CALIFORNIA EMISSION WARRANTY

JEEP® VEHICLES

Your Warranty Rights And Obligations (Applies Only To Vehicles Certified For Sale And Registered In The State Of California)

The California Air Resources Board is pleased to explain the emission control system warranty on your 2023 model vehicle. In California, new motor vehicles must be designed, built and equipped to meet the state's stringent anti-smog standards. FCA US LLC ("FCA US") must warrant the emission control system on your vehicle for the periods of time listed in this booklet provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include parts such as the catalytic converter or Powertrain Control Module (PCM). Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, FCA US LLC will repair your vehicle at no cost to you, including diagnosis, parts and labor.

Some or all of your warranty rights and obligations can be found in the Warranty Information book at www.mopar.com.

The emission warranty statement specified in this booklet applies only to vehicles certified for sale and registered in the state of California or in one of the following states:

Colorado	Massachusetts	Pennsylvania
Connecticut	New Jersey	Rhode Island
Delaware	New York	Vermont
Maine	Oregon	Washington
Maryland		

In addition, if your vehicle is a model certified as a Transitional Zero Emission Vehicle (TZEV), you are entitled to the warranty rights and obligations set forth in this booklet, if your vehicle was certified for sale and registered in California or one of the following states:

Colorado	Massachusetts	Oregon
Connecticut	New Jersey	Rhode Island
Maine	New York	Vermont
Maryland		

Owner's Warranty Responsibilities

- As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Owner's Manual. FCA US LLC recommends that you retain all receipts covering maintenance on your vehicle, but FCA US LLC cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.
- You are responsible for presenting your vehicle to any authorized Chrysler, Dodge, Jeep® or Ram dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.
- As the vehicle owner, be aware that FCA US LLC may deny your warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

Getting Service Under The California Emission Warranty

A. What To Do If You Fail A Smog Check

If a vehicle fails a state smog check test during the coverage period, FCA US LLC will repair the vehicle so that it will pass a state smog check retest. The owner should take the vehicle to any authorized Chrysler, Dodge, Jeep® or Ram dealer for warranty repairs and give a copy of the failed smog check test report to the dealer. If the owner is not notified within 30 days that a performance warranty claim is denied, the manufacturer must repair the vehicle free of charge.

B. What To Do To Get Warranty Service

To get warranty service, even if you are traveling, take your vehicle to any authorized Chrysler, Dodge, Jeep® or Ram dealer. FCA US LLC recommends that you take your vehicle to an authorized dealer who sells the same make of vehicle as yours. That dealer will perform any warranty service without charging you for diagnosis, parts or labor.

C. Emergency Emission Warranty Service

If you need emergency service under this warranty and an authorized Chrysler, Dodge, Jeep® or Ram dealer is not readily available, you may have your vehicle repaired by anyone using any brand of repair parts.

Before FCA US LLC will reimburse you for emergency repairs under this warranty, you will have to provide FCA US LLC with details on why the situation was an emergency and why dealer service was unavailable.

Under this warranty, an emergency occurs if a part will not be available within 30 days or if a repair cannot be completed within 30 days.

However, FCA US LLC recommends that you do the following before having repairs made:

- Contact the FCA US LLC Customer Assistance Center and ask for help with emission warranty service.
- The Customer Assistance Center will recommend an authorized servicing dealer or help you find a qualified independent servicing dealer.
- If you need to use an independent servicing dealer, make arrangements during your first contact with the Customer Assistance Center for reimbursement for emergency repairs (including labor and diagnosis). You will need to get and keep the replaced parts, as well as the original invoice marked “paid”.
- Review with the Customer Assistance Center any questions you have about the emission warranty. Reimbursement for parts will be based on FCA US LLC’s suggested retail price. Reimbursement for labor will be based on FCA US LLC’s recommended time allowance for the repair and on the appropriate hourly labor rate in the geographic area where you have the work done.

D. How To Get More Information

For more information or questions about the California Emission Warranty, contact one of the following:

FCA US LLC Customer Assistance Center

877-426-5337

P.O. Box 21-8004

Auburn Hills, MI 48321-8004

California Air Resources Board

4001 Iowa Ave.

Riverside, CA 92507

MANUFACTURER'S WARRANTY COVERAGE

Parts And Performance Covered For Three Years Or 50,000 Miles, Whichever Occurs First

If your vehicle fails a smog check inspection, all necessary repairs and adjustments will be made by FCA US LLC to ensure that your vehicle passes the inspection. This is your emission control system PERFORMANCE WARRANTY.

If any emission-related part on your vehicle is defective, the part will be repaired or replaced by FCA US LLC. This is your short-term emission control system DEFECTS WARRANTY.

California law requires FCA US LLC to warrant that if any emission-related part on your vehicle is defective, FCA US LLC will repair or replace the part. The repair or replacement will be made at no cost to you for diagnosis, parts or labor. Any other parts damaged by the failure of a defective part will also be repaired or replaced.

Your emission control system may include parts such as the catalytic converter or Powertrain Control Module (PCM). Also included may be hoses, belts, connectors and other emission-related assemblies.

The full list of parts is available in the Basic Limited Warranty book on www.mopar.com.

Parts Covered For Seven Years Or 70,000 Miles, Whichever Occurs First

If an emission-related part listed in this warranty booklet specially noted with coverage for seven years or 70,000 miles is defective, the part will be repaired or replaced by FCA US LLC. This is your long-term emission control system DEFECTS WARRANTY.

FCA US LLC also warrants that every part listed, if installed as original equipment, is free from defects. The full list of parts is available in the Basic Limited Warranty book on www.mopar.com.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

Jeep® Cherokee

These parts are:

Anti-Lock Brake System (ABS) Control Module	Fuel Pump - High Pressure — 2.0L	Piston Rings
Camshaft — 2.4L	Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and other Associated Circuits	Plastic Fuel Tank Assembly
Crankshaft Target Wheel	Intake Manifold	Transmission Valve Body
Cylinder Head Assembly - Replacement for Valve Guide and/or Seat Failures	Intake/Exhaust Valves	Valve Rocker Arm
Cylinder Head Gasket	MultiAir Actuator Assembly — 2.4L	Valve Stem Oil Seals — 2.4L
Fan Assembly — 2.0L	Piston	Valve Tappet — 2.4L

Jeep® Compass

These parts are:

Anti-Lock Brake System (ABS) Control Module with Forward Collision Warning	Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and other Associated Circuits	Piston Rings
Crankshaft Target Wheel	Intake Manifold	Plastic Fuel Tank Assembly
Cylinder Head Assembly - Replacement for Valve Guide and/or Seat Failures	Intake/Exhaust Valves	Transmission Valve Body
Cylinder Head Gasket	Piston	Turbocharger
Fuel Pump - High Pressure		

Jeep® Gladiator Gas

These parts are:

Camshaft	Intake Manifold	Piston Rings
Crankshaft Target Wheel	Intake/Exhaust Valves	Rocker Arm (right)
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	Plastic Fuel Tank Assembly	Transmission Valve Body
Cylinder Head Gasket	Piston	Valve Stem Oil Seals
Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and Associated Circuits		

Jeep® Gladiator Diesel

These parts are:

Camshaft	Fuel Pump - High Pressure	Plastic Fuel Tank Assembly
Crankshaft Target Wheel	Fuel Rail Assembly	Transmission Valve Body
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and Associated Circuits	Turbocharger
Cylinder Head Gasket	Intake Manifold	Urea Tank Assembly
EGR Valve (low pressure)	Intake/Exhaust Valves	Valve Rocker Arm
Exhaust Gas Recirculation (EGR) Cooler	Piston	Valve Stem Oil Seals
Exhaust Manifold Gasket	Piston Rings	Valve Tappet
Exhaust Manifold		

Jeep® Grand Cherokee/Grand Cherokee L Gas

These parts are:

Anti-Lock Brake System (ABS) Control Module — 5.7L	Exhaust Gas Recirculation (EGR) Cooler — 3.6L	Piston
Camshaft	Fuel Pump Module — 5.7L	Piston Rings
Crankshaft Target Wheel	Fuel Rail Assembly — 3.6L	Plastic Fuel Tank Assembly
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and Associated Circuits	Transmission Valve Body
Cylinder Head Gasket	Intake/Exhaust Valves	Valve Stem Oil Seals — 3.6L

Jeep® Renegade

These parts are:

Anti-Lock Brake System (ABS) Control Module	Fuel Rail Assembly	Piston Rings
Camshaft	Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and other Associated Circuits	Plastic Fuel Tank Assembly
Crankshaft Target Wheel	Intake Manifold	Transmission Cooler Assembly
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	Intake/Exhaust Valves	Transmission Valve Body
Cylinder Head Gasket	MultiAir Actuator Assembly	Turbocharger
Fan Assembly	Piston	Valve Stem Oil Seals
Fuel Pump - High Pressure		

Jeep® Wrangler Gas

These parts are:

Camshaft — 3.6L, 6.4L	High Pressure Fuel Pump — 2.0L	Plastic Fuel Tank Assembly
Crankshaft Target Wheel	Intake/Exhaust Valves	Transmission Valve Body
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	Intake Manifold — 2.0L, 6.4L	Turbocharger — 2.0L
Cylinder Head Gasket	Instrument Cluster - Check Engine/ Malfunction Indicator Light (MIL) and Associated Circuits	Valve Tappet — 6.4L
Exhaust Gas Recirculation (EGR) Cooler — 2.0L	Piston	Valve Stem Oil Seals — 3.6L
Exhaust Manifold/ Single — 6.4L	Piston Rings	

Jeep® Wrangler Diesel

These parts are:

Camshaft	Fuel Rail	Plastic Fuel Tank Assembly
Crankshaft Target Wheel	High Pressure Fuel Pump	Transmission Valve Body
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	Intake/Exhaust Valves	Turbocharger
Cylinder Head Gasket	Intake Manifold	Valve Rocker Arm
Exhaust Gas Recirculation (EGR) Cooler	Instrument Cluster - Check Engine/Malfunction Indicator Light (MIL) and Associated Circuits	Valve Tappet
Exhaust Manifold/Single	EGR Tube	Valve Stem Oil Seals
Exhaust Manifold Gasket	Piston	Urea Tank Assembly
EGR Valve - Low Pressure	Piston Rings	

Jeep® Wrangler 4xe

These parts are:

Crankshaft Target Wheel	HEV Transmission	Piston
Cylinder Head - Replacement for Valve Guide and/or Seat Failures	High Voltage Coolant Heater	Piston Rings
Cylinder Head Gasket	Intake Manifold	Plastic Fuel Tank Assembly
Exhaust Gas Recirculation (EGR) Cooler	Intake/Exhaust Valves	Transmission Valve Body
Exhaust Manifold Gasket	Instrument Cluster - Check Engine/Malfunction Indicator Light (MIL) and Associated Circuits	Turbocharger
Fuel Pump - High Pressure		

Parts Covered For Eight Years Or 80,000 Miles, Whichever Occurs First

If your vehicle has one of the following parts, the Federal Emission Warranty covers that part for a period of eight years or 80,000 miles, whichever occurs first. This warranty begins on either of the following dates, whichever is earlier:

- The date you take delivery of the vehicle.
- The date when the vehicle was first put into use for example, as a dealer "demo" or as an FCA US LLC company vehicle.

FCA US LLC warrants that every part listed, if installed as original equipment, is free from defects. The full list of parts is available in the Basic Limited Warranty book on www.mopar.com.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

Jeep® Cherokee

These parts are:

Exhaust Manifold Catalytic Converter	Powertrain Control Module (PCM)	Transmission Control Module (TCM)

Jeep® Compass

Jeep® Gladiator Gas

Jeep® Grand Cherokee/Grand Cherokee L Gas

Jeep® Renegade

These parts are:

Catalytic Converter	Powertrain Control Module (PCM)	Transmission Control Module (TCM)

Jeep® Gladiator Diesel

Jeep® Wrangler Diesel

These parts are:

Downstream Nitrogen Oxide Sensor Module	Powertrain Control Module (PCM)	Transmission Control Module (TCM)
Oxidation Catalyst/ Particulate Filter Assembly	Selective Catalytic Reduction Catalyst Assembly	Upstream Nitrogen Oxide Sensor Module
Particulate Matter Sensor Module		

Jeep® Wrangler Gas

These parts are:

Belt Driven Hybrid Starter Generator — 3.6L with Belt Start Generator (BSG)	Hybrid Control Processor (HCP) — 3.6L with BSG	Power Pack Unit 48 Volts — 3.6L with BSG
Catalytic Converter	Powertrain Control Module (PCM)	Transmission Control Module (TCM)

Jeep® Wrangler 4xe

These parts are:

Anti-Lock Brake (ABS) Module	Brake Booster Module	On-Board Charging Module
Auxiliary Hybrid Control Processor (ACHP)	Catalytic Converter	Powertrain Control Module (PCM)
Battery Pack Control Module	Hybrid Control Processor (HCP)	Transmission Control Module (TCM)

Jeep® Wrangler 4xe

Coverage For Eight Years Or 100,000 Miles, Whichever Occurs First

FCA US LLC Limited Emission Warranty covers all emission-related parts for eight years or 100,000 miles, whichever occurs first. The full list of parts is available in the Basic Limited Warranty book on www.mopar.com.

This warranty begins on either of the following dates, whichever occurs first:

- The date you take delivery of the vehicle.
- The date when the vehicle was first put into use, for example, as a dealer "demo" or as an FCA US LLC company vehicle.

FCA US LLC also warrants that every part listed, if installed as original equipment, is free from defects.

Where parts are scheduled for replacement as required maintenance, this warranty applies until the first scheduled maintenance point listed in the Owner's Manual.

Jeep® Grand Cherokee 4xe

Coverage For 10 Years Or 150,000 Miles, Whichever Occurs First

For the High Voltage Battery Limited Warranty, if your vehicle is certified as a Transitional Zero Emission Vehicle (TZEV) and is sold, registered and operated in California, the California Emission Performance and Defects warranty is 10 years or 150,000 miles, whichever occurs first.

Jeep® Grand Cherokee 4xe

Coverage For 15 Years Or 150,000 Miles, Whichever Occurs First

If your vehicle is certified as a Transitional Zero Emission Vehicle (TZEV) and is sold, registered and operated in California, the California Emission, Performance and Defect warranties are 15 years or 150,000 miles, whichever occurs first.
