This exploded view diagram illustrates the assembly of three mechanical components. At the top right is a gear (1) with a central hub and a large outer gear ring. Below it is a housing (57-5) with a complex, curved shape and several mounting points. To the left is a shaft assembly (61-3) consisting of a long shaft with a flange at one end. The flange has a central opening and several small holes around its perimeter. The shaft has a threaded section and a smooth section. The components are shown in an exploded state, indicating their relative positions and how they fit together.
