# Spout & Spell Whale™

2  
Players

Ages 3-6

## Object of the game

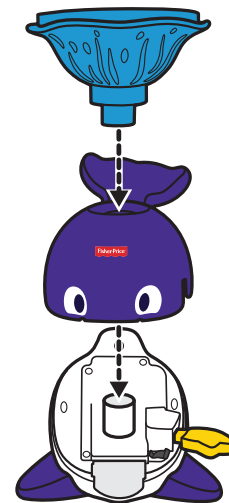

Match the letter chips to the letters on your cards. Complete three cards to WIN!

## What's included

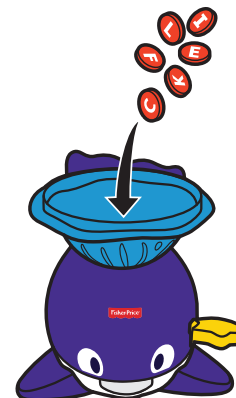

- 56 Word Cards
- 63 Letter Chips
- Whale (3 parts)
- Die
- Storage Cover

## Get ready to play

1. Fit the whale body to the base and the spout to the body.

2. Load all of the letter chips into the whale's spout and stir to mix them up.

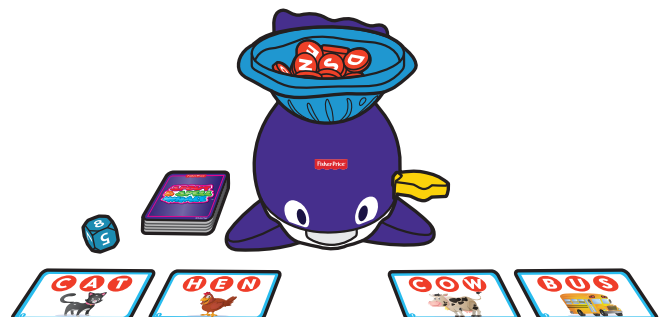

## Choose a level

**Level 1** - Use three letter word cards.

**Level 2** - Use four letter word cards.

3. Each player draws two word cards. Ready to play?

## How to play

1. The youngest player goes first and rolls the die. Play alternates between the players.
2. Press the starfish the same number of times as the number on the die.
3. Match the letter chips to your cards. When you're done matching, put the remaining letter chips back into the spout.

### If you roll:

Take one letter chip from the other player's cards and place it on your card! If you can't match a letter chip to your cards, press the starfish once.

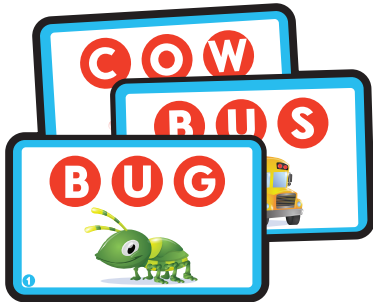

## Complete a word card

- If you match all of the letters on a word card, spell out the word.
- Return the letter chips into the spout.
- Set the card into a win pile and draw another card to complete.

## Winning the game

Collect three completed word cards and you **WIN!**

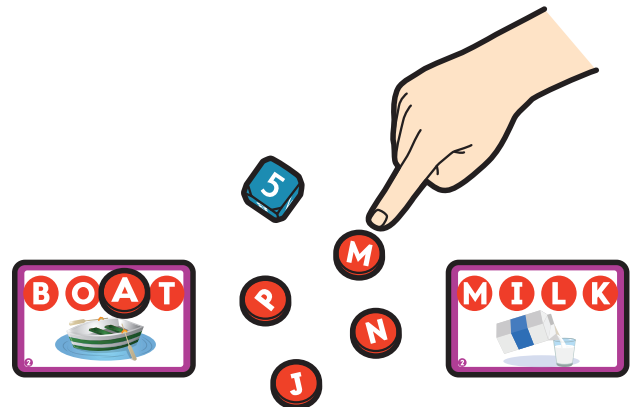

## Letter chips stuck?

If the whale doesn't launch letters, it's because the letter chips are covering the hole inside the spout. Stir the letter chips and press the starfish to continue spelling fun!

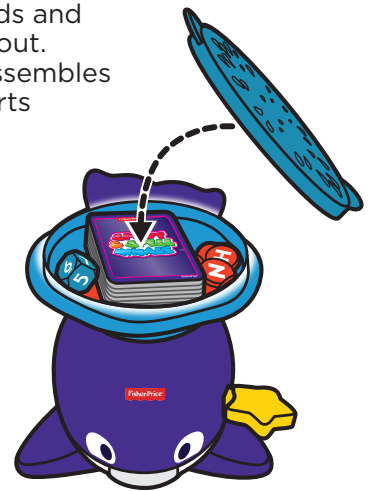

## Quick play

Game play is the same except both players get to take letter chips with each starfish press. When it's your turn, you match letter chips first. When you're finished, it's the other player's turn to try to match letter chips with what's left.

## Clean up and storage

The letter chips, cards and die all fit into the spout. The whale also disassembles easily to store all parts in the box.
