Comfort™ Series Ductless systems

Efficient and Reliable Home Comfort

Models: 37MHRAQ, 37MHRAC

featuring

Puron
ADVANCE™

Designed To Fit Your Home—and Your Budget

Innovation, efficiency, quality: Carrier® Comfort Series ductless systems represent years of research and design with one goal in mind—making your family comfortable. With standard models and units designed

specifically to ensure year-round efficiency, Comfort Series heat pumps exemplify the Carrier commitment to quality, environmental stewardship and lasting durability that has endured for more than a century.

ENVIRONMENT

With Puron Advance™, Carrier proudly continues our century-plus commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining the non-ozone depleting properties of original Puron.

EFFICIENCY

SEER2 (Seasonal Energy Efficiency Ratio 2) and HSPF2 (Heating Seasonal Performance Factor 2) ratings are like your car's MPG; the higher the number, the greater the potential for savings. Comfort Series heat pumps offer a range of efficiencies that reach as high as 22.4 SEER2 and up to 9.4 HSPF2.

MINIMALLY INVASIVE

Carrier Comfort Series ductless high wall units can be installed with a simple wall bracket and a small, three-inch hole. No demo, no patching, no painting required.

DURABILITY

A heavy-gauge, galvanized steel cabinet, heavy-duty wire coil guard and baked-on enamel provide superior protection against dings, dents and other outdoor threats.

LOW COST OF OWNERSHIP

Carrier mini splits continually adjust the compressor speed as conditions change—for consistent comfort with lower energy usage. That means you can save up to 30% on your energy costs.

CARRIER CONSUMER CHOICE WARRANTY

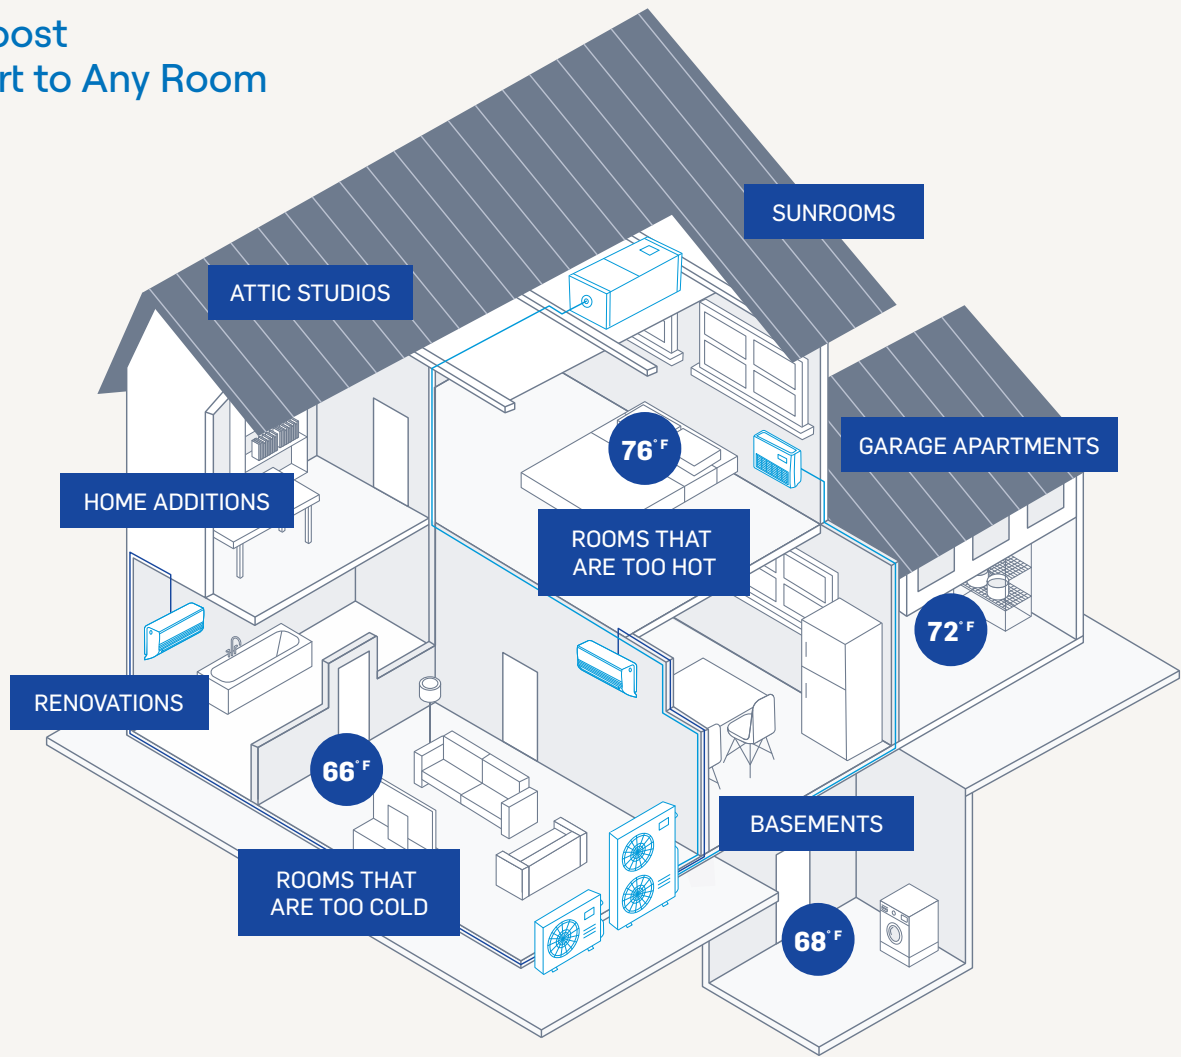

With timely registration, the homeowner can choose between a 10-year parts-only warranty OR a 5-year parts + 3-year labor warranty on eligible Carrier branded equipment*

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment. Carrier is excited to offer you a Consumer Choice Warranty option. Carrier Ductless Systems come with the option to select the warranty of your choice. Dealer participation is required.¹

¹ Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.
