USING THE FREEFLEX™ CHARGING STAND

The FreeFlex™ Charging Stand is designed exclusively for FreeFlex™ Rechargeable Lithium-Ion Batteries.

BEFORE FIRST USE

- For best performance, fully charge the Battery before first use.
- Place the Charging Stand on a flat, stable surface.
- Plug it into a standard wall outlet.

TO CHARGE

1. Insert the Lithium-Ion Battery into the Charging Stand. It will click into place when properly seated.
2. Plug the Charging Stand into a wall outlet.
3. The Indicator Light will glow red while charging. When fully charged, the Light will turn white.
4. A full charge takes approximately 2½ hours.

USE AND CARE

- Charge only indoors on a dry, level surface.
- Avoid using or storing the stand near water, heat, or direct sunlight.
- Only charge at room temperature. Avoid charging in damp or wet conditions.
- You can only use this Charging Stand with the Rechargeable Lithium-Ion Batteries included with all Dash FreeFlex™ appliances.
- Do not leave the Battery in the Charging Stand once fully charged.
- Always unplug the Charging Stand when not in use or before cleaning.
- Store the stand and battery in a cool, dry place when not in use.
