A

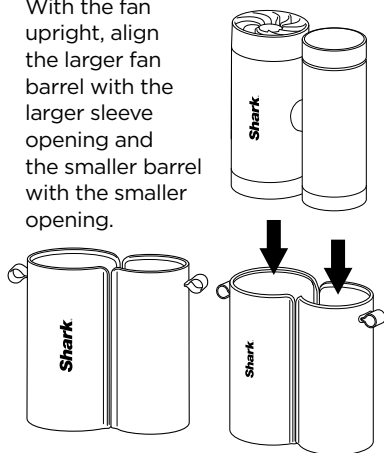

How to use

SLEEVE

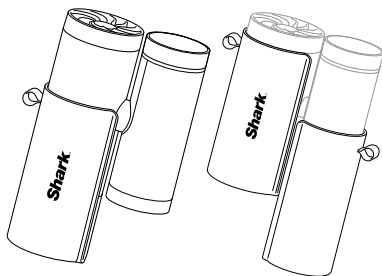

Note: Ensure that the fan is facing upright prior to attaching.

①

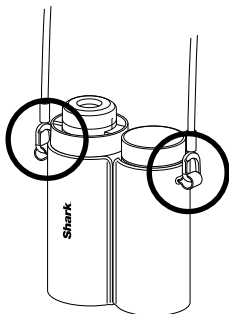

With the fan upright, align the larger fan barrel with the larger sleeve opening and the smaller barrel with the smaller opening.

**②**

Slot the fan barrels into the two sides of the sleeve so that only the top of the fan and the display are visible. To remove, pull the fan out of the sleeve.

**③**

The sleeve and strap can be used together. Attach the clasps of the strap to the connection points on the sides of the sleeve. Make sure the connection is secure before use.

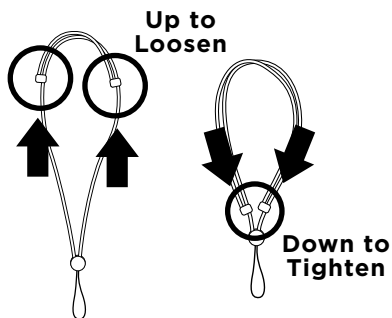

To remove: Reverse the steps. When removing the fan from the sleeve, avoid pushing the mesh on the bottom. Instead, hold one side and slide the opposite side off, then repeat.

Storage: Remove the strap before storage. Insert the smaller side of the sleeve into the larger side, then place the strap inside.

④

Ensure the fan is secure and adjust the length of the lanyard so that it fits comfortably without swinging.

Adjust length: Slide the adjustment blocks up to increase strap length, or down to shorten.

FA02XSLEEVE SERIES

Important safety instructions

S L E E V E

⚠ WARNING

- **Risk of injury.** Strangulation hazard. Do not wear around the neck.
- Do not wrap strap tightly around wrist or other body parts to avoid circulation restriction. Never wear while sleeping.
- Keep the strap out of reach of children.
- Ensure that fan is placed correctly and securely in sleeve to prevent damage.
- Sleeve is not impact-resistant. Dropping or impacting may damage fan.
- Inspect sleeve for fraying, weak stitching, or damage. Replace sleeve if damaged.
- Keep sleeve dry to avoid moisture damage.
- Dry the sleeve between uses. Once it has dried completely, ensure that the fan is correctly and securely placed into it.
- When used with the strap, ensure that both clasps are attached correctly, and sleeve is secure.
- Use only with FA02X Series fans.

Read all instructions before use.

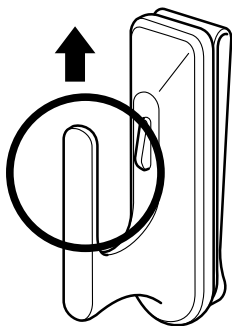

B

How to use

CLIP

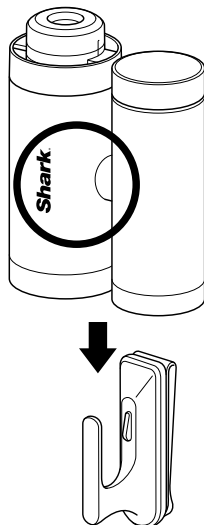

①

Orient the clip so that the hook is facing upward.

**②**

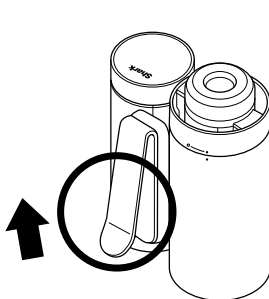

Ensure that the fan barrels are parallel. Align the center hinge of the fan with the hook, then slide the fan down into the clip.

When installed correctly, the fan will click securely into place.

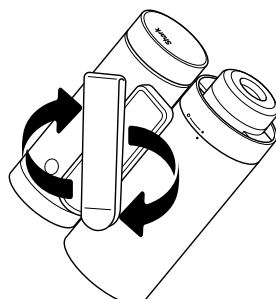

**③**

Once the clip is attached, clip the fan onto your desired location. Adjust the clip to secure it in your preferred position.

Rotate the fan to change the direction of airflow.

**Adjust
to secure**

**Rotate
to direct**

FA02XCLIP SERIES

Important safety instructions

CLIP

⚠ WARNING

- Ensure that the clip is not attached near loose clothing, hair, or hanging objects.
- Check that the fan is securely mounted and not wobbling. If there is movement between fan and clip, reattach the clip, ensuring that it clicks securely into place.
- Designed exclusively for FA02X Series. Do not force-fit or modify to accommodate other products.
- Attach the clip to stable, secure surfaces like a belt or a backpack strap. Avoid attaching to thin or soft materials that may tear or collapse.
- Ensure the clip is free from cracks, sharp edges, or loose parts.
- Keep out of reach of small children. Do not allow children to operate or adjust the clip or fan.
- Make sure the clip remains firmly in place during use. If the clip is moved or bumped, make sure that it is secure.
- Periodically inspect the clip for wear and tear. Replace if any part becomes loose or damaged.

Read all instructions before use.

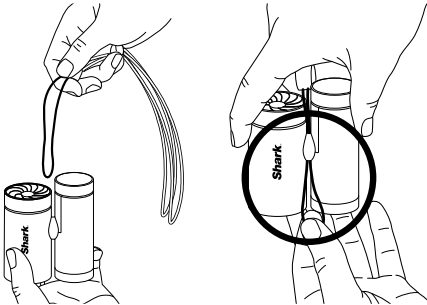

How to use

CROSSBODY STRAP

Note: Ensure that the fan is facing upright prior to attaching.

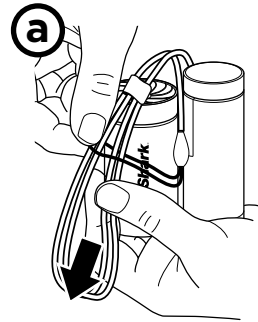

①

Thread the thinner, bottom section of the strap through the gap below the hinge. Ensure there is slack in the thinner, bottom section.

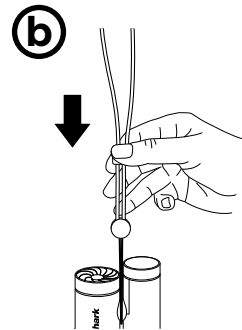

②

a. With the thinner, bottom section of the strap through the gap and slack, fully thread the top, thicker section of the crossbody strap through the bottom section. This will create a secure knot.

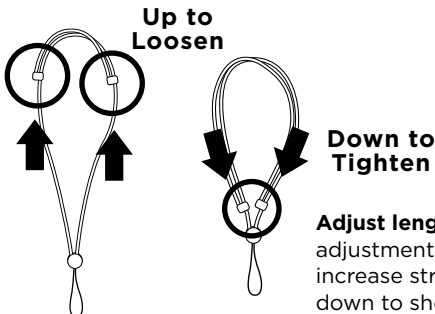

b. Do this until there is no excess and tug the top, thicker section until it is secure.

③

Ensure the fan is secure, then adjust the length of the crossbody strap so that it fits comfortably without swinging.

FA02XLND SERIES

Important safety instructions

CROSSBODY STRAP

⚠ WARNING

- **Risk of injury.** Strangulation hazard. Do not wear around the neck.
- Do not wrap crossbody strap tightly around wrist or other body parts to avoid circulation restriction. Never wear while sleeping.
- Ensure that crossbody strap is attached correctly to the fan and is secure before use.
- Inspect crossbody strap for fraying, weak stitching, or damage. Replace crossbody strap if damaged.
- Adjust length to avoid excessive swinging.
- Keep crossbody strap out of reach of children.
- To clean, wipe crossbody strap with damp cloth. Do not soak in liquid or wash in the washing machine.
- Use only with FA02X Series fans.

Read all instructions before use.

How to use

TRAVEL CASE

Note: Before storing the misting pod, empty the tank and make sure that both the tank and the misting outlet are closed, then insert the pod and zip the case to secure.

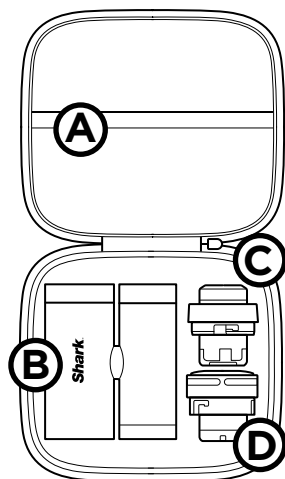

①

Unzip the case.

②

Place each of the components into their designated storage locations in the case. Close the case and zip it to secure.

- A. USB-C Charging Cable
- B. Fan
- C. Misting Pod
- D. InstaChill™ Cooling Plate

FA02XTRLCASEL SERIES

Important safety instructions

TRAVEL CASE

⚠ WARNING

- Check the case and zipper for signs of wear and tear. Replace case if damaged.
- Keep case dry to avoid moisture damage.
- Ensure that the water tank and the misting outlet are closed before placing the misting pod in the case.
- Keep the case out of reach of children.
- Use only with FA02X Series fans.

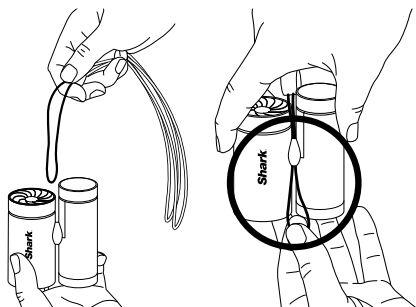

Read all instructions before use.

E

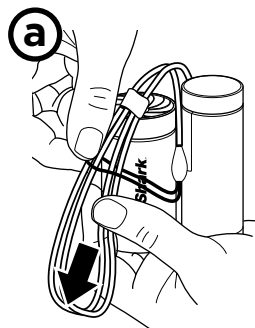

How to use WRISTLET

Note: Ensure that the fan is facing upright prior to attaching.

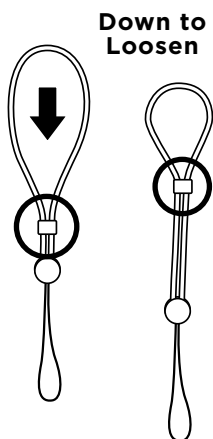

- ① Thread the thinner, bottom section of the wristlet through the gap below the hinge. Ensure there is slack in the thinner, bottom section.

- ② a. With the thinner, bottom section of the wristlet through the gap and slack, fully thread the top, thicker section of the wristlet through the bottom section. This will create a secure knot.

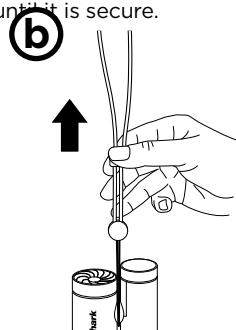

- ③ Ensure the fan is secure, then adjust the length of the wristlet so that it fits comfortably without swinging.

Adjust length: Slide the adjustment block up to increase wristlet length, or down to shorten.

Up to Tighten

- b. Do this until there is no excess and tug the top, thicker section until it is secure.

FA02XWRIST SERIES

Important safety instructions

WRISTLET

⚠ WARNING

- **Risk of injury.** Do not wrap wristlet tightly around wrist or other body parts to avoid circulation restriction. Never wear while sleeping.
- Ensure that wristlet is attached correctly to the fan and is secure before use.
- Inspect wristlet for fraying, weak stitching, or damage. Replace wristlet if damaged.
- Adjust length to avoid excessive swinging.
- Keep wristlet out of reach of children.
- To clean, wipe wristlet with damp cloth. Do not soak in liquid or wash in the washing machine.
- Use only with FA02X Series fans.

Read all instructions before use.

F

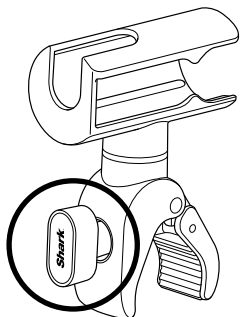

How to use

CLAMP

Note: Do not attach the fan prior to step one.

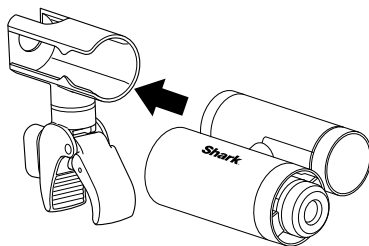

①

Turn the knob counterclockwise to loosen the vise. Place the clamp on a stable, load-bearing fixture, with the cradle sitting over the fixture. To secure the clamp, tighten the vise by turning the knob clockwise.

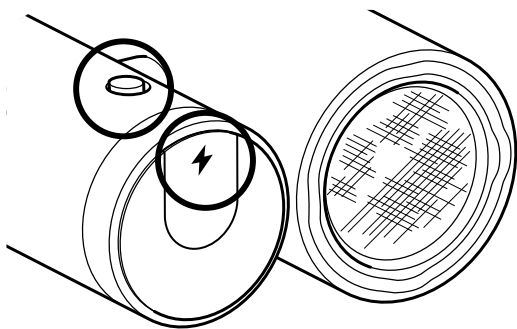

②

Ensure that the barrels are parallel and are aligned in the correct direction, then insert the smaller fan barrel into the clamp cradle until secure.

③

Make sure that both the power lock and charging port are still accessible, and that the fan is secure. Rotate the barrels to customize the airflow direction as needed.

FA02XCLAMP SERIES

Important safety instructions

C L A M P

⚠ WARNING

- Ensure the clamp is securely fastened to a stable, load-bearing fixture. Tighten the knob completely to prevent detachment. Do not use on unstable or fragile surfaces.
- Keep fingers and hands away from clamping mechanism during clamping.
- Ensure that the fan is fully inserted into the cradle.
- Inspect clamp before each use for signs of wear, cracks, or damage. Replace clamp if damaged.
- Keep dry to ensure secure hold.

Read all instructions before use.
