

Rear Basket

Almond Blossom

Instructions

Instructions

Remove the rear basket from the wagon.

Pull out the metal support frame from the basket.

Place the support frame in the new basket. Make sure the hooks are facing downwards.

Continue feeding the metal bar all the way through the rear basket.

Done!

Place the rear basket back on the wagon.

Cleaning the Rear Basket

1. Spot clean with mild soap and warm water solution.
2. Rinse and then let the rear basket air dry.
