HomeLink®
GARAGE DOOR OPENER

1. While the car is ON, hold the handheld garage door transmitter 1-3 inches from the HomeLink® button you want to program in the vehicle.

2. Push and hold both the HomeLink® button being programmed and the button on the garage door transmitter.

TO ERASE ALL SET CHANNELS:

Push and hold the two outside HomeLink® buttons for 20 seconds until the orange indicator flashes. An individual channel cannot be erased.

ROLLING OR NON-ROLLING?

Check your garage door opener motor in your garage for a "LEARN" or "TRAIN" button by the hanging antenna. If you have one of these, you have a Rolling Code garage door opener.

3. **For Non-Rolling Code** garage door openers, watch for the indicator light to go constant.

   For Rolling Code garage door openers, watch for the indicator light to go from a slow blink to blinking rapidly.

4. **For Rolling Code** garage door openers only, firmly push and release the "LEARN" or "TRAIN" button on your garage door opener motor in your garage, then push the HomeLink® button in your vehicle for two long holds.

5. If the programming was successful, your garage door should open and close with your chosen HomeLink® button.

For more detailed instructions, see "Universal Garage Door Opener (HomeLink®)" in your Owner's Manual. Please call 1-800-355-3515 if you require assistance.

LINK YOUR GARAGE DOOR

Head Restraints

FRONT SEAT FOUR-WAY HEAD RESTRAINTS

FORWARD/REARWARD ADJUSTMENT

To **tilt forward**, pull the top of the head restraint toward the front of the vehicle to the desired position.

To **tilt rearward**, pull the top of the head restraint to the farthest forward position and the head restraint will return to the upright position.

UPRIGHT

TILTED

ADJUSTMENT BUTTON

RELEASE BUTTON

TIP:

The seatback angle may need to be adjusted to fully remove the head restraint.

UP/DOWN ADJUSTMENT

Pull up on the head restraint to raise it.

Push the adjustment button while pushing down on the head restraint to lower it.

REMOVAL

With the head restraint raised all the way, push the release and adjustment buttons while pulling up on the head restraint.

INSTALLATION

Insert the head restraint posts into the holes and push downward.

Connected Services

WITH CONNECTED SERVICES YOU CAN...

- Lock Your Vehicle
- Unlock Your Vehicle
- Remote Start Your Vehicle
- Cancel Remote Start
- Activate Your Horn

ACTIVATE YOUR REMOTE SERVICES

1. Press "Apps" on the touchscreen.
2. Press "Activate Services".
3. Press "Activate Now".
4. There are two ways to activate: via email or via an agent. On the next page, you can either enter your name and email, or press "Call An Agent" to directly speak with someone.

TIP:

You can use your remote commands from the Uconnect App, your Owner's Site account, or by calling an agent.

However, not all remote commands will work when calling an agent.

Mopar® YOUR Way

REAP THE BENEFITS OF YOUR OWNER'S PROFILE

Get an online experience all on your own–tailored to you and your vehicle–accessible anytime, anywhere.

(U.S. Residents Only)*

24/7 ACCESS TO EVERYTHING YOU NEED

- Custom dashboard for every vehicle in your garage
- Access to your vehicle's Owner's Manual, warranty & more
- Ability to set preferred dealer & schedule service with ease
- Maintenance records and up-to-date vehicle health reports**
- Special offers on exceptional Mopar® service at your dealership
- Remote vehicle commands right from your mobile device**

**Requires an active SiriusXM Guardian™ subscription

*Canadian residents are not required to create a profile, as one is created when a SiriusXM Guardian™ account is activated.

UTILIZE YOUR SERVICES & OWNER PROFILE

Pair A Phone

Scan me

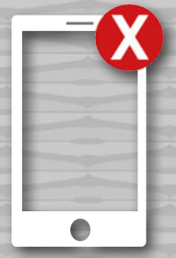

1. Make sure Bluetooth® is enabled on your mobile device.
2. With the vehicle in the ACC or ON/RUN position, press the Phone button in the vehicle's touchscreen menu bar.
3. Press "Device Manager".
4. Press "Add Device" and follow the prompts.

KEEP IN MIND:

Some mobile phones will require you to enter a PIN as part of the connection process.

For more detailed connecting instructions, refer to "Phone Operation" in your Uconnect radio book.

READY TO REMOVE A PHONE OR AUDIO DEVICE?

1. Press the "Device Manager" button on the touchscreen.
2. Press the "Settings" gear icon next to the phone or device you want to remove.
3. Press "Delete Device". The device should be removed.

YOU MAY ALSO BE ABLE TO CONNECT YOUR APPS

If your vehicle is equipped with Android Auto™ & Apple CarPlay®, connect your unlocked smartphone to one of the media USB ports in your vehicle.

Once connected and recognized, the Android Auto™ or Apple CarPlay® icon will replace the phone icon on your personalized menu bar.

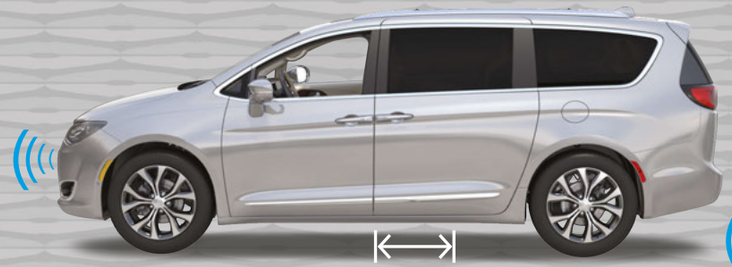

KEEP IN MIND:

For Android™ Users, if the Android Auto™ app was not previously downloaded, it will download the first time you plug in your device.

For Apple® Users, Apple CarPlay® is only compatible with iPhone® 5 or later and requires Siri being enabled in Settings.

Hands-Free Liftgate, Sliding Doors & Pedestrian Alert

Scan me

Sliding Door Activation Zone

Liftgate Activation Zone

KEEP IN MIND:

With the key fob on your person, use a straight in and out kicking motion under the appropriate zone to open the Hands-Free Liftgate or Hands-Free Sliding Door. The feature does not close the doors.

Do not move your foot sideways or in a sweeping motion; the sensors may not detect the motion.

If equipped with the Trailer Tow Package:

The activation zones for the Hands-Free Liftgate will be located on the left and right side of the receiver.

Did You Know You May Have An Audible Pedestrian Alert System?

In Hybrid vehicles (in electric mode only), a sound is emitted to alert pedestrians that your vehicle is approaching. The sound will increase or decrease in volume depending on the varying speed of the vehicle.

Stow 'N Go Seating

THIRD ROW POWER STOW 'N GO SEAT

Scan me

1. Push the **NORMAL** button to return the seat(s) to the normal seated position.
2. Push the **STOW** button to stow the seat(s).
3. Push the **FORWARD/BACK** button to move the seat(s) back in the forward or reverse direction.
4. Push the **RIGHT**, **LEFT**, or **BOTH** button to select the desired seat(s).

AUTO ADVANCE 'N RETURN – IF EQUIPPED

Push the button to automatically move the front seat to a position that will allow second row Stow 'N Go seat movement. Push the button again to return the front seat back to its previous position.

Uconnect 5/5 NAV With 10.1-Inch Display

ACCESS YOUR MEDIA, PHONE, VEHICLE SETTINGS, AND NAVIGATION THROUGH SEVERAL MODES

HOME — Customize your Home page with shortcut widgets. Now, you can access your favorite radio stations and your smartphone on the same screen!

MEDIA — Listen to all of your favorite radio stations, including SiriusXM®, and play music from your USB or Bluetooth® device.

PHONE — Pair your smartphone and make hands-free calls or send hands-free messages to any of your contacts.

COMFORT — Too hot? Too cold? Set your vehicle's temperature through several climate control options. Activate automatic climate control to keep your vehicle at the temperature you want.

VEHICLE — Access radio and vehicle settings, like changing the radio display or adjusting the brightness of the interior lights.

NAVIGATION — Having trouble finding a place? Enter an address or search from multiple points of interest to navigate anywhere using Uconnect.

INSTRUMENT CLUSTER SCREEN SETUP:

Customize displayed information such as the time:

1. Use the Up and Down arrows to select Screen Setup in the Instrument Cluster Display.
2. Select an area of the Cluster to display the time. Once selected, pick "Time". The current time will now display in that area of the cluster.
