SELLER'S SOLE OBLIGATION AND YOUR EXCLUSIVE REMEDY under this Limited Warranty and, to the extent permitted by law, any warranty or condition implied by law, shall be the replacement of parts, without charge, which are defective in material or workmanship and which have not been subjected to misuse, alteration, careless handling, misrepair, abuse, neglect, normal wear and tear, improper maintenance, or other conditions adversely affecting the Product or the component of the Product, whether by accident or intentionally, by persons other than Seller. When returning a product for warranty service, the shipping charges must be prepaid by the purchaser. The product must be shipped in its original container (or an equivalent), properly packed to withstand the hazards of shipment. The product must be fully insured with a copy of the proof of purchase enclosed. There must also be a description of the problem in order to help our repairs department diagnose and fix the issue. Repairs will be made and the product will be returned and shipped back to the purchaser at no charge for addresses within the contiguous United States.

- Keep work area clean and well lit. Cluttered and dimly lit areas invite injuries.
- When not in use, the Service Cart must be stored in a safe and clean location. Always secure products and keep out of reach of children.
- Check for damaged parts. Before using any product, any part that appears damaged should be carefully checked to determine that it will operate properly and perform its intended function. Replace or repair damaged or worn parts immediately.
- When servicing, use only identical replacement parts. The use of any other parts will void the warranty.
- Do not exceed the product's maximum load capacity of 165 lbs total; 55 lbs on each shelf, evenly distributed. Uneven weight distribution could cause tipping. Do not lean or climb on the Service Cart. Be aware of dynamic loading. Sudden load movement may briefly create excess load causing product failure.
- Only use on a flat surface capable of supporting the Service Cart and its maximum capacity load of 165 lbs. It is easy to lose control of the Service Cart if attempting to pull a load on a sloping or uneven surface.
- Do not allow children to play on, stand upon or climb on the Service Cart. The Service Cart is not for carrying people or animals.
- Always check hardware and assembled parts after assembling. All connections should be tight and hardware properly tightened.
