

User Manual

■ Safety Information

1. It is recommended that this device is used indoors in a dry location only.
2. Make sure the device is fully plugged in and kept out of reach of children for safety concern.
3. Please do not disassemble the device, otherwise there may be product damage or security risks.
4. Please contact seller for replacement in the event of freight damages.
5. This product should not be exposed to direct sunlight.

■ Installation Guide

1. Download the Meross app.

2. Connect power cable and power the device up.

3. Set up the device.

- (1) Connect your smartphone or tablet to a 2.4 GHz Wi-Fi network.
- (2) Make sure your smart device is covered by strong Wi-Fi signal.
- (3) The smart device supports iOS 13/ iPadOS 13 and later. It is recommended that you upgrade your iOS or iPadOS to the latest version before pairing with the smart device.
- (4) Launch the Meross app and log in to your account, or if you are a new user, tap Sign up to create a new account.
- (5) Tap the “+” icon to select the type of smart device you want to add, then you can just follow the setup wizard to finish configuration.
- (6) Relocation of the smart device does not require additional operations provided that it remains on the same network with strong Wi-Fi signal.

NOTE:

1. If this is not the first time you've added this smart device, you'll have to reset it before going any further.
2. As long as you finish configuration, you'll be able to manage the device in Apple Home app.
3. If the QR code does not work, please try to add the smart device in Apple Home app.
4. Find more at <https://www.meross.com/support/>.

- "Hey Google, dim the smart ambient light by 30%."*

■ FAQ

At Meross, we strive to assure your satisfaction. Attached below is a non-exhaustive list of questions that users are mostly concerned about.

1. How do I reset my Meross Smart Ambient Light?

When light is OFF, hold the button for 5 seconds, it will reset and enter Wi-Fi configuration mode. Note that factory reset will erase all of your custom settings, and you'll have to set it up again.

2. What if I can't control the smart device with the Meross app?

You can troubleshoot the following:

- Check if your home Wi-Fi is working properly.
- Make sure that you have disabled access control in your router and that the smart device is not blocked by the router's firmware.
- Factory reset your smart device and try to add it again.

3. How do I manage my Meross device in Apple Home app?

Your Meross smart device will be automatically added to Apple Home app after you finish configuration in the Meross app.

4. I can't pair my device with HomeKit anyhow.

Please make sure your iOS is connecting to the 2.4GHz of your home Wi-Fi and you are having iOS 13 or above. Restart your iOS will help due to some system cache issue.
