Device Side

Adaptor Side

Operation and controller instructions

3. Plug the home adapter into a 100~240V electric outlet.

4. Turn on the device by operating the control panel (Refer to controller instructions below).

- The device will automatically turn off after the set timer runs out.
- Do not setup or use the device in a bathroom or similiary wet / damp areas.
- For your own safety we equip the device with a protection against over-heating. The device will switch off automatically and will only allow switching on again after an appropriate downtime.

Controller Instructions

Heat button:

Press this button to activate the heating function. It starts at low heat by default with a 1-hour timer.

Press again to cycle through heat levels in the following order: Low (Yellow light)-Medium (Orange light)- High (Red light)-Off.

Heat Timer Button:

The default timer for heat is 1 hour; After the heat is turned on, Press this button to switch the timer between 1h(Green light)/2h(Yellow light)/4h(Red light) ; The corresponding indicator will light up.

Vibration Mode Button:

After the device is turned on, press this button to activate the vibration massage and enter the default vibration Mode 1. Pressing the button again will switch the vibration mode in a cycle of mode1 (green light), mode2 (yellow light), mode3 (red light) and off. The timer for Vibration massage is 15 minutes, the vibration function will be automatically turned off after the timer runs out.

When not in use

Remove the plug from the power supply socket.

Care and Cleaning Instructions

CARE AND MAINTENANCE

- Always unplug the unit before cleaning it. Never touch the power plug with wet hands.
- Before cleaning, allow unit to cool.
- Wipe the unit with a soft, dry cloth. Do not use cloths containing any kind of chemical or alcohol and solvent liquids.
- Never submerge any part of the unit in liquid.
- If the unit is particularly dirty, use the following instructions:
 1. Dampen a cloth in water or a 3%–5% mild detergent solution.
 2. Wipe the dirty areas with the wet cloth.
 3. Wipe the areas with a soft, dry cloth.
 4. Wait for the unit to become fully dry before use.
- Place the device in a safe, dry, and cool place. Avoid contact with sharp edges or pointed objects which might cut or puncture the surface.

TROUBLESHOOTING

Problem	Solution
Device switches off suddenly.	Device may have been in use for 1 hour. Auto-shutoff function activated. Continue using by pressing the 'Power' button after resting the unit for 15 minutes.
	Over-heat protection function activated. Device is switched off for your safety. Please rest device for 15-30 minutes before restarting.
Device fails to start.	Check if device has been used for more than 1 hour. If so, let device rest for 15 minutes before continuing. Device may require longer time to cool in warmer environments.
	Check if adaptor output is connected to device power inlet wire.

Warranty

If the product(s) is damaged or defective within a reasonable time, Snailax offers the warranty as below.

Period	Return for refund	Return for replacement	Who paid shipping?
Within 30 Days	Yes	Yes if undamaged	Snailax
31- 90 Days	Yes after being justified	Yes after being justified	Snailax
91 Days - 1 Year	No	Yes after being justified	Buyer

Snailax warrants the product to be free from defects in workmanship and materials, under normal use, for a period of 12 months from the original invoice date, except as noted below. Snailax products can be repaired or replaced within warranty period or returned for refund within 90 days if the products break down in the period of proper use.

The warranty extends only to consumers, NOT to any retailers or resellers. This warranty is effective only if the product is purchased and operated in the country in which the product is purchased. Warranty claims for product defects, unless extended warranty is registered, expire 12 months from the purchase day. Warranty claims CANNOT be processed for items that have exceeded the warranty period. The warranty does NOT cover the replaced, refurbished product. The warranty does have other limitations as below "Warranty Limitations". To obtain warranty service on Snailax products, follow "Warranty Claim Procedures" below.

Warranty Claim Procedures:

1. Any product the customer believes is defective and seeks for warranty, the customer must provide to Customer Support:
 - a) Valid proof of purchase (see below the definition of valid proof of purchase);
 - b) Pictures and/or description are required to claim defective merchandise;
 - c) Model number and Series Number label attached to each product.
2. If the warranty claim is justified by Snailax Customer Support, customer(s) will obtain from Snailax a Warranty/Return Authorization Number (RMA Number).
3. Snailax reserves the right to specify that items be returned to the designated warehouse for inspection or be inspected by our representative in the field or be retained by customer.
4. Any claim for defective merchandise returns must be packed in original packaging.
5. The item(s) will be repaired or replaced or a refund credit will be issued once the item(s) are delivered. When returning items with RMA# and a prepaid shipping label provided by Snailax, Snailax takes responsibility for any damage or loss incurred in transit.

Valid Proof of Purchase Under this Warranty:

Order numbers from online purchases made through Snailax official store (www.snailax.com) or Snailax's direct-authorized resellers, currently only at Amazon/eBay/Walmart. For product(s) obtained from other Channels, please contact the customer service of the Channel directly for appropriate solution.

FCC STATEMENT

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications to this unit is not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
