10000mAh Wireless Power Bank

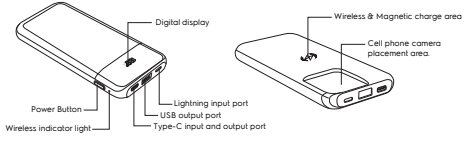

User Manual

Model: APB-MAGW10-B

Product Overview

1. This device provides 1 USB output port, 1 Lightning input, 1 Type-C input/output port, as well as a wireless & magnetic charging area for wireless charging.

2. The digital display shows the current battery level of the power bank.

3. Press the power button one time to turn on the device and activate wireless charging. Press the power button twice to turn the device off. If the device is idle for more than 1 minute it will be placed into standby mode.

Charging Devices

When charging a device, please use USB cables that are compatible with your specific mobile device.

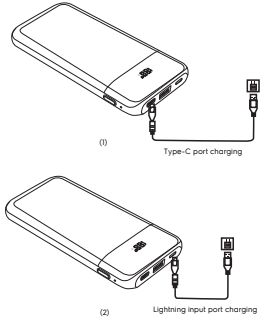

1. This device supports Power Delivery (PD) which is a specification for handling higher power and allows a range of devices to charge quickly over a Type-C connection.

2. Supplies USB power to most DC5V mobile devices.

3. This device supports magnetic wireless charging and pass through functions for devices such as smartphones, etc.

Charging the Power Bank

1. The device can be charged using a Type-C input or a lightning input.

2. Charge times for the device may differ depending on the type of charging method you are using. However, the fastest way to charge the device would be using a Type-C input, as it may charge the device in up to 3 hours.

Attention

1. For efficiency purposes, we recommend using the cables and accessories that were included with the device. If the device is not working, please check if the device and cables are connected properly.

2. Since the device has a specific conversion rate, the battery capacity displayed on the screen may differ on a case to case basis.

3. This device supports most mobile phone models including the latest iPhones, OPPO, Huawei, Samsung, as well as other devices such as Macbooks, etc.

4. Ensure the device is drained and fully charged at least every 6 months.

Technical Specifications

Battery Type	Li-ion Battery
Capacity	10000 mAh
Lightning Input	DC5V/2A, 9V/2A
Type-C Input	DC5V/3A, 9V/2A
USB Output	DC5V/4.5A, 4.5A/5A, 9V/2A, 12V/1.5A
Type-C Output	DC5V/3A, 9V/2.2A, 12V/1.5A
Wireless	10W max
Size	5.66" x 2.79" x 0.47" (144 x 71 x 12mm)
Weight	0.49lbs (225g)
Color	Black
Storage Temp.	23°F-95°F (Less Than 1 Month) 23°F-86°F (Less Than 6 Month)
Working Temp.	32°F-113°F (Charging) -4°F-140°F (Not Charging)

Safety Instructions

Warning: Please read the instructions carefully. Any misuse of this device could cause a fire or possible damage to the unit.

1. For adult use only. Please keep away from small children.

2. Do not attempt to dismantle or take the device apart as it may cause damage to yourself or to the device.

3. If the device is bulging or becomes noticeably damaged stop using immediately.

4. Do not place the device in or around high temperatures such as a fire. High levels of heat may cause the battery to melt or become damaged.
