304™ FIRE POKER

MULTI-USE DESIGN

The Breco® 304™ Fire Poker is designed to pull, push, roll, and adjust logs, grills, or any other item used in or around the fire. We built this for use with our smokeless fire pits and live-fire cooking accessories, but it is at home around any fire for various tasks.

FEATURES

CONSTRUCTION: 304 stainless steel to take the heat, and a full-grain leather loop to hang it close by

MULTI-USE TIP: Allows you to push, pull, and adjust logs with authority while also providing a few other key features. Use the “swoop” in the hook to swing your Outpost Grill and clear ash from around the X Airflow vents with the perfectly sized flat edge.

USE & CARE

It is normal for the tip of the Fire Poker to darken in color. Clean stainless steel with bristle brush, water, and dish soap.

The leather hanging loop can be cleaned with saddle soap and treated with leather conditioner.

Store the Fire Poker inside for longevity.

WARNING

Always practice safety first when using the Fire Poker and exercise the same precautions you would with any open fire.

The hook on the Fire Poker is sharp, use caution. Tip of the Fire Poker is very hot after being in the fire and can cause severe burns. Avoid touching sensitive surfaces with the Fire Poker when the tip is hot.

Do not touch the Fire Poker when it is hot. Do not swing or throw the Fire Poker.

Keep out of the reach of children and pets.
