

Shark® PowerLite Cordless Vacuum BU1600 Series

IMPORTANT SAFETY INSTRUCTIONS

 **WARNING: TO REDUCE THE RISK OF INJURY, USER MUST READ INSTRUCTION MANUAL • HOUSEHOLD USE ONLY**

WARNING When using an electrical appliance, to reduce the risk of fire, electric shock, injury, or property damage, basic precautions should always be followed, including the following:

1. This vacuum consists of a motorized nozzle, wand, and handheld vacuum. These components contain electrical connections, electrical wiring, and moving parts that potentially present risk to the user.
 2. Before each use, carefully inspect all parts for any damage. If a part is damaged, discontinue use.
 3. Use only identical replacement parts.
 4. This vacuum contains no serviceable parts.
 5. Use only as described in this manual. **DO NOT** use the vacuum for any purpose other than those described in this manual.
 6. With the exception of the filters and dust cup, **DO NOT** expose any parts of the vacuum to water or other liquids.
 7. Keep the appliance and its cord out of reach of children. **DO NOT** allow the appliance to be used by children. **DO NOT** allow to be used as a toy. Close supervision is necessary when used near children.
- #### GENERAL USE
8. This appliance can be used by persons with reduced physical, sensory, or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Cleaning and user maintenance shall not be made by children.
 9. Always turn off the vacuum before connecting or disconnecting any current carrying hoses, motorized nozzles, chargers, batteries, or other electrical or mechanical parts.
 10. **DO NOT** handle plug or vacuum with wet hands.
 11. **DO NOT** use without dust cup, HEPA and pre-motor filters, and brushroll in place.
 12. Only use Shark® branded filters and accessories. Failure to do so will void the warranty.
 13. **DO NOT** put any objects into nozzle or accessory openings. **DO NOT** use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
 14. **DO NOT** use if nozzle or accessory airflow is restricted. If the air paths or the motorized floor nozzle become blocked, turn the vacuum off. Remove all obstructions before you turn on the unit again.
 15. Keep nozzle and all vacuum openings away from hair, face, fingers, uncovered feet, or loose clothing.
 16. **DO NOT** use if vacuum is not working as it should, or has been dropped, damaged, left outdoors, or dropped into water.
 17. Use extra care when cleaning on stairs.
 18. **DO NOT** leave the vacuum unattended while powered on.
 19. When powered on, keep the vacuum moving over the carpet surface at all times to avoid damaging the carpet fibers.
 20. **DO NOT** place vacuum on unstable surfaces such as chairs or tables.
 21. **DO NOT** use to pick up:
 - a) Liquids
 - b) Large objects
 - c) Hard or sharp objects (glass, nails, screws, or coins)
 - d) Large quantities of dust (including drywall, fireplace ash, or embers). **DO NOT** use as an attachment to power tools for dust collection.
 - e) Smoking or burning objects (hot coals, cigarette butts, or matches)
 - f) Flammable or combustible materials (lighter fluid, gasoline, or kerosene)
 - g) Toxic materials (chlorine bleach, ammonia, or drain cleaner)
 22. **DO NOT** use in the following areas:
 - a) Poorly lit areas
 - b) Wet or damp surfaces
 - c) Outdoor areas
 - d) Spaces that are enclosed and may contain explosive or toxic fumes or vapors (lighter fluid, gasoline, kerosene, paint, paint thinners, mothproofing substances, or flammable dust)
 23. Turn off the vacuum before plugging in or unplugging the charger.
 24. Turn off the vacuum before any adjustment, cleaning, maintenance or troubleshooting.
 25. During cleaning or routine maintenance, **DO NOT** cut anything other than hair, fibers, or string wrapped around the brushrolls.
 26. Allow all filters to air-dry completely before replacing them in the vacuum to prevent liquid from being drawn into electric parts.
 27. **DO NOT** modify or attempt to repair the vacuum or the battery yourself, except as indicated in this manual. **DO NOT** use the battery or vacuum if it has been modified or damaged. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion, or risk of injury.
 28. Always turn off this appliance before connecting or disconnecting motorized nozzle or hand tool.
- #### BATTERY PACK
29. The battery is the power source for the vacuum. Carefully read and follow all charging instructions.
 30. To prevent unintentional starting, ensure it is powered off before picking up or carrying the vacuum. **DO NOT** carry the appliance with your finger on the power switch.
 31. For BU1600 series please use battery pack XBTR625KDC. For charging, please use chargers DK25A-263080H-U or YLS0251A-T263080.
 32. Keep the battery away from all metal objects such as paper clips, coins, keys, nails, or screws. Shorting the battery terminals increases the risk of fire or burns.
 33. Under abusive conditions, liquid may be ejected from the battery. Avoid contact with this liquid, as it may cause irritation or burns. If contact occurs, flush with water. If liquid contacts eyes, seek medical help.
 34. Battery should not be stored at temperatures below 3°C (37.4°F) or above 104°F (40°C) to maintain long-term battery life.
 35. **DO NOT** charge battery at temperatures below 5°C (40°F) or above 104°C (104°F). Charging improperly or at temperatures outside of the specified range may damage the battery and increase the risk of fire.
 36. Store the appliance indoors. **DO NOT** use or store below 3°C (37.4°F). Ensure the appliance is at room temperature before operating.
 37. **DO NOT** expose the battery to fire or temperatures above 265°F (130°C) as it may cause explosion.
 38. Use appliances only with specifically designated battery packs. Use of any other battery packs may create a risk of injury and fire.
 39. Disconnect the battery pack from the appliance before making any adjustments, changing accessories, or storing appliance. Such preventive safety measures reduce the risk of starting the appliance accidentally.
 40. If the charging cord plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. **DO NOT** force into outlet or try to modify to fit.
 41. To reduce the risk of shock and unintended operation, turn off power and remove the Li-Ion battery before servicing.

This device complies with Part 15 of the FCC Rules. Operation is subject to two conditions:

1. This device may not cause harmful interference
2. This device must accept any interference received, including interference that may cause undesired operation

Please be sure to read and save the warnings on other side prior to using your unit.

QUICK START GUIDE

How to set up the BU1600 Series Shark® PowerLite Cordless Vacuum.

ASSEMBLY

1. Slide the **Wand** onto the neck of the **Floor Nozzle** until it clicks into place.
2. Align the **Hand Vacuum** nozzle opening with the top of the wand and slide it on until it clicks into place.
3. Plug in battery before first use. Battery will not arrive fully charged.

For proper operation, ensure all components are completely connected and clicked into place.

ESSENTIAL MAINTENANCE

CLEANING THE FILTERS

Regularly rinse and replace the filters to maintain your vacuum's suction power. To clean filters, rinse them with water only. **Allow all filters to air-dry completely for up to 48 hours before reinstalling to prevent liquid from being drawn into electric parts.** Clean the pre-motor filters at least once a month and post-motor filter at least once a year. Tap off loose dirt between washes when needed. More frequent cleaning may sometimes be necessary with heavy use. Please refer to the Owner's Guide for more information on filter maintenance.

Press both release buttons to remove dust cup for filter maintenance.

Note: Dust cup must be open to remove.

IMPORTANT: DO NOT use soap when cleaning the filters. Use water only. Ensure that all filters are installed before using.

SETTINGS

Press the **On/Off** button on the handle to turn on power. To turn off power, press the button again.

To toggle between ECO, AUTO, and BOOST modes, press the mode selection button.

MODES EXPLAINED

AUTO Mode: Brushroll responds to surface changes and automatically adjusts to optimize your clean.

ECO mode: Vacuum runs on the lowest power setting to preserve battery life. Floor Detect™ technology is NOT activated.

BOOST mode: Vacuum runs at maximum power for the highest possible suction level. Floor Detect technology is NOT activated.

LI-ION BATTERY

Prior to first use, charge the battery completely. A full charge takes approximately 5 hours.

LED BATTERY POWER AND CHARGING INDICATORS

- Full Charge
- Mid Charge
- Low Charge
- Nearly Empty
- No Charge

RECYCLING THE LI-ION BATTERY

When the Shark Li-ion battery needs to be replaced, dispose of it or recycle it in accordance with local ordinances or regulations. In some areas, it is illegal to place spent lithium-ion batteries in the standard rubbish bin. Return spent batteries to an authorised recycling centre or to the retailer for recycling. Contact your local recycling centre for information on where to drop off the spent battery.

NOTE: The Shark® battery, like all lithium-ion batteries, will naturally decrease in capacity over time from the 100% capacity of a new battery.

To empty the handheld vacuum dust cup, turn off the power and hold the hand vac over the bin. Press the release button and the dust cup lid will drop open, releasing debris.
