This exploded view diagram illustrates the assembly of a portable electronic device. The components are numbered as follows:

- 1**: Small screw or pin at the base of the main housing.
- 2**: Small pin or spacer on the antenna assembly.
- 3**: Small rectangular component, possibly a battery or filter, located between the main housing and the antenna.
- 4**: Small screw or pin securing the base of the main housing.
- 5**: The main housing or enclosure.
- 6**: The antenna element.
- 7**: A small rectangular component, possibly a label or a small battery, located on the top of the main housing.
- 8**: A circular component, possibly a speaker or a sensor, located on the top of the main housing.
- 9**: A small screw or pin securing the main housing.
- 10**: A small screw or pin securing the base of the main housing.
- 11**: A small screw or pin securing the antenna assembly.
- 12**: A small circular component, possibly a speaker or a sensor, located on the top of the main housing.
- 13**: A small screw or pin securing the base of the main housing.
- 14**: A small rectangular component, possibly a battery or filter, located between the main housing and the antenna.
- 15**: A long, thin component, possibly a battery or a filter, located between the main housing and the antenna.
- 16**: A small screw or pin securing the antenna assembly.
- 17**: A small circular component, possibly a speaker or a sensor, located on the top of the main housing.
