PictureMate
personal photo lab

Brilliant Lab Quality Photos at Home

Snap. Print. Enjoy.

PictureMate is the perfect accessory for your digital camera. It's like having your own personal photo lab, all in the comfort of home. Print in the kitchen, den, anywhere—anytime, day or night. It's easy—no computer required.

Print beautiful photos with ease

Simply insert your memory card, and print borderless 4" x 6" glossy photos with just one touch.

Enjoy brilliance that lasts

Displayed PictureMate photos outlast the leading brands of photo lab prints and those from other dedicated 4" x 6" printers.* And, they're water and smudge resistant for worry-free handling. It's a new standard for long-lasting prints to preserve your precious memories.

Up to
200 year
album life

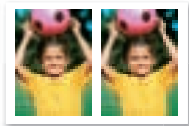

Your Photos, Your Way!

Black and white

Proof sheet

Wallet size

Classic borders

So affordable, you can print all you want

Finally, print without hesitation. PictureMate photos cost about the same price as prints from the photo lab, and about half the cost of those from other 4" x 6" photo printers.

About **29¢**
per print

PictureMate fits your needs. Fits your schedule. Fits your life.

Easy

Simple one-touch printing with cropping and auto resizing; automatically optimizes each photo for quality and color

No computer required

Compatible

Directly prints from all popular memory cards and PictBridge-enabled digital cameras

Save directly to or print from external CD-R drives**

Beautiful

Up to 5760 x 1440 dpi, with unique 6-color pigment printing, for durable photos with vibrant color and detail

Brilliant Lab Quality Photos at Home

Easy to use. Easy to own.

The PictureMate Print Pack includes all you need to print about 100 beautiful photos. It's as easy as picking up a roll of film!

Also can be used with Windows® and Macintosh® computers.

Long-lasting*

- Print life up to 200 years in photo album conditions
- Water and smudge resistant photos for worry-free handling
- Displayed photos resist fading about 2 to 4 times longer than the leading brands of photo lab prints and other dedicated 4" x 6" printers

*Using the PictureMate cartridge and PictureMate paper, prints are predicted to last up to 200 years in archival sleeves in album storage and up to 100 years in a glass frame in indoor display conditions. See Wilhelm-research.com for test conditions. Actual print stability will vary according to image and storage or display conditions. Epson does not guarantee the longevity of prints.
