The Zakarian Knife Block is the perfect way to store and display your collection of Zakarian Knives.

The Knife Block holds between 7-10 knives at a time, depending on the size of the knife.

The interior of the Knife Block contains invisible magnetic strips that the knives will hold to firmly.

Only store DRY knives in the Knife Block, and only store knives when the Knife Block itself is dry.

CAUTION: because the sides of the Knife Block are not enclosed, there is some danger when removing knives, as the blades may slide out of the side. Always lift knives directly vertically when removing.

Hand wash only. Use a warm, damp cloth or a soft soapy sponge to wipe down the Knife Block and wipe dry.

DO NOT submerge the Knife Block in water or leave the surface wet for extended periods of time.

Do not use harsh or abrasive sponges or metal brushes on the Zakarian Knife Block as this may scratch the exterior.

The Zakarian Knife Block is not dishwasher safe.

You can extend the life of the Knife Block's natural bamboo by treating it with mineral oil or a cutting board oil. This protects the bamboo surface from splitting. Treat with oil every 2-3 months for best results.
