

Proven Performance Modern Design

Rheem® RTG/RTG-R Series Tankless Water Heaters

New!
Built-in
Recirculation

Compact, Space Saving Design

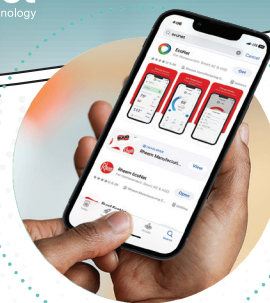

85% smaller than a standard 50-gallon water heater means more available closet space.

Built-In Recirculation – for No-wait Hot Water

Hot water at all faucets, showers, tub...without water wasted down the drain (select models).

Smart Control Powered by EcoNet® Technology

Built-in Wi-Fi gives you complete control of your water heater from a smartphone² and the EcoNet App.

SEE HOW RTG /RTG-R STACKS UP AGAINST STANDARD GAS TANK WATER HEATERS¹

Scheduling Operation Mode & Set Point

**Timer Based – Performance or
Energy Saver Mode** – Best for hot
water without the wait – or waste.

Custom Schedule – Performance Mode – Set specific
times during the day – no-wait hot water on your schedule.

On-Demand via the EcoNet® App – Built-In Wi-Fi
powered by EcoNet® Technology for no-wait hot water on
your schedule from anywhere using a smartphone and the
free EcoNet app.

¹Based on estimated annual operating costs certified by the Federal Trade Commission.

²Applies only to models with Wi-Fi; Wi-Fi broadband connection and EcoNet® App required; notifications are dependent on external factors beyond Rheem's control.
