- 1** A Insert the stand base into the styrofoam groove as shown in the figure.
B Insert the bar into the hole of the stand base along the groove until it reaches the parting line.
C Secure the four screws.

2

Check the orientation of the power cable and cable holder.

3

Hold the screen and secure the power plug.

- A Check the position of the power plug on the back cover of the screen.
B Secure it tightly to the back cover side.

4

Secure the screen to the stand.

- A Insert the stand hook into the back cover groove and tighten while pushing the lower part, as shown in the figure. (Push it until you hear a [click] sound.)
B Secure one screw to the cable holder.

5

Secure the ring cover of the stand.

- A Align the screen back cover and ring cover [●mark] and install them.
B Check if it sits tightly as shown in the figure.

Disassembly

1 Position the screen vertically.

2 Push the top of the screen lightly in the direction of the arrow to disassemble a part of the cover space.

※ Caution
Avoid pushing it hard.
There is a risk of damage.

3 Use a wedge or pull it with your hand to completely disassemble the cover.

4 Position the screen horizontally and disassemble the cable holder screw.

5 Lower the rear lever and push the bottom of the screen forward, as shown in the figure.

6 Lift the screen, separate the top of the screen, and hold the screen.

7 Press the plug lock, push it in the direction of the arrow, and then disassemble the screen completely.

※ Do not lift the plug or pull it downward when disassembling the screen.

8 Lay the stand on the box packaging, remove the four screws, and then disassemble the stand bar.
