

WorkForce® 60

Color Printer | Wi-Fi®

Superior
Performance.

Features and Benefits

Faster speeds that save you time

- **World's Fastest Printer in its class** — save time with the World's Fastest one- and two-sided printer¹
- **Speed through critical documents** — ISO print speeds of 15 ISO ppm (black) and 7.1 ISO ppm (color), two-sided print speeds of 7.4 ISO ppm (black) and 4.7 ISO ppm (color)[†]
- **Fast and easy wireless printing** — built-in Easy Epson Wi-Fi makes wireless setup/networking simple²

Higher quality text and graphics

- **Produce sharper documents** — laser-quality black text delivers crisp, high quality proposals and reports
- **Protect important documents** — smudge, fade and water resistant prints; documents rival those from a laser printer

Save time and money

- **Less hassle** — built-in 250-sheet paper tray means you reload paper less often
- **Save paper** — save up to 50% of your paper supply with automatic two-sided printing
- **Print twice as much** — get about 2x more prints with optional 127-series Extra High-capacity Black ink cartridges³
- **Save energy** — uses up to 70% less power than laser printers⁴
- **Product protection you can count on** — one-year limited warranty; phone support, without charge, for the life of the product⁵; plus, free templates and "how-to" tutorials

† ISO ppm is based on ISO 24734. Black and color print speeds are determined in default, single-side mode, in accordance with ISO/IEC 24734. Black and color two-sided print speeds are determined in two-sided mode, in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See www.epson.com/printspeed for details, including complete ISO reports.

- 1 Fastest laser-quality black PPM speeds in accordance with ISO 24734 for wireless ink jet printers \$120 or less, as of June 2010.
- 2 Wi-Fi 802.11 b/g/n certified; level of performance subject to the range of the router being used. Visit www.wi-fi.org/files/11nbasics_glossary.pdf for more information.
- 3 Get about two times more prints per cartridge compared with Epson's 126 Black ink cartridge.
- 4 Compared to the best-selling monochrome and color multifunction laser printers available for \$499 or less as of January 1, 2009. Actual power savings will vary by product model and usage.
- 5 Epson provides phone support without charge for the life of the product. Telephone toll charges may apply.
- 6 Some applications and/or functions may not be supported by Mac.
- 7 Yields based on ISO/IEC 24711 tests in default mode printing continuously. Actual yields will be lower with higher-density images, hot or dusty conditions, less frequent printing, or printing predominantly with one color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see www.epson.com/cartridgeinfo
- 8 Display permanence based on accelerated testing of prints displayed under glass in indoor display conditions; album permanence based on accelerated testing of prints in dark storage conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.
- 9 See our website for convenient and reasonable recycling options at www.epson.com/recycle
