Forward Collision Warning (FCW) With Mitigation

FCW with Mitigation can provide both audible and visual warnings, and may also apply a brake jerk to warn you of a potential frontal collision. The warnings and limited braking are intended to provide you with enough time to react, and avoid or mitigate a potential collision.

The system can be turned on or off by pressing the Forward Collision button on your touchscreen. You can also use your touchscreen to adjust the system's sensitivity and active braking status.

Select between the following **sensitivity** settings:

- Near
- Medium
- Far

Select between the following **brake** settings:

- Warning & Braking
- Warning Only
- Off

The **Pedestrian Emergency Braking (PEB) system** is a subsystem of FCW that provides audible and visual warnings, and may apply automatic braking when it detects a potential frontal collision with a pedestrian. You can turn the PEB system on or off through your radio.

ParkSense Sensors

The ParkSense Park Assist system can provide visual and audible indications of the distance between the rear bumper and a detected obstacle when backing up during a parking maneuver.

Turn your **ParkSense system** on or off by using the ParkSense switch. The chime volume settings can be programmed through your touchscreen.

KEEP IN MIND:

If the system detects an object, the vehicle brakes may automatically be applied and released. The automatic braking function is intended to assist the driver avoid a possible collision when obstacles are detected while in REVERSE gear.

Pair a Phone

1. Make sure Bluetooth® is enabled on your mobile device
2. With the vehicle in the ON/RUN position, press the Phone button on the vehicle's touchscreen menu bar
3. Press "Device Manager"
4. Press "Add Device"
5. Follow the prompts on your phone and on the touchscreen

Troubleshooting

1. Perform a reset by holding the power button on the radio for 15 seconds
2. Reboot your phone
3. Remove the paired phone
4. Follow the Pair a Phone steps above to set up phone

CONNECT YOUR APPS

Connect your smartphone to the media USB port or pair your smartphone within Device Manager. The Android Auto™ or Apple CarPlay® icon will replace the phone icon on the touchscreen.

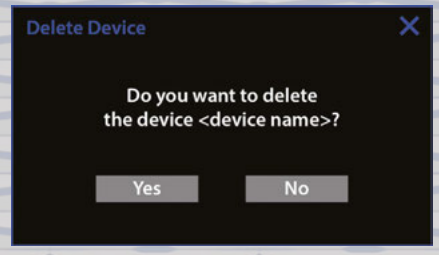

KEEP IN MIND:

For Android™ Users, if the Android Auto™ app was not previously downloaded, it will download the first time you plug in your device.

For Apple® Users, Apple CarPlay® is only compatible with iPhone® 5 or later and requires Siri being enabled in "Settings".

Ready to remove a phone or audio device?

1. Press "Device Manager" on the touchscreen.
2. Press the Settings gear icon next to the phone or device you wish to remove.
3. Press "Delete Device". The device should be removed.
4. On your phone's Bluetooth® or setup menu, remove the saved Uconnect radio.

Connected Services

WITH CONNECTED SERVICES YOU CAN...

- **Lock Your Vehicle**
- **Unlock Your Vehicle**
- **Remote Start Your Vehicle**
- **Cancel Remote Start**
- **Activate Your Horn**

ACTIVATE YOUR REMOTE SERVICES

GO

1. Press “Apps” on the touchscreen.
2. Press “Activate Services”.
3. Press “Activate Now”.
4. There are two ways to activate: via email or via an agent. On the next screen, you can either enter your name and email, or press “Call An Agent” to directly speak with an agent.
