Troubleshooting Tips

If your unit is not operating properly, please follow these troubleshooting steps:

- Make sure the power cord is properly connected to your MAX 360c MKII
- Make sure the socket of your vehicle's cigarette lighter or 12V accessory port is clean and free of corrosion
- Make sure the power cord's adapter is firmly seated in the socket of the cigarette lighter or 12V accessory port and the power LED is on

Regular Updates for the Best Performance

IMPORTANT: We provide regular software updates to keep your device

performing at its best, every day.

If your MAX 360c MKII is connected to Wi-Fi, you will be prompted to update your software whenever there is a new version available.

If you do not have a Wi-Fi hotspot to connect your detector to, your MAX 360c MKII can be updated using a Mini USB cable and our Detector Tools Pro software available at www.escortradar.com/detectortools.
