Instructions

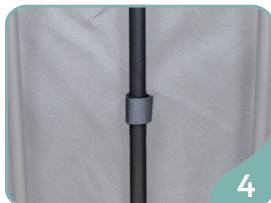

Remove the old carriage fabric, canopy, seats, and baseboard from the wagon.

Place the new carriage fabric in the wagon.

Make sure the flaps at the top of the fabric are placed over the wagon frame.

Secure the fabric to the base by attaching the Velcro strap underneath the wagon.

Feed the seat straps on the front and back of the wagon through the slots of the fabric.

Secure the fabric to the top by snapping the buttons over the wagon frame.
