

LIVE. LANCE. LIFE.

LIVE.

Because the path before you has yet to be traveled.
Smells of fresh air, sage and a desert campfire.
It leads to a place characterized less by how you
got there and more by moments shared and the
memories made.

LANCE.

Has been treading that path for over 50 years with
an unparalleled dedication to quality and attention
to detail. Privately owned and forged from humble
Southern California roots; our journey begins with
an industry leading CNC computer designed and
cut manufacturing process, complemented by
a devotion to utilizing only the most advanced
supplies and materials.

LIFE.

Is about searching out all this world has to offer.
It can lead you to mountaintops, desert plains
or coastal shores. It's about not settling at a desk
in a town surrounded by concrete, or settling
for the constraints of city lights.
...Don't Settle.

DESIGN AND CONSTRUCTION

A. High quality fiberglass exterior panels are laminated under intense pressure with heat-setting adhesives for years of trouble-free service.

B. The roof is made of Energy Star rated material with vents that clamp in place eliminating screws and potential leaks. Integrated rain gutters and drip spouts prevent the sides of your coach from streaking.

C. Rigid block foam insulation yields maximum "R" value and resists sagging and promotes structural strength.

D. Interiors are constructed of Lite-Ply™ imported from Europe. This superior product is solid, lighter and stronger providing increased "R" value, beauty and durability.

E. Keeping it all together are stainless steel fasteners. Unlike our competitors, this expensive hardware resists corrosion making for a lasting investment.

F. 3D advanced CAD engineering creates precise plans that run CNC machinery. The result is that every part is perfect every time.

G. High quality fiberglass exterior panels are laminated under intense pressure with heat-setting adhesives for years of trouble-free service.

KEY SUPPLIER PARTNERS

TOWING & COMPATIBILITY

Whether any travel trailer can be used with your vehicle and its capacities for carrying and/or towing is effected by how much optional equipment is added to the trailer, and the weight of passengers and all other items you carry in your tow vehicle and trailer.

And because we're unfamiliar with your tow vehicle, Lance makes no warranties or representation – express or implied – as to performance or reliability of your tow vehicle with a Lance trailer. For professional guidance, always consult with your Factory Authorized Lance Dealer. They're trained in properly calculating proper matches between tow vehicles and trailers.

EXCLUSIVE ROADSIDE ASSISTANCE

FREE with purchase of your new Lance! Get the safety and convenience you need when your on the road. Your membership covers you, a spouse or significant other, and children age 24 or younger, licensed to drive your RV or other vehicles owned.
