANTY RIGHTS AND OBLIGATIONS

The California Air Resources Board is pleased to explain the emission control system warranty on your 2027 vehicle. In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. INFINITI must warrant the emission control system on your vehicle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include parts such as the fuel-injection system, the ignition system, catalytic converter and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, INFINITI will repair your vehicle at no cost to you including diagnosis, parts and labor.

MANUFACTURER'S WARRANTY COVERAGE

For 4 years or 60,000 miles (whichever occurs first):

1. If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by INFINITI to ensure that your vehicle passes the inspection. This is your emission control system **PERFORMANCE WARRANTY**.
2. If any emission-related part on your vehicle is defective, the part will be repaired or replaced by INFINITI. This is your short-term emission control system **DEFECTS WARRANTY**.

For 7 years or 70,000 miles (whichever occurs first):

If an emission-related part listed in this warranty booklet specially noted with coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by INFINITI. This is your long term emission control system **DEFECTS WARRANTY**.

OWNER'S WARRANTY RESPONSIBILITIES

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Owner's Manual. INFINITI recommends that you retain all receipts covering maintenance on your vehicle, but INFINITI cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to an INFINITI retailer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that INFINITI may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact INFINITI's Consumer Affairs Department at 1-800-662-6200 or the California Air Resources Board at 4001 Iowa Avenue, Riverside, CA 92507.

The following is INFINITI's new vehicle emission control warranty statement for vehicles certified for sale in California and sold for registration as a new vehicle in California, Colorado, Connecticut, District of Columbia, Delaware, Maine, Massachusetts, Maryland, New Jersey, New Mexico, New York, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia or Washington only.

EMISSIONS DEFECTS WARRANTY

WHAT IS COVERED

INFINITI warrants that your vehicle was designed, built and equipped to conform with all applicable requirements of the California Air Resources Board and is free from defects in materials and workmanship which cause the failure of a warranted part

to be identical in all material respects to the part as described in the vehicle or engine manufacturer's application for certification for the coverage periods described below. This warranty covers any part which affects applicable regulated emission(s).

Some of these include the parts listed in the WARRANTY PARTS LIST of the preceding FEDERAL VEHICLE EMISSION CONTROL LIMITED WARRANTIES section.

INFINITI will also cover damages to other vehicle components proximately caused by a failure of a warranted part during the emission warranty period.

If any part covered by emission warranty fails during the period of coverage, it will be repaired or replaced by INFINITI and any such part repaired or replaced under the warranty will be warranted for the remaining warranty period. Any use of an add-on or modified part exempted by the California Air Resources Board from the prohibitions of Vehicle Code section 27156 shall not be grounds for disallowing an emission warranty claim. However, INFINITI will not warrant failures of parts caused by the use of such an add-on or modified part.

Exceptions to this warranty are listed below under the caption "WHAT IS NOT COVERED."

HOW LONG IS THE WARRANTY

This warranty is for 4 years or 60,000 miles, whichever occurs first. Additionally, the components listed under the caption "Long-Term Emission System Defects Warranty Parts List" are covered for 7 years or 70,000 miles, whichever occurs first, except that the catalytic converter(s), engine control module (ECM), and transmission control module (TCM) are warranted for 8 years or 80,000 miles, whichever occurs first. The warranty begins the date the vehicle is delivered to the first retail buyer or put into use, whichever is earlier.

Some items require scheduled replacement before 60,000 miles. These items are warranted only up to the replacement interval. The replacement intervals are outlined in the maintenance instructions in your Owner's Manual. Any warranted part that is scheduled only for regular inspection is warranted for the applicable warranty period, and a statement of "repair or replace as necessary" will not reduce the period of warranty coverage. Any such part required or replaced under warranty is warranted for the remaining warranty period.

EMISSIONS PERFORMANCE WARRANTY

WHEN DOES THIS WARRANTY APPLY

This warranty applies to your 2027 INFINITI vehicle only if it fails to pass a California "smog check" test or equivalent.

WHAT IS COVERED AND FOR HOW LONG

INFINITI warrants that if your vehicle fails to pass a California "smog check" test, it will make the necessary repairs so that your vehicle will pass. If the "smog check" failure was caused by the failure of a warranted part during the emission warranty coverage, INFINITI will also cover the damages to other vehicle components proximately caused by such failure. Any use of an add-on or modified part exempted by the California Air Resources Board from the prohibitions of Vehicle Code section 27156 shall not be grounds for disallowing an emissions performance warranty claim. However, INFINITI will not warrant failures of parts caused by the use of such an

add-on or modified part. This warranty is for 4 years or 60,000 miles, whichever occurs first. The warranty begins the date the vehicle is delivered to the first retail buyer or the date it is first put in to service, whichever is earlier.

Exceptions to this warranty are listed under the caption "WHAT IS NOT COVERED".

WHAT IS NOT COVERED

These warranties do not cover:

1. Normal maintenance, service and parts replacement as outlined in the emission control maintenance instructions of your Owner's Manual.
2. Failures directly as a result of:
 - Lack of performance of required emission control maintenance as outlined in your Owner's Manual.
 - Misuse, accident or modification.
 - Improper adjustment or installation of parts during the performance of maintenance (non-warranty) services.
 - Tampering with or disconnecting any part affecting vehicle emissions.
- Fuel, fluids, or lubricants that are contaminated or that do not meet the specification as outlined in your Owner's Manual.
3. In the case of the Performance Warranty, the use of any non-INFINITI part not certified in accordance with Federal requirements which is defective or not equivalent from an emissions standpoint to the original equipment part.
4. In the case of the Defects Warranty, parts not supplied by INFINITI or damage to other parts caused directly by non-INFINITI parts.
5. In the case of the Performance Warranty, costs of determining the cause of a vehicle failing a California "smog check" test if such failure is found not to be covered.

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS EXTRA EXPENSES - LIMITATIONS OF DAMAGES

These emissions warranties do not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THESE WRITTEN WARRANTIES.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. These warranties give you specific legal rights, and you may also have other rights which vary from state to state.

INFINITI does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

WHAT YOU MUST DO

In order to obtain warranty service you must deliver the vehicle to any authorized INFINITI retailer in the United States at your expense. You are responsible for the required maintenance on your vehicle as outlined in the maintenance instructions in your Owner's Manual. INFINITI recommends that you retain all receipts covering maintenance on your vehicle, but

INFINITI cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

WHAT INFINITI WILL DO

Warranty repairs will be made at no charge for parts and/or labor, including diagnosis and tax. Any needed parts replacement will be made using new or remanufactured parts.

OTHER WARRANTY TERMS

PERFORMANCE WARRANTY CLAIMS PROCEDURE

You may make a claim under the Performance Warranty immediately after the failure of a "smog check" test. You must provide proof of this failure when making your claim in order to avoid additional "smog check" test charges.

You will be told whether INFINITI will honor your claim within 30 days of the date you make the claim, unless a shorter time period is required by law. If your claim is denied, INFINITI will notify you in writing of the reason. If we do not notify you within this time period, we will repair your vehicle under this warranty at no cost to you.

The time period for notification will not apply if you request a delay or a delay is caused by events not under the control of INFINITI retailers.

No claim will be denied under the Performance Warranty because you use a certified part for maintenance or repair.

MAINTENANCE SERVICE AND REPLACEMENT PARTS

Important information concerning maintenance service and replacement parts is in the Recommendation for Maintenance Service and Replacement Parts section of this booklet. No warranty claim will be denied solely because a non-INFINITI part was used for maintenance or repair.

CALIFORNIA VEHICLE INSPECTION PROGRAM

Under this program, if your vehicle fails a "smog check" test, you may choose to have diagnosis of the failure and repairs made at an INFINITI retailer or at another service facility. If the inspection failure is the result of a condition covered by these warranties, you must take your vehicle to an INFINITI retailer for warranty repairs. This includes parts, labor and diagnosis. You must pay for

diagnostic costs if performed at another service facility except in the case of emergency repairs as outlined below.

You must pay for all diagnostic and repair costs of an inspection failure as required by law if the failure was caused by conditions not covered by these warranties. If the failure is the result of a combination of conditions, you must pay for only the diagnostic and repair costs related to items not covered by these warranties.

After the 4 years/60,000 mile performance warranty has passed, a "smog check" test failure due to a defect in a part which is warranted for 7 years/70,000 miles is covered.

EMERGENCY REPAIRS

In case of an emergency, when an authorized INFINITI retailer is not reasonably available, warranty repairs may be performed at any service facility or by the owner using any replacement parts. INFINITI will reimburse you for such repairs, including diagnosis, up to the amount of INFINITI's suggested retail price for parts and labor charges based on INFINITI's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate. A part not

being available or a repair not being complete within 30 days also constitutes an emergency. You must take the replaced part and paid receipts to an authorized INFINITI retailer for repayment in such emergency situations.

MAINTENANCE RECORDS

Receipts covering the performance of regular maintenance are not required but should be kept in the event questions arise concerning maintenance. The receipts should be transferred to subsequent owners.

IF YOU HAVE QUESTIONS

You may obtain further information concerning these warranties by following the procedure outlined in the "INFINITI OWNER SATISFACTION & ASSISTANCE" section of this booklet. You may also contact or report any violations to the Office of Transportation and Air Quality, Vehicle Compliance Programs Group, U.S. Environmental Protection Agency, Ariel Rios Building (6405J), 1200 Pennsylvania Avenue, N.W., Washington, D.C. 20460 or the Chief, Mobile Source Division, Air Resources Board, 4001 Iowa Ave., Riverside, CA. 92507.

OTHER OBLIGATIONS

INFINITI does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

The Emission Warranty for 2027 vehicles certified for sale in California may be subject to future administrative or judicial action. As a result, this warranty may be changed. INFINITI will make those changes required by future law, regulation, or judicial or administrative action. In addition, INFINITI reserves the right to change the terms of the warranty to be consistent with these actions.

REPLACEMENT PART WARRANTIES (WARRANTIES ON SERVICE PARTS)

PREFACE

HOW LONG IS THE WARRANTY

Except for replacement audio components, this warranty is for 12 months or 12,000 miles from the date of installation or purchase, whichever is earlier. However, the warranty on Genuine INFINITI replacement parts, Genuine INFINITI accessories, and INFINITI Performance Parts installed in an INFINITI vehicle while the vehicle is covered by an INFINITI warranty, which would have covered the part had it been installed in the vehicle at manufacture will not end before the end of that warranty.

REPLACEMENT AUDIO COMPONENTS

A replacement Radio, Tape Deck, Amplifier, Navigation, Bluetooth, control unit, or Compact Disc Player/Auto Changer supplied by INFINITI is covered for 12 months from the time of installation or the balance of the Basic Vehicle Warranty as it applies to audio components, whichever is greater.

LIMITATION OF WARRANTIES AND OTHER WARRANTY TERMS AND STATE LAW RIGHTS EXTRA EXPENSES - LIMITATIONS OF DAMAGES

This warranty does not cover incidental or consequential damages such as loss of the use of the vehicle, inconvenience or commercial loss.

ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

INFINITI does not authorize any person to create for it any other warranty, obligation or liability in connection with this vehicle.

WHAT IS NOT COVERED

This warranty does not cover:

1. Tires or batteries. These items are covered by separate warranties.
2. Normal maintenance service and parts replacement as outlined in the maintenance schedule of your Owner's Manual.
3. Damage or failures of parts resulting from:
 - Misuse (your Owner's Manual is your guide to proper use).
 - Damage or failure resulting from racing and competitive driving.
 - Accident, theft, fire, driving through water resulting in engine water ingestion.
 - Chemical fallout, tree sap, salt, sand, hail, flood or other environmental conditions.
 - Modification or improper repair of the part or of the vehicle in which the part is installed.
 - Use of parts not equivalent in quality or design to parts supplied by INFINITI.
4. Salvage Title. This warranty does not cover damage, failures or corrosion to any INFINITI replacement part, or Genuine INFINITI or INFINITI Accessory, installed in the vehicle, if the vehicle is issued a "salvage" or similar title including, but not limited to junk, scrap, rebuilt, or flooded titles, under any state's law. This exclusion does not extend to new Genuine INFINITI replacement parts, Genuine INFINITI accessories, or INFINITI Performance Parts installed in/on an INFINITI vehicle after the issuance of a "salvage" or similar title.

WHAT YOU MUST DO

In order to obtain warranty service you must deliver the warranted part or accessory, or the vehicles, on which the part or accessory is installed, to an authorized INFINITI retailer in the United States or Canada at your expense with proof of purchase (parts invoice or service repair

order from an authorized INFINITI retailer). Please visit InfinitiUSA.com to obtain the names and address of authorized INFINITI retailers nearest to you.

You must also pay for labor charges to remove and replace the part or accessory if it was not originally installed on your vehicle by an authorized INFINITI retailer.

WHAT INFINITI WILL DO

If the part or accessory to be repaired was originally installed by an authorized INFINITI retailer, it will be removed and reinstalled after repair at no charge for parts and labor. If the part or accessory was not installed by an authorized INFINITI retailer, the part or accessory will be repaired or exchanged only. Any needed parts replacement will be made using Genuine INFINITI or INFINITI approved new or remanufactured parts. INFINITI reserves the right to make changes at any time, without notice, to production and service parts in their specifications, colors, and materials, including those used in connection with warranty repairs. For this reason, when approved by INFINITI and at INFINITI's discretion, functionally equivalent replacement parts may be used that do not exactly match the original production part.

PREFACE

WHAT IS COVERED?

INFINITI warrants your Genuine INFINITI Replacement Battery as described below except as stated under "What Is Not Covered?"

This warranty covers defects in materials and workmanship.

HOW LONG IS THE WARRANTY AND WHAT WILL INFINITI DO

If your battery becomes unserviceable within the first 24 months of service INFINITI will replace your battery, including labor, without charge, provided the battery was originally installed in your vehicle by an authorized INFINITI retailer.

If the battery becomes unserviceable after 24 months of use, INFINITI will provide a replacement battery at a reduced price. The amount that INFINITI will cover will decline

over time until the 84 month mark. This is called a "pro-rata adjustment". You will be responsible for all labor charges for the replacement of the battery.

This warranty and the pro-rata adjustment end 84 months after the date of the battery's purchase or installation, whichever is earlier. However, the warranty on a Genuine INFINITI replacement battery installed during the INFINITI New Vehicle Limited Warranty will extend through, and will not end before, the end of that original warranty.

WHAT IS NOT COVERED?

This warranty does not cover:

1. Damage or failure resulting from:

- Accident, theft, fire or freezing.
- Misuse of the battery or vehicle in which it is installed, including the use in applications for which the battery was not designed. Proper use is described in the vehicles Owner's Manual.
- Improper installation or battery charging.

- Vehicle electrical malfunctions not covered by your New Vehicle Limited Warranty.
- Modification or improper repair of the vehicle or a part of the vehicle.
- Use of parts not equivalent in quality or design to parts supplied by INFINITI or INFINITI.
- Environmental conditions, including, but not limited to flood, and salt spray or salt water.

2. Normal maintenance service and recharging of discharged batteries.
3. Batteries in service more than 84 months.
4. Salvage Title. This warranty does not cover damage, failure, or corrosion to any Genuine INFINITI battery installed in the vehicle, if the vehicle is issued a "salvage" or similar title unless state law expressly states otherwise. (This exclusion does not extend to a new Genuine INFINITI battery installed in the vehicle after the issuance of a "salvage" or similar title).

WHAT YOU MUST DO

In order to obtain warranty service, you must deliver the warranted battery or the vehicle in which the battery is installed to an authorized INFINITI retailer in the U.S. or Canada at your expense, with proof of purchase (parts invoice or service repair order from an authorized INFINITI retailer). Please visit InfinitiUSA.com to obtain the names and address of authorized INFINITI retailers nearest to you.

If the pro-rata adjustment applies, you must pay for the applicable portion of the cost of the replacement battery.

The amount you pay is computed in two steps:

- First, the customer pay percentage is determined from the chart shown below based upon the months of actual battery service.
- Second, the current suggested retail price of the new battery is multiplied by the customer pay percentage. For example, should the battery fail after 40 months of service you would pay 50% of the suggested retail price of the new battery.

CUSTOMER PAY PERCENTAGE

Months In Service (Based on Replacement Battery Purchase Date) – 0–24 Months

- INFINITI Part (Customer Pay % Pro-Rata) – 0%
- Labor – 0%

Months In Service (Based on Replacement Battery Purchase Date) – 25–32 Months

- INFINITI Part (Customer Pay % Pro-Rata) – 25%
- Labor – 100%

Months In Service (Based on Replacement Battery Purchase Date) – 33–50 Months

WHAT IS COVERED

The tire manufacturer's warranty statement for the specific tires supplied as original equipment on your vehicle may be found on their website.

WHAT YOU MUST DO

To obtain information on tire warranties and tire dealer service locations or for customer service, contact the appropriate warrantor listed above.

In order to obtain warranty service, you must present the unserviceable tire to an authorized INFINITI retailer or to an authorized retailer of the warrantor in the United States or Canada. Your INFINITI retailer will also assist you with your tire service requirements or in obtaining tire warranty service from the tire manufacturer.

PREFACE

Provided by and published at the request of the tire manufacturers/warrantors.

BASIC INFORMATION

Any tire, no matter how well constructed, may fail due to improper maintenance or service factors. This could create a risk of property damage and serious or fatal injury. Disregarding any of the safety precautions and instructions contained in this manual may result in tire failure or explosion causing serious personal injury or death. For your safety, comply with the following:

TIRE INFLATION

Keep tires inflated to the pressures recommended on the tire data placard. (See your Owner's Manual for location.) These inflation pressures must be maintained as a minimum. However, do not exceed the maximum pressure rating indicated on the tire sidewall.

CHECK INFLATION PRESSURES ON ALL YOUR TIRES, INCLUDING THE SPARE, WHEN TIRES ARE COLD, AT LEAST ONCE A MONTH BEFORE DRIVING.

Failure to maintain correct inflation may result in improper vehicle handling and may cause rapid and irregular tire wear, sudden tire destruction, loss of vehicle control and serious personal injury. Therefore, inflation pressures should be checked at least once a month and always prior to long distance trips.

Pressures should be checked when tires are cold. The tires are cold when your vehicle has been driven less than a mile at moderate speed after being stopped for three or more hours.

CHECKING PRESSURE WHEN TIRES ARE HOT

If you must add air when your tires are hot, add 4 psi (28 kPa) above the recommended cold air pressure. Recheck the inflation pressure when the tire is cold.

For Example Only:

Gauge reading of hot tire: 32 psi

If recommended pressure is: 30 psi

Desired gauge reading of hot tire 30 psi + 4 psi = 34 psi

Check cold pressures as soon as possible, at least by the next day. Never "bleed" air from hot tires as your tire will be underinflated. Use an accurate tire gauge to check pressures. Never allow children to air up tires.

DRIVING ON ANY TIRE THAT DOES NOT HAVE THE CORRECT INFLATION PRESSURE IS DANGEROUS. For replacement tires, the correct inflation pressure will be provided by your tire dealer. If not, refer to the vehicle decal.

Underinflation produces extreme flexing of the sidewalls and builds up heat which may result in sudden tire destruction and serious personal injury. Overinflating can cause the tire to be more susceptible to impact damage.

LOAD LIMITS

DO NOT OVERLOAD. DRIVING ON ANY OVERLOADED TIRE IS DANGEROUS.

Never load your tires beyond the load carrying limits molded into the sidewall of the tires or the maximum vehicle load limit as shown on the vehicle tire data placard, whichever is less. Overloading causes heat to build up which can lead to sudden tire failure and serious personal injury.

SPEED LIMITS AND SPEED RATED TIRES

HIGH SPEED DRIVING CAN BE DANGEROUS.

Never operate your vehicle in excess of lawful speeds or the maximum speeds justified by the driving conditions. Excessive speeds or racing can cause heat buildup in a tire leading to possible failure and serious personal injury.

Correct inflation pressure is especially important. However, at high speeds, even with the correct inflation pressure, a road hazard, for example, is more difficult to avoid and if contact is made, there is a greater chance of causing tire damage than at the lower speed. Moreover, driving at high speed reduces the reaction time available to avoid accidents and bring your vehicle to a safe stop. If you see any damage to a tire or wheel, replace it with your spare tire and see your tire dealer at once.

Tire speed ratings do not imply that a vehicle can be safely driven at the maximum speed for which the tire is rated. In addition, some damages or improper repairs may cause a speed-rated tire to lose its speed rating. Exceeding the tire's maximum speed rating will cause the tire to build up

excessive heat which can cause tire damage that could result in sudden tire destruction and rapid air loss. Failure to control a vehicle with sudden air loss can lead to an accident. In any case, you should not exceed reasonable speeds as indicated by the legal limits and driving conditions.

SPEED SYMBOLS

Are shown on the sidewall of some tires. The following table shows the maximum speed corresponding to the symbol.

†Speed Maximum Rating	Speed mph	km/hr
M	81	130
N	87	140
P	93	150
R	99	160
R	106	170
S	112	180
T	118	190
H	130	210
W	168	270
Y	186	300
V*	149	240
Z**	149	240

SPEED RATINGS

***Some V (or VR) rated tires may have a speed capacity of greater than 149 mph (240 km/h).** Consult your tire manufacturer for maximum speed ratings if your vehicle capability exceeds this speed.

****Z (or ZR) rated tires are designed for use on cars with maximum speed capabilities in excess of 149 mph (240 km/h).** Consult your tire manufacturer for maximum speed capabilities.

†Although a tire may be speed rated, we do not endorse the operation of any vehicle in an unsafe or unlawful manner. Speed ratings are based on laboratory tests which relate to performance on the road, but are not applicable if tires are underinflated, overloaded, worn out, damaged, altered, improperly repaired, or retreaded. Furthermore, tire speed ratings do not imply that vehicles can be safely driven at the maximum speed for which the tire is rated, particularly under adverse road and weather conditions or if the vehicle has unusual characteristics. Most highway passenger tires that do not have a speed symbol in the sidewall have a maximum speed rating of 105 mph (170 km/h).

Light truck highway tires that do not have a speed symbol on the sidewall of the tire have a maximum speed of 87 mph (140 km/h).

Some light truck tires may have higher maximum speeds; consult your tire dealer. The speed and other ratings of retreaded tires are assigned by the retreader and voids the original manufacturer's ratings.

IMPORTANT: In order to maintain the speed capability of the vehicle, replacement tires must have speed ratings equal to or higher than those fitted as original equipment (as indicated on the vehicle placard or Owner's Manual). If tires with lower speed ratings are fitted, the speed capability of the vehicle will be lowered to the maximum speed capability of the replacement tire as indicated on the above table.

Remember...High speed driving can be dangerous and may be damaging to your tires.

And...When driving at highway speeds, correct inflation pressure is especially important.

Contact the manufacturer of your tires for their position and assistance on the repair of speed-rated tires. When you are

replacing tires that have a speed rating, you must replace with tires of the same or higher speed rating if the speed capability of the vehicle is to be maintained.

VISUAL INSPECTION

INSPECT YOUR TIRES. DO NOT DRIVE ON A DAMAGED TIRE OR WHEEL.

Check your tires frequently for scrapes, bulges, separations, cuts, snags, cracks, penetrations or excessive localized wear from hard braking. Also check for abnormal tire wear, particularly on the edges of the tire tread which may be caused by misalignment or underinflation. Impacts can damage the inner portion of the tire without being visible on the outside. If damage can be seen on the tires or wheels, or if you suspect that possible impact damage may have occurred, replace with spare at once and have your tire store or dealer inspect your tires immediately. Use of a damaged tire could result in tire destruction. When inspecting your tires, including the spare, check your air pressures. If your pressure check indicates that one of your tires has lost pressure of two pounds or more, look for signs of penetrations, valve leakage, or wheel damage that may account for the air loss.

All tires will wear out faster when subjected to high speeds as well as hard cornering, rapid starts, sudden stops, frequent driving on roads which are in poor condition, and off-road use. Roads with holes and rocks or other objects can damage tires and cause misalignment of your vehicle. When you drive on such roads, drive on them carefully and slowly, and before driving again at normal or highway speeds, examine your tires for any damage, such as cuts, bulges, penetrations, unusual wear patterns, etc.

TREAD WEAR INDICATORS (WEAR BARS):

Tires contain Tread Wear Indicators (Wear Bars) in the grooves of the tire tread which **show up when only 2/32 inch (1.6 mm) of tread is remaining. At this stage, your tires must be replaced. Tires worn beyond this stage are dangerous.**

HAZARDS

Objects in the road that threaten a tire should be safely avoided. These objects are potholes, glass, metal, rocks, wood debris and the like. Unavoidable contact should prompt a thorough tire inspection.

You may not always recall hitting an object that can damage or injure your tires. If while driving your vehicle experiences any unusual vibrations, ride disturbance or noise and/or you suspect that possible damage to the tires or vehicle has occurred, **DO NOT JAM OR LOCK YOUR BRAKES!** Rather reduce your speed and drive with caution until you can safely pull off the road. Stop and inspect the tires. If the tire is underinflated or damaged, deflate, remove the tire and rim assembly and replace it with your spare. If you cannot detect a cause, have the vehicle towed to the nearest vehicle or tire dealer to have the vehicle inspected.

REPAIRING, MOUNTING AND DEMOUNTING OF TIRES

Do not attempt to repair, mount or demount a tire yourself. Tire changing can be dangerous and must be done by professionally trained persons using proper tools and procedures as specified by the Rubber Manufacturers Association (RMA). **Follow these mounting recommendations.** Your tires should be mounted on wheels of correct size and type and which are in good, clean condition. Bent, chipped or rusted wheels may cause tire damage. The inside of the tire must be free from foreign

materials. **Have your retailer check the wheels before mounting new tires.** Mismatched tires and rims can explode during mounting. Also, mismatched tires and rims can result in dangerous tire failure on the road. If a tire is mounted by error on the wrong-sized rim, do not remount it on the proper rim - scrap it. It may be damaged internally (which is not externally visible) by being dangerously stretched and could fail on the highway.

Old valves may leak. When new tubeless tires are mounted, have new valves of the correct type installed. Tubeless tires must be mounted only on wheels designed for tubeless tires, i.e., wheels which have safety humps or ledges.

Never perform a temporary repair, use an innertube or inject sealant as a permanent substitute for a proper repair. Only qualified persons should repair tires.

Be sure that all your valves have suitable valve caps. This will keep valve cores clean and clear and guard against leakage.

REPAIRS - WHENEVER POSSIBLE, SEE A TIRE DEALER AT ONCE. Some tire manufacturers do not warrant any inspection or repair process. The repair is entirely the responsibility of the repairer.

Punctures in the tread of a passenger tire which do not exceed 1/4 inch (6 mm) in diameter can usually be repaired by following the Rubber Manufacturer's Association (RMA) Passenger and Light Truck Repair procedures. Contact the manufacturer of your tires for its position and assistance as to the acceptable location for a proper repair and the repair of speed rated tires. **Do not use plug repairs. They may cause further damage to the tire. They are not always air tight and the plug may fail.** Do not exceed posted speed limits on any repaired tire. Certain tire manufacturers speed ratings are voided if the tire is repaired.

Although a tire was properly repaired, internal structural damage resulting from the puncture may have occurred. Sometime later the damage may cause the tire to be removed from service.

If the tire has a puncture in the tread which exceeds 1/4 inch (6 mm), the tire must be replaced. If any tire has sustained a puncture, have the tire inspected internally by a tire dealer for possible damage that may have occurred.

Improper mounting and inflation procedures can cause an explosion of the tire/rim assembly. Only specially trained persons should perform these tasks. Contact your tire store or dealer for assistance.

CAUTION - Never, under any circumstance, introduce a flammable substance into a tire.

WHEEL ALIGNMENT AND BALANCING

Wheel alignment and balancing are important for safety and maximum mileage from your tires. Check how your tires are wearing at least once a month. If your tires are wearing unevenly, such as the inside shoulder of the tire wearing faster than the rest of the tread, or if you detect excessive vibration, your vehicle may be out of alignment or balance. These conditions not only shorten the life of your tires, but adversely affect the handling characteristics of your vehicle which could be dangerous. If you detect irregular wear or vibration, have your alignment and balance checked immediately.

Tires which have been run underinflated will show more wear on the shoulders than in the center of the tread.

HARD BRAKING

You must inspect your tires after any hard braking circumstances or after tires have slid on the pavement. This can cause a flat spot in a section of the tire tread.

TIRE SPINNING

Never spin your tires above a speedometer reading of 35 mph (55 km/h) if your vehicle becomes stuck. The centrifugal force generated by the free spinning tire/wheel assembly may cause a sudden tire explosion, resulting in vehicle damage and/or serious personal injury or death. Never allow anyone to stand near or behind a tire spinning at high speed while attempting to push a vehicle that is stuck. When in mud, sand, snow, ice or other slippery conditions, do not indulge in excessive wheel spin. In such conditions, with automatic transmission vehicles, by accelerating the engine excessively, it is possible to spin one of the drive tires beyond its speed capability. This is also true when balancing a drive tire/wheel assembly using the engine of the vehicle to spin the wheel.

TIRE TREAD

Tires must be replaced when the depth of the tread reaches $2/32$ inch (1.6 mm). Tires are manufactured with tread wear indicators molded into the tire grooves which indicate tread wearout. As tires approximate $2/32$ inch (1.6 mm) wearout, the tread gauge becomes thinner and more vulnerable to the effects of road hazards. Also, worn tires are more subject to hydroplaning, which can cause loss of control. Therefore, visual tire inspection becomes more crucial as the tires wear out.

WORN TIRES

Never drive on worn tires. Tires should be replaced by trained personnel when $2/32$ inch (1.6 mm) tread depth remains, as indicated by the tread wear indicators molded into the tread grooves. In most states, it is illegal to drive with less than $2/32$ inch (1.6 mm) of tread remaining.

TIRE MIXING

For best performance select tires similar in size and load rating to the original equipment tires. It is recommended that the same size and type of tire be used on all four wheel positions. In certain tires, casing ply material and ply construction may vary

as indicated on the sidewall of the tire. When changing or replacing tires, it is preferred that all four tires are the same construction type (i.e., High Performance, All Season, Mud & Snow) and construction (Radial or Bias Ply). Before mixing tires of different types on a vehicle in any configuration, be sure to check the vehicle Owner's Manual for its recommendations.

Tires which meet the Rubber Manufacturer's Association (RMA) definition of mud and snow tires are marked M/S, M+S, M&S. On such tires, this designation is molded into the sidewall. Tires without this notation are not recommended for mud and/or snow driving.

If snow tires are needed, it is necessary to select tires equivalent in size and load rating to the original equipment tires. Always fit performance snow tires in sets of four (4) for optimum mud & snow traction and maintenance of vehicle handling characteristics. If you do not, it may adversely affect the safety and handling of your vehicle. It is also important to check the vehicle Owner's Manual before mixing or matching tires on 4-wheel drive vehicles as this may require special precautions.

Please refer to your Owner's Manual for more information on tire replacement precautions.

TIRE ROTATION

Tires on your INFINITI vehicle should be rotated every 7,500 miles or as irregular wear develops. If irregular wear becomes apparent or if the wear rate on the tires is perceptibly uneven, the tires should be rotated in such a way to alleviate the problem. Check your vehicle for any mechanical problems and correct if necessary. Any rotation pattern or procedure may be followed including those indicated in the Owner's Manual. Some tires have arrows on the sidewall showing the direction in which the tire should turn. When rotating this type of tire, care must be taken to maintain the proper turning direction as indicated by the arrows. Some vehicles have different tire sizes specified for front and rear axles. Tires on these vehicles should not be rotated side to side (unless they are nondirectional). Where a temporary type spare tire is available, it should not be included in the tire rotation schedule. Such tires are intended for temporary use only.

REPLACING TWO TIRES

If your vehicle was originally equipped with four tires that were the same size and you are only replacing two of the four tires, install the new tires on the rear axle. Placing new tires on the front axle may cause loss of vehicle control in some driving conditions and cause an accident and personal injury.

TRAILER TOWING

If you anticipate towing a trailer, you should see a tire dealer for advice concerning the correct size of tire and pressure.

Tire size and pressure will depend on the type and size of the trailer and hitch utilized, but in no case must the maximum cold inflation pressure or the tire load rating be exceeded. Check the tire decal and your Owner's Manual for further recommendations on trailer towing.

TIRE ALTERATIONS

Do not perform any alterations on your tires. Alterations may prevent proper performance, leading to tire damage, which can result in an accident. Tires which become unserviceable due to alterations

such as truing, whitewall inlays, addition of balancing or sealant liquids, may be excluded from warranty coverage. Consult your tire warranty.

HIGH PRESSURE TEMPORARY SPARE TIRES

1. The high-pressure spare tire in your INFINITI vehicle is designed for temporary use only and must not be used continually as a regular tire. The standard tire should be repaired and/or replaced as soon as possible.
2. Avoid driving over obstacles that may damage the tire through impact or cutting, such as potholes, glass, metal, etc.
3. Speed must not exceed 50 mph (80 km/h) for non-speed-rated temporary spare tires.
4. Temporary spare tires have a limited tread life which can vary depending on road conditions and your driving habits. The spare tire should be returned to the trunk as soon as the standard tire can be repaired or replaced.
5. Because the high-pressure spare tire was specifically designed for your car, it should not be used on any other vehicle.
6. Do not use snow chains on your high-pressure spare. This could cause damage to your vehicle.
7. Check the tire's cold inflation pressure monthly and maintain at 60 psi (4.2 kg/cm²) even when not in use.
8. The high-pressure spare tire should not be used with any other rim nor should standard tires, wheel covers, or trim rings be used on the high-pressure spare tire rim which was originally installed.
9. When the tread wear indicator appears on the tire, replace it only with the same type spare tire.
10. Do not enter an automatic car wash with a temporary spare tire fitted.
11. Do not make a sharp turn or apply the brakes suddenly when driving on a high-pressure temporary spare.

Note: When using any temporary type spare tire, be sure to follow the vehicle Owner's Manual instructions.

TIRE STORAGE

All tires should be stored in a cool dry place indoors so that there is no danger of water collecting inside them.

When tires are stored they should be stored in a cool place away from sources of heat and ozone such as hot pipes and electric generators. Be sure that surfaces on which tires are stored are clean and free from grease, gasoline or other substances which could deteriorate the rubber. (Tires exposed to these materials during storage or driving could be subject to sudden failure.)

To Avoid Damage to your Tires and Possible Accident:

- Check tire pressure at least once a month when tires are cold and before long trips.
- Do not underinflate/overinflate.
- Do not overload.
- Drive at moderate speeds, observe legal limits.
- Avoid driving over potholes, obstacles, curbs or edges of pavement.
- Avoid excessive wheel spinning.

- If you see any damage to a tire, replace with spare and see the tire manufacturer's retailer or your INFINITI retailer.
