DESCRIPTION

The 48” Evoque hood body is designed to perfectly complement the Evoque range collection, creating a coordinated traditional kitchen aesthetic. Inspired by the spirit of the Italian Renaissance, the Evoque Collection blends timeless craftsmanship with modern performance. Each hood body is meticulously handcrafted in Italy’s Veneto region using premium materials, reflecting the heritage of Italian design while meeting the demands of today’s kitchens. The Evoque hood body features accents in an elegant Chrome and Brushed Stainless metal finish, and is available in several standard colors or can be custom ordered in virtually any RAL color. The Evoque hood body is designed to accommodate a separately specified ventilation insert and requires a compatible, fully functional hood insert sized to fit the specified opening. The hood body requires a compatible hood insert to match the specified opening.

INCLUDED ACCESSORIES

6” Duct cover
Fulgor Milano decorative badge (not installed)

Requires compatible accessory hood insert (not included)

HOOD BODY

The Chrome and Brushed Stainless metal finish collection provides exceptional design flexibility, offering seven curated standard finishes as well as custom RAL color matching. This bespoke approach ensures seamless integration with any architectural or interior design vision.

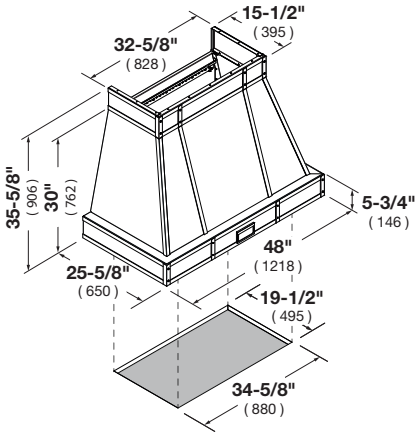

The Evoque hood body is designed to accommodate a variety of hood inserts, offering outstanding flexibility in both design and performance while seamlessly adapting to different aesthetic and functional requirements. Please verify with your sales consultant to confirm compatible hood inserts.
