This exploded view diagram illustrates the assembly of a mechanical component, likely a valve or actuator. The main body (15-2) is shown at the bottom right, featuring a flange and a central port. A long shaft (1D) is positioned horizontally, with a threaded section (1C) and a seal (1A). A piston rod (3) is shown at the bottom left, connected to a piston (2) which fits into the main body. A series of seals (1A, 1B) and O-rings (1C) are shown in their respective positions along the shaft and piston rod. A cover plate (1E) is shown at the top, with various fasteners (1A, 1B, 1C) and a seal (1D) for closure. A bolt (10-1) is shown at the top right, securing the cover plate. The diagram uses reference numerals to identify each part: 1 (main assembly), 1A (seal), 1B (O-ring), 1C (O-ring), 1D (seal), 1E (cover plate), 2 (piston), 3 (piston rod), 10-1 (bolt), and 15-2 (main body).

This diagram shows an exploded perspective view of a cable management assembly. The components are labeled with reference numerals: 1 (a vertical plate), 2 (a screw), 3 (a cable), 4 (a cable clamp), 5 (a bracket), 6 (a plate), 7 (a ring), and 101 (a cable). The assembly is shown in a disassembled state, with the cable (3) passing through the ring (7) and the bracket (5) attached to the plate (6).
