

**50% LOWER**  
PRINTING COSTS  
THAN COLOR  
LASER<sup>1</sup>

## WorkForce® Pro WP-4020

Print | Ethernet | Wi-Fi®

### ENGINEERED FOR PRODUCTIVITY

- **50% lower printing cost than color lasers<sup>1</sup>** — professional prints at a lower cost than laser prints
- **World's Fastest automatic two-sided printer<sup>2</sup>** — ideal for busy workgroups
- **Extra-large ink cartridges available<sup>3</sup>** — print up to four reams of paper without changing ink
- **Remarkable durability** — 20,000-page duty cycle<sup>4</sup> for added peace of mind. Up to 1,600 pages monthly
- **Professional-quality color** — print attention-getting marketing materials that exceed your clients' expectations
- **Reload paper less often** — 330-sheet paper capacity, includes an 80-sheet rear-feed tray for alternative paper, envelopes, labels and card stock
- **Save 50% of your paper supply** — built-in automatic two-sided printing
- **Smudge, fade and water resistant documents** — ink won't run or smear
- **EPSON Connect™** — get instant wireless printing from popular mobile devices. Also compatible with Apple® AirPrint™ and Google Cloud Print™<sup>5</sup>
- **Save energy** — uses up to 70% less power than laser printers<sup>6</sup>

† ISO ppm is based on ISO 24734. Black and color print speeds are determined in default, single-side mode, in accordance with ISO/IEC 24734. Black and color two-sided print speeds are determined in two-sided mode, in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See [www.epson.com/printspeed](http://www.epson.com/printspeed) for details, including complete ISO reports.

1 Compared with best-selling color laser all-in-ones priced at \$699 or less, as of December 2010. Calculation based on continuous printing with highest-capacity cartridges. Actual savings will vary based on print task and use conditions.

2 Fastest in its class; printing black text in default, two-sided mode, in accordance with ISO/IEC 24734. Compared to inkjet all-in-ones priced at \$399 or less, as of January 2011, based on manufacturers' rated ISO speeds or independent testing.

3 676XL Black ink cartridge prints about 2400 ISO pages. 676XL color ink cartridges print about 1200 ISO pages on average.

4 Monthly duty cycle up to 1600 pages is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance, run the device at the recommended duty.

5 See [www.epson.com/connect](http://www.epson.com/connect) regarding compatible devices and apps.

6 Compared to the best-selling monochrome and color multifunction laser printers available for \$699 or less as of December 2010. Actual power savings will vary by product model and usage.

7 Wi-Fi 802.11 b/g/n certified; level of performance subject to the range of the router being used. Visit [www.wi-fi.org/files/11nbasics\\_glossary.pdf](http://www.wi-fi.org/files/11nbasics_glossary.pdf) for more information.

8 Some applications and/or functions may not be supported under Mac® OS X.

9 Only printing is supported under Windows Server OS; scanning and bundled applications are not supported.

10 Replacement cartridge yields based on ISO/IEC 24711 tests in default mode printing continuously. Actual yields will be lower with higher-density images, hot or dusty conditions, less frequent printing or printing predominantly with one color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see [www.epson.com/cartridgeinfo](http://www.epson.com/cartridgeinfo)

11 Display permanence based on accelerated testing of prints displayed under glass in indoor display conditions; album permanence based on accelerated testing of prints in dark storage conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.

12 See our website for convenient and reasonable recycling options at [www.epson.com/recycle](http://www.epson.com/recycle)
