

# Parts Manual

Mfg. No: 303447-1340-E1

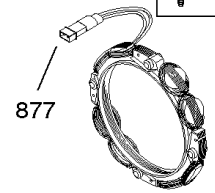

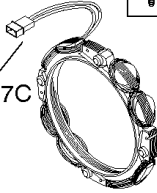

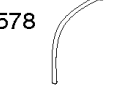

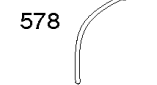

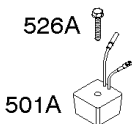

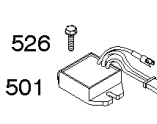

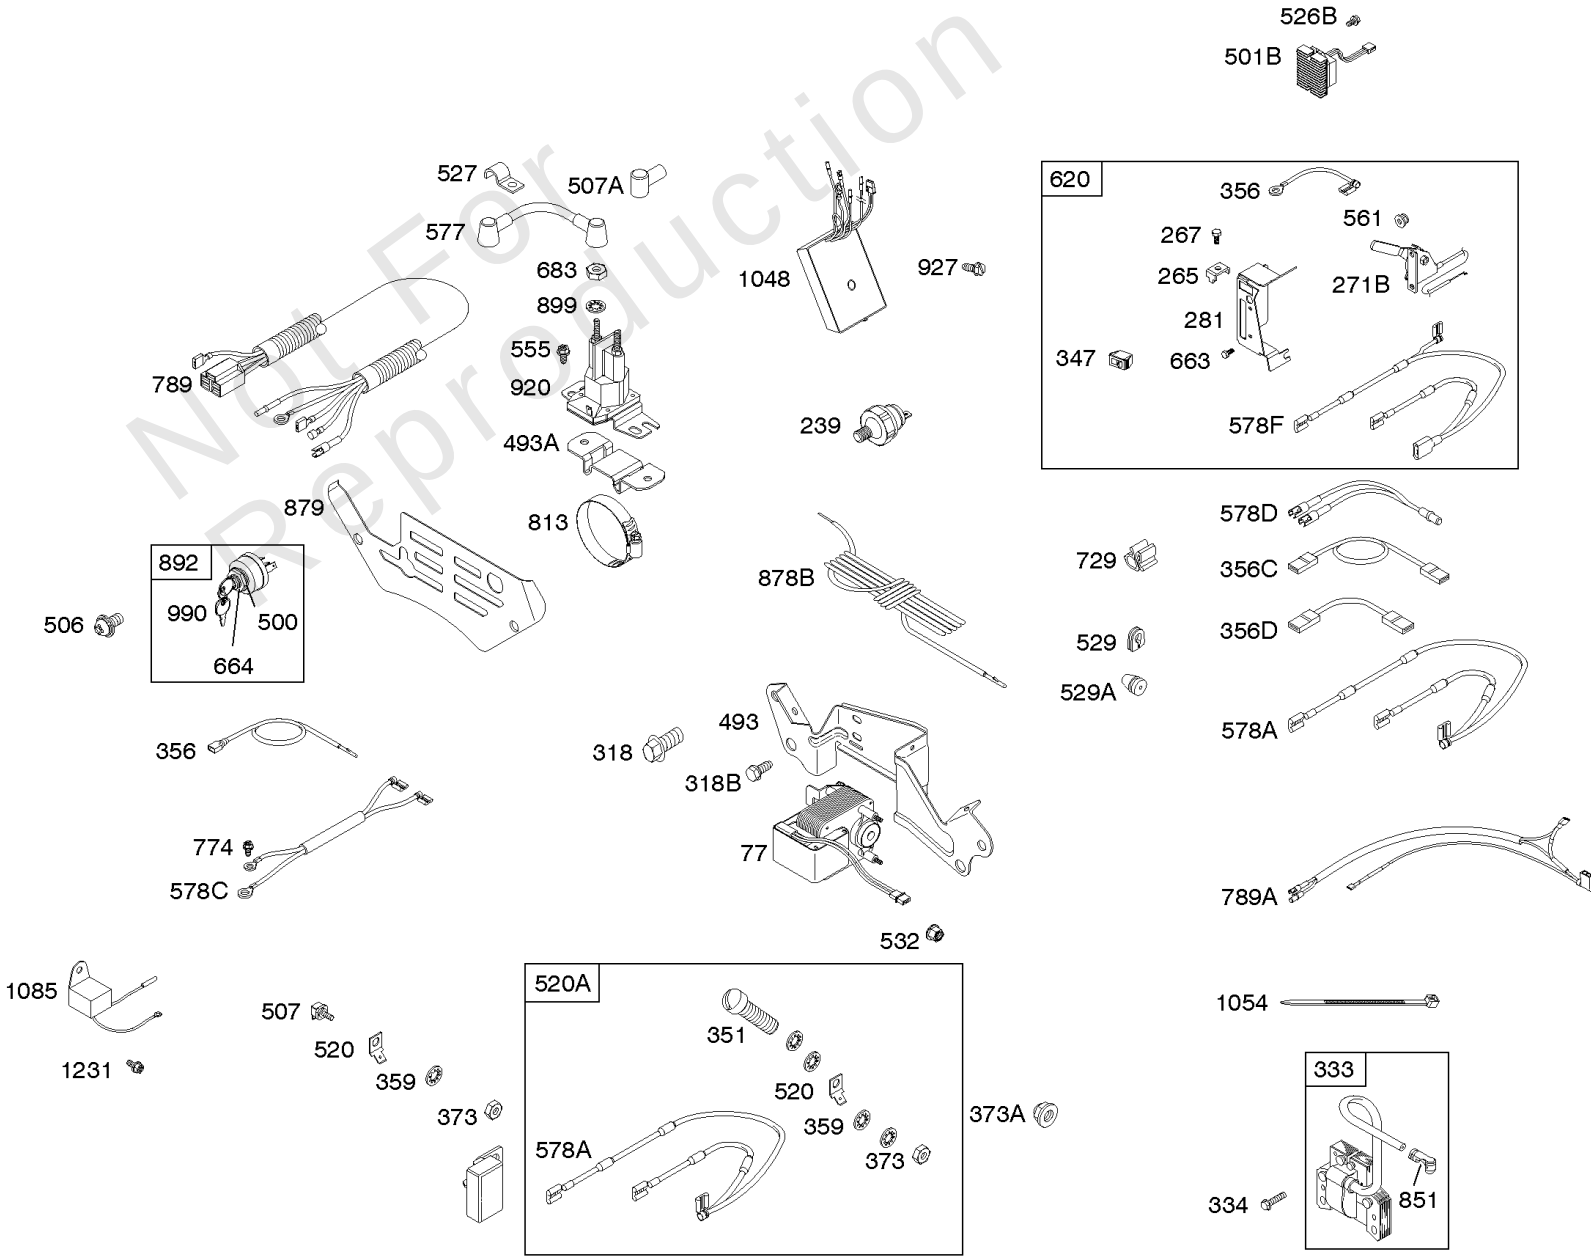

| <b>Model Components</b>                                             | <b>Page</b> |
|---------------------------------------------------------------------|-------------|
| Air Cleaner. ....                                                   | 4           |
| Alternator, Ignition, Wires. ....                                   | 6           |
| Blower Housing. ....                                                | 12          |
| Camshaft, Crankshaft, Cylinder, Piston, Rings, Connecting Rod. .... | 14          |
| Carburetor. ....                                                    | 18          |
| Carburetor Overhaul Kit, Engine & Valve Gasket Sets. ....           | 22          |
| Controls, Springs. ....                                             | 26          |
| Crankcase Cover, Intake Manifold. ....                              | 30          |
| Cylinder Head, Valves, Rocker Covers. ....                          | 32          |
| Electric Starter #1. ....                                           | 36          |
| Electric Starter #2. ....                                           | 38          |
| Electronic Governor. ....                                           | 40          |
| Exhaust System #1. ....                                             | 42          |
| Exhaust System #2. ....                                             | 44          |
| Flywheel, Starter Kit, Rotating Screens. ....                       | 48          |
| Fuel Supply. ....                                                   | 50          |
| Lubrication. ....                                                   | 54          |
| Replacement Engine - US & Canada. ....                              | 56          |
| Rewind Starter. ....                                                | 57          |
| Shrouds, Air Guides. ....                                           | 59          |
| Model 29, 30, 35 & 38 Engine Accessories Catalog. ....              | 61          |
| Maintenance Kits. ....                                              | 62          |
| Lubrication. ....                                                   | 64          |
| Starter Motor Side Outlet Mufflers. ....                            | 66          |
| Oil Filter Side Outlet Mufflers. ....                               | 68          |
| Oil Filter Side Outlet Manifolds. ....                              | 70          |
| Starter Motor Side Outlet Manifolds. ....                           | 72          |
| Mufflers. ....                                                      | 74          |
| Center Outlet Mufflers. ....                                        | 76          |
| Muffler Guards and Shields. ....                                    | 78          |
| Spark Arrestors and Deflectors. ....                                | 80          |
| Muffler Mounting Hardware. ....                                     | 82          |
| Flywheel and Air Intake Guards. ....                                | 84          |
| PTO. ....                                                           | 86          |
| Electrical. ....                                                    | 88          |
| Speed Control. ....                                                 | 90          |

## Air Cleaner

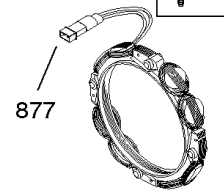

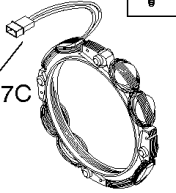

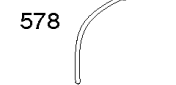

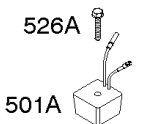

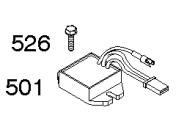

| REF NO | PART NO | QTY | DESCRIPTION                                          |
|--------|---------|-----|------------------------------------------------------|
| 11     | 691556  |     | TUBE, Breather                                       |
| 11A    | 806083S |     | TUBE, Breather                                       |
| 161    | 691561  |     | BASE, Air Cleaner<br>-(Metal)                        |

1058 OPERATOR'S MANUAL

1330 REPAIR MANUAL

1319 WARNING LABEL

**WARNING**

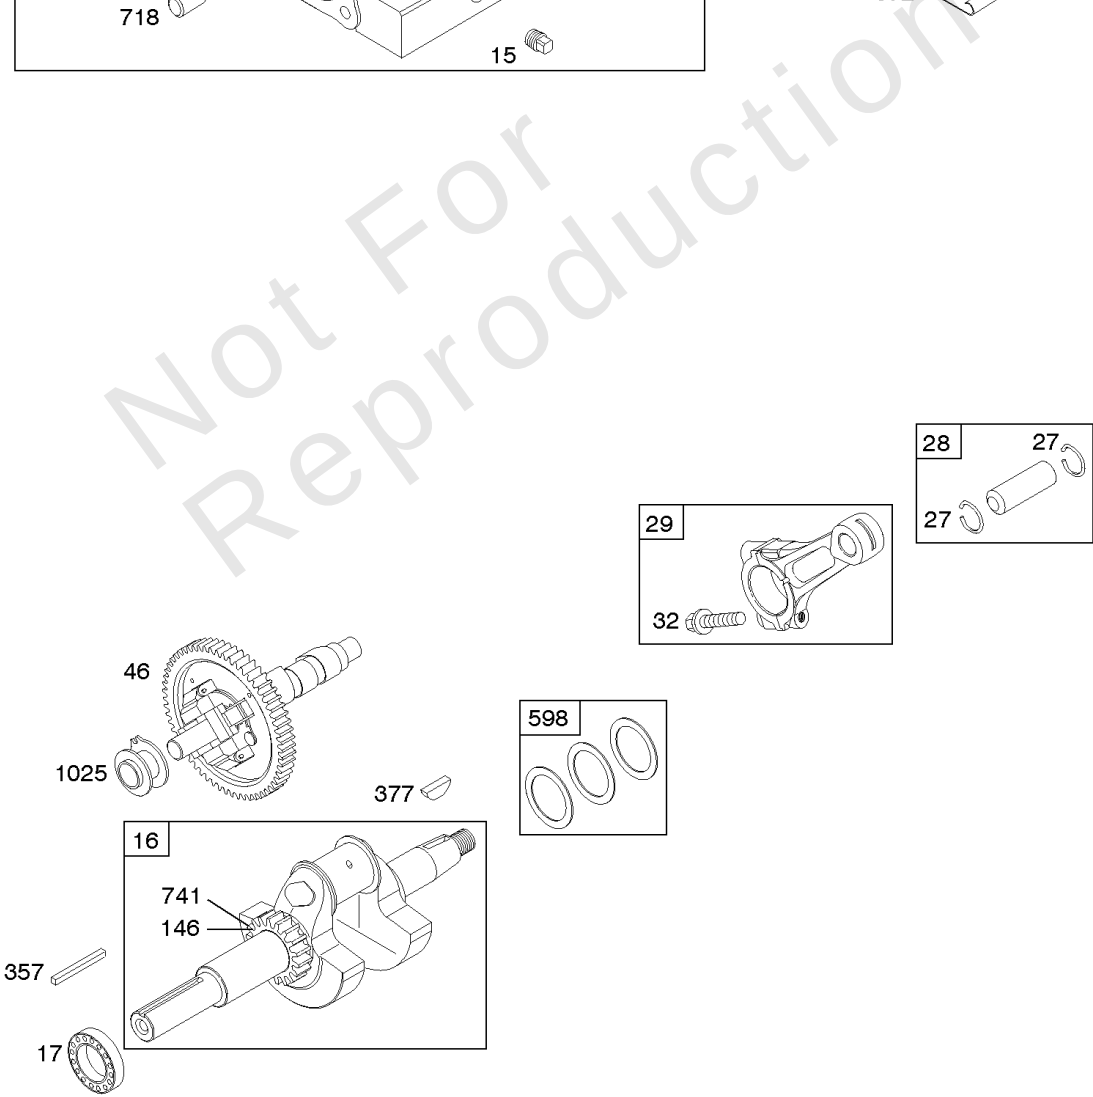

Read and follow Operating Instructions before running engine.

Gasoline is flammable. Allow engine to cool at least 2 minutes before refueling.

Engines emit carbon monoxide. DO NOT run in enclosed area.

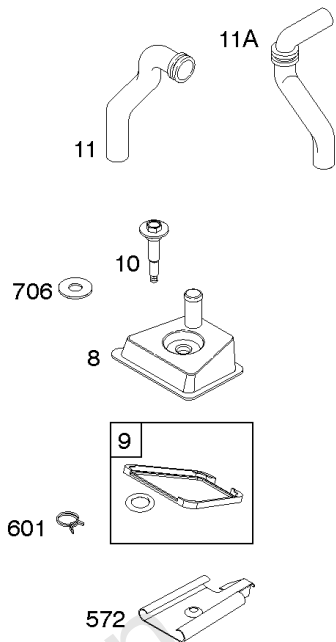

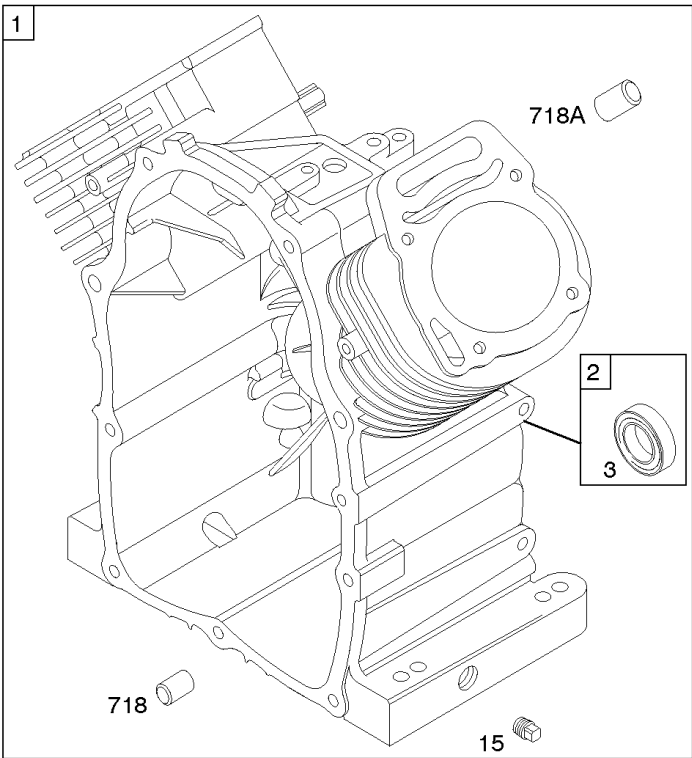

Muffler area temperature may exceed 150°F. Do not touch hot parts.

**REQUIRED** when replacing parts with warning labels affixed.

1036 EMISSIONS LABEL

1058 OPERATOR'S MANUAL

1330 REPAIR MANUAL

1319 WARNING LABEL

**WARNING**

Read and follow Operating Instructions before running engine.

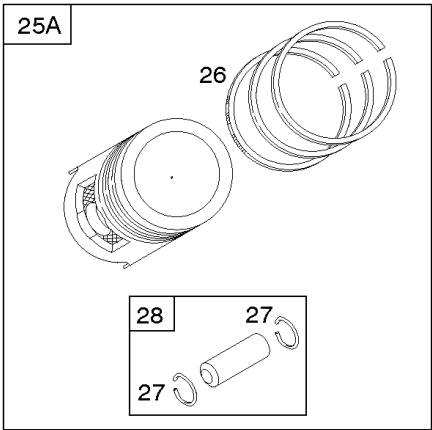

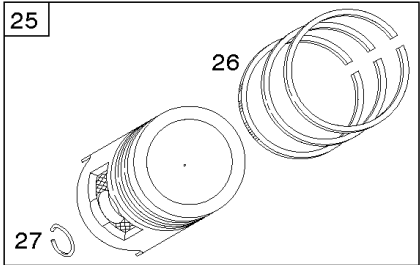

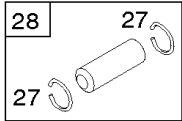

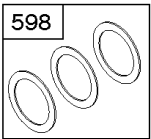

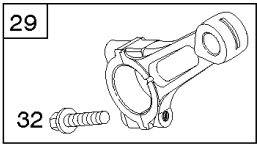

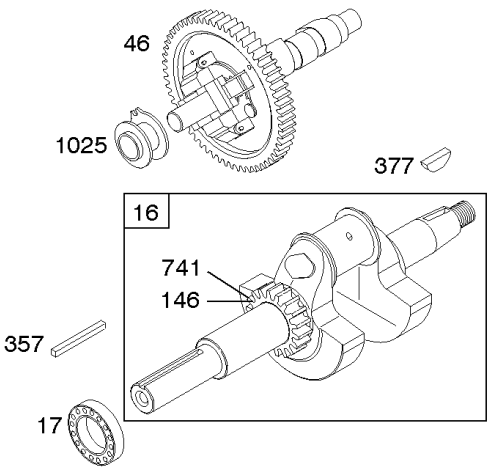

Gasoline is flammable. Allow engine to cool at least 2 minutes before refueling.

Engines emit carbon monoxide. DO NOT run in enclosed area.

Muffler area temperature may exceed 150°F. Do not touch hot parts.

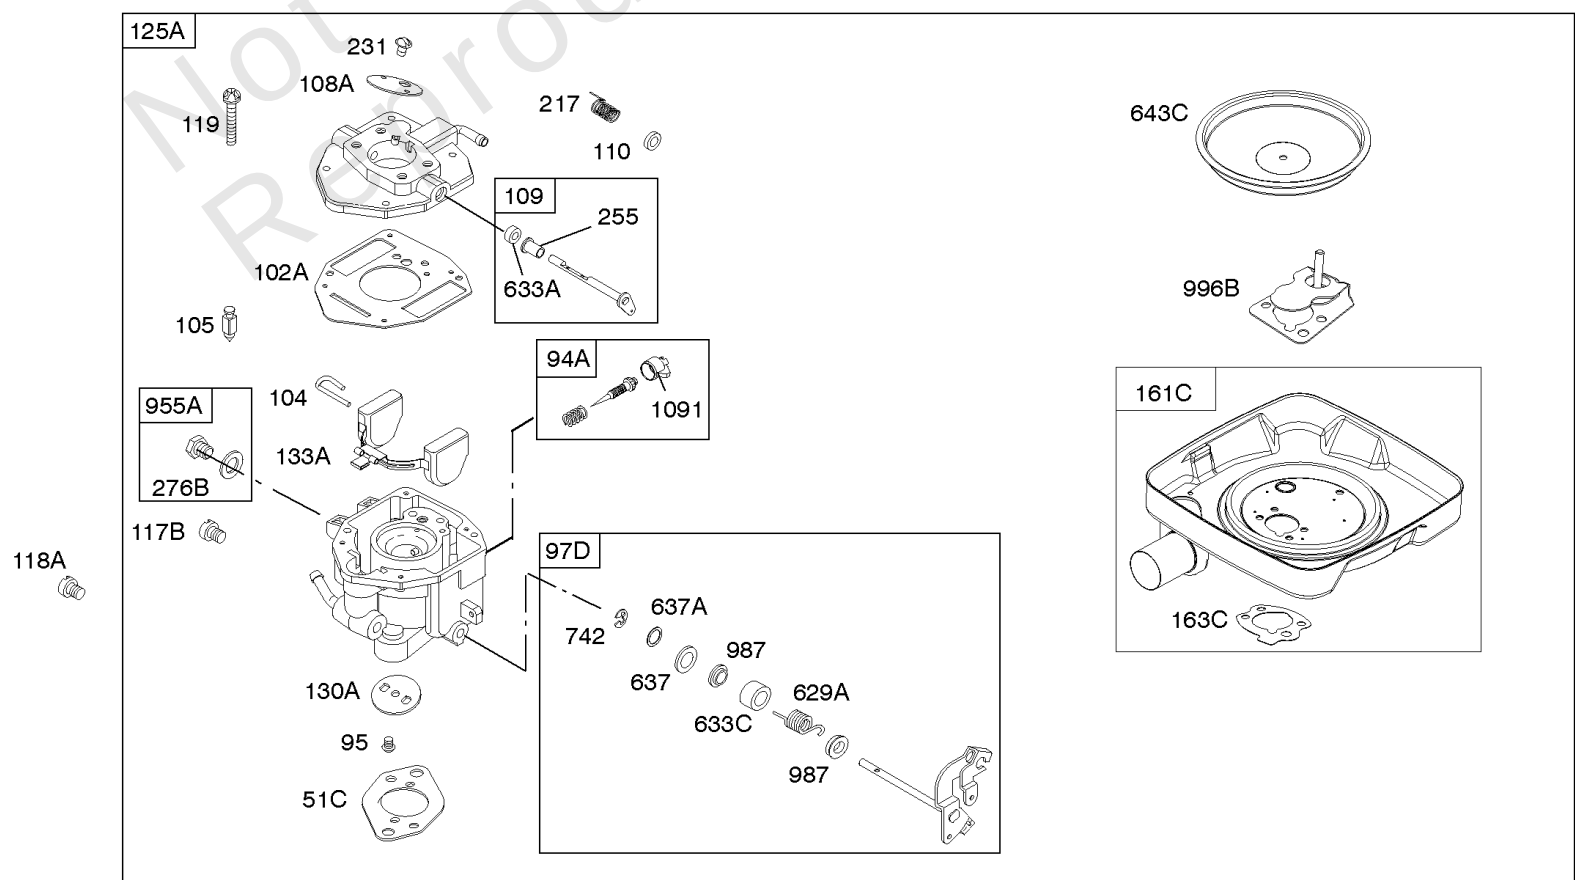

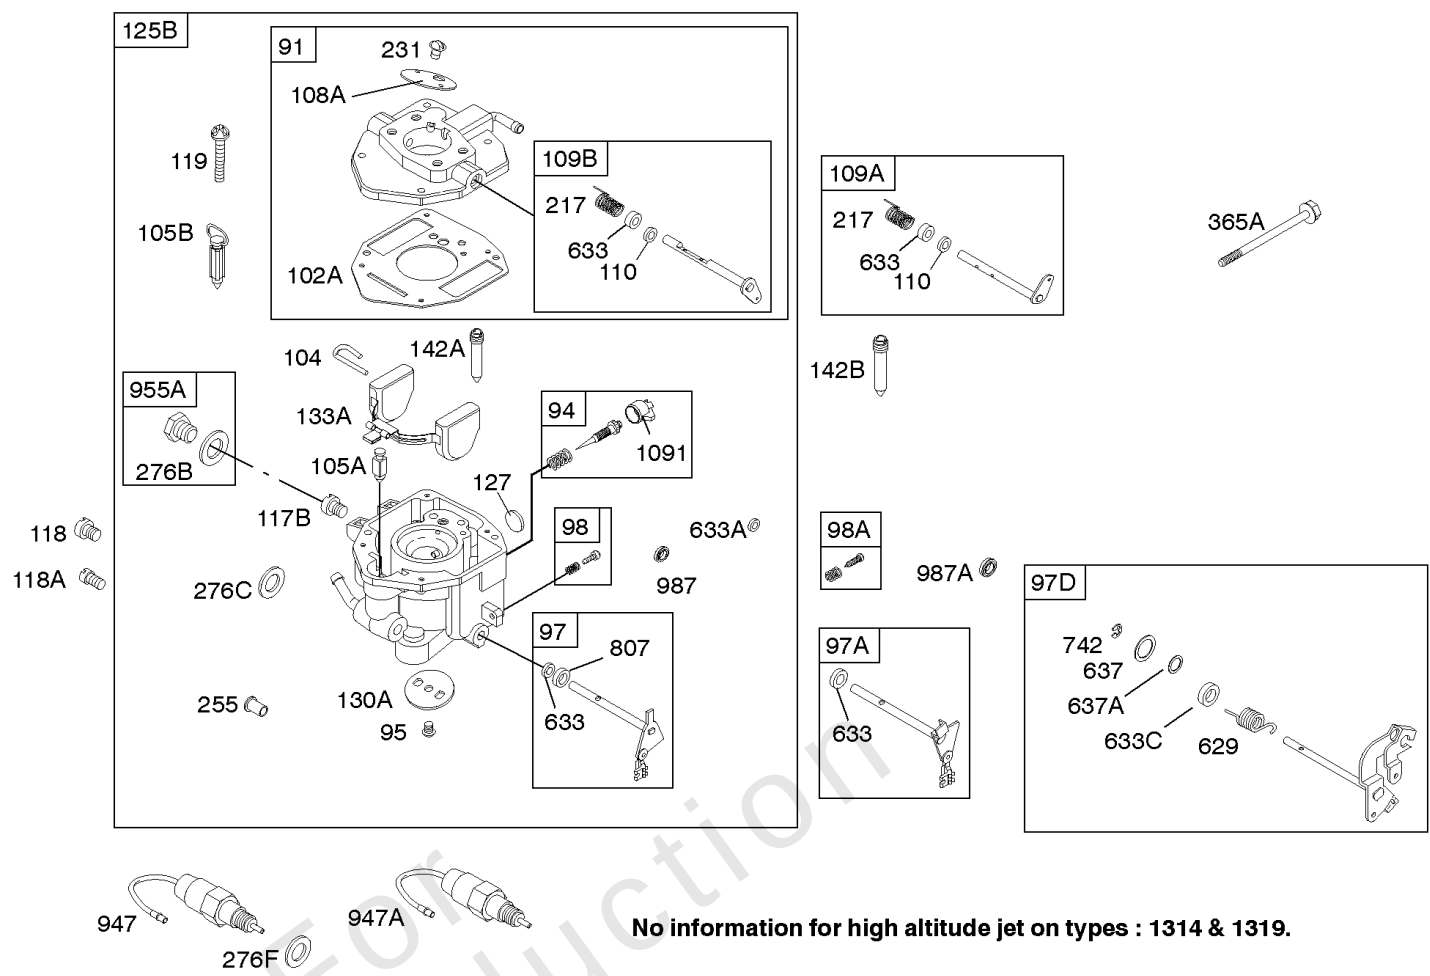

**REQUIRED** when replacing parts with warning labels affixed.
