ROTISSERIE

ULTIMATE LIVE-FIRE COOKING TOOL

The Breeo® Rotisserie is an essential live-fire cooking attachment for your Breeo Fire Pit or Live-Fire Grill. It is designed with a quick-connect mount to easily switch between multiple 304 stainless steel accessories to fit your cooking needs. The drive motor is built from a solid die-cast aluminum body covered in a high-temperature silicone sleeve, making it extremely durable. The Rotisserie has a variable speed of a 3-12 rpm motor that can dial in your cooks and avoid burning. The included outpost bracket integrates the Rotisserie onto your existing Outpost Rod.

FEATURES

CONSTRUCTION: High-temp silicone outer sleeve protects the Rotisserie from damage and the elements, while being easy to clean. The solid cast aluminum body is built for durability and high heat while still being lightweight.

ADJUSTABLE PRONGS: Securely hold food of any size (*max weight 20 lbs*)

MULTI-POWER OPTIONS: Rechargeable battery pack, AC adapter, or solar power 12v power (*solar power not included*)

QUICK-LOCK ACCESSORY MOUNT: Fast setup and easy breakdown

PRECISION ROTATION: Adjustable 3-12 rpm speed

ADDITIONAL ATTACHMENTS: These three attachments make the Breeo Rotisserie a complete live-fire multi-tool. **Sold separately*

ASSEMBLY INSTRUCTIONS

PARTS INCLUDED

Rotisserie Motor x1

Outpost Bracket x1

Prongs x1

Battery Pack x1

6 ft Power Cable x1

AC Adapter & Wall Charger x1

1 INSTALL THE MOTOR

Slide the Rotisserie motor onto the outpost bracket from the rear of the motor. It can be adjusted from front to back to adapt to different-sized fire pits. Proper installation into the bracket is essential for the function of the Rotisserie. Make sure the Breeo logo is facing up and the bracket is oriented correctly, with the two holes facing front and the locking tab is on top of the handle. Slide the bracket onto the Outpost Rod and tighten.

You will know everything is correct because the Rotisserie is designed to be at a slight upward angle to compensate for the weight of what you are cooking. If it is pointed down towards the fire, it is wrong!

2 ADD ATTACHMENTS

Attach the prongs, or other attachments, to the motor by inserting the square end of the rod into the front bearing of the Rotisserie. Slide in and rotate to align the chuck. Gently push until you hear a click, and it stops. To remove, turn off the motor and pull straight out of the motor the same way. It will unclick and move freely from the Rotisserie.

BATTERY USE & CARE

To use the battery pack with the Rotisserie, plug the unthreaded connector end of the cord into the Rotisserie motor and thread the water-resistant cap onto the battery end.

After the battery is connected, turn the power knob to the right to turn on and to adjust the speed. Battery run time will vary based on the weight of the cooking material. Typical run time is 6-10 hours on a single charge.

While running, rest the battery on the ground away from the Fire Pit or Live-Fire Grill. The Lithium-ion battery pack can be recharged without limitations, as the battery is designed for a slow charge process (3 hours for full charge), which helps the battery pack last longer.

BATTERY WARNING

Do not modify or disassemble the power bank. Do not throw the power bank into fire or water.

Keep the battery and cable away from any heat source. Failure to do so could result in damage or harm to you or the product.

Please use a qualified AC/DC 12.6V 0.5-3A lithium-ion battery charger to charge the battery. ***When the power bank is charging, do not place it on flammable materials, such as the bed or carpet.***

⚠ WARNING: Lithium-ion batteries and products that contain lithium-ion batteries can expose you to chemicals including cobalt lithium nickel oxide, and nickel, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

USE & CARE

The Rotisserie motor may become greasy or dirty with use. To clean, disconnect from the power and wipe down with a damp or lightly soapy rag. **Do not wash or submerge the Rotisserie motor in water.**

The 304 stainless steel accessories can be washed with soap and water.

If there is squeaking from the bearing or chuck, apply a few drops of a food-grade oil inside.

WARNING

Keep the main Rotisserie motor out of direct heat source, hang it to the outside of the fire pit or grill. Failure to do so could result in damage or harm to you or the product. Do not submerge the Rotisserie in water or liquid.

Do not exceed the Rotisserie motor's 20 lb. max turn weight. If the Rotisserie weight limit is reached, the motor will be cut off for safety. To reset, reduce the weight and cycle the power switch off and on once. Only use as intended. Do not overload.

Always practice safety first when using the Rotisserie and accessories; exercise the same precautions you would with any open fire.

Never leave your Breeo® Fire Pit, Grill & accessories unattended, especially around children and pets. The Rotisserie and attachments become very hot in use and can cause severe burns. Do not touch when hot. Avoid touching sensitive surfaces with the Rotisserie attachments when they are hot. When adjusting the height or orientation of your Rotisserie, always wear protective gloves or use other heat protection to avoid burns

⚠ WARNING: This product can expose you to nickel, which is known to the State of California to cause cancer and birth defects or reproductive harm. For more information go to www.p65warnings.ca.gov

WARRANTY

Lithium Battery + Cables: Warranty Length 1 Year

Coverage: Manufacturing defects, performance degradation beyond expected thresholds. This warranty does not cover: Normal wear and tear or capacity loss due to age and usage beyond the specified warranty period. Damage caused by misuse, neglect, accident, improper installation, or unauthorized tampering and/or modifications. Exposure to environmental elements resulting in damage. Overcharging or deep discharging. Immersion in liquids. Use with incompatible devices or chargers. Improper Use or Handling: Striking, dropping, throwing.

Rotisserie Drive Unit: Warranty Length 1 Year

Coverage: Manufacturing defects, performance degradation beyond warranty period. This warranty does not cover: Normal wear and tear. Exposure to environmental elements resulting in damage. Damage from incompatible battery/controller combinations. Use outside of rated load range. Improper Use or Handling: Striking, dropping, throwing, or immersive drive unit in liquid.

Rotisserie Stainless Steel Prongs: Limited Lifetime Warranty

We've got you covered! When your fire pit arrives, it has already been measured according to our quality standards. However, on the off chance that something is wrong with your fire pit, like a welding or structural defect, we do offer a limited lifetime warranty. Once proof of purchase, pictures and returned product are received, our Customer Service team will initiate a replacement of equal or lesser value.

For fire pits or accessories damaged in shipping, please contact our customer service team with photos and information at contact@breo.com. A team member will review and offer a credit or replacement based on the extent of the damage. To be eligible for a credit or replacement, we do ask that you report any shipping damage within 10 days of receiving the product.

*Any modifications made to a Breo product will result in a voided warranty.

We offer a 3-year rust or burn through warranty, which starts at the purchase date, on all of our fire pits, pizza ovens & Stainless Steel fire pit accessories. If your product falls under 3 years, we will replace it with a new one, free of charge, once pictures, a proof of purchase and returned product are received. If your product has been discontinued, you'll receive a replacement of equal or lesser value.

If you are outside the 3-year timeframe, our customer service team will be more than happy to work with you on a discount code you can apply towards a new product.

This warranty gives you specific legal rights providing said product is put to its proper designated use. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. NO ORAL AGREEMENT, GUARANTEE, PROMISE, REPRESENTATION OR WARRANTY SHALL BE BINDING. IN NO EVENT WILL BREEO, LLC BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES EVEN IF BREEO, LLC HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND EVEN IF BREEO, LLC HAS KNOWLEDGE THAT FAILURE TO PERFORM COULD CAUSE CONSEQUENTIAL ECONOMIC LOSSES. IN ANY EVENT, CUMULATIVE DAMAGES FOR BREACH OF THIS WARRANTY WILL BE LIMITED TO THE AMOUNT ACTUALLY PAID TO BREEO, LLC FOR THE PRODUCT. THIS PARAGRAPH SHALL APPLY TO ALL ACTIONS RELATED TO THE PRODUCT, WHETHER BASED ON TORT, CONTRACT OR OTHER THEORIES. THE PURCHASER ACKNOWLEDGES THAT THIS PARAGRAPH ALLOCATES THE RISK OF PRODUCT FAILURE BETWEEN BREEO, LLC AND THE PURCHASER, AND THAT THIS ALLOCATION IS REFLECTED IN THE PRICE PAID.

TUMBLE BASKET

FLIP WITHOUT THE FUSS

The Breco® Tumble Basket, made from 304 stainless steel, is designed for durability and resistance to corrosion, making it ideal for high-temperature cooking. Its perforated design evenly circulates heat around the food, ensuring a crispy and flavorful result. The basket securely holds small or irregularly shaped ingredients, preventing them from falling into the fire pit or grill. With a sturdy construction, it maintains its shape while rotating, providing consistent cooking performance.

FEATURES

CONSTRUCTION: 304 stainless steel to take the heat and clean up fast

T-HANDLE LID: Easy to load and lock securely for cooking shrimp, wings, or anything small that needs to move, but not get mangled.

USE & CARE

To use the Tumble Basket, open the T-handle lid counterclockwise and close it clockwise.

Attach the Tumble Basket to the motor by inserting the square end of the rod into the front bearing of the Rotisserie. Slide in and rotate to align the chuck. Gently push until you hear a click, and it stops. To remove, turn off the motor and pull straight out of the motor the same way. It will unclick and move freely from the Rotisserie.

The Tumble Basket can be washed with soap and water.

If there is squeaking from the bearing or chuck, apply a few drops of a food-grade oil inside.

WARNING

Always practice safety first when using the Rotisserie and accessories; exercise the same precautions you would with any open fire.

The Tumble Basket will be extremely hot in use and can cause severe burns. Do not touch when hot. Avoid touching sensitive surfaces with the Tumble Basket when it is hot.

Do not exceed the Rotisserie motor's 20 lb. max turn weight. If the Rotisserie weight limit is reached, the motor will be cut off for safety. To reset, reduce the weight and cycle the power switch off and on once. Only use as intended. Do not overload.

⚠️ WARNING: This product can expose you to nickel, which is known to the State of California to cause cancer and birth defects or reproductive harm. For more information go to www.p65warnings.ca.gov

USER GUIDE

FLAT BASKET

CLAMP. CRISP. CONTROL.

The Breeo® Flat Basket with an easy squeeze-to-open top, made from 304 stainless steel, provides a convenient way to secure food while cooking. Add or remove ingredients effortlessly with the quick-access squeeze-to-open mechanism. Its stainless steel construction ensures durability and resistance to rust, even under high heat. The flat design is ideal for grilling delicate items like fish or vegetables, preventing them from falling apart during rotation. With even heat distribution, this basket helps achieve a perfectly cooked meal every time.

FEATURES

CONSTRUCTION: 304 stainless steel to take the heat and clean up fast

ADJUSTABLE HEIGHT SYSTEM: Even pressure across food for perfect contact with heat

SQUEEZE LOCK LID: Holds food firmly while making it easy to open mid-cook

BALANCED ROTATION: Designed to flip smoothly without shaking or jerking

USE & CARE

Attach the Flat Basket to the motor by inserting the square end of the rod into the front bearing of the Rotisserie. Slide in and rotate to align the chuck. Gently push until you hear a click, and it stops. To remove, turn off the motor and pull straight out of the motor the same way. It will unclick and move freely from the Rotisserie.

The Flat Basket can be washed with soap and water.

If there is squeaking from the bearing or chuck, apply a few drops of a food-grade oil inside.

WARNING

Always practice safety first when using the Rotisserie and accessories; exercise the same precautions you would with any open fire.

The Flat Basket will be extremely hot in use and can cause severe burns. Do not touch when hot. Avoid touching sensitive surfaces with the Flat Basket when it is hot.

Do not exceed the Rotisserie motor's 20 lb. max turn weight. If the Rotisserie weight limit is reached, the motor will be cut off for safety. To reset, reduce the weight and cycle the power switch off and on once. Only use as intended. Do not overload.

USER GUIDE

SKEWERS

LOAD IT. LOCK IT. ROAST IT.

The Breco® Skewers with a twist-and-open lock, made from 304 stainless steel, offer a secure and convenient way to hold food while cooking. The twist-lock mechanism ensures a firm grip, preventing ingredients from slipping during rotation. Its stainless steel construction ensures durability and resistance to rust, even under high heat. Their sturdy design allows for even cooking, delivering consistently flavorful results. Ideal for meats, vegetables, and seafood, they provide a reliable and hassle-free grilling experience.

FEATURES

CONSTRUCTION: 304 stainless steel to take the heat and clean up fast

INTERLOCKING FRICTION FIT: Each skewer slides on/off independently

TWIST-LOCK MOUNTING: Stays secure in motion

USE ONE OR MANY: Configurable depending on what you're cooking

USE & CARE

Attach the Skewers to the motor by inserting the square end of the rod into the front bearing of the Rotisserie. Slide in and rotate to align the chuck. Gently push until you hear a click, and it stops. To remove, turn off the motor and pull straight out of the motor the same way. It will unclick and move freely from the Rotisserie.

The Skewers can be washed with soap and water.

If there is squeaking from the bearing or chuck, apply a few drops of a food-grade oil inside.

WARNING

Always practice safety first when using the Rotisserie and accessories; exercise the same precautions you would with any open fire.

The Skewers will be extremely hot in use and can cause severe burns. Do not touch when hot. Avoid touching sensitive surfaces with the Skewers when they are hot.

The Skewer ends are sharp; use caution and handle with care.

Do not exceed the Rotisserie motor's 20 lb. max turn weight. If the Rotisserie weight limit is reached, the motor will be cut off for safety. To reset, reduce the weight and cycle the power switch off and on once. Only use as intended. Do not overload.

⚠️ WARNING: This product can expose you to nickel, which is known to the State of California to cause cancer and birth defects or reproductive harm. For more information go to www.p65warnings.ca.gov
