

EPSON®

WITH ITS SPEED AND 1440 DPI COLOR, YOU'RE IN BUSINESS.

It works fast. It works hard. It comes from a line of award-winners. The EPSON Stylus® Color 860 is a serious business ink jet printer that flies out of the box at up to a racy 9.5 pages per minute of laser sharp black text and 7 ppm of dazzling Photo Quality color.

And the results? From the very first page it prints, the EPSON Stylus Color 860 gives you clean and crisp output. Spreadsheets sizzle. Presentations are more powerful. Overheads are more overwhelming. Even memos are, well, more memorable.

It's not hype. It's the beauty of the printer's 1440 dpi resolution, ultra small 4 picoliter ink droplets, and the ingenuity of the EPSON PerfectPicture® Imaging System. Not only does your work sparkle with more intense highlights and razor sharp detail, but you get award-winning Micro Piezo™ ink jet technology, smooth AcuPhoto Halftoning™ and convenient quick drying inks that won't bleed, smudge or mess up your work day.

The EPSON Stylus Color 860 will do the job wherever you need it, even in the most demanding business networks. The printer is fully compatible with Windows®, Macintosh®, iMac™, USB and Ethernet and will run hard and fast to meet your business needs.

It also comes with a considerable bundle of business software. You get eFax™, a smart utility that lets you retrieve those all-important business faxes via your e-mail. You get professional photo editing help from PhotoMAX Pro™ SE, and ArcSoft PhotoPrinter.™ And, as a bonus, you can send away for two additional popular software titles.

The fast, 1440 dpi EPSON Stylus Color 860 ink jet printer, you'll be more than ready to get down to business.

EPSON Stylus Color 860 Ink Jet Printer

FEATURES

- **Superior 1440 x 720 dpi Photo Quality color**
- **Very fast print speeds at up to 9.5 ppm black and 7 ppm color**
- **EPSON PerfectPicture Imaging System**
- **Ultra small 4 picoliter ink droplets**
- **Serious business software**
- **Built-in USB and parallel ports with optional Ethernet support**

BENEFITS

- Brilliantly vivid photos and graphics.
- Saves you time printing.
- Award-winning Micro Piezo ink jet technology. AcuPhoto Halftoning for natural looking flesh tones and smooth gradations. Quick drying inks that don't bleed or smudge.
- Photo images are more radiant and detailed than ever.
- Photo edit like a pro with Polaroid PhotoMAX Pro and ArcSoft PhotoPrinter SE. Use eFax to retrieve your faxes via e-mail. Choose two more titles from a list including Corel Ventura™ and Route Planner™ by Rand McNally®.
- Ideal for the most demanding Windows or Macintosh business networks.
