Expression Home XP-310

Small-in-One Printer

Small size without compromise.

Ideal for any project, the affordable Expression Home XP-310 offers incredible wireless capabilities¹ in a sleek, space-saving design. Print from anywhere in your home with Wi-Fi CERTIFIED™ n, plus Wi-Fi Direct for direct printing. You can even print from your iPad, iPhone, tablet and smartphone². And it supports Apple® AirPrint™ and Google Cloud Print™. The XP-310 includes a 1.44" LCD and memory card slots for simple, PC-free photo printing. Grab your prints and go, thanks to DURABrite® Ultra instant-dry ink. You can even scan documents and save them as PDFs or JPEGs, or make brilliant color copies in a flash.

Print and share from anywhere²

Print wirelessly from your iPad, iPhone, tablet, smartphone or computer. Easily print documents, photos, emails and web pages from the comfort of your couch, your office or across the globe. You can even scan your documents and save them to the cloud.

PC-free photo printing

Print your favorite photos without turning on your computer. Built-in card slots and the 1.44" LCD make it easy. Insert your memory card. Make your selections and print. It's just that simple.

Quickly scan and archive; get high-quality copies, fast

Save important documents and photos as PDFs or JPEGs with one touch. There's no special software to purchase. It's all right at your fingertips. Or, get high quality color or black-and-white copies in a snap.

The complete wireless solution¹

Connect to your wireless network in seconds. Print from anywhere in your home and share your printer with multiple PCs. You get the latest in wireless standards, including Wi-Fi Direct, so no router is required.

Simple setup; easy-to-use

The Expression Home XP-310 is ideal for all your everyday projects with quick setup, easy-to-use software, and a 1.44" LCD.

Stylish, Small-in-One design

The Expression Home XP-310 offers the best of both worlds: a sleek, compact design and great features. You get all the tools you need for all your everyday projects, while saving valuable space on your desk.

Brilliant results. Smart value

The Expression Home XP-310 is smart to own. Replace only the color you need with individual ink cartridges. Best of all, only one set of cartridges is needed to print amazing documents and great photos. There's no need to spend additional money on specialized cartridges to print on either plain or photo paper. Plus, you can even save up to 10% with color multi-packs³.

Worry-free handling

DURABrite Ultra Ink allows you to share documents and photos immediately after printing. Prints are smudge and water resistant. Best of all, plain paper prints resist fading, making it easier than ever to archive important documents.

Be more informed

The international ISO print speed standard†

Print speed is critically important when buying a printer or all-in-one. But how do you compare print speeds when different manufacturers measure it in different ways? Now you can.

Much like the “MPG” ratings on new cars, there’s now an industry standard for measuring print speed, which allows for an “apples-to-apples” comparison between different printer models and brands. The International Organization for Standardization (widely known as ISO) developed this industry-approved and internationally accepted standard, specifically for inkjet printers and all-in-ones. It measures “out of the box” (default) print speeds using “real world” printing scenarios, so you can be sure you’re getting a product that performs at the speed you need.

† ISO ppm is based on ISO 24734. Black and color print speeds are determined in default, letter-size, single-side mode, in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See www.epson.com/printspeed for details, including complete ISO reports.

- Wi-Fi CERTIFIED; level of performance subject to the range of the router being used. Visit www.wi-fi.org/files/11nbasics_glossary.pdf for more information. Wi-Fi Direct may require printer software.
- Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. See www.epson.com/connect for a list of Epson Connect enabled printers and compatible devices and apps.
- Compared to single color cartridges; retail prices may vary.
- Some applications and/or functions may not be supported under Mac OS® X.
- See our website for convenient and reasonable recycling options at www.epson.com/recycle
- SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
- Replacement cartridge yields are based on ISO/IEC 24711 tests in default mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and all-in-one maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see www.epson.com/cartridgeinfo
- Display permanence based on accelerated testing of prints displayed under glass in indoor display conditions; album permanence based on accelerated testing of prints in dark storage conditions. Actual print stability will vary according to media, printed image, display conditions, light intensity, temperature, humidity and atmospheric conditions. Epson does not guarantee the longevity of prints. For maximum print life, display all prints under glass or UV filter or properly store them.
