Celebrate

4-Thread Serger

Micromatic Twin Cam Tension System
Eliminates thread tangles and delivers proper tension with all threads on any fabric.

Jet-Air Threading™
With just the touch of a lever, thread is sent through the tubular loopers. There are no thread guides, no struggling and there's plenty of time to serge away!

Adjustable Presser Foot Height up to 6mm
Celebrate features a higher presser foot height to effortlessly handle thicker and loftier fabric.

Needle Threading System
Hold the needle threader in place for quick and easy threading with just the touch of a lever.

Full Featured Single Unit Differential Feed
We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

Advanced Knife Driving & One-Way Clutch System
Baby Lock has created a knife system with a larger cutting bite that cuts thicker fabric with ease and increased visibility.
